A Break In The Happiness

In these streets in this county,
There are full memories of you and me.
To let go of the past ain't easy
When all I see are our memories.

Every street and every road,
we've walked through till the end of the cold
People come and go, it's like going to shows.
At least, once havin fun in these roads we travelled.

The time being with you goes so fast,
it is all stores in the back of my head.
I'm havin a break in the happiness,
and this break is going to lasts.

A Day Too Late

I sat down in a place
where everyone have gone far away.
Now I don't have to be okay,
I should be free after today.

It hurts but no more than a day,
My world have switched to grey.
I'm slowly dyin' inside,
I could've survived but my love deprive my life.

My blood to flows, appearin the letter 'J'.
No doubt of my love was so great,
It weeps itself and waitin to asleep,
Once I closed my eyes and I cannot be awake,
It was a day too late.

A Hard Tried

Love is the story about lies,
Why do men lie and women cry? ? ..

She sat down at the sea side,
Lookin' up to the plain white sky.

Thinkin' of the guy that she likes,
Wants to give up but she's tried.

A Year If We Still Together

I felt some strange today, then I realise
It must be somethin special but not going to happen.
I know what it is, my beloved came back a year ago today
I've been waitin for this day for a year.

I was so happy that he came back into my life,
But he has gone a-again, but I never surprised.
As he have left me for her the first time,
But it's just not right when he cut me off again.

I knew he'd give up for the better ones,
I knew he'd leave me and breaks his guaranteed promise,
I knew his thoughts, his feelings and his love,
All these because of I know him too much.

A Year Today

What a wonderful day
if we didn't break up the second time,
it'd be a year today
and you'd be here with me aside.

Everythin goes wrong and my love stays strong,
I've been lovin you so long, all along.
There are so many times of playin our songs,
But the meanin of it, it changes to my biggest wish.

The guarantee for the promise breaks,
This was my only fear.
I knew forever is a fake thing,
that you can't even hold it for a year.

Be Your Toy, Again

All this time I've been here.
Sittin and wastin, standin and hopin
that you'd come back.
But knowin this hope will be wasted..

You left me here and you've gone far away,
What make this to be changed..
Only pain have come back,
I already knew it'd happen someday..

If life is planned and had an order,
I think it's time for you to come back, again.
If you still want to 'play',
I will be your toy, again.

Beautiful Lies

'I fell in love with you'
And I loved you too.
'Will you marry me'
It was my biggest dream.

'You're my future wife'
And you were my life.
'You're my only love'
I never wanted to give up.

'Love you forever && ever'
I knew you will stay no longer.
'You definitely have to be my wife'
All 'these' were beautiful lies.

Blood To Lose

I don't mind losin my blood, you know?
If I can turn the pain into pleasure,
It'd flows with joy even though it gets destroyed,
But I don't have any choices.

I don't want this suffer to show, you know?
The time without you never goes fast,
It always sharp stings me when it goes so slow.
What hurts the most, do you know?

I just want the pain to flows, you know?
If you just care about me, it will never show.
if you never go, I will not feel cold.
Lovin you, lettin you go, I'd choose both.

Brokenheart With Sharp Glasses

Promises were made to break,
You left the sharp broken glasses for me to pick,
It is all the broken pieces of my heart,
that you stabbed it with knife and torn it apart.

Don't I already know that my heart is gettin close
to the blade who can make me hurt as hell?
But I still give out my perfect heart without a doubt,
when it returns, it is all broken, bleedin, splitin apart.

I've got to clear out the glasses that left in my heart,
It stings me to death each second. What ever I do it's helpless,
only if somethin can make my love less.
Then I'd be little bit off pain, little bit of hurt, little bit of love remains.

Chance That Passed

At the start of this,
I didn't know I could've won,
Only I gave her the chance,
If I didn't,
It'd be the other way around.

I don't know how much I want it,
Till I can't have it now.
The chance was right in front of me,
But I let it go for her.

I just realised how much I desire,
It was a little too late to regret.
I'm askin for a second chance,
Then feelin like a fool,
And told that I actually bein really rude.

Come Back

Since you left, loneliness joins with me
It comes to visit me when you're away.
All that left was memories of you and me.
For a long while, my world was grey.

As time goes by, the days gone pass,
There's a question in my heart
that I wish but I've never ask:
Would my beloved ever come back?

From the past to the present,
it made a lots of difference.
I thought we can make it to the future,
It was just only my silly thought.

Accidental Emo

Get Up One Day

I walked into the shower,
The freezin icy water flows on me,
It was the coldest,
But inside is still worse.

Maybe you don't realise how hurt
of what you did with her,
It causes me so much pain
that I could not stand, I faint.

If one day I can get up;
Move on this deep love,
Get over this excruciating pain
and I'm not going to fall again.

Guardian Angle Says

Rather be living in life without you,
I choose to live in a different world
Where I can always see you.
Wishin the best of luck for you and your girls.

I hold on my last breath wish to say:
'I love you, be happy.' Then I'd set free.
I give up my life and see you in other place,
I do be invisible, love you without pain finally.

You will not notice me, just like in reality.
Flyin around underneath the same sky
But in different life. Know that you're all right
And I smile and write: 'I love you, be happy'

Happy Christmas

Wish you a Happy Christmas!
To receive your most wanted present
from the person who you'd like to be given.
Show all the things that you've hidden.

Here comes the end then a new start,
Give out words that are stored in your heart.
No lookin back, no stayin in dark.
Stick it together when it falls apart.

Here's the wish, I'm givin you:
'Best of the luck to all you've been longin for,
Just believe without hoping.'
Believe your dreams will come true.

Another new year, another new beginin.

Heartless

I'd live as you never existed,
Hear as I'm not listenin,
See but not lookin,
Sense but not feelin.

Wish but not hopin,
No hopes are bringin.
Like but not lovin
As I can't have everythin.

I can't see through the hill,
Can't smell across the field.
Can't feel what its been killed

I Want To Love Again

I don't want to hear, I don't want to care!
But I can't help it you're walking away.
I want to follow, I want to chase,
But I cannot lift my legs up the stairs.

I don't want to give up, I don't want to lose
Cause I honestly do love you.
I don't want to see, I don't want to feel.
This feelings inside of him is haunting me.

I don't need a knife, this is cutting me.
I don't need love before I want to be.
It cages me in, tears flows out.
I want to love again for what I used to be.

I don't want to live, I don't want to breathe.
I just can't stand the way you're leaving me.
Cut me hard and deep, it's so hard not to feel.
I want to love again for what I used to be.

I Will Always Love You

You came in my life and be my life,
I let you stay in my heart every day and night.
If this is a dream, I will never let it wake.
I live out of the dark cause you shine so bright.

Our hearts link together although distance in miles,
Being with you makes me feel so alive.
Stay by your side always bring smiles on me.
Just think of you all the time keeps me happy

Always are our words, Forever will leads us through.
Together we are each other's world, no matter what.
All the time I'll be there, through eternity with you.
I loved you, I love you and I will always love you!

I'M Always Here

Can't you see I'm always here,
Seein there are lots of girls
goin in and out of your life,
But I'm the only one who have never leave.

Even though you've gone for few times,
But I still be here lovin you till the end.
I'm here when you hurt,
I'm here when you need a shoulder to cry on.

I'm here if they left you,
I'll always be here when you need me.
I'll wait for you till you come back
No matter how long it takes.

Inside You

I guess if I visit your heart,
I'd found myself but livin with other girls.
I'm not sad but glad,
Because I know this is your world..

If I can look through you,
I'd see the secrets that I shouldn't have known..
The lies you covered your lie,
The lie you covered the truth..

Only if I have these abilities,
To show you that I know all this;
Tell you to stop makin a fool of me,
Because it's hard to believe and so easy to see..

Invisible Love

Some moments are hauntin me, the feelings.
It has grown unnoticely, this love inside of me.
Without knowin why, when but where it starts,
In a unshown place deep within my heart.

Love could be invisible, cannot be seen but feel.
Mind fills with thoughts and love, perhaps it's real.
Bein blind of other things, nothin more than his beauty.
Call my love is true, because it's for you.

Reach the sky above, see my love grows.
Measure the sea, it's how deep my love.
How far from forever, my love will travel.
Cannot see or hear, my love is invisible.

Isolated-Music-Me

This place no one's around,
Here not even a sound.
People are nowhere near me,
I'm sufferin moen than others can see.

Imagine my other is here with me,
To stop my tears inside.
But the pains are still hiding,
Hoping one day I'm not acting.

More day goes by,
The more hurt is formed.
As well as ripping my heart,
Music and me, never apart.

Learnin' Lesson

Broken heart will never heal,
This is not what I want to feel.
It feels like everythin' has failed,
Until it gets better by itself.

The past teaches us lessons,
Only after experience.
And we learned from the ones,
Movin' on is not easy but it can be done.

This is a part of life,
To go through this tough time
If its suppose to be mine,
There will always have a sign.

Love Has Not Been Sent

Have this number dialed but never called,
I have tripped over you, wish I didn't fall.
To you I am just only a normal friend,
I wonder if this feelings ever going to end.

I wrote a letter but I never send,
Many of times we spent, but yet my love has not been sent.
I've got words in my heart that haven't been spoke.
I've got this love inside of me but never showed,

My heart have been stole, suppose it follows you.
But Its always cold, without the notice of you.
This poem have written but you never read.
Hopin someday you will realize the love of me.

Love Never Less Than Theirs

Throught today being with you,
The happiest day I could ever ask.
It's incredible to have met you,
To be your best friend,
I can't ask for more.

Can't help if I let you steal my heart,
Pull me back from love,
I scare to lose if once I loved.
Know its way in but not out,
Know he loves her and I wouldn't be chosen

I'm never good enough,
But my love never less than theirs.
Instead of come and goes,
I'd sooner stay the same,
Stay by his side.

My Diary

My diary watch me each day,
It stores all my true feelings
and what have been left unspoken.
The real me I'm writin that no one knows.

I tell my diary everythin of what I think,
by my side, right or wrong.
How people treated me is written down
and how I feel deep inside.

My feelings don't matter to people,
So I write down instead when I'm able.
My diary can be cancelled of what I've said,
but what about the memories in my head?

My Diary Of Him

I take a look at this book,
A book of my life.
Since I met him,
It's not my life anymore.

The book of my diary,
Have been written everythin
of anythin that I know about him.
Gradually, he becomes my life.

'My diary' have written outside,
But his life story is written inside.
Maybe it's confusin about this,
My diary or his?

My Hidden Pain

I wonder how long I can keep my mask,
This is not the real me who's pretendin.
It's not surprise that you never ask,
All because I'm workin too well on actin.

Who would know my feelings are deeply hurt,
When all you see is the fake smiles on my face.
I would prefer let the knife insert,
Instead of seein that girl takes my place.

I never get better when I'm nowhere near ur heart,
But my love for you is still remains.
The hurt inside me will not part,
Maybe die could end my pain.

if the present could change it to the past.

One Day Lover

One day lover, unexpected to be my favourite.
Before the day ends, I made a wish:
Wish I can live my life in this moment
and put this end to where my life ends.

Lover, no more than a day he will be.
If he ever understands my feelings at all,
It wouldn't be so hard to ask, for come back,
Be my lover again, not a day but endlessly.

I was over the moon before the end of this day.
The most cherish memory I ever had.
The most treasureble love, avoided heartbreak.
One day's love, should I be glad or sad?

Only If

If the sun forgets to shine,
The winds forgets to blow,
That's the sign of me movin on
and it'll be the end of the show.

If the world runs out of water,
The sky runs out of clouds,
That's the day I start to feel
this world infront of me isn't real.

If the clouds stopped rainin,
The people stopped lyin,
That's the end of time for cryin.
But, Only 'if'.

Lightenin; cracks my heart
into two pieces, breakin apart.

Neither how much I desire.

When I said I don't love you,
Can't you see the truth?

Ridiculous Thing

Those lies are all discovered, no more left to hide.
Don't trying to lie after I've heard it so many times.
Don't trying to get me confused, with all your excuses.
You can never hurt me again cause I got used to this pain.

These promises are all broken, no more left to break.
The things were been so true, but it is actually fake.
If your love isn't true, there's one thing left for me to do,
It is to forget about you, I can but I just didn't want to.

Don't ever overestimate yourself, it's such a silly thing.
When you're playin me, don't forget that I could do the same.
Are you telling me to grow up? Please don't be ridiculous!
You'd be so shame if you've told the same.

Time changes its way goin, double, trible, incredibly slow.

Wanted nothin more than to change his mind,
No way she could stop waitin till he's back.
More time passes, day still pauses, through every night.
Lies are all she hears, it has no more cracks.

Wait for nothin, wait for the disappointment.
For the happiness, she gave it to him when he leaves.
Nothin will ever matters to her anymore, he is her center.
Will be back to see him afterlife if she has got the chance.

Strangers-Friends-Lovers-Stranges

Somebody in the street were strangers,
They caught each other's eyes, started to like.
Someday they became friends and got closer.
They know they had feelings for each other.

Somehow it began more than just a friend,
Their relationship changed to lovers.
Sometimes they fight but soon after it ended.
They commence to promise stay together forever.

But some girls in her school caught his eyes,
He left her for the better ones yet again.
Then they changed back to friends then strangers
But the stranger who they used to know so well.

now it's all broke, and he leaves.
He left, left me with memories.

I don't understand,
I don't know why you believe him, girl.
Of what he used to lie to me.
You should know the truth as I'm the example.

You're not smart enough,
You're stupid much to accept his love,
the love that he has for every girl.
You're not his life, only a small part of his world.

It's beautiful when it happens.
But once I woke up,

I tried to go back for it.
When it begins again,
It's not the same anymore,
Not the one that I had before.

To convince myself it was real.

Tears In The Night

Tear drops down from her eyes, she cried.
Spent the whole night to stop, she tried.
Lonely nights, lonely tears, lonely girl that
Never fight for fears, finds his love it fades.

One in her heart, he'd never come back.
What she loves has gone, it'll be gone for good.
Somethin she longs for long, it'll not return.
Once she had it, it got stored in her heart.

Has been a long while without sun brights.
Every moment, every lonely night,
She weeps till goes to sleep without warmth inside.
It'd never stop happen cause he has gone.

The Air Of Love

Close your eyes, wind comes in life.
Take a deep breath, feel its sweet.
Untouchable thing, feel it deep within.
Uncontrol, whether come and go.

Invisible but possibly real, it could only feel.
In a break of happiness, it's for a change.
It holds back my breath, hard to live in death.
My love sinks in the depth.

Even just the wind blows,
It sharp stings me with its sorrow.
Feel for that moment and the break,
it lasts forever and a day.

Falls over excruciating feel.

How to heal this unreal feel?
Hard to breathe, hurt its give.
Pushin back my breath,
Pressin down my skin.

It 's given too much,
No more could endure.
To end this endless feel,
I must walk through a door,
The door of death.

I smile doesn't mean I'm happy,
I'm not cryin infront of you,
It doesn't mean I'm fine.

The Fools

I'd laugh the loudest if you trust him like I did.
How could you be the fool for him?
How could you believe the lies of what he says?
You're just one of his toys, not the only toy.

'No matter what' doesn't mean its meaning,
It is just a nice way to fool girls. Yes I knew it!
If he doesn't lie, liar is not his name.
It's your choice whether to quit this liar's game

I hope the true one he loves will pay him back,
To do what you did to me and whom he hurted.
He never knew the pain he put me through

They are runnin from behind,

The Old Me

I know the old me will always love him,
I try my best to live another new me,
The me who will going to forget him,
Erase all the sad and happy memories.

For the moment he hugged me,
My feelings came back without my permission.
I felt sorry for what I had done, it was useless.
He is unforgettable no matter how hard I try.

It's like keep puttin clouds on a sky,
But eventually the blue will never leave.
I knew it wasn't going to work. But I miss
The Me when he loves me, before he leaves me.

Thing Changes

Yet, everything is so perfect, positive.
Brings it above the line of happiness.
I could never want more than this,
At the very top, the happiest.

One day, it starts to destroy, negative.
Was it plannin or just worse?
One sentence: 'thing changes.'
It changes everythin, acts and words.

Everythin turns the other way around,
At the top falls on the ground, upside-down.
The warmth inside turns to ice,

Pretending that I'm fine.

The hurts inside my heart still remain.
Lots of question goin' through my head.

Since today this thought has changed

It should be gettin forgotten.

Your place has left empty, it's irreplacable.
Mine is replaced, she is beautiful.

Your Lies

I didn't want to believe his words,
he says the same to every girl.
He said 'I love you forever'.
But now that he says it is no longer.

Who said I'm irreplaceable,
and now that I'm replaced.
who said our love will never fade away,
and now that it is all faded.

After all the promises he made,
the promises he guaranteed me,
it is all broke disappeared.
And this was my fear.

Your Love, His Love

Love someone who loves you, not the one you love.
The one you love, he doesn't love you as much..
Everythin you do is never enough,
And eventually waitin to give up.

The one who loves you, his love is true.
He has done too much, it is already enough.
Your his whole world, the only girl.
He wishes to make you cured.

The other loves you, you love him and
he loves her. And when he left, the other stays.
While you're waitin for him,
someone is still waitin for you.

You'Re Gone

I Thought when you're gone,
I can forget about you,
but knowin that I can't.
What else can I do?

You left me for long,
made me even miss you more.
Knew my love is strong,
heartache uncontrolled, it's so sore.

I never regret fallin in love with you,
Because you had me know what love is.
Even though you're not with me,
You're still in my heart, Only I can see.

You'Re My Happiness

I never felt so happy in my life,
You brought me a thing called love.
It lighted up my world, fades the grey.
It has never been so bright.

You stepped in my life and be my happiness,
I'm scared of losin you, with you I'm fearless.
You have my heart, without you I'm 'heartless'.
I'm feelin warm inside, you're the reason.

I know a place called sadness,
For the people happiness left them.
You brought me to that place
And I can never leave without happiness.
