Alexandra robert(10/04/1994)

I am 16 year's old, I have been writing since I was 9 year's old and I allow myself to escape in my writing and to let my emotions leave my body. To me writing allows me to release all of the negitive thought's in my mind.In my free time I work on my poems, song's and my short stories.In my school life I get straight B's and I have little to no friend's, at school I normally stay to myself for I do not like talking to people besides my friend's. Two of my teacher's enjoy my wrihting and say I may have a future as a author.I have 6 book's on the go and I am working on another. My mom and my dad split up when I was 6 months old

A Tribute To Those Whom Have Fallen

As I look up from flanders feild
I hear the commander yell
'All ready boys.
Times up go get your rest.'

I cast one last longing look
As the sun deeply recides
A single crow flies
The sorrow begings to reside
Which makes my heart alight

Along the darkness beginning to fight
Against the weariness in my eyes
Finally as the crow flies

I turn and begin to desend to camp
A tear falls from my eyes
So I say a prayer to the Gods
Whom vegins and ends life

To accept those whom have fallen.
Beliving they were doing Gods might.
'Accept thses souls my lord.
And bathe them in your light.

Prevent the pain.
To the fallens bethroved
Along the suns mysterious light

A Voice

There is a voice
that belong's in my head
I dont know what to do

There's a voice
thats in my head
that's forcing me to see red

There's a voice
trying to make me hurt
other people who I care about

There's a voice
in my head
I am losing the fight

With this voice in
my head
I feel
like I am losing my mind

Alone

Alone,

nobody has ever made me feel so loved and yet,

So Alone,

without anyone to come and find me,

So Alone,

without your love,

So Alone,

without your touch,

So Alone,

without you,

So Alone,

with you,

So Alone,

because of you

I'm So Alone.

As

As I lay
by your side
I look to the sky

As the sun's glow
embraces us both
Your arm's enclose around me

As your lips
come to mine
you say you love me

Blood

Blood,
like poison,
can kill a woman or...
can rage a man,
and yet can be underestimated or...
can be feared,
some people faint when they see the blood,
The monster's cant wait to taste the blood at night.

Cat Eyes

Blue cat eye's,
like an ocean,
hyptonizing a mere mortal,
encouraging one to love,
fight or lie,
they may turn into a friery depth,
in just a flash
and yet the owner of the eye's
is loved but also is feared
can these eye's belong to a humen at all

Heart Of A Monster

Look into your heart,
belive in what you see,

look into those eye's of the one you love,
belive in what you see,

Look past those gleaming eye's,
Fear them,

Look past those dazzing white teeth,
Fear them,

When you look past those teeth and eye's
You will be looking into

The heart of a monster

Hurt

Every time you say 'I love you'
I wonder if it's really true but
When I turn around and you hurt me

But every time you say that you trust me
I can't help but wonder if it's true
Every time I look into those sky blue eyes

I see love and pain
I can't help but wonder if I caused it

Now that you're gone
I can't help but cry.

I Believe

I believe in people dying
I believe in people crying
I believe in people trying
I believe in people falling

I believe in people running
I believe in people talking
I believe in people breathing
I believe in people seeing

I believe in different reasons
I believe in breath through seasons
I believe in peoples love
I believe in peoples trust

I believed in you
Where did you go?
Why did you leave?
How come I still love you?
Never again will
I believe in you

I Feel

I feel forces all around me
Come raise your head
Those whom hide behind the shadows
Live with all that's dead

I feel no pain
No remorse

So I feel like
No one has my back

When I know that
All we have left is deceptive
So disconnected

Im Free

this was the poem chosen for my uncle brownies funeral after his passing on may 28,2011

Don't grieve for me now
I'm free,
I'm following the path God laid for me.
I took his hand when I heard him call,
I turned my back and left it all.

I could not stay another day,
To laugh, to live, to work or play.
Tasks left undone must stay that way,
I've found my peace at the close of the day.

If parting left a void,
Then fill it with memories of joy.
A friendship shared, a laugh, a kiss,
Ah yes, these things I too will miss.

Be not burdened with times of sorrow,
I wish you sunshine of tomorrow.
My lifes been full, I've savored much...
Good friends, good times, a loved one's touch.

Perhaps my time seemed all too brief,
Don't lengthen it now with undue grief
Lift up your hearts and share with me,
God wanted me now, he set me free.

I'm free

I'M Not

I'm not supposed to love you
I'm not supposed to care
I'm not supposed to live my life
wishing you were here

I'm not supposed to wonder where
you are or what you do
sorry I can't help it cause
I'm in love with you

Insane

Deep into the darkness where I hide
The monster's are buried down deep inside
You never know when they're satisfied
Buried down deep when the sun don't shine
The monster's are buried down deep inside but
You're wasting away
In the darkness where I hide

I've got a feeling that this will never ease
Living in my memories
it feel's like a disease
I swear if i can make it right
I'd be back by now

Tonight I'm dreaming about the stars
Inside the darkness where I hide

I told myself that today was going to be the day
No more pain because I knew what
I had to do

Going insane
Again and again
I cant go this way
in the darkness where I hide

Lost

Please remember me,
I feel I'm fading in your heart,

True love has embraced us both
All of that has disappeared in just one night.

now that you have left me
I dont know what to do

because now I feel so lost without you

Love

Who ever said love can hurt someone
So much and yet the one who hurt's

The one they love never get's hurt themselves

Love never makes scene to the one whom gets
hurt but the one whom does the hurting never understand's love in the
depths of the darkness

Monster

As I look into the eye's,
of the one's whom hurt me,

As I roam the night,
I hunt for the ones whom I called my friends,

As I look into the moon,
I yell out in pain in the end,

As the pain leaves,
it is replaced by anger,

As I begin to see red,
I lose myself to the monster inside.

My

My life
My love
My soul

Ive been dancing with the devil
For way too long

Give life
Give love
Give soul

Divided is the one whom dances
For the soul is exposed
So exposed

We have no reason to
Run through the feilds of time
To run and hide
No reason to hide

My Friend

my friend inspired me to write this poem

The friend I enjoy
I hurt her so
The one I hoped
She would never go
The one I care
For her fears despair
The one I wish
Will always be there
For the friend I love
Against them all
The one that makes me realize
I may have lost it all

My Love

Alas my love,
our time has passed,
weep not for me,
for our love has passed,
allow yourself to hope,
that no matter what,
I will always love you,
for you are
the only one that i call
My love

No One Said

No one said,
death can cause so much pain,
but it changes the way people look and how they feel,

No one said,
death can fog the way,
people look at life,

No one said,
as soon as you accept death,
you will have no worry's about life,

As a matter of fact,
No one talk's about death anymore,
weather it scares them,
of it hurt's them,
No one says death.

Pain

Every time I look into those sky blue eyes
I feel my heart throb with pain or love
I just haven't figured it out yet.

When you say that you love me, I couldn't
help but believe you until you turned around and
hurt me. When I look into those sky blue eye's

My mind flashes to all of the times you
hurt me with you my heart can't take the pain anymore

Rest

Hush my love
Now don't you cry
Everything will be alright
So close your eyes
And drift in dream
Rest into a peaceful sleep

Theres one thing
I hoped I showed you is to just give
Love to all

Oh my love
In my arm's tight
Everyday you give me life
As I drift off to our world
Where the day's are night
We will rest in a peaceful sleep

I know theres one thing you showed me
Is to learn to just give
Love to all.

Sad Sky Blue Eye's

Every time I look into those,
sad sky blue eye's,
I feel my heart and body melt.

Every time the arm's that belong to those,
sad sky blue eye's,
I feel my heart race and my palms sweat,

Every time the soft lip's that belong to those,
sad sky blue eye's press against mine,
I feel all of the sorrow, love and worry go into my heart,
making me want to replace two only with my love,

Every time my arm wraps around the waist that belongs to those,
sad sky blue eye's
I let out any emotion's I feel,
flow out of my eye's and fall against,
the soft, warm T-shirt that cling's to the chest of those,
sad sky blue eye's

Sky Blue Eye's

Blue eye's,
like the sky,
looking through one's soul,
could they be real?
fake?
every time the eye's meet mine
I feel my heart break.
could these eye's belong to the man I love
or the monster I fear.

Sleepless

I can't sleep beneath the tree's of wisdom
When your ax has cut the root's that feed them
Forked tongues in bitter mouths
Can drive a man to bleed from inside out

I know I can't hold this
Hate inside my mind
Because it consumes one's life
So I'll just ask a question
What if?

What if words become a crime?

Some Say

Some say,
that a sword made of wood kills a vampire,
Some say,
that a bullet made of silver kill's a werewolf,
Some say,
that a dagger made of steel kill's a witch,
Some say,
that a enchanted arrowes kill's a shapeshifter.

Sorry

All this time I waited
For you to come around
But all you do is let me down

So you dont call me anymore
Because I wont pick up the phone
I dont want to be hurt anymore
You can tell me that youre sorry

But no matter what
I won't believe you anymore

I could've loved you all my life
But you left me in the cold
You've got your share of secrets
And I'm tired of being last to know
Youre asking me to listen
Because it worked each time before

Sweet Angels

Sweet angels
please watch over me

Sweet angels
for every season of the year

Sweet angels
to keep me safe

Sweet angels
each day and night

Sweet angels
with those

Sweet angels
whom I hold so dear

To

To confess a feeling
is to feel normal

To feel normal
is to feel happy

To feel happy
is to feel loved

To feel loved
is to feel exepcted

so when somthing
happens confess it

Tulip

My only reminder of all the times we had,
the only reminder that you ever existed,

Is a single yellow tulip the colour of fire,
the colour of your favorite shirt,

A single red tulip petal,
was the colour of your hair,
silken in the sunset's beautiful glow.

Unholy

Love I am unholy
Lies are what they told me

My intentions are poor
Born in my own misery

The peace is dead in my soul
I blamed myself
For the death of the ones whom
I have loved

Im the only one
Whom would carry on this far

When

When you left me
I couldn't help but
wonder why did I
do something to push
you away?

Before you made me
wonder if i pushed
you away we were
always together but sometimes
we were apart.

When you said I'm
going to leave because
baby I cant stand
living this way with
you it's hard to
say goodbye but it's
harder to stay

Thats when I started
to cry and beg
you to stay by
my side because no
matter how hard you
hurt me I will
still be by your
side

When I see you
walk by I try
so hard not to
give in a cry
cause baby I remember
the good times you
and I had together.

When I see you
by your friends I

try not to run
over and take your
hands in mine

You said

You said

I said
I will believe you until you hurt me

Your

As I lay my head against
your chest

As I close my eye's I feel
your arms close around me

As I let my mind clear I feel
your lips against my hair

As I started to drift to sleep
your head starts to rest against my own

As I listen to
your steady heart beat

As I lay by
your side

I feel at ease
you're the only one for me
