# Best Friend

If there is a moment that hard to forget  
That is the day when you and I had met  
I even know what is the date  
The day when we were classmates

I bear in mind that time  
When we say to each other "HI"  
It's hard to believe but it's true  
That time you become a part of my life

I wish that we will share everything  
Problem, tears and even laughing  
I hope and pray that it won't end  
Coz if that happen, you can see me crying

When I had a problem  
You are the one whom I can lean on  
When im mad and lonely  
You were there to cheer me up

Don't worry even were apart  
You will remain in my heart  
I'll always cherish the days we spent  
Coz it's the day when we become  
BEST OF FRIEND!

# I Love You

Before I was alone in the shadow  
Couldn't find my way  
Every hatred that blocks my room of darkness  
Every tears that falls down on my cheek  
It makes me wonder should I continue to live?  
When you came in times of my sorrow  
Embrace me as if I'm going to hell  
With every breath we take  
You are the one for me  
I would live in your love as the sea-grasses live in the sea  
My hearts beats as your mine beats too  
How I wish it will not going to end  
New life for me to step on together with you  
I will die just to be your angel  
Angel who will watch when you are in your dream  
When you sleep I watch you breathing  
No one will harm you as my wings cover your soul  
I love every move you make  
I'll kiss you with every sin you take  
How I wish I could be in your arms as my last breath takes  
You are the one who lifted me from my failures

# If

If I said I loved you would it be a lie?  
If I said to leave would you say goodbye?

If I'd have been different and changed one thing  
Would everything else be re-arranged?

If I had loved a different girl  
Would it have been enough change my world

Enough to make all the dark and grey  
All the misery and sadness to go away

To leave me alone and never come back  
To make my world something other than black
