Credits

I can't feel the pain,
Your going through now,
But I know the pain,
I have felt it before.

I can tell,
When the credits start rolling,
Like you and I,
Are in some movie.

I have nothing to show,
For this love we shared,
I can see us fading,
I'm sorry it ended this way.

But to me,
Everyday is the same,
This is the end of the road,
I just cant stay.

Anna gerlitz

Forever

Lets make it last forever,
You and I,
Lets make it last forever,
This love was born to fly.

My heart is yours,
To cherish and hold,
Forever more,
This wont get old.

Is your heart mine?
This answer I know,
You heart is mine,
Your eyes are my sign.

You and I, baby,
Were meant to be,
You and I, baby,
This distance means nothing.

Our love will last, honey,
Forever and a day,
If its raining or sunny,
We'll get through it all.

He Had To Go

He had to leave,
To say goodbye,
He couldn't stay,
To see me cry.

He did not see,
Or care to try,
To comfort me,
Or take back his lie.

He smiled and waved.
Prepared to leave,
I was left,
Alone to grieve.

He was done,
He told me so,
If he hurt
It didn't show.

The next day,
I spoke to him,
As I approached him,
His face grew dim.

I kissed him lightly,
On the cheek,
He looked surprised,
Like me might freak.

That gave me hope,
To heal my heart,
It gave me strength,
For a new start.

I miss him so,
But I'll survive,
As I have shown,
I'm still alive.

I'll find a new,
Boy for my own,
This was good,
For I have grown.

I now know,
What I need,
I need a guy,
That runs my speed.

Break-up's aren't so bad,
Can't you see?
They are full,
Of new opportunities.

Her Own Beat

Shes everything you want to be,
Happy, fun and just so carefree,
She dances to her own gain,
Even through the tears and pain.

She dances to her own beat,
Never thinking just moves her feet,
All the music fills her ears,
And sometimes thats all she ever hears.

She is happy all the time,
Through everything she turns out fine,
She doesnt let others get her down,
Always smiling never frowns.

Shes without one care in the world,
Probably the most amazing girl,
Nothing can ever make her give up,
Is this the life you want?

As you watch her dance around,
You keep your feet firmly on the ground,
She flies in the air and dances away,
But forever level-headed you will stay.

I Love You

I want to hold you,
And never let go,
I want to kiss you,
Just to let you know,
That I love you,
No matter what happens,
And no one can do what you do,
So baby, I'm telling you,
I love you

'I Love You'

Please note - - - This poem is not meant to be offensive. I am not meaning to be racist or rude. I am sorry if you feel that I am. Thank you very much - - - Please note

The kitchen window,
In a suburban house,
Owned by a lady,
In a plain looking blouse.
She sits at her table,
See's a few of the pond,
See's a young couple,
Just begining to bond.
She lets her mind wander,
Through all her years past,
Thinks back to France,
Where she'd seen him last.
Years ago it was,
Several decades at most,
Nazis lind the street,
Never leaving their post.
She always thought,
She had nothing to fear,
They werent after her,
They'd made that clear.
Her lover, a Jew,
She thought would be free,
Cause love always makes it,
Thats the way it should be.
Through bloodshed in the streets,
And parents afraid,
No one could destroy,
The tie that they'd made.
Until the last day,
After hunger and hiding,
Through hardships and death threats,
And racial dividing.
They made it through,
There love stayed alright,

It was their victory,
They'd won the fight.
But on the way out,
When the Nazis were fleeing,
They fired one last shot,
To stop what they were seeing.
It hit him dead on,
As the truck sped away,
She can hear his last words,
To this very day.
He had but a second to speak,
To let her know,
'I love you' he said,
And then he let go.
Her tears were eternal,
Her sadness was real,
Through the celebration,
It was all she could feel.
Her eyes were not dry,
Long after he was taken away,
The only one crying,
On liberation day.
But she lived on,
Moved to the U.S,
She once had love,
And she'll never settle for less.
All alone all these years,
His picture on the wall,
But she doesn't cry anymore,
For nothing at all.
She looks out the window,
Feels the sun on her face,
Sees the young couple,
Locked in an embrace.
She looks a bit closer,
She knows it true love,
She smiles for the first time in years,
To the sky up above.
She looks back down,
Before she could miss,
That multi-racial couple,
Share their very first kiss.

She sits down in her chair,
Thinks back to that day,
'I love you' she says,
Then passes away.

Lies

Lies and decite,
Is that really how you treat,
A girl?
What else did you lie about?
Was that your real name?
Your real age or birthday?
Did I tell you everything,
And in return get told,
Lies you never,
Thought I would find out later?
Well I know about them.
You said 'Oh I'm blah blah blah'
I dont care!
Its over between me and you,
The fire is out,
And the lies are in the past.

Love

You stole my heart away,
It was the first thing you did,
I knew I loved you,
Instantly.

Baby, I know the distance,
Is a big factor,
But that doesnt matter,
Cause I love you.

I want to spend,
The rest of my life with you,
Baby, I just cant wait,
To say 'I do.'

This is alot more,
Then a summer romance,
Its true love,
And nothing can stop that.

Me For Me

Sometimes I wonder,
If you like me for me,
Are you just here for action?
Because you wont get it here.
Are you in it for someone to make you feel whole?
If you really love me,
let me know,
Cause if you dont,
I will have to let this go.

Memories

Why won't people let it go?
From that time I still have nothing to show.
All I have is hurt and regret,
And something I will never forget.
I'm trying to move on,
But people keep pulling me back.
I don't think they realize,
It's a moment I despise.
Sure, it started with a rush,
Now it's a memory I want to flush.
The problem is,
I don't want them to see,
How much this hurt me.
So just let them go,
None of them know,
That these are times I don't want to remember,
I hate the memories of us together.

Miss You

Can you please remind me,
Why we thought this was for the best?
My room is still a mess,
Is this some sort of test?
I never wanted to lose you,
I wont be here when you come back,
But I am going to miss you,
Your smile, Your sweet words,
So the distance it turned out,
To be to much,
There is paper,
Ripped up all over my house,
Of our names together,
We said forever!
Forever's definition has changed,
So it seems.
Goodbye my love,
I will love you for life.

My Thanks

I feel the tears,
There coming again,
Why won't it stop,
The pain I feel.

There is one person,
Who helps me everyday,
He doesnt know it,
Its not who you think it is.

Those words he writes,
There so radical,
I trust him,
I tell him everything.

He's the only one who,
See's my poems,
He feels my pain,
I feel his,

I wish I could thank him,
Face to face,
But he is to far away,
So this is my thanks.

Our Relationship

I always think of wat we've been through,
The times where we always said i love you.
All the promises we've made,
All start to slowly fade.
I'm sorry for blaming you,
I'm sorry for hurting you
It's hard to say goodbye in a situation like this,
All the times that we could have shared a kiss.
I never wanted our relationsip to end and that is true,
You should have told me the things i should have knew.
So i guess i'll be lonley too,
But i would rather be together with you.

Rosli

I can tell you anything,
I know you won't judge,
What I did or what I said,
We always make a plan.

There has been many good times,
And many more to come,
Many laughs and smiles,
Though there are times we've come undone.

I miss you more eachday,
Can't wait to see you again,
Rosli, your not only my friend,
Your my best friend.

Best friend's means forever,
I know that this is true,
Rosli, your my best friend,
And you're like my sister, too.

Stupid Me

A glance, stare, smile,
Thats all I want,
Something that says,
I dont really care anymore,
Its not a big deal anymore.
Even know it is,
I shoudnt of told anyone.
You said not to.
But I did, Stupid me.
Why would I do that?
Ruin one of my best friendships.
I blame myself,
I know thats the way it,
Will always be.

The Key

Sometime I get go nervous,
I don't know what to say,
I can't really explain it,
Though I try everyday.

My heart skips a beat,
When I see you smile at me,
What you don't really know,
Is that you've always had the key.

Right now I'm kind of missing,
The kisses that you gave,
I wish I had a bank for them,
Then they'd all be saved.

I can't wait till you get back,
This is taking way to long,
Cause your the reason I smile,
And right now, that that only thing I lack.

The Meaning

Is this love
That we are sharing?
Or is it just
Our imagination running?

We barely know each other,
All we do it talk,
About pointless things,
That will never matter.

I want to know,
The meaning of this,
Word we use,
Far too often.

Sadly, It seems,
You can't tell me,
So now the truth comes,
Our imagination like to play tricks.

The Way You Say You Love Me

I couldn't really describe how I am feeling,
Words aren't enough to say,
You're my cure, My only healing,
I can't stand to be without you another day.

The way you say you love me,
It does more than put a smile on my face,
People say love is blind, You're all I can see,
You were addicting at the very first taste.

My heart skips a beat whenever you call,
I feel numb with excitement, It's hard to explain,
You're always there to pick me up from my fall,
I love how you joke around, Making everything a game.

The way you say I love you,
Repeats enduringly in my mind,
You hold the key to my heart,
You're a type of guy that's hard to find.

When you're feeling scared, angry or sad,
I feel the pain,
You're the best thing I ever had,
I wear your heart in my sleeve.

When you say you love me,
I lose another breath of air,
You're the best thing I've ever had,
I am amazed with how much you care.

Sometimes you act different from the rest,
You get crazy and out of control,
But in my eyes you always look your best,
You've taught me things I never knew.

The way you say you love me,
Is the best thing to hear in your voice,
You accepted me for me,
You're my first pick and my better choice.

Understand

The dark weighs in on me,
As I sit in my room,
My door closed,
Crying.

My heart bleeding,
And yet I must not cry loudly,
But keep my sadness hidden,
From the world.

No one can know,
How much pain lives inside me,
Because there is no clear reason for it,
Except life itself.

And many people do not,
Understand the reason,
Tears scar my face,
And I wonder....

If you knew why I have myself,
Locked in my room,
Why I do not smile,
And why I cannot laugh...

Would you understand?

Anna gerlitz

Without Me

A two-sixer of booze,
And a gun in hand,
I know i'm gonna lose,
As I sit in the stand,
This is a sad game we play,
Russian Ruelette kills,
So just in case I will say
As I get chills
That nothing will change without me,
I had no love,
I pull the trigger and see,
You and her in love,
For the last time my eyes,
Will ever be open.

Anna gerlitz

You

We're so close,
But yet so far,
I dont know what to do,
I've never felt this way before,
Everything I see,
Everything I do,
Reminds me of you.
When I sing,
I sing for you,
When I write,
I write for you,
When I dream,
I dream of you.
Dream of the day,
You'll hold me in your arms,
And kiss my lips.
Dream of the day,
When you'll say,
Baby, its you I want,
Because you are the one I want.
And I cant see myself,
Loving anyone else but you,
And I am hoping you feel this, too.
But God, I dont know.
Give me a reason,
Give me a sign,
Is this true love?
Or am I just wasting my time?

Anna gerlitz

You Know He Knows

Do you know what it feels like,
To love someone,
Who wont speak,
To you?
Wont even give you,
A decent reason,
For his hate.
Won't listen to what you,
Have to say.
Deep down you know,
He knows,
That he still love you.
Still,
He is just scared,
That he will get hurt again.
To many memories together,
Bring us both,
Pain, Tears and for some,
Unknown reason,
Happiness and love for,
One another,
For the last time.

Your Everything

Love,
What does it really mean to you?
Does it mean being there,
When everything is okay?
And running away when everything is not?
Does it mean saying the words
And no being there to back them up?
Because thats what it feels like,
You think it is.
When you left me,
Because of an argument,
And went to her the next day.

Well I still havent moved on,
I miss you,
Your smile,
Your kiss,
Your everything...

Anna gerlitz

Your The

There are times where i've doubted,
The four letter word,
But with you in my life,
Thats impossible to do..

Your the sunshine,
The light in my life,
Your the darkness,
That helps me sleep at night.

I know our love,
Will never fade,
I'm gonna say that I love you,
For the rest of my days.
