Boeta

I remember when we were small
I was your world
You only wanted Wiesa

You don't know
You don't know

You helped me
You gave me a reason to stay

You where to me
My son
Although we both where just kids

I will protect you with my life
I know your all

I know your hart
I know you're hurt
I know your smile

You are the best brother ever
Without you knowing
Your smile gives me a song in my hart

I love you
I am proud of you

Feeling Lost

Am I still a child
I have emotions of a child

Where must I go?
What must I do?

Mommy are you there
Daddy where are you
I need you

The world says I'm an adult
But am I

Daddy I see you
But you're not here

Mommy why don't you see
The need for your love

Daddy can you see me
Are you proud of me?
Am I still your little girl
That fell and scraped her knee

Do you still remember?
The nights you buddle me in
And the day you walked me to school for chess

I miss your hugs
I miss your strong arms that make me feel safe

I need you
I am lost
Please help me

I am scared
It's dark here.

Handle With Care

It's shiny
It's steel
It's sharp

Handle with care
It's my protection
I love it

My blade looks after me
It makes me feel better
It makes me forget

When it touches my skin
Sniffers run down my spine
I'm scared

But wait it makes all seem normal
It makes you feel happy

Then you see the fluid of life
Then you feel alive

The urge
To go deeper
To feel more alive

It's all that helps
To feel the adrenaline
To feel more alive

I love my partner

But why do people think I'm crazy
Why do they look at me different?

I'm normal
I have a broken heart like all

Why do they say it's a sin?

Why do they think I'm suicidal?

If you can't talk

If you don't have a voice

If you are told to keep quiet

It's the only why

It helps me

I love my partner

I Know It's Late

I know it's late
But my eyes aren't heavy yet

My mind is running wild
Thinking, thinking, thinking

I listen to the birds outside
Announcing morning has come

Thinking what will the day bring?
Thinking what have to be done

So much to be done
So little time

But most of all
Thinking...
About my biggest dream

To carry my child one day soon
To feel the miracle of life inside of me

To see my baby
To feel that love at first sight
To see my perfect baby

It's late
Why can't I sleep?

Can't I just go to sleep?
Peaceful sleep
And have happy dreams

It's late
Everything is so quiet and peaceful
Just the birds chirping outside
There happy melody's

It's late

Why can't I sleep?

I Miss You

My second mommy
You mean a lot to me

You gave me hope
When all hope was gone

You hugged me
When the tears couldn't stop flowing

You made me feel special
When I felt like I had no use in this world

You gave me freedom
To be me
Although I made you dilly sometimes

The day came
When I had to come home

I understood what it means to say
Goodbye is the saddest word

It felt like a part of me where taken away
I felt empty

Although I know you are still there
But it doesn't feel real
The sms words are empty
There is no feeling
No hug
No smile

Love Hurts

Fights, fights, fights
Do you still love mommy

You fight about money
You fight about work

Why do you fight so much?
Do you still love mommy

Can't you see it hurts?
Can't you see what it's doing to us?

Daddy please I love you
You are everything to me

I know mom is wrong
I know she hurts us all

Can't u end it all?

Scared Of The Dark

Every night i lay in my bed
Scared, listening for the sound of your car
Listening for the sound of your voice

□

I try to run
But you always seem to catch me
I try to hide
But you always seem to find me
I think of excuses
But you don't care

Every time i hear you
I shiver on the inside
I hate you
You're a monster

You ripped my heart out
And tramped it to pieces
Every time you come
You take a piece of me with you

For three years
I have kept our secret
I have tried my utmost best
To keep you away
I have told your mother
But you don't seem to care
I have been rude
But you don't care

What is it you want from me?
You have taken my,
Pride my dignity and broke my self esteem
You made me hate men

I hate you
But still i feel sorry for you
You tell me all your problems
And how much girls played you

You tell me every time
Don't tell any one
And you ask me so nicely
And then you say
Until next time we meet again

That day i know will come soon
But wait i will get you back
Even
If it means throwing my future away

Then you will know how
You have hurt me
Over and over again.
