# End Of The Dark Death

I wanna die  
cuz i dont wanna hide  
sometimes i feel am just a ghost  
but not lost  
i wish that i can disappear from fear  
i silted my throat but you Stabbed My Heart  
i hate dreams cuz it makes me wanna scam  
but i love the heart breaker who broke my heart more than once  
i cant see it's so dark  
that's why i hold on you so hard  
and that's end of THE DEATH

# Hard To Love You

I don't love you  
Cuz I don't know you  
I'm not sure if I miss you  
But I know that you know that I wanna kiss you  
The one who took my soul is you  
All I think about is you  
And hurting you is something I 'll never think about  
I feel iam lonely without you  
I wanna die but the only thing is stopping me is you  
When I cry I want to hold you  
When im happy, I want to be with you  
When I miss you, I want to kiss you  
All I want to say is..  
I don't wanna love you  
Because I don't wanna hurt you  
I wanna kiss  
but i dont wanna miss you

# I Dont Mind

i dont mind if you hold my hand and break my heart  
i dont mind if you you look at my eyes and tell me a lie

# I'LI Tell You What To Do When You Miss Me

When you miss me  
Just come and see me  
When you come and see me  
Just hug me  
When you hug me  
Just hold me and look at me  
When you hold me and look at me  
Just grab me and kiss me  
When you grab me and kiss me  
Please don't stop, don't leave me  
I beg you, don't leave me

# Kiss Of Death

kiss of death  
before the last breath  
Angel of death is my only friend  
so have some faith  
and come to join me in death

# Kisses And Hugs

Am missing your kisses  
Craving for your hugs  
There are like drugs  
Going through my veins  
Making my heart beat louder  
Craving for more  
My lips are cold  
Kiss me don't stop  
Hug me, never let me go

# Love

When i think about you

I miss you

When i talk to you

I know that I can't live without you

Do you know ...?  
I cry when i cant be with you  
I hurt my self cuz I trird so hard to not hurt you  
I can't be happy when iam thinking about you  
I cant sleep when you'r not next to me  
So can you tell me what should I do  
Cuz I have no one talk to  
Iam ready to do anything for you  
just to wake up next to you

Cuz it makes me smile

Where were you ...?

When i was sleeping alone, thinking about you

When i was in my room crying out for you

When i was sating, thinking if you care like I do

Only you can answer this

# You And Me

Being alone with you  
in a place there's no one else  
you think that I don't miss you like you do, when I miss you so bad that I want  
to kiss you  
cuz I wanna be with you  
since I met you, I stop having bad dreams and start having dreams about you  
you made me fall in love with you  
that's why am craving to be with you  
i cant live without you  
i love you more than you do
