Arjun K Das(12/11/1991)

Nothing special to say about me. A simple humble engineering student who writes down pieces of scraps in notebooks when in mood to write 'em. My notes are full of lines but I don't get enough time to sit in front of my lappy to type 'em and 'em here. Sorry about that. But I hope whatever I've written here, you people would like. Also please do rate and comment on my poems. Cheers Buddies.

A Lonely Day Without Sunshine

Wake up with bright red on my nose
Went to wash and washed with a hose
Checked my cell just to see new updates
But disappointingly there wasn't any crates

Shagging my head on the pillow up above
Hugged it tight but please tell me how
Should I be going or coming in and out
Like the replays told me, yes you can shout

Still no sign of a sunrise today though
Just give me ray to see the show
So just rise up and put your shine in the air
Need some bless and you know you are fair

Baby, it was a day that I lived without you
Waited and waited till the end of the queue
It was a day full of darkness at-least for me
Like a lonely day without sunshine, oh now you see

Arjun K Das

Addicted

Made up of crystal clear diamonds
With the hands of that creator
You're the ever beautiful girl
Who have ever come to earth

I saw you for the first time
When we were both sent from heaven
Together, we danced, we sing
And finally we reached here

You looked at me with your
Shining eyes and hypnotized me
I fell in love with you
Right from my first sight at you

Oh my beautiful girl
You're the cutest girl I've ever met
I know I'm addicted to you
I love you forever and ever

After Interval

A Large Interval Went
A Deep Breath Was Left
And I Went On Dreaming
But That Was A Great Feeling

I Keep Walking Down The Street
Stayed Up Till I Got A Seat
I Was Messed Up Listening
All This Lectures Irritating

Then I Was Awake With
That Sound Of Little Bath
I Swear I Didn't Knew
That You Was In That Queue

Making The Paper Boats
And Sailing Like Black Cats
The Wind Blows In Right Direction
I Was Waiting For That Spectacle

Arjun K Das

Attracted To Hell

My Eyelids Are Being Attracted
Downwards And Downwards
I'm In The Class But I'm
So Sleepy And Bored My Friend

I Need To Complete My Sleep
Because Yesterday I Was Awake
Clearing Some Mysteries Till Midnight
And That's The Reason For This

I'm So Rash And Forgetting
This World Around Me Is Laughing
I Know The Reason, I'm Stupid
But I've That Intensity To Backup

Bell Has Rung, Let's Rock Now
My Sleep Has Disappeared Somewhere
I Don't Know Why This Always Happen
This Damn Attraction To Hell

Arjun K Das

Believe What You See

Setting My Papers Back On Table
I'm Tired Of This Damn Stuff
Doing Whatever Things That Are Coming Inside
I've Become So Dumb Now

Showing All Those Tips And Tricks
I've Became A Star In Front Of You
But You Are Laughing Now
Saying Those Were Not The Truth

I Keep Silent All Day Long
And Watched All Those Weather Changing
Found Those Cool And Coldest Wind Moves
In The Direction Of My Thoughts

Totally Wrong Are My Concepts
I Believed What I Use To See
But Today I've Realized
Just Believe What You See

Arjun K Das

Birthday Girl

Oh my sweet little sister
I take care of you
I hang out with you
For all your happiness

And today is the day
When I was Lucky to have you
It's a very special morning
But started right at 12 O' clock

Oh my cute little girl
It's your birthday today
Don't know how to thank you
For what all you've given to me

So let's celebrate this moment
Just come to my heart
and give that one piece cake
For your sweet brother

Arjun K Das

Broken

Seeing All These Numbers I Fear
That I'm Gonna Lose Them All
My Perfect Shootings Make Me Feel
I'm Not Afraid Anymore

Thinking Of You But It's All Blurred
Glasses And Lenses Are Broken
Now Taking Me To Future World
So Hard To Believe My Sweetheart

My Prayers And Thoughts
Are Dedicated Just For You
The Tensions Arising In
The Middle Of My Heart Confuses Me

Trying To Shoot That Bird From
The Far Distant Space Of Stars
Making All Those Sympathies
Go Right Around Me Myself

Arjun K Das

Choosing Destiny

You don't know the difficulty
of choosing our destination
It all lies on that one selection
whether red pill, or blue pill

Each and every moment
force us to concentrate
and free your mind
That's the only easy way

Fate calls upon us
just on that moment
which, whether we choose
red pill or blue pill

Beware dude, something's waiting
wonderland for real or
endless sleep forever, whichever
decision is yours only

Arjun K Das

Compensate Your Loss

When I look into your eyes
I found it's staring at me
searching for the reason
still failed to find it

I was wandering here and there
laughing and talking to friends
with a lazy mind shouting
to continue the phishing

Man, I'm not guilty
although the court of your mind
judged I am, but I
wanna make myself clear

Struggling and coughing
in this dim light flashing
making my eyes to dark
to compensate this loss

Arjun K Das

Confession To You

Sweetheart, here's my soul
accept it, because it's beating
it's not normal, it's fast
searching for your deep touch

your magnificent touch could
make it red hot again
asking for some deep cleaning
with your sweet kiss

Better I suggest you, to
keep this precious thing with you
I want it to be healed
and you won't have to return

Just because you owe it
It's gonna confess to you
don't know what's gonna tell
but certain, about my soul

Arjun K Das

Dreamy Girl

Hey you dreamy girl
It's been so long you kicked me out
I don't know why you did that
damn thing on a stupid day

Owls were hooving wolfs were howling
even you were not afraid
just as you got angry
for that one madness I've done

It was colors all through our life
till I was slapped by you
the moment was painful
later I realized that

It's better not having you
rather having a girlfriend
all you did was wrong
except going away from my life

Arjun K Das

End Of Creed

Carelessness, It's All My Fault
I Travelled Through The Beat Path
But Later Found Was Hilly And Horny
Up Till The End Of Creed

I Made Up Each Blocks
To That Set Of The Building
But This Creepy Feeling Inside
Is Not Ending With This Wind

Make Us To Success Persons
But Way To Choose Is Important
I Pushed Up, Pulled Down
But No Effect After All

Changing Signs Will Make Difference
But That Process Is Not So Easy
I Need To Climb It Up Safely
I Need To Make It Out Clearly

Arjun K Das

Evacuate

Oh My Savior, Please Take Me
To That World Of Happiness
I Wanna Join My Valentine
I Can't See The Tears In Her Eyes

Sometimes I Feel Lonely
And I Regret Of Missing Her
But Then The Feeling Rises Up
At The Very Sudden Instant

Pearls And Diamonds Are In The Sequence
I Pray For My Soul And
Of Course For Her Too, Because
I Care For Her More Than Anything

Tears Are Dropping Out
My Heart Is Weeping Out
I'm On My Way To Vacuum, Just
Need Some Space To Evacuate My Soul

Arjun K Das

Fallen In Love With You

This Still Water Reflects Your Face
In This Crystal Clear Moonlight
We Sat Together On The Banks Of Nile
We Looked At Each Others Eyes

My Lovely Princess, You Look So Gorgeous
In This Place And Time, You Shine As A Diamond
Possessing The Magical Beauty
I've Fallen In Love With You Forever

Next Day Morning I Saw You In Red Skirt
Standing At My Doorstep Waiting For Me
Seeing Me, You Ran Into My Room
Holding My Arms Tightly With You

You Kissed My Arms And I Felt The Coldness
Of The Tears Dropping From Your Eyes
I Dragged You Towards Me And You're Safe Now
Because I'm The Best Protection For You Forever

Arjun K Das

Friendship Celebration

Say my friend, have you ever
been here experiencing cold
No no, you wouldn't, because
It's reserved for somebody special

Decorated with color ribbons
glitter papers are hanging
all around the walls and roofs
but cake is still to be cut

Cone hats are wore, just by
me and you and our friendship
It's special, me knows, you too
But needs some concentration more

It's time my best friend
the cake is gonna cut
by me and you, because
our friendship needs a celebration

Arjun K Das

Good Night

My Bed Is Calling Me
And Me Too Feeling It
The Sweet Arms Of Dreams
Coming For Hugging Me Close

I'm At The Edge Of
Closing My Eyes Till
Next Day Early Morning
To View A Sweet Dawn

But For Now, It's Time
Time For Some Sweet Sleep
Time To Wish Someone Special
Who Holds A Place In Your Heart

I Hear Her Voice Saying To Me
'Good Night My Darling'
Let Us See In Tonight's Dream
Together We Gonna Celebrate

Arjun K Das

Halo

All the disregards and
mysterious wrong concepts
stayed inside my brain, did
I made a mistake or loss

Future weapons and grounds
are awaiting for first shot
If u made it in skies
wipe up, effort is waste

Fighting for freedom is
ever greatest feeling
but aliens resist explosions
and rule on our kingdom

Hey you, correct your concepts
It's true, but not fact
mess this halo up and shake
until you get your result

Arjun K Das

Help

The ice is melting fast
Oh no! it's not fast, it's furious
hey spidy, gain your strength
else you're gonna be a spaceman

I hear your voice, your breaths
asking me for a helping hand
I would've done that
If I were free enough

You can see me caged
because of me myself ofcourse
offense was upon me
the work done to reach here

Spidy, don't worry
I'm gonna kick you away
to that island i see
I'm sacrificing myself

Arjun K Das

Hide 'n' Seek

Every Night You Come In My Dreams
I Tried To Recognize Your Face
But I Was Unable To Do It
As You Were Far From My Sight

One Day You Came In A White Dress
I Thought You Came To Marry Me
But I Was Wrong For That Instant
You Just Went Back Giving Me A Sweet Smile

You Played Hide 'n' Seek With Me
You Always Hided And I Seek You
But You Were Brilliant My Dear
You Just Got Off From Me Again

Then One Day You Reached Me
In The Damn Hot Red Skirt And White Top
I Was Then Silent My Darling
But You Told Me, "I Love You"

Arjun K Das

I Belong To Jesus

I'm Docked Into This Socket
Unable To Move My Body
Praying To God To Free Me From This
You're The Only One Who Takes Care Of Me

I Need Your Blessings My Savior
I'm On My Knees For Your One Touch
Every Day When I Get Up From Sleep
I Start With Your Name On My Lips

You Know Everything About Me
Nothing Has Been Hidden From You
I Share My Each And Every Feeling
With You, Believing You're There For Me

Jesus, I Love You, You Helped Me
When I Was In Trouble
And You Always Pour Your Blessings To Me
I Belong To You, My Lord

Arjun K Das

I Got You Now

You And Me, Together We Played
Right From Where We Had Memories
I Sneaked You, You Too Sneaked Me
The Distance Was Balanced

Suddenly Something Clewed Up
We Didn't Even Know What It Was
I Sort It Out, But No Way Through
Sticking To The Old Broomsticks

My Little Cute Girl, Where Are You
I Miss You Like Hell Now
I Love Winning, But I Like Losses Too
Because It Teaches The Steps To Win

I Got You Now, You Know Me
Far From The Horizon I See You
I Can Feel Your Breath Now
Each And Every Single Breath

Arjun K Das

I Know I Love You

Little Girl You Look So Cute
That's Why I Became A Fan Of You
I Didn't Know That
You Dance So Well As Peacock

I Know I Love You My Darling
I Feel You, I Dream You
But You Was Like Hiding
You Never Ever Turned Back

My Sweetheart, Keep This Faith
I'll Never Leave You Alone
I Like You My Sweetheart
I Want You To Love Me

But I Know, Love Is Not
Something You Can Borrow
That's Why I'm Trying
To Be With You Sweetheart

Arjun K Das

I Love You So Much

I See The Deep Blue Skies
Where Clouds Went Past So Fast
I Looked For Your Name There
But Found Some Drops Of Rain

It's So Disgusting My Friend
The Flourishness Of Green Leaves
Is Poured Into My Heart
And I Found Our Names There

Try To See It My Dear
That I Love You More Than Anything
Feels Sick Of It, I Feel Proud
Of Being Your Little Heart

Scary Nights Are Coming
And The Magic I Needed
Was Supplied By You My Darling
I Love You So Much

Arjun K Das

I Want You

Something's Coming To My Heart
It's Eating All The Flesh Inside
I Feel Pain, Not Small, But Large
Just Because You Stay In There

It Tried To Kill You And Take Your Place
But I Swear, I'll Kill Myself
Before It Hurts You Because
I Just Live For You My Princess

You Know My Dear, I'll Die For You
It's Far Better And Tears Are In Drops
I Yell To God, To Take My Life
And Just Put It In A Crystal Glass Ball

I'm Gonna Take That Damn Thing
And Throw It Out Of My Body
I Care For You, I Love You
I Want You To Be As Good As Now

Arjun K Das

I'm Happy With What I've Got

These Places, I Know So Well
I've Been Walking Here Since I Was A Child
I Talked To Trees And To Sand
They Considered Me As Their Friend

I Kept Loving Them, Believing
That They Will Return For My Love
And They'd Done What They Promised
Never Ever Cheated For What I've Gave

I Sway Their Parts And For That
Something Grew Up Along That Mushroom
I Waited To See What Actually It Is
Later I Found, Was Just A New Tree

Fading All These Memories Inside
The Black Carpet Wound On My Skin
Is The Most Irritating Thing
But I'm Happy With What I've Got

Arjun K Das

I'm So Lucky

Would You Dance If I Ask
I Know You're A Good Dancer
But Still I Know You're Worried Now
And I Wanna Make You Happiest In The World

My Lucky Girl, You Don't Know
That How Much I Love You For What You Are
My Dreamy Girl, You Can't Feel
The Extent Of That Love Anyway

I Pray To God, Everyday For You
I Want Him To Give You All His Blessings
Leaving No Such Blessing Left
To Give To Rest Of The World

Oh My Cute Girl, I Need You
I'm Here For You For Anything
Oh My Sweet Girl, I'm So Lucky
That You're With Me Forever

Arjun K Das

If You're With Me

Saying Words My Friend. It's To You
Shock Is Going Through My Nails
I'm Digging Deeper, Going Faster
I Need To Bury This Fury

You Know It's My World, My Own World
I Know What I Wanna Do Here
No One Asks Me, No One Rules Me
Because I Make My Own Rules Here

Students Are Studying With Passion
Each And Everyone Are Upon Their Knees
They Ask For Mercy From The Lord
And They Will Get What They Deserve

Like That Me Too Will Get Something
I Know I Wanna Do Better
I Know I Can Change Things Around
But Just If You're With Me Forever

Arjun K Das

In Order But Order Less

Time and time goes down
Stick and stick breakdown
Climbing up the staircase
You didn't inform me dear

Showing all the paths you
Travelled just before I went
Pushing so softly but gently
I looked and found you there

Did I went past you somewhere
May that's why I'm able to remember
I'm in order but I'm order less
I don't know, why I'm like this

Don't know how to swim and
I'm sinking in the river
I see banks opposite facing me
But I'm helpless, truly helpless

Arjun K Das

Invitation

Little shining star
I see you in the midnight
I want to be with you
Still knew its impossible

My world is this crust
Yours is ages away
Even I travel there
Impossible will be reaching

All You can do is
stay close to me as you can
because then I will feel it
You're warm deep love

I invite you to my
garden of tulips, shining,
waiting for you, for your
little touch, to make it glow

Arjun K Das

Is This What All You've Got

Wind up the carpets
strung out the guitars
make it out shake it up
just to what hell you're hoping for

Feel the rhythm deep inside
it is the key to enter
right inside her heart's bedroom
hug her, kiss her, love moreover

Ask one question to yourself
is this what all you've got?
or are you pretending to be
as it was one birth ago

Give it up man, you're nothing
freaky nights and howling wolfs
just make you afraid moreover
than she shouts at you as ever

Arjun K Das

It's Your Life

Love, the most beautiful stuff
in world, without life is dull
it also hurts a lot same time
oh my dear! careful while on

Fake the world, you could win
everything and everyone
but not so easy to just
on and get with it

It's not your soul which is for sale
but it's your own and yours only
crazy mind tells you to be numb
but you're one step closer to be

Change your mind please dear
it's your life, no one Else's
take care of your soul
because someone else owe it

Arjun K Das

Just For You

No way along the traffic
set inside the jam controls
I see lights lights, blinking on and off
at the top of the tower

Mistaken, made by the insight
of the shocking quake
inside my heart, it's hot
Oh! my love, I Love You

Stay back, it's flaming
it'll make your eyes blind
but where we meet is great
feeling to be experienced

Oh my love, now the car
is moving on, the traffic
stays away, I'm here for you
I've come just for you

Arjun K Das

Kiss On Your Lips

Let's start this day
with a simple smile from
your red hot lips
It makes me happy dear

I always waited for your hug
but I didn't knew
the time got past so fast
without giving me a single chance

God! this is cheat! why,
why you act like this
Is this what the purpose
of my damn life, waiting?

It's becoming night
Oh sweetheart, show your smile
I'm still awaiting for it
for just a kiss on your lips

Arjun K Das

Lava Hell

Standing in the moonlight
Alone, with a lonely heart
I feel the words are broken
because scream your throat out

Jump over rules and make your rules
You are the one who
have other creepy ideas
blowing up in your firing head

Take the bushes over your heart
pour it with some burning lava
blow it up and your bloody heart
all you can do is just that

Leave out the rest to your soul
which will lead your way to hell
walking through the thin bridge
hanging over nails and heat

Arjun K Das

Living Off The Edge

Forgive is a word with
so many meanings in it
But it's a strange word
at least for me now

God! I'm sinned so badly
I don't know how will be I
Oh! Let me wash away my sins
I've done those stuffs brutally

I didn't belong to this world
wandering here and there
just like an alien
arrived from long distance

I own the sight of worst nightmares
trying to piss me off and
make me crazy for what I'm
Still living off the edge

Arjun K Das

Living Up On My Dreams

I'm Walking Through The Fringes
Staking Up The Miseries
Singing Songs Up The Mountains
I Feel Pain, I Feel Shivering

I Don't Know The Meaning Of Life
I Tried To Search It All Through
Your Attention Was Backup
I'm Finally On My Own Way

Living Up On My Dreams
Standing Up The Staircase
Looking After The Window
I'm Searching For You My Dear

Now I Feel Soft, I Feel Taste
I Hear The Sweet Voice Of Yours
I Took You In My Arms
And Gave You The Sweetest Love Ever

Arjun K Das

Love Story

Make a way for my sweet girl
I would owe my life for you
I need rose petals on the floor
And the rain of sweet water

I will take her in my arms
when she's cleared that path
I will make her feel that
how lucky I am to be with her

I told this to mom and
she was happy, but not quite
though they think of my future
And I tried to convince her

But the effort was wasted
And I got scolded, by the
words of my father, That spiky
Arrows went through my Heart

Then again I was hoping
Just to make little sweetness
But the words didn't do the magic
And I got off my way

But the instance didn't
Leave me alone with this
She came to me then and
Healed me with her shining eyes

I was happy but I was
scared of the old scoldings
Then she talked to me like an angel
'We Are Gonna Win'

Trusted In her like before
she kissed me and went off
I went back to my garden
And talked to my parents

It was a scary movie episode 3
But I partially succeeded
to my way forward to success
I was won then and I ran

To my sweet girl's balcony
She was waiting in a white dress
I hugged her like I'm Prince
And She's My Princess

Arjun K Das

Made For Each Other

It was started from heaven
far beyond the reach
of naked eyes' sight
we were sent together

We held our hands to each other
And started the journey
with a song in our lips
'We are made for each other'

Singing, dancing, peacefully
lightning fast horses
were tied to the hook
responsible to take us to destinations

suddenly the partition
was made, breaking our hearts
our hands were separated
to experience the sweet taste of waiting

Arjun K Das

Never Give Up

Never give up, try your best
Work hard and work hard
You have it all in you
You have the intensity

Success is ahead your way
Don't forget to catch it in your arms
Because that feeling is something
That you can't explain in your lifetime

See the birds flying up in the skies
Watch them with all your dignity
The pace of them is so fast
As they go higher and higher

Chill out always, I repeat
You have it all in excess
Take all this blessings with you
Sent from heaven just for you

Arjun K Das

None Can Avoid

Shut your mouth and get on to work
you are the one who has it all
all the stupidity and idiotness
which will be your turning point

Face the markings and groovy steps
beating upon and upon your head
kick it with your rocky heart
and tell them just get lost

Death, it's one thing that none can avoid
time is there for every damn person
whoever does all the damn things
that's causing problems in your life

Grind up the metallic scoopy thing
make it out as a juicy thing
pour into mouth and feel it
death is right at your doorstep

Arjun K Das

Not Bad As You Think

I've Been Beaten By All The Worlds
Wandering In This Black Room
Don't Know Where To Go And
I'm Just Lost Inside This Place

Don't Know What To Do
Just Waiting For My Destiny
To Come To Me And Pick Me Up
Where It Want To Drop Me Out

Aim Was Higher And Higher
And Work To Reach There Was
Also Not Bad As You Think
But Fate Defended My Thoughts

Now All The Views Are Ended
I'm Now Just Praying To Get
What I Want To Get, I Need Reward
For What I've Done This Much Work

Arjun K Das

Not So Easy

Once upon a time on a
Hurricane blowing night
Right at half past 1'O clock
I got a call from someone

Attending that call was
A misery hooking up inside
My heart beating rose up to limit
Max beats, I heard that clearly

Then suddenly your arms
Fell upon my shoulders
And I was like an iceman then
I turned and then I was normal

The reason was nothing
But more than a nightmare
It can't be explained
Because it's not so easy as you think

Arjun K Das

November

Oh November, you're beautiful
the beauty belongs to you
I'm lucky enough to be born
in your arms at midnight

Snows and rains fill your space
still some are left
never know for what purpose
even you had something in mind

Never mind, I'm not gonna ask
for what you've that space cleared
still craving wish was inside
to know about the interiors

But oh November, you're cute
perfect weather for lovebirds though
In the middle of sweet snowfall
love is blossomed more over

Arjun K Das

Our Love Is Not So Weak

I've Been Walking So Happily
In This Sweet Rain Coming From The Skies
I Think Of You, I Dream About You
And I'm Just So Happy To Know

Baby You Talked To Me Today
Your Sweet Voice Touched My Heart
You Sounded So Happy Today
And You Told Me That Good News

The Worries Are Over, Things Are Changed
The Quarrels That Made You Cry
It's All Over My Dear Princess
Because We Gave Our Life For It

I Know That This Won't Last
This Damn Quarrels And Fights
Because Our Love Is Not So Weak
So That Something Could Simply Break It

Arjun K Das

Our Relation Is Of Souls

Hey My Little Girl, I Wanna See You
I Listen To Your Weeps And
It's Making Me Too Sad
Because You Know I Love You

I Waited For You In The Park
Sat On The Benches Full Of Olive Leaves
Again Few Fall On My Head
And Still You Didn't Gave A Sign

Then I Started Crying My Heart Out
I Plea For You, I Live For You
But Nothing Changed Around Me
It's Still Old And Golden Old

You Called Me To My Phone Then
And You Cried Like Anything
That Was The Starting Of My Cry
Because Our Relation Is Of Souls

Arjun K Das

Planet Earth

Meteors, listen up this talk
shooting stars, listen this up
the planet name is earth
the planet of beauty

Tell me guests, have you
ever seen the flourish of life
in any other visited planets
You won't, because it's our secret

But keep in mind this info
you're restricted to hit our crust
because our beauty will be damaged
just because of that one clash

Visitors, keep a distance
better for you and for us
enjoy the beauty from space
we need peace here

Arjun K Das

Purpose Of My Life

Silver Stakes, Horny Nails
It's Piercing My Flesh Out
But I Take Care Of My Heart
Because You're Safely In There

I Will Do Anything To Protect It
I Will Give Up My Others
And Let Them To Be Pierced
But I Want You Not To Be Hunted

My Sweetheart, I Love You Forever
I Want You To Show Me Your Smile
Because You Know, Your Single Smile
Will Make Me Feel The Luckiest In The World

Come On, Come On, It's Time
Sadness And Worseness Needs And Ending
I'll Bring Your Smile Back To You
Because That's What Purpose Of My Life

Arjun K Das

So Lucky To Get You

I Looked For You, Searched For You
And Finally I Get To You
I Was In The Air With Joy
Dancing Honestly In Getting You

I Had Everything With Me
Was In Lack Of A Sweet Brother
And In The End I Found You
Right At The End Of The Universe

Feels So Lucky To Get You Dear
Singing My Heart Out Just For You
Crawling My Way Back To Eternity
I See You, More Your Shadow There

Oh! My Brother, You're A Best Friend
I'll Share, I'll Take Every Happiness
And Every Sorrows, And Every
Single Drop Of Tears, From You

Arjun K Das

The Blast

Crashing down the earth
Oh Man! it's crashing
insufferable is this pain
till my head got blast away

I'm fed up of this life
everyone's gonna hate me
for what I've done just
but the reason, no one knew

All like to criticize, but
they didn't know what's in my mind
problems are for everyone
but mine is like Everest

One day you guys will learn
my heart was weeping
and it will blast at sometime
then only the tears will begin

Arjun K Das

The Fact

No words are left for me
to ask or say something
my throat is dry
because of crying badly last night

You ended up being with me
though I don't know my fault
you just broke the chains
and ran like a hell boy

Still wonder for your beauty
and intelligence you talk
I wish you were for me forever
steps I forwarded was lost

The fact is still fact
girls are like shadows
trying to get close is worthless
but going away acts like a magnet

Arjun K Das

The Power

Identify Yourself, You're The One
Suffered All The Cruelties
Inside That Big Prison
And You Were Caged By Her

Cheating Is The Damn Word
That My Dictionary Ever Gone Through
And That's The Thing You're Suffering
By Just Your One Mistake

I Tried To Free You But
I Was Helpless Because Of Her
She Tricked Me, Fooled Me
And Finally I Was Done

Now You're Free My Friend
By The Only Power Of Friendship
I Kept Trying To Get You
Out Of This Cage Forever

Arjun K Das

The Pride

These roads got stories to tell
bloodshed and redness were
always like a shade till
flowers of peace blossomed rare

Leaders, great leaders always
showed us the way to be
some followed fire smokes
some followed bubbling bee

The words and lines they told
was always like a hurricane feeling
fearsome people hide in car shed
but rare men shouted out the thing

That's the result we see today
world has changed around us
It's the beginning of new day
Inspiring to live as it shows

Arjun K Das

The Right Choice

Face This Pushing, Just Face This
You're A Scorpio Boy, Realize It
Sticking With You, Not Ready To
Leave You Alone In This Forest

I Know You Man Very Well
I Waited For You Over Ages
Searched For You Everywhere
And Finally You Found Me

Covenants And Those Minute Creatures
Stared At Me In The Middle
I Talked To Them And Felt That
They're Just Not Ready To Hurt Me

My Secret Prayers, It's For You
I Kept All These Stuffs Above All
I Felt So Hardness Inside
Think I've Made The Right Choice

The Woman In The Red Dress

Yesterday I saw you in
just a blinking of an eye
But was a beautiful
sight, awesome as ever

I managed to get out
of the frightening nightmare
which scared me for ages
deep inside my heart

And then you entered
like a woman in red dress
looking so sexy and so cute
caught up in my head

I walked behind you
searching for a destiny
where you were trying to get
Oh baby, keep an eye on me

Time To Wake Up

Running out of time
I'm sneaking out my doors
Don't know how it will crash
Down towards the floor

Baby, I tried to talk to you
But the whole world was around us
Making noise and disturbing us
We breakout without a word

Sometimes I regret of walking back
But the next instant will be smiling
Craving mentality of success
I plea for your blessings on me

Just because I'm falling down
It doesn't mean that I'm
Fallen forever my dear
There is time to wake up

Transformers

It's a past long story
of searching the All Spark
They had lost it in
a planet called earth

They came here for that
which is the power source
once left with a curse
hard to digest even though

Autobots, we're with you
We love for your abilities
We respect you for what you are
Cybertron is your world

All Spark, take it with you
A new life, a new world
a new Cybertron, awaits
you miles off target

Ultimate Peace

Faking Fixtures, Crawling Snickers
I Came To Know It Was You
I Ran From Your House
But Found The Door Was Closed

I Keep Faith On My Love
I Tried To Justify That Crystal
It Was A Truth Holding
Inside Your Heart My Friend

I Walked Around The Corners
Of The Infinite Long Corridors
I Stepped Out My Both Legs
Out Of Your Garden Horns

And Then I Got Cleared
I Was Awake, I Got The Freedom
I Keep Walking And Walking
To Find That Ultimate Peace

Arjun K Das

Until Seven Lives

Watching My Game Secretly
You Rapidly Grew Up As A Fan Of Mine
But I Didn't Know, It Was You
Because You Never Ever Were In My Sight

My Friends Told Me You're There
And I Searched For You All Day Long
But Didn't Even Found A Sign
You Were Smiling At Me Watching

Next Day You Came To See Me
And I Was So Happy To Know
That There's Someone In This World
Who Live For Me And Me Only

I Kept Silent, You Were Talking
And You Make Me Feel Like
It's You For Me And Me For You
All Together Until Seven Lives

Arjun K Das

We Change Things

These Endless Nights, Can You Feel It
The Thunders And Lightning
Come To Earth To Threaten Us
But We Understand, The Power Of Unity

We Didn't Walk Alone Because
We Don't Know How To And
All Are Here For What Everyone Needs
We Get Respect For What We Do

See The Difference In The World
We Change This Around Us
Each And Every Day That Dawns
Brings Us Something To Hope

People, Listen To Us And Let's Be Free
We Do Things For What We Get
Not The Money, Not The Diamonds
But The Love From All Of You

Arjun K Das

What's Gonna Be

My mind has altered
everything that left behind
white washed by a craving broom
I didn't know it'll come to this

My body has been paralyzed
reason was your poisoned touch
heart is feeling guilty now
loving you was a big mistake

You enjoyed my pain
thought it was all over
but something bubbled up
deep inside my blood tank

My bones got crushed
head got blasted
don't know what's next
Is it gonna be hell or heaven?

Arjun K Das

When You're Closer To Me

I saw what you needed
Sticking to the force of paradise
Feeling so happy, so cold
Making everything out of my mind

Distances are becoming smaller
Cheaper price made me so selfish
I can't wait for this to start
I'm gonna change this world forever

Beating my drums so fast
I'm addicted to the craze of beats
Stinging down the corners of
my palace with you sweetheart

I know you're feeling cold
But you know, when you're closer to me
You feel the warmness in my chest
Will make you feel the protection

Arjun K Das

With You

I'm here at the shore of
Queen of Venice, with you
I know you love this place
Because we met first right here

And right from that first sight
I gave up my heart to you
And you too did the same
I took it and kept inside

My princess, we walked together
Through this sand, leaving
Precious footmarks of each other
But it is vanished by waves instantly

I know you wanted to stop them
But we know the fact it's impossible
You didn't understand the way
But I was confident every moment

Arjun K Das

Words Left Behind

I left those words behind
didn't know it'll cost this much
now struggling to get to driveway
with this injured legs and mind

showed an affinity to you
but you took it wrongly
Hey! Listen up, it's broken
neither you did nor I

Drums are beating high
bass melts my ear wax
you say, is this comfort
else, get out of my way

meaningless is this angry
shaking me and my head
so painfully you can't imagine
importance of words left behind
