## ....For Who You Are.....

Girl I love you  
For who you are not for  
What you have  
I love you not for what you wear  
But for how you look  
The way you walk, talk with me  
I mean because of your creation  
I love you from your poor  
Not because of wealth  
I love you for who you are

# Angel

Girl you're my Angel  
You mean the world to me  
I never admit this to anyone else  
You always show me solicitude  
You always give me support  
Now my worries are just disappeared because of your LOVE & SOLICITUDE  
That you show me  
YOU'RE MY ANGEL  
You just Make my worries disappear!  
The first time I meet you I thought it was a Silly crush  
But it grew on me  
I saw something special in your eyes  
That mysterious sparkling in your eyes  
When you smile at me I felt warm, tenderness in my heart  
I LOVE YOU MY ANGEL

# Be So Strong

Look at the sunny side of the day  
An admit that you are weak  
Then try to be strong that nothing can ever disturb you an your peace of mind  
Make your amigos feel like these something with them  
Try to be euthusiastic about what the suces of  
Others  
As you are about to your own  
Forget the blunder of the past  
Push harder on achievement of the future  
Spend so much time improving yourself  
That you have no time left  
To rebuke others  
Be too huge for worries and  
Too noble for anger  
Give everyone a smile

# Charity Case

People pensive that I won't amount to anything in life

I hate the fact that people penSive that I am a CHARITY CASE Because I come from the poor family

This is not true

I am very proud of my backGround

Because it has made me the person I am today

It has made me a stronger person after all the trials. I have visaged

I have full control of where I will end

Although I ddnt choose my beginning

# Dear My Heart

Dear my heart you're now lonely  
I messed up I lost my one an the only  
My eyes flows in tears  
I cry silently no one hears  
I lost my way  
Since she's gone  
I lock myself in my room  
As i lay my head in this pillow

Tears just fall from my eyes  
I hear a small voice  
'don't let go don't give up'  
I ask myself why not?  
But then I smile  
I told myself I will walk million miles  
To be there so she can see what I mean  
When I say am sorry  
I never mean to hurt her  
Though I break her heart  
Am sorry for the tears,  
Am sorry for the pains  
I've caused you  
I tried to move on but I can't  
My heart still seeks for your love  
Am sorry for all I've done may you please come back home  
I LOVE YOU  
THATS FOR REAL I MEAN IT

Until its too late  
To tell someone how much you love him/her,

Your voice will whisper my way  
I don't need ocean to find you  
Your tearz will wash my way

# 'M Not Perfect

No one's happy with our love  
But I can't let you go  
People try to break our love apart  
But I didn't fall for their action

I can't stand by my own  
Your love to me is like MTN network  
I need it everywhere I go  
Our love is not a Nike product  
But we just do it

Baby I know 'm not an Pick 'n Pay  
But 'm always there for you  
Baby 'm not a shield product  
But I won let you down

Don't leave me hanging around  
Baby I know I might not be the kinder guy  
You like but I might be the one  
Who have the key to bring you HAPPINESS ETERNITY  
I LOVE YOU  
DARLING

# My Everything

My Angels to my Angel  
Darling at this moment I sent two Angels  
To protect you in this night  
But they came back with  
A huge smile on their visage

When I ask them why they came back  
Because I asked them to have an eye on my dearest love  
They just say  
Angels can't look after Angel

Meaning at this moment  
My Angel is reading this poem  
Which is you  
I LOVE YOU! ! ! !

# My Uncried Tears

Could this be true  
Are you already departed me  
What I've done to you  
To deserve this  
I tried not to cry

But tears are crossing each othr on my visage  
Why you departing me just like that  
Without any reason

Tears that I cried could grew a flower  
I tried to cease you but you already gone  
When I think of you tears just break through my eyes

What I've done to deserve this?

My uncrites tears can fill an ocean

# Never Say

Girl never say' I LOVE YOU'  
If you really don't sollicitude  
Please never talk about feelings  
If they aren't there  
Girl never hold my hands  
If you know that you are going to break my heart  
Never say you are going to show me love  
If you didn't plan to start  
Girl never look into my eyes  
If. All things you do is just a lie  
Never say hello if you already mean goodbye  
Girl if you mean forever  
Then just say you'll try  
Please. Don't say forever  
Because forever makes me CRY! ! !

# Pretenders

The first day I met her  
She was so good  
She was like an angel  
She didn't show any bad  
Her sexy eyes was hiding only shit  
Her smile  
She was like a good girl  
Our laughter  
Our dreams we shared  
But it was just a waste of time  
Just sitting there for a while  
Thinking about her  
I can't find her nowhere  
She just dissappear without  
No goodbye! ! !

# What You Want

I wanted you by my side  
I tried not to hurt you  
But still I wasn't the best to you  
You meant everything to me  
But you told me that you are not good enough for me  
I will find the best but truly  
I can't find the best I merely find the worst  
Now m hurt my heart can't get rest  
But don't come back when you  
Realise that I was the best to you

ben majola

# You Mean Everything To Me

I find it difficult to move on  
I tried but I failed  
I start to suspect  
The love you gaved to me was the best

You are the girl I respect  
M incomplete without your love  
That's why I came back  
To ask for second chance

Believe me i'll make up to me  
To comfort you  
Spending my life without you  
Is like spending a day without sun

We were meant for each other  
Darling please come back to my heart  
I still need you  
Since you're gone life is so complicated  
Still need you in my life

ben majola
