A Girl Who

don't tell me that you can't do something
don't tell me that people say you can't
cuz your looking at a girl who
people said i couldn't

at a girl who has had a dad who was
messed up on beer who
beat my mom
who spent weekend nights to spend in jail

who was molested for 7 years
who used to and still struggles with cutting
who had the lowest self esstem
who has the troubles of a family

who tries to hide her feelings
who thinks she cant do anything right
who somethimes hates the life she lives
who sometimes would love to live a diff. life

who last oct. gave her life to christ
now she is trying to accomplish getting through school
then is going 2 be a missionary like
god called her to be

so dont tell me that you cant do something
great for your life and turnit around
cuz your looking at the
GIRL WHO IS

A Letter To My Mom

Mom I love u but it hurts me when your like this.
Mom you may not be perfect but I love you,
you may do wrong but I love you.

Mom the things you say it hurts. what u say I believe because your my mom.
Mom, I know you make mistakes, your human and I love you for that.

Mom, why do you say things that would hurt me.
Why do you hurt me.

Mom, I realize that I can be a brat
but saying things like that it hurts.

Mom, when you say that, it makes me feel
like I want to die because I want to make you happy..

Mom, if it wasn't for you I could be on drugs or dead.
Mom, I love you,
I need you to stop saying these things.

I love you,
I need you,
Mom, forgive me for what I have done please
just please love me.

Mommy, i love you.
please forgive me for everything I've done and yet to do.

A Message To My Ex

I love you...
But I don't know if I can be with you
I am tired of you treating me like crap
I wish you would treat me like your princess again.

I wish I knew if you loved me
Not puppy love or anything like that
Real love, true love,
The kind where it will never die...

I don't know what to do...
I miss you so much.
I miss the person you were
The person who I could call anytime and just talk about nothing.

I really am confused...
You say you love me
But when comes down to it
You push me away and to the side.

I am so lost...
What is it that you want...
I think you love the idea of me
Not the real true me.

Then again, I remember those times...
When nothing could tear us apart.
When all I had to do is say your name and I would feel safe.
When you trusted me...

I don't what to do...
I wish I did...
It's not fair...
We were supposed to be together forever...
Me and you.... Just me and you...

What happened to us...
Why can't we be that again?
Why can't I call you up and

We just talk about nothing

I miss you....

I need you...

I love you...

But I can't do this anymore...

I can't keep pretending like it doesn't bother me

When you say some things...

When you never even find time for me....

I am sorry I love you.... But I think we should move on....

If you need me, I will be here....

I still wish we could be friends and then maybe just maybe

But right now, I think we should move on... I am sorry....

A Poem To My Mom

you say im
not worth anything
u say im a
mistake of a human being

i ask god to
take me whne
u start getting like this
when u say these things

u say im
a peice of 'crap'
that i m stupid
and a lazy 'dog'

i want 2 die
when u say those things
i ask god
why do i live

usay that im

u wish that i was
never born

i try 2 hide
what i feel
i try not to
cut myself

u cry at night
when we get into fights
u get up then
u say more mean things

i cry at my window
at night i dont
get any sleep
i wake and be quiet cuz i

think i am a worthless be of crap

i hope to die
that night cuz
if i was dead
then u would be happy

i love u mommy
ur my mom
please hug me and
tell me that u love me
that i ma worhtful
please mommy

All Because You Wanted Pleasure

you pinned me down
you wouldnt stop
i cried and cried for you to stop
you just wanted your pleasure
you didnt care that you
hurt me and that i would grow up
to hate you in a way u dont understand
you just wanted to get off
all you wanted is to cum
u didnt realize that u hurt me
and you were using me
well u nknow
i really want to tell u
is to go jump off a cliff
u give me nightmaires
u wont even admit it
all because u wanted ur pleasure

Carrie Salazar

Carrie Salazar

Being Let Down

You were supposed to be there,
You we supposed to take care of me,
You were supposed to make me feel safe.

I was supposed to count on you,
I was supposed to believe you,
I was supposed to have trust and faith in you.

Instead I you were never there,
You never took care of me,
You never made me feel like I was safe.

I always counted on you,
Then you failed me,
I always believe you,
But they were all lies,
I had trust and faith in you,
And you let me down..

I needed you,
But I don't trust you,
So I don't need you anymore,

Carrie Salazar

Carrie Salazar

Change

under the stars i think of this past year
of how i have change of how my life has changed
u see it may not seem like much at the moment but
when looking back everything has changed
from fighting with my mom to stayin in
the hospital with her every single time she was in them
from wanting to die every night to thanking god i was still living
from moving out and not wanting to come back home
to moving back in and everything being ok
in one year a whole life can be changed
so basically enjoy the moment
wether happy or sad
wether death or life
cause in a year u and ur life will
be somehow changed

Carrie Salazar

Crashing

though i smile
im crying out inside
i try to make it seem like
everything is fine

i draw back into my shell
to hide and escape
to keep my heart from breaking any more than it has
to not have to deal with things

my life is crashing
and i cant pick up the broken peaces
i dont know what to do
lord i need your help

my eyes are stained from crying
my heart hurts
im tired and weary
im so confused

lord please help me
im cryingout to you
carry me out of this
stuff that i am in and cant get out

Carrie Salazar

Daddy

I pray for you every day
I pray that you will be saved
I don't want you to go to Hell
but that is where you are headed

O Lord please save my daddy
He is a good daddy he
just isn't saved
open his heart☐

I remember you braiding my hair☐
when I was real little
I remember you making beans
and me eating them on the floor.

Lord don't let him go to hell
please, please open his heart
he is getting older and weaker
please God I love him.

Daddy I love you
please open up ur heart
Daddy don't go to hell
Daddy listen to God.

Carrie Salazar

Do U Really Mean It

you say u love me
but do u really?
you say u want to be with me forever
but is it really true?

i mean wat i say
when i say i love u
i mean i love u
when i say i want to be wi\th u i mean it

i dont know wat to think anymore
u want me one day but u want another
girl the next

it makes me feel like
i will never be the one
who truly has ur heart

so do u really mean it
when u say u love me
or you want to be
with me? ? ? ? ?

Carrie Salazar

Do You

do you know
waht your looking for
in this life?

do you belive
in god or do
you just not care

do u live ur life
to the fullest potentlal
or yourself

do u long be
heard to be
something jsut somthing in this life

do you have an
empty place in ur
heart that never fills

do u long to
be accepted for who
you really are

do you even
thinkg about this
stuff ro do you
try to not thik about
it becuz it does give u an
empthy feeling that jsut never
goes away.

Carrie Salazar

Do You Really Love Me?

do you love me?
i dont mean
do you lust after me i mean truly.
would you love me no matter what?

what if i couldnt be with you?
woud you still love me?
what if our plans dont work out?
would you still love me?

what if its a couple more years
would you say good-bye or
would you be there?
would you still love me after that?

if everything went wrong
what would happen to us?
right now is there even
a chance for us?

i love you i truly do
i do lust for you but
no matter what i
would still love you?

but the question is
do we both love
each other like we
say we do? ? ? ?

Carrie Salazar

Dont Do This

As I watch and listen I now
understand how all my friends felt
I pray hard for you as I watch
I try to stop u but u wont listen.

please stop it wont help
please don't let me be the reason
I am sorry
live your life don't do this

I cry my eyes out when I watch
I keep thinking that I did this to you
that I pushed you
if I never met you
I would never have hurt you.

So please
don't.
Don't waste your life because of me
I am sorry that I hurt you
just don't do this

you almost died
I am scared to death for you
(bad chose of words o yea this part is not in the poem)
please don't try it again
I love you so don't do this
no matter what you are my heart.

Carrie Salazar

Enduring

enduring is the hardest thing
when all around you
there is pain and hurt
and you're the one hurting

enduring, its a little word
with a super big meaning
if only you can endure
you can be what u want

if only if you can endure
this one moment then you can
endure the next moment
when all around life is crashing

life seems to go up and down
when it goes down is
when we have trouble trusting
God about life

enduring if only if only
enduring through all the hurt
is for me the hardest thing
but im stronger than i think i am.

Carrie Salazar

Finaly

i finally see
why some things happen
it hurts when it happens
but it on; y make me stronger

i finally found an answer
to a question that
i hav ewondered for a long time
i realize i really didnt need
an answer
i was just too eager
to find the answer

i thank you my savior
lord you are all i desire
i love you lord

whne i am weak

i dont want to give u up

i will miss you
i will always have sum feelings for u
i hope u have the greatest life ever
Good bye baby....

Carrie Salazar

Have You Ever Felt?

Have you ever been so broken
that you just want to bleed
bleed to feel alive
to have that control.
Have you felt so
Broken and confused
so lost and hurt
so angry and sad
then the razor helps you
feel like there is hope
it helps stops the emotions
the pain the hurt the confusion
the pain you can not handle
have you ever felt like you were drowning
drowning in a sea of the abyss
and you can not get out
then you realize the razor is always there
that it helps you escape that anger you feel
the anger and hurt you feel towards the ones that hurt you
the ones that you just want to love you
do you ever think about feeling the razor
cut a neat crimson beaded line on your skin
watching as the blood flows
then the razor becomes the haven you always wanted
the haven that now you run to when anything goes wrong
so have you ever felt like the way I do?

Carrie Salazar

He Knows

when all i am is cring out
i hold it in and fake a smile
only one nos
only one cares

ive hid all
trying to cover it up
wishingit never happened
only he knows
only he understans

everything is spinning out of control
i dk(dont know) if i can hold on
wanting time to think
it feels like im alone
he knows and understands it all

he knows it all
whne i im hurt or happy

why somethings happen
even when i dont
he is always there with me
god knows

i feel very alone
in this world
i feel so confused
in they way i live

i feel.....
i dont know how i feel

that something is wrong and that i am not okay

i cant pray
i have no words
i am doing so many things
wrong that i dont know what is what

so what do i do

happy and perfect
and that i understand what is going on

i am alone in the way i feel
i am alone in my head
i am alone because
the person i want isnt here.

Carrie Salazar

I Find

i find myself
making lots of mistakes
making more mistakes
than i should

i find myself
sitting and thinking
is this right
is my life right

i find myself
holding in everything
when i am supposed
to give them to god

i find myself
asking god to forgive me
for holding things in
and making mistakes

i find god
forgives everything
that his mercy is
more than i can imagine

i find that
everything i go through
it makes me stronger

i find that
god is the
most important
and always will be

i find that
everyday i get
closer to finding
my wings and flying

I Have Sinned

im sry god for what i did

Boundaries with us

Carrie Salazar

I Will

You told me you hate me
You told me I deserved to be hurt
You told me you regret having me

I was just a kid
I did not deserve that but
I thought I did

All these years I listened you when you said
That I would never amount to anything
I listened when you said I was worthless and not worth loving

It has taken me a long time to realize that
I am something and
I am worth more than you ever made me feel

I will be something greater than you ever imagined
I will do great things and most of all
I will overcome this and put this behind me!

Carrie Salazar

I'M Sorry

to everyone that I've hurt
to all the ones that i was unkind to
I'm sorry

to everyone who I've done wrong
to everyone who has put up with my stupidity
I'm sorry

I'm sorry for the way I acted
for being immature
for being hard

I hope that you forgive me
and that you know
i am really
Sorry! ! !

Carrie Salazar

Is It Right

is it right
4 u to say things
like that you never say
ur sry

is it right
for u to hurt
me when ur
mad at someone

is it right that
i think u hate me
by the things u say

is it right mom
is it
why is it like this
why are we constaly fighting

is it right that we are fighting
is it right for me
2 belive that im a
worhtless 'dog'

is it right that
i love u anyway
is ti right that secertly
u mean everything 2 me

is it right for
me to hatre it there
but love it
when ur not like this

so is it right mom? ? ?

Carrie Salazar

Is It Worth Us Anymore

i love u
the whole world is
tearing us apart
it takes everything i
have just 2 talke 2 u anymore

we were so much in love
what happened
we have been through
so many things together
but its so hard anymore

i dont to say
goodbye when i get to say hi
i can keep not talking or
seeing you.

is it worth it anymore
do we still love each other
as much as we did
is it worth everything
we are going to have to face

Carrie Salazar

Love Sucks

love is good
sometimes love sucks
right now love freakin sucks
love used to be good
love is what i saw in ur eyes
and heard in ur voice
i still see it
but now its covered
by the world
i love u
and always will
i know u love me
but right now
it feels like
u put a freakin
knife in my heart and twisted
i cut and i cut
just to feel the physical pain
i hate this
but i love u

Carrie Salazar

My Struggle

It's an everyday struggle
It's a bad coping mechanism
But it's my life

Watching the blood drip all
Down my wrist and thighs
I get that sigh of relief

It's not like I don't wanna quit
Believe me I want to
But I can't seem to

Pushing that blade into my skin
Is my way of crying
It's my way of showing how hurt I am

This is me the real me
This is really who I am
I am not the person who you thought I was.

Carrie Salazar

Not Understood

noone understands me.
Understands why I cut
why I struggle not to cut
noone understands why.

Why is because of all the pain
that I don't want to deal with
why? Cuz I sometimes hate the way my life is
cuz of al the stress.

I get told that one day I will go to far
they don't get that
I don't want to die
I want to end the pain.

Its so hard for them 2 understand
they keep bringing up that I am a Christian
but they don't get that its so hard to quit
that its all I known for over 2 years

I hate what i do
but it sometimes what I resort to
is it so wrong to do it?
Even though I am Christian.

Carrie Salazar

Nothing New

its nothing new for u to rag on me
its nothing new for me to pretend like it don't hurt□
its nothing new for me to start shutting down without any one noticing

so why do u rag on me
why cant u be happy with who i am
why cant u see i try to my best

its nothing new
its always the same
but why cant i just get used to it

why cant i forget what u say
why cant i believe in myself
why can i not trust myself

its nothing new to me
its nothing new to you
its always going to be like this.

Carrie Salazar

Please Little Sister Stop

Please little sister stop
I cant believe this.
Its my fault
if I would never had done it
she wouldn't even know what it is□

I cant believe that I
open this in my family
if I would have never done
it then it would have ever been thought of.

How could I do this.
How could I ever let my
little sister do this.
How could I be the one who she knows who does it.

Why did I ever cut
why did I have to be so stupid
why did I do it when
I know she looks up to me.

How could I fail my
own little sister
how could I not even see.
How could I not have known

I am sorry,
if I would have known
I would have never ever
ran that razor blade across my flesh.

Please stop please
listen to me,
its not worth it
its not worth ruining ur life over.

Carrie Salazar

Carrie Salazar

R.I.P. Mom

I remember wrestling with you
it was a time where we were getting along
I remember playing cards with you
it was before all the fighting

It was before all the hurt
it was before all the pain we caused each other
it was before everything that was said
it was when we showed our love in our crazy way

I remember the night I left
the night that started the battle
I remember all the awful things we did and said to each other
all those nights crying wishing we were ok

I wish now that we would of worked it out
I wish we could of just told each other we loved each other one more time
I wish we never fought like we did
I wish I knew that you would be gone forever soon

All the fighting, it was not worth it
all the hate all the words all the anger
it was not worth it
all of it was not worth losing each other over

I know you loved me
I know you were sick
I love you and I am sorry
I know you know that now

love you mom. R.I.P.

Carrie Salazar

Realizing That I'M Doing Wrong

looking up at the night sky,
i wander what is this life about
what i am doing
what is missing and wrong in my life

then i realize that i am not
living the way i should be
im doing things i shouldnt
be doing and not caring

i realize that i need to
get back to the place i was
grow even more
i need to pray

lord i am soory
please forgibe me
for all i have done
lord please take me back

lord change my heart
change the way i live
the way i talk jsut change
everything that doesnt represent u in me

lord let me be one of ur
children, let me be one
of your daughters who do good
for ur kingdom

thank u my father
for taking me back
when i know i dont derserve it
u r turly a great god.

Carrie Salazar

Remembering

i remember what happened
in front of people you say that its not ture
but you know its true
i see it in your eyes

i remember what you did to me
each time i remember
i know if you had a chance
you would have gone farther

sometimes i wander if
you did go farther and
that i just blocked it out
i honestly dont konw if you did or didnt

i always wondered why
why u did it to me
why u wont admit it
why did u ever think of it

sometimes i wish i could
make you pay
since u havent payed
but its wrong for me to think that

i forgive you
but you hurt me
you were like
a borther to me

so can i ask
why? ? ?
why did you do it?
Is it because it happened to you

Carrie Salazar

Run Or Stay

can we go back to a time that we treated each other the best
can we get back to the time when things were fine
can we get forgive each other for the wrong doing we did

do you miss the way it was
do you like it this way
do you want it to change

what are we going to do
should we try
should we run

did we want it to be like this
can we turn this around
we been wrong for so long
we let things get to far

there is only two choices
we need to pick
we need to be sure its what we want...
so what do we do...
run or stay.....

Carrie Salazar

Save Me

i'm broken and crying
i ask knowing if i'm going to get an answer
i don' understand

i need your help
i'm crying out to you
you're the only one that can save me
so take care of me

i'm so cunfused
i feel lost and alone
i'm heavy burdened
so i lay them down at your feet

so please save me from this place i'm in
o graceful lord
i need you
i need to fall into your love

Carrie Salazar

Silver Blade

She slams and locks her door.
She blares her music.
She starts crying.

She screams "why doesn't she love me"
She is hurting and confused.
All she wanted is to hear her mom say I love you.

Am I that bad to never be loved?
Did I do something so wrong?
She questions herself.

She reaches under her bed.
Grabs the silver blade.
I deserve this.
She cries scarlet tears.

Blood pours from her arms and thighs
She thinks am I ever going to be good enough?
Am i ever going to be good enough for her?

Carrie Salazar

Sometimes

sometimes i wander
why i love u
then i find my self
thinking more and more about u

i dont know what it is going on
between us
but all i care about
is us and how i love u

we have and are going
to have struggles becasue
of everything that is between us
but sometimes its jsut good
to be in ur arms
and feel ur warm lips on mine

and some times its good
to feel and hear ur hear beat
sometimes its good
to hear ur voice saying
u love me

Carrie Salazar

Still Here And Healing

through all the things
that happened
you were still here
even through it got horrible

u were there
you never left
it amazes me
through all our turmoil
u stayed and never let us go

after people got hurt
u healed us
after all the insults
u brought us together

lord i thank u
for bringing us together again
and healing our hurts

u stayed and carried
us thorough u
healed and brung
us closer it all happened
you are a loving god

Carrie Salazar

Carrie Salazar

cuz i cant do it on my own

, ake me stronger in my faith
and let me have more trust in you
growing in you is what is important.

Carrie Salazar

Tired

Im tired of fighting
I feel as I cant go on
im so hurt and broken
my soul is tired

I try and try but
all I do is fail
do I keep trying
or do I give up for good?

So what do I do
do I quit
or do I fight
so what do I do?

Im so tired of fighting
of trying 2 be everything for my parents
of trying not 2 cut my self when I feel stress
I just tired of fighting.

Carrie Salazar

Too Much?

i messed up so
i get on my knees
to pray forgiveness
scared cu maybe
i messed up too much this time

why did i do it when
i knew it was wrong
i regret every moment of it
but i didnt at the time
so i pray harder
scared that i wont be forgiven

i am sorry for what i did
if i knew the consequences
i would never had done it
i shouldnt of done it at all

why is it that i get ot be fine
then i mess up
did i do it too much this time? ?

Carrie Salazar

Treat Me Like When U Used To

baby, i love you
i would do anything for you
but i sick of you treating me
like all i am is ur toy

i love it when you are
the sweet guy who i fell head heels for.
i love it when u treat me like
i am your everything

i know you that u need what u need
but that doesnt mean treat
me like u do at times
treat me like u used to

i know u love me
and care about me
or u wouldnt put up
with me or any of my stuff

i jsut need to be treated
like u do really love me
i need to be the
everything of your life like u are mine

Carrie Salazar

Trigger

She packs her things.
She leaves the gun on the table.
She looks at all the pictures.□

Is this worth it she thinks?
Do I really want to do this?
She will miss him.

He is with another girl.
He is sleeping with her.
He wouldn't even notice

She picks the gun up
She puts a bullet in it.
Will she shoot herself?

What does she have left?
He took it all.
She will miss him always.

She can't take it anymore.
She picks up the gun and
Puts it in her mouth.

Dear lord please forgive me
For I have sinned please accept as ur child
Forgive him please lord make sure they know I love them.
Thank u
She then pulls the trigger

We lost it all.
We had come so close.
But now we have nothing

I want to tell u
I am sorry
I love u

I want to tell u
I will never trust u again
U hurt me

Can I forgive u
I don't think I can.
I am sorry.

We talked hours and hours
I had opened up to u
Finally we started having that mother daughter relationship
What happened.

Questions are rising up in me
Though I will never ask
Still they are there

I want to forgive u
To be home with you
But I cant
I am sorry
I love you mother
Goodbye for now.

Carrie Salazar

Was It All A Lie?

you said you loved me
was it a lie?
you said you would be there
was that a lie to?

you said you were always going to be there
was that another one of your lies?
you said i was your everything
let me guess another lie?

you said you would keep me safe no matter what
i believe that is a lie to right?
What wasnt a lie?
did you lie to me about everything?

all i wanted is to be with you
you never believed me
you said i was the lier
and all along you have been the one
that has been lying
so was it all a lie?

Carrie Salazar

Was It Worth It

was it worth it when u
betrayed my trust
was it worth you
losing me forever

u did it
its ur fault
dont try 2 blame
it on someone else

all i can think
is wh y you could have done it
and why did u betray
me in the process

was it worth it
did u enjoy it
i hope u did
because u will never ever
get me again

WAS IT WORTH IT? ! ?

Carrie Salazar

Carrie Salazar

Which One Will U Be

what do u do when
u see an abused child
do u just sit there
or will u be that childs hero

will u be the one
who lets it happen
then 1 day decied to help
but then its to late

or will u be
the one who helps
by doing something
about it now

please be the 1
who helps now
dont let an innceide child
die because of ur pride.

save a kids life
please help i am sick
and tired of kids dying
cuz o fpeople beating them

so please be a kids angel
and if u see some 1 hurting
help them and pray about it

Carrie Salazar

Why

i sit here and
wait as life goes on
trying to figure out why

why things happen
why my life is so messed up
i search and still no answers

do i really need to know
or do i just need the reassurance
that things are the way they
are supposed to be

as i sit here thinking
maybe its ok not knowing
maybe if i knew i would try to get out of it
so i guess i have to put my trust in you
and have faith in you

Carrie Salazar

Why Aren'T You Here

its all coming down
i cant stand the pain
i fear if i cry i would not stop
is my life crashing down before my eyes

i force myself to say im okay
but im not
im so confused in all i do
im tangled in a mess and i cant get out

ive hit rock bottom
it feels like the end
i feel like im lost
im looking fot the answers
but i cant find a single one

i gave my life oyu
so why is it that
i feel like your not here
your're supposed to be here always

why do i hurt like i do
i feel like im in over in my head
u said u would never give me something i couldnt handle
so why is it like this

Carrie Salazar

You Choose

i dont get
y you continue
to drink and drink

you know that
if you do drink then
you will have 2 leave

u no that
if you drink to much
u may die

y do u still drink
do u want to lose us
do u want to die

u lied to me
about u drinking
y did you do that

did you need to
tell a lie so that
u could continue to drink w\out us noing

we knew that u did
u stucnk of it
your breath smelt like it

u tried to denyt it
but u couldnt
i new the truth

if drinking is more
important than ur faimily
then dont come back.

we need someone sober
someone we can trust
when we know that

we need you
bakc the person
you were before this

Carrie Salazar

You Said You Loved Me

why did you do this?
i fell in love with you
with you i felt i was
supposed to be there, like i belonged

i love you
this isn't fair.
why did i have to fall in love with u
y did u hurt me

i just wanted u to love me
u said u did and
u were going to take care of me
that u wouldn't let anything happen to me

y did u hurt me
y did u say u loved me?
when u didn't mean it
why did u do this

u were my heart my soul
i trusted u more than any1
i planned to be with u
for the rest of our lives

u said u love me
u said i was ur princess
u said u wanted to be with me
why did u say u love me and u not mean it?
