Alone In The World Now

I am all alone in this world
with out beside me
My dream of us being together isnt going to come
Tears keep coming back
Flash backs of holding your hand
I am so lost and confused, feel like i am choking
Things i didnt get to say
I cant find my way all alone

Cassandra Kay Bridge

Dad

I can't tell you daddy
How many tears I have cried
Since you left this world
A million words would not bring you back
Neither a million tears
I know because i have tried a thousand times
I wish I could see your face right now daddy

Day By Day, I Love You

I know you are there
But my world is so bare
Nothing is standing in your way
I am hoping you can make it one more day
Our relationship has grown so strong, where could we have went so wrong
You were there went I need you.
Now I am here for you to need me too.
My love for you will stay the same, never will I forget your name
By my side you will always be
I will think of you day by day.

Forever

Moment in love
Forever in your Arms
Forever in your heart
Forever in my mind
Forever i stop thinking
Forever you care
Forever i can not stop thinking about you
For each time u love
me i get lost more
From the time
i love u lost i lost hope in as

I Hate Your Gone, And Left Me All Alone In This World

I felt my heart broken into
piece
You never said goodbye
You were gone before i knew
and the only person who does is god
A million time i needed you
A million time i have cried
In life i loved you
In death i love you still
In my heart u will stay
and no one can fill your places
It broke my heart to lose you,
but you didnt leave me alone
For part of me went with you

It Hard To Leave A Mother Like U

Tells me to smile when I am down
Never left my side
Always told me to eat my greens
She has always lovd me since I was in a pram
And now she loves me for who I am now
To say that you are wonderful, is just not enough.
your asolutely amazing,
both beautiful and tough
I could not have asked for a better mum

Life Is Hard But I Can Deal With It

Pain, pain go away
Please dont come back another day
Tears falling down my face
Oh, how i wish for his warm embrace
Wonder if he ever cared aboit me
Wonder if this supposed to be
How can he just stand there and broke my heart
How did we allow us to grow so far apart?
All i am falling is down and blue
Pain, pain go away.

Love

Love is caring

Love is trust

Love is moment

Love is not giving up

Love is hope

Love is strong

Love is sharing

Love is there for you

Love is feeling in your heart

Love is love

no one can take that away from you

Cassandra Kay Bridge

Mummy

No matter how old i am
I will always be your little girl
No matter where we are
Or how far apart we are
I will always love you mummy

My Heart Beat

Some people believe there is one,
The one who points your way to the sun.
A person they believe makes them complete
The one who will support when facing defeat.
You've brought to my life all your love and care
It made me see when I realized how rare....
All that we have always felt missing before
Though I love you today, tomorrow it will be more
Our love is life, we are the strongest tree
Which will always grow forever,
like you and me.
You have opened my heart and held it so dear
You have seen my ups and cared when I was low
You are my world, I just need you to know
You entered my life through a ray of sun above
And when we leave, we will leave together in love
My love for you has become my only reason to be
I hope one day you'll find your angel in me.

My Lucky Star

The day he is not with me
is the day I die
My life would not be complete
Without my very bestfriend
I know he'll always be there
Unit the very end
I thanks him for all the joy
Praying to God he will always be my lucky star

Never Lost Hope

Who knew i'd fall in love again
I never thought i'd see this day
I guess my heart has learned to forgive
You don't know how you make me feel
Every word you say brings a smile to my heart
Your my everything and i love you so much
I hope that we never fall apart
I wish i could be there with you
I wanna make you happy
I'll do whatever it takes
To make us better than any love story
God you drive me crazy
Waiting for you to get
But it doesn't matter
Cause I'm so lucky that your mine
I don't care how far away you are

Never Will Stop Loving You

I love you aslo means I love you more then anyone else loves you,
or has loved you,
or will love you also,
I love you in a way that no one loves you
or has loved you,
or will love you
I love you and no one else,
and will never love anyone else

One More Day

I cried when you passed away
I still cry today
I couldn't make you stay
A golden heart stopped beating
God broke my heart to prove
to me he only takes the best

Cassandra Kay Bridge

There Say You Are My Only

In all the time we been together
You've come to mean so much
You are my best friend
My life and all my dreams
You give me hope when i am all out
You pick me up
When i am feeling down
You mske me feel good about myself
They will never be anyone ellse
For the rest of my time

What I Want

Stomach tied in a knot
I can blame myself
Cannot move on from you
I do not want no one but you
stop walking away from me
I love too much to let go
Wake up and think i am missing someone
Skys are blue now my life is going gray because you are not next to me
I do want to not have to rush
It all me i did it to you
Cannot live life without you
Love is what makes me for you

Your My Life

I am alone at night
I am dead in the morning
I am out of repair's
And want's you back soon
My eyes are full with tears
That i can not see out them
I wish you was here by my side
Just please find your way back
