All That Calms....

A calming touch of satin
Upon naked skin

A whisper in my ear
Of love forever true

A sweeping melody
Arousing my senses

The scent of honeysuckle
As it moves in the breeze

The sensuous glowing moon
The scenic tapestry of stars

The warmth of love's embrace
The taste of sweet kisses

Breath upon my neck
Body pressed to mine

Earth shattering love
Drifting off to heavenly slumber

Christina V...

And That's How It Happened

Unkempt
My hair surrounds your face
Atop
Your body, my own does lay
Quiver
Throughout as we touch
Love
I've never felt this much
Passion
A fire to match my own
Desire
I make sure that it is shown
Lust
Animalistic, like a purring kitten
Enamoured
Surely, baby, I'm so smitten
Want
Your strength deeply in me
Feel
Oh yes, my certain ecstasy

Christina V...

Can'T He See

How cold the night is without him to warm me
Each time I look at the phone I wish it would ring

How my body aches for his touch
Each moment spent without him lost forever

How even a few words could brighten my day
Each word from him is like a connection between hearts

How much I miss him
And long for his arms to hold me

Christina V...

Cross Your Mind

Baby, did I cross your mind
When you saw the old couple
Crossing the street, hand in hand

Baby, did I cross your mind
When you felt the warmth of the sun
On your handsome face

Baby, did I cross your mind
When you saw the exact shade
Of the dress I wore, when we kissed by moon's glow

Baby, do I cross your mind?

Dream Me To You

Dream me to you
A love quite true
Feel my soft lips
Hold tight, my hips

Dream me to you
No one else'll do
Pull me so near
Tell me you care

Dream me to you
We can get through
Difficult time
Long as you're mine

Dream me to you
So I'm not blue
Miss you so much
Long for your touch

Dream me to you
Keep our love new
Feel me close now
Show me somehow

Dream me to you
One heart, from two
My love is yours
You I adore

So.....Dream me to you

End The Storm

Please make the storm stop
It's kicking up the dirt and dust
This must be a test
Fiercely come the raindrops

Please make the storm end
The lightening bolts come crashing to earth
I can't deflect it all
I cannot comprehend

Please bring the light of new day
Make tomorrow brighter
Escort serenity, I need it now
To wash all this pain away

Christina V...

Fight

I want you to know
I will fight for you
I forever will stand
Beside you

I want you to know
I will never shut you out
Or cause you again
To have any doubt

It is you that I love
And I long to be near
You are the one
And forever I care

I may have fallen
But I picked myself up
And my baby, I will
Fight for our love

Not with violence
Or troublesome words
That kind of talk from me
Shall not ever be heard

When I say that
For our love I shall fight
Let me make sure that
I make my point right

I will love you so loyal
With passion undying
Something I do
Without ever trying

I will stand beside you
Patient and giving
I will let you know
That you make life worth living

I will honor and cherish
All time that we share
You will never have doubts
Of how much I care

I will love you
With a love never fleeting
As my heart and yours
Together are beating

Genie In A Bottle (Sexual Content)

Over in the corner
I long to adorn ya
With soft velvet kisses
To grant all your wishes

I'm your genie in a bottle
My engines purr at full throttle
But if you rub and release me
Forever you shall please me

Till you're down upon knees
Begging me please
To be a slave to your loving
And soon I'll be shoving

You down on the bed
Till there's a spin in your head
You'll taste loves ecstasy
Deeply within me

Your soul will be warmed
But now you are warned
The heat will rise with each kiss
Your genie grants every wish

Christina V...

If Only...

If only

You could wrap your arms around me

So I could tell you I am strong

But sometimes also weak

Then I would allow myself to weep inside of them

If only

I could search your loving eyes

Reflection of my own love

And help you understand

The road that I am on

If only

Some of this weight that I must carry

Could be lifted if only for a while

You see my shoulders are aching

And I want sweet relief

Christina V...

Inside Of Me

Inside of me
There is so much
Desire, passion
Yearning touch

Inside of me
Love's aflame
It burns me
When I say your name

Inside of me
This feeling's growing
A love to last
This much I'm knowing

Inside of me
It shall stay true
Inside of me
Baby is you

Inspiration

Inspiration
Can be found
In the smallest of things

A kind gesture
A beautiful sunset
A wonderful piece of lit

A child's laugh
A favorite song
A summer breeze

A person you admire
A friend you love
A man you respect

A dream you have
A dream worth dreaming
A dream come true

If we hold onto it
If we appreciate it
If we embrace it

Inspiration is everywhere

Christina V...

Intermittent

My heart aches
Cries out in lonely echoes
Why can't you be near?

Intermittent
I miss you
With undying passion
And uncontrollable crave

Intermittent
I feel defeated as I lie alone
And I long for your touch
And to sleep in your arms

Intermittent
I fear
I cry
I am saddened

But my love
Aside from this
The thing most prevalent
Is my love for you is never

Christina V...

Light And Dark

In between the light and dark
Shades of us

Happy times in your embrace
A loving smile on your face
Sadness knowing we must part
A hollow aching in my heart

In between the light and dark
Shades of you

As you dance through my soul
And cause me to lose control
With each kiss sending a shiver
Your touch can make my body quiver

In between the light and dark
Shades of me

Alone without your arms around me
Wishing together we could be
Color me so blue and sad
When I missing you so bad

In between the light and dark
Shades of us

A knowing you are forever the one
Who shines on me, you are my sun
Cognizant it is you I fight for
For love that lasts forevermore

Love Letters In The Sand

A journey to the ocean
The water vast and blue
I sink my toes into the sand
Whilst I dream of you

I wonder where you're going
Also where you've been
And how long I must wait
To see your face again

The sky is clear and azure
The seagulls swiftly glide
I sigh so deep as I know
Can't wish you to my side

Do you feel like I feel?
Has this emptiness set in?
I ache so much
I need the touch
Of your hands upon my skin

I wrote some letters in the sand
Those etched upon my heart
Although the waves washed those away
My love for you won't part

When evening came upon the seashore
And the moon's glow shone so bright
I envision you are near me
Wish you could hold me tight

I wrote them just for you and I
The letters in the sand
I need your kiss
Sweet love I miss
Forever, you're my man

Christina V...

Moods

Sometimes my mood is light
I smile and enjoy life
I get things piled on me
Left and right but take it all in stride
Be the one that wears all the hats
Until I literally fall

But when my mood is dark
I frown and hold back tears
Feeling like the world is against me
And I am not appreciated
I don't feel like wearing any hats
I only want to be hugged

Christina V...

More In Love Than Before

I've never needed anyone more
So in love, like never before

The way you hold me and your touch
You know how I love you, right? Just how much?

I've never longed for one so intensely
Never missed one so immensely

Time has passed and of this I'm sure
I'm more in love than before

Christina V...

My Search Is Over

I have been brazen
Spoken my mind
My passions get heated
Not ever unkind

I have been honest
With he whom I love
I need strength right now
From heaven above

I have been loving
But sometimes too much
It's just that I miss you
Your kiss and your touch

I have been pushing
To have you so close
It's just that my darling
You're the man I love most

I have been needing
To apologize
For being so stubborn
I will surmise

I have been in love
A time or two
But darling it was nothing
Like what I feel for you

I have been searching
All my life through
For a friend and a lover
As perfect as you

Christina V...

Naked In The Rain

I danced today
Naked in the rain
Allowing it to kiss my parched skin

A cooling rain
Washing away the pain
An end to all this madness

When the dust settles
And there is an open road
I hope you'll dance with me

Naked in the rain

Christina V...

Now Listen, You Heard My Heart

All right ma baby
Listen up and see
I'll tell you
How it's gonna be

I'll love you forever
Always treat you right
Kiss ya every morning
'Specially at night

I'll always stand by your side
And believe in you
My love for you only
I shall always be true

I'll honor and respect you
For the great man you are
Know that you are my wish
Come true upon a star

I'll not take ya for granted
Or love without patient understanding
I'll hold you ever close
And be not a bit demanding

I'll understand when times are hard
And things must go so slowly
Be waiting patiently for you
You are my one and only

Listen up ma baby
Cause I sure want you to know
That I know what we have is so real
I'd never let it go

I'll hold onto you and treasure
Every moment, each small word
For never has there been another
Who my heart, had truly heard

Christina V...

Patience

Patience is a plant
I will water it
It will grow and grow
And in time it will be stronger and stronger

Patience is the sun
It warms me in knowing
Tomorrow is another day
And it blooms so bright

Patience is a virtue
Patience I possess
Without pressure and full of understanding
Patience equals love

Christina V...

Positively True

Be anything you want
Your dreams are within grasp
Believe in yourself
If there is something in life
That you want to achieve
Go after it
Hold onto your dream with all your might
And never let go!

Christina V...

Power Stimulates

Power stimulates me
To my very core
Each and every part

Power of a man
Who knows exactly what he wants
And goes after it with a vengeance

Power of a man
Who knows how to make a woman
Feel desired and needed

Power of a man
Who is not afraid
To be lover and also friend

Power of a man
Who stands by me
No matter what life brings

Power of a man
Who knows just the right touch
And exactly where to place his power

Christina V...

Rain Haikus

When the rain falls down
Will you be there to shelter?
Umbrella in hand

Love is like the rain
Falling gently on my skin
Can you feel the rush?

Life can be a storm
Weathering it loving you
Since my love is true

Christina V...

Ripple Creek

When I think of ripple creek
My mind travels back in time
To the air laced with jasmine aroma
Corn stalks bending in the summer breeze
A sky so azure it felt as though we could drift away
Into the infinitely deepest sea
I recall lazy afternoons down by the water's edge
Running through the grass
Making sweet love to the sound of the crickets chirp
My heart always skips a beat
When I remember you and the time we shared
At ripple creek

Christina V...

Shining Brightly

The moon shone brightly
Its radiance was even more highlighted
After the pink brilliance of the sunset
I lie down and drift off
And dream of you and me
We swam past all the heartache
Made it to the sunny shores
I notice one thing
Your smile has never shone so brightly

Christina V...

Shot Through My Soul

A kiss
That shot
Straight through my soul

One touch
From you
I lost control

Magic
Fire
Infinite desire

Open
Heart here
Must feel you near

Holding
Onto
You I belong to

Christina V...

Talkin' Dirty

I love it when you talk
Oh so dirty to me
Whisper in my ear
All you long to do to me

Ooooh how that turns me on
I think if given the choice
I would need food nor drink
Just your body dusk till dawn

Tell me how you need me
With great speed and only me
Tell me how I make you feel
With each satin kiss on your skin
Tell me how so soon you will writhe deeply within

Tell me how it feels when I.....oh yeah
You love that, don't you
And tell me baby how much
You like when I talk dirty to you

Christina V...

The Escalation Of Yearn

Endless, raging desire
Burning inside
The flames of my love
Have risen with intensity

Brightly, luminiscently
My want, need
Ever increasing
With you I should be

Wrapped up inside
Of sweet lovers bliss
Step to me, my love
Feel me now

Place your hand upon my breast
Find with your fingers
The pulsing of my heart
How it beats out your name

Place your lips upon my lips
Taste the sweetness of love's kiss
Get lost in the moment
Come to paradise with me

Place your hands on my body
Thirsting now for your touch
Explore and do linger
Baby, need you so much

Place your love deep inside me
And linger within
So I can feel each movement
As we two become one

Christina V...

The Key Of Dreams

Only you possess the power to make your dreams come true
Relying on others will not make things happen for you
Search your heart, search your soul
For that something that makes you whole

You mustn't depend solely on friendship and love
Instead self-belief with guidance from above
Dream big and reach for the highest stars
Be true to yourself and express who you are

To need and be needed is the greatest love of all
But you can't always be picked up with each fall
Learn to shake it off and stand tall with great pride
Hold tight to the beauty that lives inside

Our friends and our lovers can sure make life grand
Support you and offer their helping hand
But for dreams to happen and wishes to come true
The only one that holds the key is you

Christina V...

The Spirit In Me

The spirit in me
Is alive with passion
An eternal flame burning
All I do is with pride

The spirit in me
You cannot crush
Cannot be broken down
Or kicked around

The spirit in me
Is strength
It is courage
It is love

The Taste Of The Evening (Sexual Content)

When the eve darkens
The sky becoming ebony
The stars accompanied by the moon
Escorting a luminescent light
That shines through my window
Casting sultry shadows on the wall
I do declare to you, my love
Lie me down with growing want
Place velvety kisses on my skin
Explore my flesh with aching need
Gravitate downward
Gently part my legs
And taste of the sweet honey
That my love offers up to you

Christina V...

Touch Of Velvet

Your touch of velvet
Elates my body
Each caress upon my thirsting skin
I find myself hypnotized in lust
Drinking you in with vigor

Your touch of velvet
Is all knowing
Discovering each curve
And pleasure cove
Dispensing a calming sensation throughout

Your touch of velvet
Escorts such softness
Caring and nurture
Wanton desire
Your touch of velvet
Is the way that you love me

Christina V...

When (Sexual Content)

When you undress me
And your soft hands caress me
They know just where to go
Sensual and slow

When you kiss my neck like that
I slowly start to go mad
With animalistic desire
To inside me, feel your hot fire

When you move your hips that way
Just where you are now, I want you to stay
With each movement, I come closer to my peak
And baby with sweet orgasm I shriek

When Hearts And Souls Connect

Words can go unspoken
Yet heard just the same
Days pass
Love grows intensely
A connection that disregards
Time and place
Distance and space
For all of time
Two remain as one
On the exact same page
In the book of life and love
Feelings are acknowledged
Without any effort
Infinitely heard and understood
Souls are in unison
And hearts beat as one

When Hearts and Souls Connect
