# A Word

sometimes a word can be harder than iron  
ruins someone's world like a paper on fire

Dana Ghaffari

# Bermuda Triangle

away from these cities, away from these people  
something's supposed to go so much more better  
somebody someday wants to see me somewhere  
i don't know where but i think it's Bermuda triangle

# Hans Has Died

Hans has died last night forevermore  
I can't remember him anymore  
don't come here to beg me love  
these days I know beggars more than world  
I was really stupid for loving him  
sent him love and entered him into grave  
that was a dramatic farewell for us  
and made me sleep with my open eyes

Dana Ghaffari

# I Don't Know Why

I don't know why  
we fall in love with someone who don't have heart  
I don't know why  
when we are not fine God is only one who listens to us  
I don't know why  
i forgave the one who said lies and broke my heart  
and i wondered&quot;just deny&quot;;  
I don't know why  
when he broke my heart anybody didn't hear its song  
I don't know why, I don't know why

## I Just Know...

I just know it right  
just love yourself inside  
anybody is not same bodies who are masked  
I just know it bright  
who really can bite  
is who that you thought in your mind  
I just know it light  
who really i want  
is exactly the same one who really wants my heart  
I've known it hard  
his heartbeat will be stopped  
when I am in front his little brown eyes

# I Love You

I know sun shines because of you  
for sure moon lights just for you  
the earth orbits to dance with you  
all stars are jealous of you  
flowers made to compare with you  
no one can love you as I do  
I praise you, I believe you  
you know how much I love you

Dana Ghaffari

# It Is Not The End

what you think is the end  
maybe it's the start of something else  
maybe better, maybe worse  
anything it is without you i can not take

Dana Ghaffari

## Later Elio

your love was like battle of Piave  
you killed thousands soldiers inside me  
when i wanted to tell you what I'd known  
what you knew  
it was as hard as hating someone you loved  
ooo ooo ooom

# Life

life is beautiful even though it's hard  
hard things teach us how to be strong  
if you are strong. you are the best one  
I wanna live my life with smiles  
smiles switch the life to paradise  
paradise is the place for nice ones

## Part Of Me

I every day think of you  
every night dream of you  
every time am missing you  
everything relies on you  
wondering whether you are me  
or maybe you're living in me  
doesn't matter but it's weird  
I am honored you are with me  
don't know if you're inside me  
or maybe you're part of me  
I am not just a piece of meat  
we are gonna make a team  
I am under your spell  
you make me feel young again  
I am all about you  
I am down with you  
I care for you deeply  
cause you're my everything  
I cherish you  
I adore you  
I want lifetime with you  
you are so much wonderful  
I am better cause of you  
my life for you is eternal  
darling you are my diurnal

# Rescue Me

holy God help me I'm starved of being free  
they imprisoned me right in my own body  
i don't have much stuff to play with baby  
but i give you my whole soul just to rescue me

Dana Ghaffari

# Take My Hand

if you can take the sky in the ground  
you can take my hand  
if you can see the sound  
you can take my hand  
if you can kiss me in the crowd  
you can take my hand  
if you can cure my wounds  
you can take my hand  
if you can take me to wonderland  
you can take my hand  
you can take my hand, you can take me out  
you can take my hand

Dana Ghaffari

# The Words

words can not be watched  
but can kill like a giant  
words can not be touched  
but can be hotter than fire

Dana Ghaffari

# Time

time is tick-tacking  
but you can't stop it  
wishes are transiting  
but you are just waiting  
for somebody to bring them here  
but it's just a miracle  
that happens in the tale  
hey wake up from this bad dream  
open your eyes and see clear  
you are disappeared in somebody's heart  
who you really need him
