I live.

You Have To Invite A Vampire In, Too..

Yes, 'tis true...
just like anything bad
or evil
it has to be let in, or rather
asked for...
sometimes, sometimes even
begged for its presence.
You, yes, you
wanted in
and I did it. I let you.
come in, come in...
come on in!
But I knew, yes, I did
that no good would come of any of it.
Self fulfilling prophecies
should never be entertained, either.
