# A Friend For Life

a best friend for life  
she was always there  
always listening  
and has great advice  
a loving gentle kind girl  
her and her boyfriend so in love  
ready for marriage and family of there own  
all came to a sudden stop  
hit my a drunk driver  
the truck flipps five times  
she was in a coma for weeks  
now awaken  
with no voice  
broken hearted  
and uspet  
my prayers will always be with her but  
her smile will never fail

# Because Of You

When you said it's because of what I did,  
I was torn.  
like a petal from a flower.  
I was broken,  
like a mirror drifting to the ground.  
Like a thousand cuts in my arm.  
I loved you from beginning to end.  
People mess up.  
Screw up.  
And that's exactly what I did.  
And all because of that I don't have you.  
And I feel lost,  
blind,  
stupid.  
And i cry myself to sleep;  
all because of you.  
Because of you,  
I'm alone.  
Feel betrayed and now lost.  
Because of you,  
I cut myself to feel a different pain.  
I scream for I am tired of trying,  
I cry...I cry...cry..  
All because of you.

# Don'T Care

as i walk around people stare  
they dont know me  
i could care less  
so what if i have a lip ring eye ring black hair and cuts on my body  
who cares if i wear long sleeves and jeans all year long  
as i start to carve, my skin breaks  
like you broke my heart  
the blade slices deep into my wrist  
blood drops  
a tear drops  
one down lots to go  
thats what you said  
but i dont care anymore  
why should i  
why should they  
day after day  
cut after cut

Danielle Smtih

# I Cut

i cut to ease the pain  
ease the mind  
ease the body  
i cut to take my mind off of life  
off of drama  
off of you  
i cut to hurt because you hurt me  
i cut to cry  
instead of cryin tears for you  
i cry tears of blood  
i cut to miss you  
i cut because i need you  
want you  
love you  
i cut alone  
in a pool of blood and tears  
i cut inside and out  
i cut to let my love for you go  
and when i cut tears of blood pour down my face  
i cut and the world fades  
i cut and look away...

Danielle Smtih

# I Miss You

I  
I miss  
I miss you  
I miss you so  
I miss you so freakin'  
I miss you so freakin much!  
I miss you so freakin much it's not even funny.  
I miss you so freakin much I can't stand to look at myself.  
I miss you so freakin much like an emo kid missed his knife.  
I miss you so freakin much i cry.  
I miss you so freakin much I can't stand not talking to you.  
I miss you so freakin much I can't laugh anymore.  
I miss you so freakin much there is no sun in my sky.  
If you haven't gotten the message yet, I love you to death, and is lost with out  
you.

# Killin Me

how do i know to trust you again  
you hurt me one to many times  
you broke too many promises  
lie after lie  
for every lie another cut  
you made me cry one to many tears  
for every tear another cut  
you said sorry ten times  
cut cut cut cut cut cut cut cut cut  
ive given you so many chances and you let me done  
why do i still love you  
do i  
you say you love me  
cut  
you say you miss me and need me

you say you never meant to hurt me  
cut  
with every lie and tear  
you kill me...

Danielle Smtih

# Lie

she lays in bed  
singing herself to sleep  
wrapped in the lies  
that ties her down  
no one to trust  
she's going to bust

# Love Is Just A Four Letter Word

love is just a four letter word  
no one knows what love is  
you can argue all yo want about being in love  
even grown ups dont know what love is  
love sucks  
love hates  
love breaks  
love is just a four letter word  
love waits, and love does not pressure  
love is just a word  
is love even real  
how would you know  
love is all you hear about  
i love her, i love him  
NO YOU DONT  
love is kind  
love is a feeling  
how do u know when someone really loves you  
love is just a four letter word

Danielle Smtih

# No Beat

tears fall  
drop  
drop  
drop  
heart beats  
beat  
beat  
beat  
she thinks to herself life's not perfect  
why live through the pain  
when she can end it now  
no one will know  
no one will care  
cut  
drop  
tear  
drop  
beat  
cut  
drop  
tear  
drop  
beat  
cut  
drop  
tear  
drop  
no beat.....

# One More Chance

You're always on my mind.  
I cant stop thinking about you.  
All i want is a second chance.  
yes i made a mistake.  
but forgive and forget.  
i love you.  
all i want is to love you.  
im sorry.  
please give me another chance to prove myself.

# Run Away

running

running

running

yelling

yelling

yelling

hiding

hiding

hiding

always blamed

it was always put on her

she was sick and tired of it

cutting was no help

speaking up did no good

it made it even worse

so she ran

she ran far

far away

never to be seen again

# Together Forever

boy meets girl  
girl meets boy  
boy falls for girl  
girl falls for boy  
both set their pains aside  
to be together  
one month later  
forced to be apart  
both fall apart  
one year later  
one chance to talk  
changes the world  
now back together  
they stand side by side  
in the dark  
holding hands  
they cut together  
knowing they feel the same pain  
they know they'll always be together.

# Together Now

she sits in a corner  
weeping  
knowing she will never see him again  
she has no reason to live anymore  
with blade in hand  
she starts to carve his name in her arm

he sits there in a corner  
weeping  
knowing he will never see her again  
he has no reason to live anymore  
he loves her and misses her  
and wishes to see her one more time.

slowly carvinb his name  
she see's the blood hit the floor  
she closes her eyes  
and she hits the floor

he walks in the her room  
and shes her laying there  
he see's the blood  
and looks at her arm and see's his name

so he picks the blade up and  
starts to carve her name in his arm  
slowly the blood drips to the floor  
he closes his eyes and hits the floor

now they are together forever

# What Are Friends For

what are friends for  
all they do is stab you in the back  
they're no good  
why trust them  
you know they'll tell the word  
why have them  
how do you know they'll trat you right  
friends dont just leave you for no freakin reason  
friends dont lie to you they tell you straight up  
friends dont talk bedind your back and say they dont  
friends dont cover up there mistakes  
friends dont play hide and seek with the truth  
friends dont say they'll keep a secret and go tell just one person  
friends love  
friends laugh  
friends have each others backs  
for life adn not just a few years  
friends stick with you through out life  
friends listen and dont talk  
friends dont hurt they help  
friends keep a secret hidden in their heart  
friends open up to each other  
are you a friend?

# Why Did I

why do i trust you  
why do i love you  
why did i even give you a chance  
i shoulda known it was a mistake  
i knew you would break me as i break my skin  
tears of you turn to tears of blood  
as you cut my heart i cut my wrist  
lost for words  
why did i let you do this to me  
you tore me to pieces just like i've torn my body  
you betrayed me  
why did i trust you  
why did i love you  
why did i even give you a chance

Danielle Smtih

# Why Her

what has she done to herself  
she feels no love  
left to be alone  
she says no one understands  
they aren't me  
she asks herself  
do i belong here  
she brought it all on herself from the start  
hard headed and determined  
she gives herself away  
now she lives in self pity, guilt, and embarrassment.  
why is she giving him a second chance  
do people really change

## With You

When I saw you, my heart dropped,  
and you just saw a girl.  
When we kissed my heart flew to could nine,  
and yours just left behind.  
When I was with you, it was time spent well.  
But for you, it was just something to do.  
Laughing together added ten seconds to my life.  
It was just a joke to you.  
When I stared in your eyes and said I Love You.  
You just mumbled Back At You.  
I can't believe we came this far,  
When it all was a joke, a life, a fake.  
All I wanted was love;  
I guess I'm just a stuped girl who fell head over heels for a guy who  
just fell.
