Desiree Burdick()

my poems i write are how i feel on good days and bad :)

Beam Of Light

i am alone

does no one care about me

do they not hear me screaming for help

i have no heart all that is inside of me is dust my face is pale with dark shadows
forming around my eyes

does no one see that i am not well

no they cant cause no one can see me

i am a blur in ones eye

i felt some times i cant go on

but one day a beam of light started to show through the dark sky

it started to blind me at first

i tried to escape it but it caught me

when i feel like i cant go on i remember that beam of light...

For You I Hold

this fragile thing i hold in my hand
is small and a little bit twisted
this thing i give to you i wish for you to love it forever
dont let it fall
dont lose it
keep it for you and no one else
for this thing in my hand is my heart

Desiree Burdick

Friendship

you have sadness inside
so do i
you feel great pain inside
i know how it is
you laugh so hard
i laugh right there beside you
you fall flat on your face
i laugh even harder
best friends forever budd
but watch your back and ill watch mine

Good Bye

my heart was filled with love for you
but you crushed it in your hand and let the broken pieces drift away
ive cried so many tears for you and now there dry
there are no butterflies now just moths
they once had beauty but now are gray
i cant belive i let my guard down
and i just wanted to say good bye...

Desiree Burdick

How Is It That.....

How is it that i love you so
Every time im with you my heart grows
no more pain, and no more shame
just happiness and love from being with you

Desiree Burdick

I Love You

why cant i tell you i love you
its just three simple words from my voice
i wish i could scream it from a hill so every one can hear me
say it
say what?
you dont love me so why does it matter
ill keep it to my self for you dont care
have you ever
no...
i know you cant hear me but i love you

I Run From Me, You, Love, Hate, And The Chance Of Us Being Together

i run from me
i run from you
i run from love
i run from hate
i run from the fear of losing you
and yet i run from coming closer to you

can you not see how i feel
do i hide my true emotions for you well
or do you ignore them with a smile
and pretend like theres nothing between us

if i told you that i loved you
would you feel shocked
or do you already know

ill keep running then
for i feel like i cant tell you
how i feel
so ill run from you, me, love, hate
and the chance of us ever being together

I Wish We Never Met

tear stained pillows
heart broken feelings
over some one i will never have
its such a shame on how many nights i cried for you
but you did not hear me
id covered my face so you could not see my sadness inside
and painted it over with a smile
but inside it hurts so much
i wish we never met
so my life could go back to normal

Lost Love

our love was leaving both of us
so i took out the key to your heart
i tried to stick it in but it didnt fit
i tried every thing
lotion, butter, and anything else slippery to get the key in
and yet nothing worked
then it hit me we had seperated and our love was lost
we search for it and found nothing
i guess were not ment to be
but ill always love you and have you in my heart

Moonless Night

this world is dark
as a moonless night
every thing is so shallow and dark
and a spark of light dare not show through the dark sky
during this moonless light

No One Listens To Me! ! ! ! ! ! ! !

does no one understand these tears i cry
you tell me one thing but yet do you mean it
every thing i hear now burns through my ear
im so sick of how i am treated
no one listens to me when i scream for help
but when i turn away im accused for being a bad person
WILL ANY ONE LISTEN I NEED HELP
its like im clear
if i disapeared would you all be happy...
you all make excuses of why you cant help
and its killing me inside
im goin to break and melt away
because no one listens to me

Desiree Burdick

Open Arms

i sit here with open arms
for when i am needed
but when i need help
everyone disappears
where did you all go
ive been there for you since the beginning
and now when i need you
you are gone
some friend aye....

you come back when i am well
with tear filled eyes
with drama about your lover
and i will still welcome you with open arms

Rag Doll

i am a rag doll
always thrown on the floor
to be left all alone in a cold world
throw me againts the wall
break all my bones
what would i care
i am just a stupid rag doll
always being thrown around

She Is Gone

you may cry for she is gone
grieve for days, months, years, and never move on

or we can smile because she has lived and was ours
we can close our eyes and pray for her to come back

or we can open our eyes and see she has left to a better place
our hearts may feel empty because we can't feel or see her

but we can fill the emptiness with love we have shared for her
we can remember her and only that shes gone

or we may cherish her memory and let it live on
we can cry, close our minds, be empty, and turn our backs

or we can do what she would have wanted
smile, open our eyes, love and go on...

The Night Befor Thanksgiving.....

twas the night befor thanksgiving
not a creature was stirring
not even a mouse
the scarecrows were stuffed and thread with care
in hopes that turkeys would soon be there
the children were nestled all snuug like a bug in there beds
while visions of cranberries danced in there heads
mommy in her face mask and i next to my brother jack
had just settle down 4 a little cat nap
when in the oven there arose such a clatter
i sprang from my bed to see what was an matter
away to the kittchen i flew like a flash
i tore open the stuffing and devoured the hash
the thoughts of food laying inside of me
gave the grubbles of pain a great luster
when what to my woundering eyes should appear
a great turkey was near
my eyes glowed with wounderment
i slowly walk toward the great turkey
but what shall i hear.....
my alarm clock

Wonderful Day

i look deep into your starry eyes that are filled with wonderment and amaze
with a sweetglow brightly shining on your face
i am amazed to see how much u changed
my eyes get teary from your smile
and i feel great happiness for you
this is an wonderful day

You Did Not Come My Love

you promised me a key
a key to your heart
but you lost it in your lies
you said my love you would come
but i am alone
i feel no sadness or happiness
nothing
no pain
no shame
cause you did not come

Desiree Burdick

You...

missing you
loving you
biting you
threatening you
holding you
squeezing you
wanting you
in a world of little light for me
You came out of know where
I've been looking for you and i finally found you
before i thought of life as pointless
and i dreamed of the day when i could be at peace
in the dark soil in which many lay
for if i ever made you leave me
once again my world would crumble

Your The One

your the one who dries these tears
your the one who drains my fears
your the one who will always be there
and i am the one who loves you and always will
and deep in my heart i know that you do too
