Daffodils

Daffodil what a pretty sight you are!
Your skin tone serenades your beauty
Your eyes are bold and charming like rose petals
Your mouth resembles the shape of small peppermint leaves
Your breath is refreshing like cold lemon water
Your teeth sparkle like white pearls
Your smile eludes success
Oh, Daffodil, You are amazingly beautiful!

The aroma of your armpits is gentle like the scent of sweet grapes on a valley
Your skin is smooth like coconut oil
Your voice is eloquent like silk
Your nails are neat and well kept
Your hair is soft, dark and shiny
Your stance earns you respect
Oh, Daffodil, You are amazingly beautiful!

A star is born and bred in my family
A star that serenades our pride with everlasting joy
A star with a superlative intelligence

A star has been born and bred in my family
A star that dominates the universe
A star with unique special characteristics

A star has been born and bred in my family
A star that is driven by undisputed passion
A star with a rich mind
I am proud, I am proud, I am proud

Rainfall

When rain falls, it pours
It pours with heavy snow balls ☐
When rain falls, it floods
It floods with heavy storms
When rain falls, it drizzles
It drizzles with gentle, soothing drops
When rain falls, it cleans
It cleans the ground in a natural way
When rain falls, it cools
It cools the atmosphere with cold showers

Sweet Melodies

A Sweet Melody is the sound of repute
A Sweet Melody is the sound of love
A Sweet Melody is the perfect Alibi
A Sweet Melody is the sound of good tidings
A Sweet Melody is the sound of success

The Desert Wind

It is ambiguous how the wind blows from one part of the desert to the next. It is amazing how the wind decides to travel in slow motion, bit-by-bit, then suddenly it increases speed, running swiftly across the desert with dusty feet.

It is sad to witness the desert wind playing 'hide and seek' with the scotching sunrays during a hot summer afternoon.

It is emotionally soothing to feel the evening breeze hugging you closely like a baby being cuddled.

The Sentimental Moment

Intuitively as the sun rises above the horizon; so is the feeling of anticipation

The feeling of love and joy

The feeling of hope

The feeling of unleashing creativity beyond ordinary expectation

It simply arouses adrenaline

The Voice Of A Poet Is Universal

The voice of a poet is powerful

The voice of a poet is beautiful

The voice of a poet is crafty

The voice of a poet is dynamic

The voice of a poet speaks with an intriguing language

The voice of a poet is intuitively projected; not once but twice, not only twice but thrice with low, medium and high tones

We Are Unique Yet Similar

It's the passion in your eyes that tells the story of your life

It's the imprint of your footsteps that relays your character

It's the way you smile that brings joy

You are who you are and I am who I am but still we are human. We are different yet similar in our own special ways

It's your mind that crafts perfection

It's the level of creativity that you employ that makes you appreciated

It's the simple, natural things that makes life worthy

It's the priceless, innate attributes that makes you a hero or a heroin

You are who you are and I am who I am but still we are human. We are different yet similar in our own special ways

Ladies and Gentlemen we are unique yet similar in our special ways

Wellness Is My Number One Priority

I appreciate the gift of life as it were yesterday

I appreciate the gift of life as it is today

I appreciate the gift of life and as it will be tomorrow

I shine with glory for I have seen the light of the day

The recipe for such a delightful escapade is as easy as taking a stroll in the park

Exercise your mind and body and the rest will fall into place
