People

People are like pickle
Some say do something
Some say don't do anything
Some people are good sometime
Some people are bad anytime
Some say studies are compulsory
Some say entertainment is necessary
Some say it's something which you could do
Some say it's not possible for you
Some say wake up early
Some say sleep properly
Some say love is bad for a boy
Some say it's necessary for a guy
Something is bad
And something is good
Because people are our
Sweet neighborhood.

That Girl

That girl
Who was nothing for all
But something for me
She was dumb for all
But was talking with me
I was asking her
And she was telling me
No one but i was feeling her
Because she had died
And i was just remembering her.
