# A Losing Battle

pain and suffering to my right  
heartache and sorrow to my left  
behind me is darkness and death  
infront is a chance to survive  
my only chance to make it out alive  
but the air is growing crisp  
the walls are drawing nearer  
the pain i feel is growing clearer  
this will not be my grave  
this will not be my end  
i will make it out and live again  
this battle i face is harder than it seams  
my oponent nows my weakness's  
she knows all my fears  
my oponent is my emotions  
my past i wish to forget

# A True Friend

You know when I am sad  
Even when I try to hide it

You know when I am angry  
You even understand it

You know when I need you  
You are always there

You know all my secrets  
And you never tell

You know how to make me feel better  
Even when I've done something wrong

But best of all you know the real me  
As hard as that can be

so this poem i dedicate to true friend  
to jess friends till the end

Em oxox

# All Alone

all alone with nowhere to go  
nowhere to call home  
nowhere to call my own

all alone with no one to care  
no one to share  
no one to comfort me

all alone with nothing to love  
nothing to cherish  
nothing to call mine

all alone in a world so big  
so full of life  
yet so empty

all alone in a world  
where i dont belong

Em oxox

# All Lies

you told me you had it hard  
you told me a sob story  
you told me time after time  
how bad your life use to be  
then i came along and made it right  
and that you would be lost without me  
but its all a bunch of lies  
you just wanted to hurt me  
you never cared not one bit  
it was all just a story  
to make me fall for you  
but know i no better  
i know i can do better that you  
this is where the story ends  
cause i never want to see you again

Em oxox

# Broken Again

Here I sit in dismay,  
As the tears stream from my eyes.  
Broken again,  
What a big surprise.

All I can do is watch,  
As another piece of me slowly dies.  
Will this ever end?  
Cause I'm sick of all the lies,

I take the plunge,  
Wipe away all my fears.  
With one quick slice,  
I watch as my blood mix with tears.

Now it's done,  
Finally I can be free.  
No more pain and suffering,  
Now I can be

# Darkness

In this cold fragile world  
where emotions run wild  
I got lost in the herd  
left so far behind  
with only my pain and heartache  
I sit and cry  
I dream of a better place  
a place i cannot describe  
a place where i belong  
a place where i will survive  
this place i will not find  
for a broken soul like me  
is lost in the darkness for eternity  
so cold and alone  
i have no strength to carry on

Em oxox

# Friends Forever

I don't care if you can't cheer me up  
I care that you try anyway  
I don't care if you don't know what to say  
I that your there for me  
I don't care if you can't stop the pain  
I care that you stand by my side no matter what  
I don't care if you can't help me  
I care that you care enough to stick around  
I don't care if your not perfect  
I care that your you  
because to me you are perfect

Em oxox

# Help Me

life isn't worth living when you have no where to go  
life isn't worth living when you have no one to care  
life isn't worth living when you have nothing left  
life isn't worth living when on one is on your side  
life isn't worth living when your dead inside  
so i'm asking for your help  
give me somewhere to go  
be the one to care  
give me a reason to live again  
be the only one on my side  
bring me back to life  
please im begging you  
HELP ME ! ! ! ! ! ! ! ! !

Em oxox

# How Could You

How could you walk out  
just turn your back  
without a word  
and never look back

How could you leave  
just walk away  
without a care  
as if i was nothing

How could you go  
just leave me  
without a friend  
so cold and along

How could you not care  
just vanish  
without concern  
of who you left behind

Em oxox

# I Don'T Think So! ! ! !

SARAH.D

but you weren't interested in helping me  
you told me lies and made me feel sl depressed  
i calved Die! into my leg  
and you want to be friends again  
I DON'T THINK SO! !

SARA.K

i trusted you and told you everything  
but that ment nothing to you  
you faked being my friend for over  
six months to get my man  
and now you want to be friends again  
I DON'T THINK SO! ! !

over my life but these hurt the

# I Don'T Want To

i don't want to still love you  
but i don't want to hate you  
i don't want to wait for you  
but i don't want to move on

i don't want to try again  
but i don't want to say googbye  
i don't want to miss you  
but i don't want to not

i don't want to feel this way  
but i don't want to be ok  
why is it all so confusing  
why can't i just have it both ways

Em oxox

# I Hate You! ! !

I hate you for changing  
I hate you for aging  
I hate you for growing up  
I hate you for showing me up

I hate you for your shadow  
I hate that I have to follow  
I hate you for leaving me  
I hate you for forgetting me

I hate you for what you've done  
I hate you for what you've become  
I hate you more and more each day  
I hate you in every single way

I hate you for it all  
But I just hate you most of all

Em oxox

# I Will Protect You

i listen to all your music  
because it makes you happy  
i became friends with my neighbour  
because you like him  
i was nice to a creep  
because you asked me to be  
i ditched an old friend  
because she hurt you  
i dumped my boyfriend  
because he kicked you when you were down  
i would do anything for you  
because thats what best friends do

Em oxox

I...

I cry for all the broken hearts  
I cry for all the hurt inside  
I cry for all the pain I cause  
I cry for all those left on pause

I feel the pain you left behind  
I feel the pain you feel inside  
I feel the hurt and the sorrow  
I feel as if there is no tomorrow

I'm sorry for all the above  
I'm sorry for all I've done  
I'm sorry for the way you feel  
But most of all I'm sorry that it won't heal

Em oxox

# Im Not Ready

i'm not ready to let go  
i'm not ready to move on  
cause it hurts like hell  
just to know your gone  
i'm not ready to forget  
i'm not ready to say goodbye  
cause it hurts like hell  
to feel this pain inside  
i'm not ready to be ok  
i'm not ready to be strong  
cause it hurts like hell  
to not see u for this long  
i'm not ready to give u up  
i'm not ready to be alone  
cause it hurts like hell  
to see your gravestone

Em oxox

# I'M Not Who You Think

i'm not the pretty girl next door  
the girl you all adore  
i'm not the brains of the class  
i barely get a pass  
i'm not comedian of the school  
i just act like a fool  
i'm not the leader of the pack  
i'm more somewhere at the back  
i'm not anything out of the ordinary  
so please stop expecting me to be extraordinary  
i'm not what you want me to be  
so just give up wanting more from me.

Em oxox

# I'M Sorry

i'm sorry 4 the hurt and pain  
i'm sorry 4 the stretch and strain

i'm sorry 4 the love u lost  
i'm sorry 4 the ache i cost

i'm sorry 4 the broken heart  
i'm sorry 4 the rough start

i'm sorry 4 the wounds not mending  
i'm sorry 4 the sad ending

i'm sorry 4 the pain i've caused  
i'm sorry 4 leaving you on pause

i'm sorry 4 all i've done  
i'm sorry 4 what i've become

i'm sorry

# Its Time

its time to move on  
its time to be strong  
its time to get over it all  
its time to stop this fall

its time to own up  
its time to grow up  
its time to show who i am  
its time to be all that i can

its time to be who i dream  
its time to be who i mean  
its time to be all i can be  
its time to be the best kind of me

Em oxox

# Listen To The Youth Of Today

Todays youth are so filled with pain  
so isolated from the worl  
they are so troubled and lost  
how did we let it get this way  
all those taking their lives  
when they have so much to live for  
all those hiding their pain  
to ashamed to ask for help  
when did suicide become  
the only way out  
one after another  
the herd falls  
this isn't just a fade or a phase  
they have all lost the will to live  
I will be the one to say it  
the one to ask fo help  
I've seen so many fall before me  
I wont be the next to go  
so please listen to the crys  
we need your help

Em oxox

# Lost

I've always known what I wanted to do with my life  
I've always been so sure  
I'm not one for second guessing myself  
I'm not that insicure  
I never thought my plan could be wrong  
I never made a plan B  
I can't beleave I've changed so much  
I can't beleave this is me  
I didn't consider anything else  
I didn't count on me aging  
Its all falling apart I can't hold on  
Its all changing  
How could i not know who i am  
How could i be so wrong  
I was so sue about life  
I was so strong  
now I'm losing what I spent my whole life creating  
Now I'm letting go  
Never did I think it would turn out this way  
never did I really know

Em oxox

# My Big Mistake

I couldn't take the pain,  
It felt like I was going insane.  
No matter how hard I tried,  
You never felt a thing called pride.

No matter what I'd do,  
It was never good enough for you.  
Until one day,  
I threw it all away.

One small cut yet one big mistake,  
And with that my heart was no longer yours to break.  
Now finally you could see,  
All I wanted was for you to love me.

If only you had shared,  
Just how much you cared.  
Maybe it wouldn't have ended this way,  
Maybe today would have been a happy day.

Em oxox

# Never Again

Never again will I let you in  
Never again will I let you win

Never again will I fall for your tricks  
Never again will I fall for your kicks

Never again will I surrender  
Never again I will know better

Never again will I be so dumb  
Never again will I come undone

Em oxox

# No Luck

First, second, third times a charm  
Hugged, kissed, took me under your arm  
once, twice, three times more  
don't worry its just my heart you tore  
loved, lost, over and over  
But still no luck like a three leaf clover  
tried and tried this time i'm sure  
i'm not gunna love you anymore

Em oxox

# Not Dead Yet

you took my man  
you took my friend  
you took my life  
but im not dead yet

you took my happiness  
you took my pride  
you took my trust  
but im not dead yet

you took my faith  
you took my hope  
you took my sanity  
but i'm not dead yet

you took it all  
but still i wont fall  
i will fight till the end cause  
i'm not dead yet

Em oxox

# Some Friend

u were my best friend  
u were my rock  
u were the only one i thought i could trust  
but u turned out to be a fake

u wanted my man  
u wanted my friends  
u wanted my life  
and to do this u gave me the knife

u got my man  
u got most of my friends  
u got my life  
but its not that great

u took my trust in people  
u took my faith in life  
u took my hopes n dreams  
when u gave me the knife

but still u want more  
but still ur not happy  
but still u cause me pain  
when u say it was all for nothing

Em oxox

# The Day I Lost You

u were my brother  
u were my friend  
until one horrible day  
when it all came to an end

that day u changed  
that day i lost you  
if only i had known  
i would have stopped you

people think i'm insain  
cause they think your the same  
but your not i swear  
its just not the same

the doctor said you'd get angry  
he said you'd have a hot head  
i just wish it wasn't you  
i wish it was me instead

Em oxox

# The Hardest Thing To Say

the words you never want to hear  
the words you never want to say  
the words that haunt my dreams  
the hardest thing to say  
but i never got the chance

the words you never got to hear  
the words i never got to say  
the words that bring tears to my eyes  
the hardest thing to say  
but i never got the chance

the words i long to hear from you  
the words i long to say to you  
the words that keep me up at night  
the hardest thing to say  
but i never got the chance

so now i say those words  
even if you can't hear  
i say them anyway  
the hardest thing to say  
GOODBYE! ! !

Em oxox

# They Don'T Understand

people look and laugh  
they stand and stare  
they will never understand  
but i don't care you are still my friend

people are crewd and cruel  
they are rude and raw  
they don't now how to be a friend  
but i do and i am

people whisper and whistle  
they giggle and grunt  
they don't know you and they don't care  
but i do

Em oxox

# Time Heals All

when my brother had a bad car crash and nearly died  
i was told to give it time  
time heals all  
one after another my four grandparents died  
i was told to give it time  
time heals all

when a mates brother hung himself  
i was told to give it time  
time heals all  
when my friend turned her back and destroyed my life  
i was told to give it time  
time heals all

when i got epilepsy and lost peoples trust  
i was told to give it time  
time heals all  
when i got depressed and lost control of my life  
i was told to give it time  
time heals all

i gave it time  
but i'm not healed  
so when dose time help  
when do people stop relying on time  
and get off there butts and help  
cause time dosen't heal all on its own

Em oxox

# U Showed Me

i had given up on love  
u showed me i could love u  
i had given up trust  
u showed me i could trust u  
i had given up all faith  
u showed me i could have faith

i had given up on people  
u showed me people aren't all bad  
i had given up happiness  
u showed me i could be happy  
i had given up all hope  
u showed me i could hope

but worst of all  
i had given up on life  
u showed me life is worth living  
with you in my life  
and for this i thank you

Em oxox

# Wall

i put up this wall  
so that you could not see  
who i really am

i put up this wall  
so that i would never show  
how broken i am

i put up this wall  
so that i would never let you in  
that way you could'nt hurt me

but now i'm dieng inside  
and its hard to survive  
with that wall in way life

yet i can't pull it down  
i can't let you in  
nomatter how hard i try

Em oxox

# What Do I Do

i'm lost in a world i don't understand  
i'm losing my mind trying to figure it out  
you are so perfect at almost everything  
but i'm stuck trying to comprehend  
the mess i managed to get myself in  
i hate feeling this way everyday  
i'm losing my last bit of strength  
i can't take the pressure of this place  
i can't take the strain i put on my self  
i hate that i got myself into this  
this isn't the way my life should be  
i'm lost in confusion straining to be free  
i need a way out of this hell hole  
i hate not knowing what to do  
i'm losing control of my life  
i need a place where i'm in control  
i'm losing my will to carry on

Em oxox

# Whats The Point

i wake up each day  
to feel the same  
stuck with this pain

i go to sleep at night  
hoping tomorrow will change  
hoping to turn the page

but its too late for me  
i've become all i fear  
the reason for each tear

but whats the point anymore  
this isn't me  
this isn't who i want to be

Em oxox

# When I Needed You...

When I was alone,  
you were always there.  
When I was sad,  
you showed that you cared.  
When I was out of control,  
you brought me back down to earth.

When I had hard times,  
you helped me cope.  
When I had given up,  
you gave me hope.  
When I had no where to go,  
you gave me a home.

When I needed a friend,  
I knew where to go.  
When I needed to cry,  
I had someone to show.  
When I needed to talk,  
I had someone to call.

When I needed my space,  
you didn't know how.  
When I needed to get away,  
you didn't see somehow.  
When I needed time,  
you couldn't see.

When I lost you,  
I lost something more,  
I lost apart of me.

# Whole Again

i've been through so much  
too much to understand  
but now i've faced my fears  
i found that helping time  
my fears have always held me down  
i can't beleave how much i've become  
i opened up and told my story  
my fears i overcome  
a wieght has lifted off my shoulders  
this sensation its insain  
for the first time in my life  
i feel whole again

Em oxox

# You Get What You Deserve

you were my friend  
till the day that you left  
and told me it was all just a lie

you expected me to fall  
but i wont let you win  
i'm not the kind of girl whos just going to give in

now the tables have turned  
all that you stole has now returned  
now your the one with a life that you don't want

my man came crawling back  
my friends came back too  
but i don't want them and i don't want you

now the men that you want  
one, two and three  
none of them want you  
they all want me

but i don't feel sorry for you  
because karmas on my side  
shes the one who makes sure  
you get what you deserve
