Alone In Myself

Sinking into myself
drowning into myself
trapped inside myself
lost inside myself

reaching out to no one
screaming out to no one
crying for no one
dying for no one

a dying soul
a empty heart
a wandering brain

alone with these feelings
alone with these thoughts
alone in yourself
alone in myself
alone we are born
alone we will die

Another Day

Another day is coming my way
will I wake up from this sleep
feeling strange in this world
endless dreams in my mind

We Laughed And We Cried

I cry and I drink,
I drink and I cry.
The past is gone.
The future stands in front of me,
like shadows in the night.
I laugh and I cry,
we laughed and we cried.
What should I make of this?
Just moments in life!
