## Femipeadia Stories()

My name is Akinmade Oluwafemi, the founder of femipeadia stories, an engineer by profession while I studied computer science as my second degree at Olabisi Onabanjo university, Ogun State, Nigeria. I have a penchant for poems and my pen always expresses itself on a white litmus paper of mine. My urge and crush for a poem is like the feelings a man had towards a sexy Dabonair passing by the stream side. My great works show forth through my poet page. One of my best notable works includes you are the Dawn, Naomi my African pearl, it's either you or no one. My dream is to publish some of my poems one day and I wish to be a renowned poet.

# Her Gingling Waist Bead

Her gingling bead enticed like a Camelia flower,  
Her circular waist heals like an Asia cinamore,  
Her physique was stunning like miss Venezuela,  
Her bikini was appealing like a sexual healing,  
Her waist bead is her citadel of Accolades,  
She walks like the queen of Jordan,  
Her beauty is like that of Nerfertiti,  
Her belly button was a fortress for her husband,  
like the pyramid of Egypt, her husband seek refuge at a waist,  
Her husband found comfort in kissing her waist bead,  
The harmony of her bead sounds melodious,  
She make good sound musical sound with her waist bead,  
But, Only her husband sees her bead,  
She disturbed only her husband with her beady gait,  
Her bead is her spell and cell to punish her husband,  
Her bead is her god&rod to be worshiped by her husband

# I Love The Life I Live

I love The life I live  
A life of Grace and hope  
A life devoid of pretence and falsification  
Just as he bites more than what he can chew  
I often appreciate the morsel as I chew  
Just as he sights more than what he can see  
I often celebrate the nimble I can touch  
Just as he submerged himself in an ocean of wine  
I am okay with the blob of wine in my cup  
A life of satisfaction is worth living  
Than the life of illusion

# Life

Life is beautiful  
Life is wonderful  
But, they said it's horrible  
What's your feelings now  
Is it good or bad?  
Remember we can't do without rain and sun  
How about joy and pain?  
We can't avoid the duo  
No matter what life brings  
We should sing  
No matter how you feel  
I am glee I have you as I speak  
With you by my side  
Life will be memorable  
We can tour the life journey together  
It might hurt like Caravan route  
Yet, life isn't bad  
Life is good, let's live it

# Her Name Is Leah

My pen ink was anxious of writing about Leah  
But when I grabbed my pen I was clueless  
Just as true love has no description  
I have taken her as my devotion  
Dreaming about you and waking up  
to seeing you has been my passion

I stealthily found myself in your ocean of love  
Your love encircled me like a faithful blizzard wind  
That dare not hurt but it thus love and hug  
Your voice molest me like a sexual ?? kiss  
Your eyebrow arrest me like a sexual pills  
Your care confuse me like a traffic light  
Your slippery lips gets me a sweet feelings  
Like an honourable nuptial night  
Between the groom and the bride

Your pointed nose gets me crazy  
Just as a flower always get crazy for butterfly  
I always wait for a true butterfly  
Who will beautify my flower more  
And I sighted you  
I held and beckon on you  
and i engrossed you with an immesurable cool wind of emotions  
So that you wouldn't fly away and be mine forever

I am lost without you  
I am lust inside you  
I am hurt outside you  
Oh my gosh I got you

You are the best at the moment  
That's why I don't want you to be a erst  
I hope you will never be my erst  
But as my pet  
You have passed the test  
That's why I don't want you to leave my nest

I love Leah

She is my devotion  
From me to you

Femipeadia Stories

# I Will Stop Loving You

I will stop loving you the day you stop remembering me  
I will stop loving you the day you arrest me with a sheriff  
You have already arrested my heart  
With your love  
Even though, you have already rejected my love  
But I will be free the day you arrest my being  
Please, can you just try to love me for a day?  
I promised the day will be like a million years in your eyes.

# Firefly

You are as beautiful as the Daisy flower  
You are as wonderful as the Ivy Tower  
Your body scents dispersed like the smooth sound of Camelia  
Your Sweet smile gives some feelings of euphoria  
You are my world don't deny  
You are my urge and my all  
Your passing by might not be recognized by passers by  
But your brighting side must have been modified by firefly  
I am the Firefly who modify you a day light  
I am the Firefly who will always illuminate your ways in noon day  
Please, can you just call me my name?  
I am the Firefly that loves your all day  
Please, stay in my heart and whisper my name  
I am your firefly

# Like A Daffodil Flower And Honey Bee Love

Like a Daffodil flower and Honey bee love, I fell in love with you

Like a Venusfly trap and butterfly, I got trapped by you love

Your sweet still voice makes me calm

Your Goldilocks lips amazes me

Your balletic physique makes me emotional

Like a balmy breeze, your love blows my heart away

Like a fitted necklace you were meant to be mine

Like a fitted single lace you were meant for me

I will stay with you as eyelashes are with the eyes

The blowing wind is my witness

The water Lilly is our fortress

The penguin and the oschrid are our guest

We shall sing and stay together

The splashing sound of the ocean shall be our drummer

The flamengos shall be our singer

The river bank shall be our bed

We shall dance and merry together

We shall stay together in love and joy

The blowing wind is my witness

My love is real&i have no regret

Even if you turn me down

I am fulfilled that I made it known to the most adorable darling I could ever dream of

# Straight From The Heart

Just by making a wish  
straight from the heart

Just as I feel  
I made a sigh

By the sea side  
a wrestle emerged with her abdomen

Her navel spring forts  
She humoured with an unending pleasure

My flat chest triggered like a Motown sensor  
She slept beneath and we were suspended

Like a suspensory ligament  
I held her hairy navel

Like a day to remember  
You coloured my day with your hairy temple

Trust as I seek  
You pondered my stay with your nimple

Straight from my heart  
I finally got you as my Atlas

Femipeadia Stories

# Kisses In The Moonlight

Hold my hand and take a step  
Close your eyes and take a breath  
Here comes your dreams standing before you  
It's time to fulfill your youthful dreams  
You once wish of making kiss in the moonlight  
Here i am to fulfill the wish  
Here comes the moonlight Shining towards our lips  
Here i am in the moonlight shivering for your lips& tongue  
We can make the moonlight kiss unforgettable  
This night is a dream comes through  
This night will remain colourful  
till you make the move this night will remain still  
till your lips and tongue is being aroused  
This night will remain frigid  
Kisses in the moonlight  
is what I am reminding you of.

# Are You Still A Friend?

Are you still a Friend or a trend?  
Do I need to ply a fence  
Because I want to see my friend?  
With my pen being mend  
I blabled with a grin face

With my bench being bent  
I startled with a green gaze  
Thus, I remembered of his demeaning act  
With my strength being wrenched  
Because, I manoeuvred his Humiliating past

The British pretty Sussex metted a Golden wind  
The Scottish city princess visited with a Golden ring  
My unfolish sweetly Hahzed provided a molden milk

My pierced heart has forgotten  
Just like a blue litmus paper that turns red  
My distressed part is enliven  
Just like the yellow litmus paper turning green

As I am embroiden in his love  
But my pen has written  
As I have forgotten  
His fence isn't forbidden  
It's part of my untold stories

He has once be a butterfly  
Who beautify my world  
He can still be a dragon fly  
That will dignify my world  
Are you still my Friend?

Femipeadia Stories

# She Wanna Take A Nap

She wanna take a nap  
But she doesn't wanna take a snap

She has forgotten that man  
But I will remind her who she stabbed

I will reprimand her of who she slapped

Till she is being hung  
Till she is being wrong

You can never take a nap  
Until you take a snap

For the wages of sin is death  
For the suffrage we seek is in dearth

Relax for you can now take a nap  
The jury has taken a snap

Your innocency has been admitted  
Your charity hasn't been underestimated

You can now take a nap

Femipeadia Stories

# Amaze Yourself

Amaze yourself and never mistrust yourself  
Respect yourself and never distrust yourself  
Report yourself and never destroy oneself  
Behind yourself  
is always a girl for yourself  
Discuss with the girl  
till you marry the girl  
Never report the girl  
Because she is just like yourself  
Amaze yourself and  
Never mistrust yourself.

# You Are The Dawn

I can't wait to see the dawn  
I stood straight to sing a song  
The twilight left boredom  
The night cleft toredom

I want to see your face in day  
We will dine and wine amazing the day  
I want to see your gait  
like those days  
I want to taste your paste  
even for one day

We will smile at the breaking of the dawn  
We will sign at our wedding  
In the dawn  
We will be happy and merry  
We will be snappy and courtesy

I don't wanna hiss in the dawn front  
I will rather kiss you  
straight to the point  
I can't wait to sing you a song  
Because the night cleft toredom

I can't wait to see the dawn  
You are the Dawn  
I can't wait to see you till noon  
I miss you, see you soon

Femipeadia Stories

# Nonny

On a lovely Tuesday morning  
I woke up and it was sunny  
I stood up to remember Nonny  
Her thirtieth was the cutest  
Her sleeveless was the smartest  
Her fortress was the strongest  
She woke with a glimmer of blessings on her face  
She rose with a trimmer of thirty to mark her days  
On this day  
May you be great  
For this plait  
May your gait be straight  
On this say  
May your God be praised  
My this day bring good tidings of joy and hope  
May other day seek good dinning of chicken & hum  
Hurray to a rare gem  
With a royal diadem  
for today is your anthem  
A day for the daughter of the king of Salem  
Happy birthday to Nonny  
Happy birthday to my stunning

Femipeadia Stories

# It Is Either You Or No One

If there will be another world  
I will be in your world  
If there will be another word  
I will speak of your word  
Just as Octopus bank on the ocean to exist  
I enjoyed having you by my side I insist  
It is either you or no one  
It's either me or no one  
Just as I choosed you as my princess  
Please, choose me as your highness  
Our journey in life shall tell an unforgettable story  
The world shall read of our love  
and there wil be no more silly  
Just at silicon valley we will merry with raspberry  
It's either me or no one  
It's either you or no one

Femipeadia Stories

PoemHunter.com

# My Tropical Girl

She walked gently towards me  
With her smile blowing away my emotions  
Her lips was a fiction of my picture  
Her appearance was a fulfilment to my yearning  
She sucked and kissed my lips like an honey  
Her kiss penetrate through my ?? heart  
Faster than the speed of light  
Her romantic lips was like a spell  
Her flexible waist was a cell I must confess  
Her luminous eyebrow was a Den I must attest  
Her Ampit smells nicely like a boutique  
Her chest stretched flatly like a betsaida pool  
Her breast magnetise me like a Louisiana suit  
Her broad face seems oily  
Her spherical head looks hairy  
As nail is attracted to a magnet  
I am attracted to you  
Despite all this encomium  
She isn't as terrible as you may think  
she often read her bible I must admit  
On smelling the Scent of her Lingerie  
I will be taking her as my monperie  
My tropical girl I am ready to love you  
For God is love I must confess  
You are the best.

Femipeadia Stories

# Ominira(Independence)

Our futures are full of Hopes and excitements  
For we shall disagree and agree within our apartments  
We shall shake the world with our Golden scope  
We shall make our word like a molden soap  
Fear and dismay might tremble at our relays  
We shall stay together to find Solace  
In tears and beautiful smile  
Shall we all receive the fruits of our labour  
It's our land, it's our father's land  
We shall defend and fight till the end  
Shall we fly over the fence  
Just like African thunderstorm?  
Shall we sly over our strength?  
Just like a prodigal Grandson?  
We are youthful, indomitable and bold  
We shall all remold our nation together  
Victory is ours, let's stay forever.

# My Amazing Kalahari Girl

How on Earth will I forget the Tajmahal?  
How on Earth will I forget the Kilimanjaro?  
How on Earth will I forget my ambition?  
Why do you think I will give up on you  
When it's clearer to you that I was meant for you?

I want our love to be historical like that of Tajmahal  
I want our love to be remembered as the Kilimanjaro  
I want our love to be remembered like a political ambition

I want you by my side and I will always stay by your side  
I will definitely make you happy  
We will go to church together  
Pray and worship God together  
I will sing and play guitar for you

I will give you the best children that will make you proud  
I will be the best man  
I will make you emotional and get you stimulated  
I will make you a complete woman.  
Thanks for being my love

Femipeadia Stories

# Naomi My African Pearl

The gentleman reflexly blabed at the sighting of Naomi  
Naomi is terrific and her presence caused traffic  
She looks distinct and succinct  
Her subordination and meekness was a reflection of her kindness  
Like a reflex scene of hoity-toity and topsy-turvy  
I nearly lost my sanity and misplaced my reality  
but, I could still trace your face right from the day we met

I was tensed and confused about the past and the present  
She walk stealthily because she was the Delta queen  
She sound humorously like the honey queen  
I was the gentleman who blabed at your emergence  
You are the Angel that holds the breath to my existence

I swiftly want to end the fallacies in my kingdom  
So that the reality will be devoid of heresies in your queendom  
That I am not to rich to win you in the Christendom  
I want to end the heresies in my kingdom  
That I am not fit to rescue you for our freedom  
I have a wealthy mindset and I want you to see me fulfilling many dreams with  
you by my side

Will you love because of his Turaya  
Or you will rather take me because you have met your desire?  
Your smile and eyebrow intoxicate me like french wine  
Your lips and innocent speech makes me cry& smile inside  
I can't deny the fact that we are both far away  
But we can make things happen if you could say Aye

You are my wish&you know I am fit  
My love is real, cant you see my zeal?  
So when can we have a deal?  
It is possible, just the two of us  
We can make it my African pearls  
We can make it Naomi

# The Charming Nubile

I woke up with a twisted face  
Just like a fitted necklace  
Just as west is meant for east  
She was meant for me  
My heart tour from North to South searching for her  
But an erosion of coyness emerged in my face  
Yet I murmured her accolades from my heart  
For God is love and true love is all for us  
Just as the penguin gets attracted to a river bank  
Her appearance was irresistible  
Her sweet smile seems unavoidable  
Whenever I set my eyes on her her velvety lips seems succulent  
Her stunning physique makes me insinuate that she was an angel  
Her gait looks straight and efervescence  
Her twinkling eye radiates like a charming nubile  
Earthquake and volcano suffocates whenever she emerged Like an Aura flower  
from Daura  
How on Earth will I forget the woman God has  
specially created?  
You are special and I am sorry I couldn't tell you  
How special you are since all this while not until when i was able to stay on the  
ladder  
Then I realized all your beauty and virtuosity  
You are the charming nubile.  
How has your day been?

Femipeadia Stories

# Sunrise And Sunset

I was overjoyed having you as a friend  
You are as lovely to me as a summer tale  
I cherished the day we met  
You stood by me as eyelashes are with the eyes  
My bond with you is like that of an entwined butterfly happily flying together  
I hope we had a lasting moment together  
Our bond is as cohesive as the bond between the Remora fish and shark  
From me to you  
Femipeadia stories, unfolding your untold stories.

# The Feeling Of San Salvador

It's a beautiful morning from El Salvador a place of aquatic splendour where lovers meet to share their beautiful moment, with her wind stretched towards San Salvador, hmmm, the sweet feelings of the wind reminded me of African lullaby's my grandmother often sing for me before I quietly drifted off on her Yoruba made mat. good morning my beautiful San Salvador. Thanks for being part of my untold stories.

# Thunderstorm

The earth made a drift movement

Like a paradise shift

Here comes the thunderstorm that amaze our world

Nature is good, life is beautiful

I just want to let you know how I cherished you like thunderstorm.
