A Drop Of Water

Every drop of water say,
Save me for your next day
Do not waste a water drop,
It is good for many crops,
Drop of water says to us,
Waste of water is a curse,
Every drop of water say,
Save me for your next day
Water helps in sowing seeds,
Its a part of daily needs
The cool breeze blows,
But the tap water flows
Every drop of water say,
Save me for your next day

The Mysterious Monkey

One day at the school time
I saw a monkey on the wall
It suddenly looked at me
And then it gave me a call
I was unable to trust my ears
That it is talking in my way
My friends call me for my classes
But I was unable to reply
I looked at the monkey and thought of a plan
That I will get it tame
And when my friends will see it
I will get a lot of fame
When I looked at the wall again
I saw that the monkey has left
I heard that the teacher was shouting at me
And she told me that I have slept.
