'All The Time'

All the time,
I really regret
Fighting with you
Nagging at you
And not trusting you.

How I wish,
That I had been better for you...
I'm sorry,
I'm not the perfect one, it's true...
But I'm pretty sure,
You're the perfect one, my boo...

Because all the time
That I fight with you,
Nag at you,
And don't trust you...
You still hold on,
And then you smile and say,
'I love you, too.'

'Before We Met...'

Before we met,
My heart was empty.
Then you came,
And became my baby.

Since then, you make my day
Really bright and happy
That you make me want to say,
'I love you baby.'

'Different'

You're so different...
Different from them...
From your friends...
And from every guy that I liked...
I wish I had been different too...
A better one...
A perfect one for you...

'Everytime'

Everytime I hear your voice,
I smile and say,
'What a pretty noise! '

Everytime I feel your hands,
I frown and say,
'He must've been practicing too hard.'

Everytime I smell you,
I smile and say,
'I wonder what cologne he's using.'

Everytime I see you happy,
I smile and say,
'Aww! ! He's such a cutie! '

Everytime I say,
'I love you, baby.'
You smile and say,
'I know that...
You love me so much.
You're lucky I chose you.'
Then you'll hug me tight
And whisper,
'I love you too, baby.'

'Forevermore'

The first time we saw each other,
I thought i didn't bother.
Then day after day,
We got closer and closer.
I know I knew you better,
And then we got together.

From then on,
My feelings for 'him' were gone.
They faded one by one.
So i guess you'd one.

Loving someone like you,
Wasn't really that hard.
To have you as my boo,
Was a cure for my heart
That had once been scarred.

How I wish that we'll never fall apart,
Because it would really rip my heart.
But somehow I know that our love is true,
Meant to be- me and you.
You are the one that I've been waiting for,
Hopin' our love would be forevermore.

'I See You'

When I look at the skies
I see you.

When I go to my bed,
And close my eyes,
I see you.

When I'm quiet and alone,
I see you.

I guess everything
Is you.

'Meant To Be'

From simple smiles to loud laughs,
From bright winks to fun tickles,
From standing close to each other to holding hands,
From tight hugs to warm kisses,
There it shows that we're meant to be...
From strangers to close friends,
Then later on became happy
With each other
Together

'Only You And Me'

Your love keeps me safe and warm
As if nobody could do me no harm
You make me feel so satisfied
This I cannot hide.

But why do they say
That I am blind?
They keep on asking me,
'What's with him that you did find? '
And I keep on telling them,
'I really dont know...
But for sure there's something in him
That makes my heart keep pounding.
Our love is true,
And that's what keeps us going.'

I dont care about what others say
All I care about is you and me.

'Together Forever'

Three months have passed
Since we got together.
But it seems as if
Our love would be forever.
You're still the same,
Unlike any other.
If I need you beside me,
You're always there.

Losing you,
I wouldn't bear.
Hating you,
I wouldn't dare.
Other guys,
I wouldn't care.
All I need is you...
Together forever
without any other.

'What Happened? '

Whenever I feel alone,
I just hold on to the phone
Hopin' that you'd call
But I guess you didn't want to...

Why, what happened to you?
What happened to our love
That was once true?
I can't believe you're gone...
So I guess our love is done...
I thought you were the one.

'Whenever I Feel Like Crying...'

Whenever I feel like crying,
And giving up on everything,
You tell me, 'It's not worth dying.'

Whenever I feel like crying,
And giving up on everything,
You tell me, 'It's not worth fighting.'

Whenever you feel like crying,
And giving up on everything,
I'll tell you:
It's not worth dying,
It's not worth fighting.
Here's my shoulder,
And I'll make you feel like flying.
I'll always be there,
Ready to mourn when you're hurting.

'Why Me? '

Of all those girls
who chased you...

Why me?

Of all those girls
who had prettier faces...

Why me?

Of all those girls
who dreamed being with you...

Why me?

Of all those girls
you know who wouldn't cheat on you...

Why me?

I'm confused...
What's with me?
Why didn't you just stop
When I told you I didn't like you?

I'm really sorry...
I guess I'm not the one
You expected me to be...
I hope you could forgive me.

'You'Re The Only One'

At night I cry...

Not knowing why...

Why I couldn't let you go...

Maybe, you're someone

Very, very special.

You're the only one.
