# Georgiale Butler()

# Will It Ever Been?

I stare at the screen and I wait to see,  
What has become of you,  
And where that leaves me,  
Why can't you be what you were before?  
So we can be again once more,  
And know it can't be the same for you and me,  
Because things have changed,  
Never to be

Georgiale Butler
