I Stabbed Her Innocence

In a moment when my heart was struggling to revive
And when my only soul was dying to stay alive
She came out of nowhere and gave a beat to my heart
then taught me what's love all about
She was the trust, faith, joy, peace, and love
She was the sweetest thing i've ever been given from above
In her presence i feel the pain getting vanish
It wipes my tears away the way she cherish
But Some how i knew i had to leave her behind
And disappear in the crowd though its aching my mind
I was vicious to her when i walked away in a silence
And that was the time i stabbed her innocence
She was ablazing, and i was ablazing much more
When i took away from her what she has been living for
Giving back the beat she gave me, and my heart
I loved her more the day i left her apart.

Pull Me Up

When things went wrong
When i lost where i belong
I let go of my heart and kept away

When my life become tough
When all the paths got rough
I let go the pleasure of my hey day

When all the people become cruel
When every body saw me as a fool
I let go of myself where alone it can stay

But when you came up
You were able to clear my life's map
So please pull me up from my misery.

So Weird

I paused my self in the confussion field
When i realized things around me are so weird
observing from all directions in the middle of no where
I found my self living in a world of no fair
A poor boy who forgot the taste of the bread
Lost the hope in a moment when no body cared
A sad girl that saves her tears for her thirst
Died the moment she had no real just
A desprate mother who dont even know how to hold on any more
Faded the optimism when no body opened the door
A helpless father who couldnt make keeping his word
Humiliated when love was vanished from our world
So lets unblind our eyes and unfold the mystrey
So that to heal their screams and create a new family.

That Human

Is there any human out there
Who can trully treat a human so fair
There is a human inside me living in vain
Feels nothing but pain
There is a human inside me crying like a child
Killed by the people who acted so wild
There is a human inside me suffering so bad
Since the day they stole the life he had
There is a human inside me who have been imprisoned for decades
Tied up with chains of haterds
So is there any one who can make sweatness out of the lemon
because its me that human.

Thank You In Advance

Though we havn't seen each other
though our distance seems to bother
though we are in different lands
though never were touching of hands
i've trust in U without any fence
thats why i'm thanking u in advance
i'm thanking u for being there
when there is no more existance of fair
i'm thanking u for helping me find my vision
when hope got lost in the space of illusion
like an empty glass in the wide deseret
like a prisoner looking at a pictures of a resort
like a bird on land thats losts its wings
like a slave serving all the kings
like a blind living in a paradise
like a great dancer who gets paralyze
like a child on the street looking at a child in a park
it hurts me to talk alone in the dark
but i thank u in advance b/c u'll come one day
then all my reasons of sadness will melt away

Why

i began asking since the day of my creation
without realizing thats its the same question
why is that i couldn't find to my love a home?
while i placed it in my heart as a golden dome
and honored titling with its name all my poems
why is that i couldn't find to my love a heart?
while my heart was by blood painting all the art
and draw a heart that tears my heart apart
why is that i couldn't find to my love a heaven?
while from above the innocence i was given
and made all who's around me happy 24/seven
why is that i couldn't find to my love a girl?
while i'm full of promices that i'll collect all the sea's pearls
and bulid a palace with it and trees in a design of curl
but why is that i couldn't find an answer?
while i'm asking the same question over and over
i guess i'll ask till she comes and answer it once and forever

Look For Your Strength

Its all about you and your self
to find a way of altering your life
look for your strength and avoid every thorn
you have to do it all by your own
reach into your deep soul of humanity
then treat yourself as a person not personality
emit your god given gifts of love
to cure all the pain that you have
tears will dry, sadness will melt away soon
so be wise and realize that your life is a priceless boon
don't kill yourself with the outside irritating noise
just siege your soul with your unstinting poise
don't let your heart live in vain
because thats a treasure we are putting in pain
just smile whenever you feel you are in the jungle of loss
because no one can define our lives but us.

Who Am I Waiting For?

Who am i waiting for
while i open the door
is it someone that shines alot
when things fall apart
or someone that shows care
when my lone heart scares
or someone that gives love
when nothing left to have
or someone that have me through smile
when tears makes my life not worth while
or someone the truth in me who see
when all others become judges on me
or someone who knows how to treat
when my hurted heart losts how to beat
or am i dreaming of someone that is not existed to heal
so i'll keep dreaming because my dreams is what'll remain real.

I'M Finally Lost

since the day i was born
since the first breath of my dawn
since the day my heart had a beat
since the day i stood on my feet
since the moment i inspired by hope
since the time i held faiths' rope
since the moment i was a kid
since my first emotion needed love indeed
since the day i become a man of my own
since the first time i felt trully alone
i've been looking all over for you my whole time
to save me from my punishing fate wihout no crime
but i started crying when i got surrounded by all fears
till i finally got lost in the ocean of my tears

Here I'M All Alone

Here i'm all alone
in the sphere of new dawn
facing all the day dreams
calming down all inside screams
i'll work hard to find my lost trip
a righteousness that is away from slip
one thing i'll keep looking for 
that is the real of me nothing more
where ever i go what ever i do
my only hope is to keep being true

Can You Promise Me!

Can u Promise me
you'll be there for me
in my darkness hollow
in my moments of sorrow
in my deepest desprate
in my painful fate
when no body will be there
will you still care
because i promise u from my soul
i'll be there for u before all.
