## Hailey Charette()

I grew up in Tennessee. I love to read books and write stories. I'm currently writing a book. Many things have happened in my life and writing is a way to express that. I think that everyone who writes should do so and keep at it because one day someone may read it and can relate to it.

# A Rose

I search and search for the rose,  
That only blooms in the purest of moments,  
When the moon is full,  
And the stars are dim,  
I search,  
And only seem to catch a glimpse,  
Of its beauty.

# Apon A Moonlit Path

Upon a moonlit path we walk,  
Your hand is clasped in mine,  
We listen to the world around us,  
We look for a hidden sign.

As we look to the stars above us,  
We see them glisten bright,  
They tell of secret wonders,  
They tell of this glorious night.

We follow hidden pathways,  
Laughing all the while,  
Singing joyous music,  
Watching the stars run through the sky.

We hurry to the water,  
We sit upon the edge,  
Watching moonbeams scatter,  
The moon still on its ledge,

The birds begin to sing around us,  
The sun begins to rise,  
The sound of sweet sweet music,  
The sound of sad good-byes.

# Autum Moon

With the autum moon  
comes the falling rain  
Comes the stars above  
comes the chilling pain  
comes the deep dispare  
comes the humid air  
where i can hardle breath  
and the people stare.

always watching  
waiting there  
for me to fall  
for me to dare  
break the chain  
theat keeps me tied  
to the presious shadows  
to the place I hide

once out of the darkness  
out of there sight  
I'm finally free  
to make this final fight  
to finaly dare  
to take a stand  
to finally walk  
on freedoms sand

# Emotional Scars

Every living moment  
Makes a scar  
Of its own  
It leaves us bleeding  
Helplessly  
Because we're so alone  
Every aching moment  
And every day  
Of pain  
Only makes our hearts  
And our minds  
Stronger  
Pain and despair  
Scar us with anger and hate  
Hope and love  
Leave no mark  
And cant even heal  
My bleeding scars  
The scars run deeper  
Each and every moment  
I stay here  
In this cursed place  
Hate  
Anger  
Pain and  
Despair  
Are the only emotional scars  
I learn  
Where is the love  
And compation i hear about  
I only see darkness  
And pain  
I see no hope anymore  
Only fear  
Only scars

# Every Moment

With every moment  
With every breath I take  
I think of you  
I think of all the moments we shared  
And your wonderful smile  
I think of our happiest moments  
And then my worst pains  
Begin to fade  
I feel  
With every moment  
I'm with you  
Like I'm whole  
You complete me my dear

# Hope

We all hope,  
For the sky to turn blue,  
For the stars to shine bright,  
For the word to be right.

We all hope,  
For peace in the world,  
For there to be love in our hearts,  
For there to be no more darkness in our minds.

# I Said A Prayer For You Today

I said a prayer for you today,  
And know God must have heard,  
I felt the answer in my heart although He spoke no word  
I didn't ask for wealth or fame  
I knew you wouldn't mind  
I asked Him to send treasures of a far more lasting kind  
I asked that He'd be near you at the start of each new day  
To grant you health and blessings  
And friends to share your way  
I asked for happiness in all things great and small,  
But it was for His loving care I prayed the most of all

# Listening

Can you hear the leaves,  
As they rustle through the wind,  
They match the beat,  
Of a thousand drums,  
As they role across the sea,  
Can you hear their stories,  
If not,  
open your ears and listen,  
Open your heart,  
And dream.

# Love

Some say  
Love is a curse  
That it is cruel  
And only leaves you broken

I say  
Love is special  
That it is sweet  
And hard to find

I searched for years  
Looking for love  
Yet if I was only patient  
It would have found me

Well  
Finally I waited  
Then not long after  
You found me

# Memories

Every memory flies past me  
like an arrow  
we were so happy  
and then  
it disappeared  
along with you

the memories escape  
and I begin to cry

I'm being told a truth  
I'd always wished  
I'd never hear  
your gone

I'm told your never coming back  
but that I already knew

My heart cries to you  
but I know you'll never hear it  
My heart has fallen to pieces  
waiting for you to mend them  
but you never will

I've fallen from this cruel world  
waiting for you to find me  
but I know  
I'll be lost in the dark  
forever

# My Little Brother

With every beat of my heart  
I think of you  
So young  
So true  
So missed  
I knew you  
Only a short time  
Then like the mist upon the shore  
You were gone  
They took you  
And I couldn't get you back

# Pain And Sorrow

On desolate wings  
And broken hearts  
We go

We follow a path  
Broken long ago  
By tears once wept

We walk away  
All hope gone  
Only the road ahead

With pain in our hearts  
Sorrow in our souls  
We leave all we ever knew  
Behind

We look  
For a safe place to hide  
From our pain

Yet we know  
no matter what  
We can never outrun it

# Secret Of Silent Dreams

As I sit there bathed in the mist of the moon  
I hear the faintest whisper in my ear  
It sounds like you  
But your not here

I keep thinking  
Each morning when I wake  
You'll be here making even my darkest days  
Seem brighter somehow

Every waking day and moment without you  
Makes my world seem dark and gray  
Even the moons light doesn't shine as bright  
Without you here  
with me

It seems as though the world is trying to tell me some ugly truth  
I'll never see you again  
Or be held in your loving embrace  
I wish you were here to tell me different  
But you aren't  
So this is goodbye  
Forevermore

Hailey Charette

# Sun And Moon

Dark vs light  
Everything out of sight  
Darkness the evil  
Light the good  
All stand before time  
All try to bend the tides

Hailey Charette

# The Little Girl

A little girl sits crying, knowing not what to do, she waits for the man to make all be true, yet the curse on her is to powerful still, and with each passing day her heart grew still. No one noticed, because no one cared. So she faded away, and there was nothing more, but a tear stained floor

# To Love

To love,  
Is to live,  
Without love,  
What in the world,  
Would you do?

Hailey Charette

# Untitled

To love someone so much it hurts  
To be always cast aside  
To know the pain of true loves past  
To try and not to cry  
To know a life so full of joy  
To have it thrown away  
To wish that you could turn back time  
To wish for saving grace

Hailey Charette

# Waiting

I stand there,  
At the waters edge,  
Staring at the reflection,  
Of the moon,  
I'm waiting,  
for you,  
Waiting,  
For your warming smile,  
Waiting,  
For your hand in mine,  
Waiting,  
With my memories,  
And dreams,  
Just standing there,  
Carelessly,  
Waiting,  
Just waiting,  
For you.

# Who Am I?

I am a book,  
With so many pages,  
I am a song,  
With a sweet melody,  
I am a writer,  
With such an imagination,  
I am a horse,  
Running through a quiet meadow,  
I am a poem,  
that can never be written,  
I am an eagle,  
Soaring high in the sky,  
I am a raindrop,  
That falls on the roses,  
I am the whisper,  
That is in the wind,  
I am a dove,  
Among white roses,  
I am the child,  
Lit by the light of the moon,  
I am a dolphin,  
Smart and always free,  
I am a tiger,  
Who can be fierce,  
Yet gentle all the same,  
I am who I am,  
I am me.

# Yours

My heart,  
My soul,  
My undying love,  
Belongs to you.

My sun,  
My moon,  
My stars,  
Are yours.

My world,  
Is you,  
Is your smile,  
And your hand in mine.

My love,  
My life,  
My joy,  
My everything.

Everything I have,  
All that I am,  
Forever and always,  
I am yours.
