A Cup Of Coffee In Acura

?????????

A cup of coffee in Acura

?????????????

Coffee in Markham Acura is free of charge

?????????????????

It is part of the car sales service

?????????????????

Sometime they would give you a coffee mug

?????????????

Printed on is the Acura image

?????????????

Actually it is not at all free

?????????????????????

Those cost will be showing on the auto purchasing price

?????????????????

People aren't going to car dealer for nothing

?????????????????????

Normally for buying repairing or maintenance

??????

I am no exception

???????

When I back out from garage

?????????????????????

Side mirror on my right scraped the garage door frame

?????????????

The whole mirror smashed completely

??????

This kind of accident

???????

I felt even ashamed to talk about

???????

Super low grade mistake

??????

But it is better than

?????????????????

This kind of accident happening in highways

??????????

That would not only be shameful

??????????

That would be a real accident

??????????

Luckily it happens not so far

??????

At the doorsteps of my own home

??????????

Like the Custom of a small country

??????

This is my house

????????????

I can do what I really like

????

And I can

??????

Drive to Markham Acura

????????

Have a cup of free coffee

?????

And I know

??????????

This cup of coffee is not cheap at all

A girl one year older
The girl of my neighbor
Quietly grows
One small tree
Thriving with time
A day to celebrate of birth
A day for friends to get together

A girl grow one year older
A million miracles can happen

One of them is friendship
Sometime it happens with no omen
Sometime it happens with a purpose
As the little poem I am writing
A sincere wish for you happy birthday

The neighbor girl one year older

All miracles are all possibilities

A Night Of East Wind

????

A night of east wind

????

A night of east wind

I wonder

???????

If it is the winter extension

??????

Or the spring effulgence

?????????

Though, early morning,

Full clouds and rains under heaven

????

A ground of damp

????????

I wonder

If it is the winter icy frost

??????

Or the spring clear dew

?????????

Though, open doors,

To embrace thee fragrant breathe

????

Silent as me

????????

I wonder

If it is the memory of the past

??????

Or the longing of the future

?????????

Lost in deep thought, waiting

The news from you

Autumn Is So Stubborn

??????

Autumn is so stubborn

??????????????

Suddenly felt autumn is such a stubborn boy

??????

He doesn't want to leave

????????????????

He wants to stay with sunshine so bright

????????????????

He wants to stay with so breeze so warm

????????????????

When the time winter ought to come

??????

Autumn doesn't want to leave

????????????

As the leaves left on the tip of the tree

??????

Even winter comes

????????

Friends have all left

????????

It's a season for others to be on stage

????????

But autumn is such a stubborn boy

??????

He doesn't want to go

????????

As the sun in autumn

??????

Still bright as the beginning

????????

Breeze like so fondling my blue shirt

????????

Weather is so mild

??????

I feel flattered

????????

The unnamed terror deep in heart

????????

All because of the change of seasons

????

Winter doesn't come

????

My heart is restless

????????

This autumn is such a naughty boy

????

He doesn't want to leave

????????????

Dark cloud of winter has already quietly stepped on stage

????????????

Gradually the bright sunshine has been isolated

????????

A fight is hidden inside

????????

A fight between autumn and winter

????????

Children are beside me

????

They are doing their home work

????

I am writing poem

????????

They are broadcasting the poem of Walt Whitman

????

Autumn is outside of my windows

????????????

A tiny house in Fawndale Crescent of Toronto

????

Time quietly flows

????

Although autumn is so stubborn

????

Winter is on its way

Beauty

??

Beauty

????????????

Beautiful happens everyday

????????

Wind stops on the height of tree branches

????????

You walk toward me from street corner

????????

I must adjust word font

????????

To adopt those beauties

????

A layer of lowering dark cloud

????

Though my mood is in the other side

????

Bright as shining of the sun

????????

Penetrated the thickness of cloud layer

????

All brightly whitened under the sky

????????

You also had such beauty in your life

????????

Only you have been so busy

??????

Just like those vehicles

????

Penetrating states and capitals

????

With an uncertain destination

????????

With highways winding rugged

Those heavily loaded vehicles

Profit driven

Poetry Can Best Dress You Up

????

Poetry can best dress you up

????????????

I cannot find anything in the world

That can be as rival with the beauty of poetry

Only a few words needed in poetry

No matter if it is built with steels

Poetry stays

Poetry close to soul

People usually forget the intrinsic strength

The strength of poetry is intrinsic

Compose the soul of human kind

Also exists in the personal characteristics

????????

We often saw

??????????

Often showing off of the stylish and hyper smart people

Many of them you cannot see their heart

They are cool face silent

Never care what you think

Never share their opinion

I deeply doubt

If they have their own opinion

But poetry can show your heart

Spring Rain Attacks This Night

Spring rain attacks this night
By Oliver Hua

Spring rain attacks this night
Another sudden warmth defeated a night of winter cold
Dense rain fast pouring attacks over a thousand miles
Cloud fast moves a foggy night
Feathers of all flying birds turns into this scattered rain
In a night of rainy spring

The warmth of spring rain
It is because of March
The night of March
A month spring stays
Spring has come back
An attitude of fast thunder
Attacks from thousand miles

There is a March in every year
Always in expectation of messages
It is the regret of travelers
The regret by the end of world
Come with the night attacking spring rain

The Death Of A Solders

The death of a solders

By Oliver Hua

The value of a solder is not the war

The value of a solder is the peace he protects

The war that causes people losing their home

Is evil

The evil war plunges people into misery and sufferings

In war, solder has a duty bound

Therefore

The honor of a solder

Will never be how does he live

But must be how does he die

The death of a solder

Must relates to war

Relates to the protection of peace

The death of a solder

It can happen

As long as this death

Can save more life

Stop the evil war

Sometime needs to take the risk of death

Needs the honor of solders' death

?????????

This year winter comes slow

?????

The slow cold

????

Suffusing the sky

???????

Air becomes fragile

??????

As frozen thin ice

???????????

So fragile it breaks even with a light touch

?????

This year winter

???????

Slow as a thinker

Comes cool headed

Allow autumn has its liberty

He comes slowly

As a hidden soldier

It is the cold in the morning

Winter must come

Nobody doubt this fact

Somewhat slow

Those fast tempered

Maybe so anxious in waiting

Please be quick if you come

??????

Come with icy sky snowy ground

??????

Come with fierce wind angry snow

??????

Simply come, do it

But this year winter comes slow

????????????

Sometime it takes rest at the turning corners

Makes us anxious in waiting

????????

We are so anxious in waiting

Today

??

Today

??????????????

It uses to be a symbol of the Chinese poetry

??????????

But it has become yesterday already

??????????

Even it is the day before yesterday

?????

One matter

???????

You accomplished it

?????

That is it

??????????????

Every one of us has many todays

??????????????

Some time it is a beautiful nice day

????????????????

Some time it may be awfully bad failed

?????????

But no matter what you think

?????????

We must live through today

??????????????

And today will always pass

??????????????

As tomorrow will be another day

???????

Another today

???????

It may be completely the same

?????????

It can also be completely different

???????

But after all

???????

We will make some changes

???????

Not necessarily become better

???????

It might not become worse

???????

Just like you have two eyes

???????

You can open all of them

??????????

You can also close them all

???????

It is all up to yourself

????

It has nothing to do with me

????????????????

Today or tomorrow or the day after or the day before

?????

It has nothing to do with each other

??????

Where is the logic

??????

Life has no logic

???????

Life is flowing and rolling

????

That is it

So what?

Twenty Four Addition

Twenty four addition

?????????

Twenty four hours a day

?????????

You can find something

Something usual

?????????

Normally we do not pay attention

?????

But I found a little while after

???????????

The specialty of the number twenty four

?????????

So I want to let you know

???????????

Actually, those maybe very useful

?????????

I calculate it with addition

???

I discovered

???????????

This number can be decomposed

?????????

And become eleven plus thirteen

???????

Those are all odd numbers

???????????

Some numbers are considered sinister

?????????

The number of people in the last dinner

????????????11

And the Arabic number 11

????????

So much loneliness, let alone so much odd

????????

I calculate it with addition again

????????

This number can be decomposed

???????

And become eight plus sixteen

??????

Those are even numbers

????????

Some numbers are considered auspicious

????????

Eight sounds lucky in Cantonese

??????????????

Sixteen in Chinese means going well

????????

So much harmonious, and calm in peace

Even during weekend

I must send kids to those teachers

?? Gate Face

??

Gate face

??????????

Gate face is a Chinese concept

??????????

We can only translate it like so

????

Just as Guanxi

??????????

A simple word

??????

When observe from surface

??????

It means relationship

????????????

But the deep meaning of Guanxi

????????????

Noted by English people

????????????

So they created this word

????????

Menmian is also

??????????

Gate face is the surface

????????

It has deep meanings

????????????????

English people may not notice

????

So I say

????????????

Many works not completed

??????????

Many even has not started

??????

China and world

???????

How much misunderstanding by the end of the day

???????

What I understand is limited

???????????

I think there will be nobody can understand completely

?????????????

I only can work within personal capacity

???????????

To expose some side faces

???????

Culture is a thing

???????????

Actually not that simple

?????????

But Menmian or gate face is very important

?????????????

If misunderstood this word

?????????

You may misread China

???????

And up to now

???????????????

I have not seen Menmian standard English version

?????

I really doubt

?????????????

If we are all misunderstood

???????

Gate face is very important

???????????

It can be your clothes

?????????????

It can be your language

???????

Really important

????? Youth Twig With Snow

???

Oliver Hua

??????

The winter of holidays

????????

The best to see tranquil snow drifting

????????

All the twigs in the yards front and back

????

Full of falling snows

????????

Concealed the luxuriant spring and summer

????

Concealed the prime youth

????

Prime as the spring

????

Winter in North America

????

Each and every breath

????

All is so deliciously delicacy

????

So delicate

????

All those unhappy moments

????

All gone with winds and snows

????

Includes the sorrow inside

????

Prime youth as sorrow

????

In weeping and in complaint

????

Prime youth also as so easy turning old

????

The youth hair turning grey as snow

????

Drifting down

????

Upon the twigs

??????

The winter of holidays

????????

On the twigs in the yards front and back

???

Full of the falling

?????

Drifting winter snow

??????

Those prime youth time unconcealed

????

Drifting in great strength and vigour

????????????

As the prime youthful snow concealed all the past!

?? Morning Snow

The dusk line of morning snow

????

The earth and heaven in unison

????????

The vast road so slender to remote distance

????

The tranquility of my heart

????????

In peace with those morning snow all over sky and fields

??????

Moved by this dusk line of morning snow

????????

Moved by the first imprint of early driving

????

This morning snow

??????

I wonder when it started

????

A night sleep of winter

??????

Woke in this vast snow morning

????

My heart so woke up

??????

Remembered among this snow morning heaven and earth

????

Remembered slowly gradually

????

The past has gone for thousand years

????????

The snow morning in North America after thousand years

????????

Remembered not only the mourning for the past

????

People who woke up in the early morning

????????????

The first imprint of early driving on the snow of this snow morning

????????????

Those are the endeavour for the distance of this snow morning

????

The distance of snow morning

????

A distance seems you can never reach

???? Wind & Rain Passed

????

Wind & rain passed

??????

Winter rain in Toronto

????

Quietly spraying

???

Wind blowing waving

????

All grasses rustling

????

Dark cloud densely sealed the sky

????

Sunshine fading out

????

A time of sorrow cold

????

Heating is so rich

????

Beauty went out

????

Children are inside house

?????

Boy is outside too

????

My daughter has all the noble characters

????

Sometime piano plays

????

A sound of eternity

????

Windy rain has passed

???????

Weather has not yet turned to bright

????

My mood like so

????????

As the brilliance behind the cloud

????

Beyond the cloud

??????

All thoughts we could

??????

Winter rain in Toronto

????

Quietly falling

????

Although the yearly cold

????

But reminds me

????

The warmth of spring
