Halloween Nightmare

# Dark Love

It is a night of darkness, a song of blood,  
wolves vent their pain. The dark one  
rises.

Evil shrouds her deathly form,  
an eternal wrath.

Her raven hair cascades over  
pale shoulders, and her  
full blood red lips part slightly, to taste the  
darkness streaming from the  
pale flesh beneath  
her.

Now a night of ecstasy,  
I remember her.

# Depression Love

Depression is the pain  
life is the game  
when my heart beats it feels like it skips a beat  
when i sit i sit alone when i look around theirs nobody to be found  
but what people dont release is that im not evil  
i wont hurt you  
i may be different but hey who isnt  
im not like you but that doesnt mean i dont have feelings too  
im shaw if you all got to know me im sure im just like you  
but know one wonts to give a goth a chance  
and thats the only reason why u dont like me  
cause you wont give me a chance  
ive done nothing too harm you  
and i never will  
so give me a chance

Halloween Nightmare

# Devoid Of Love

the night falls in a heavy, suffocating cloak, lost are we.  
the emotion for which you sacrifice yourself  
flares once, then dies,  
devoured by madness.  
all hope must die.

your soul thrives no more.  
how could you abandon me?  
demons surround us, crying,  
we are fallen.

# For A Friend We Miss

Everyday we think about you  
your someone important to us all and  
herts to think everyday we wont see you agian  
but everyday it gets harder and harder  
and we miss you more and more

You were a great friend to us so very important  
but we think about why you did it  
and if you thought about us before you did it  
would you have done it anyway if you saw as like this  
Would you have done it still if you knew how much it herts  
And how much we cared and we sit everyday and wonder  
do you miss us As much as we miss you

We all went to your funeral and still couldn't believe it  
you will always remain in our hearts for Eva and everyday we count down the  
Days until we see you again and when we do see you again  
Will you remember us the way we remember you  
So happy so thoughtful such a great person we all miss you allot

Everyday we sit and well go quiet and that's when you know were  
Thinking of you we always think about you  
And we will never get over this pain from when you left us  
When you left us that night I hope u remember even though you left  
Us we will always love you for Eva

And as these tears wash over our face we cry for you  
you caused as all to cry when you left us so horrificaly  
your spirit lives on our hearts we shall not forget you as  
Years go on and we will never forget how great you were  
Their will never be such a great person like you were in this world  
Thankx for being a good friend to all

This poem was written for jonah.s. you will foreva live on in my heart

# For My Lost Friend

The day you left this world  
was the day i lost my mate  
it was so hard to beleave you  
were goin,

it was so hard to beleave you  
wont be their anymore,  
the thought of not seeing you smile  
or how you allways asked me for a  
smoke but you never had to say it  
i got so use to it i just said yes and we would  
laugh and you would smile i loved it when you smiled  
it allways made so happy  
but now i just have the memories  
of us now and pictures i miss you  
bro

# Heartache

I try so hard  
but never succed  
I wish i was pretty  
but would that help me  
I am lost in my thoughts  
but do you blame me  
I can smile  
but it would change me  
you look at me  
but you dont see me  
If you saw my body  
you'd call me fat  
but that would not bother  
me  
i am me and you are you

# How I Loved

today of all days i feel so alone  
for so many years i've been alone  
today is different

i use to have someone  
like everyone else he was my only sunshine  
but the love died and he hurt me  
it went so dark  
i couldn't see where i was going  
i had to leave but couldn't bring myself  
to do it i cared so much it hurt inside

i cried for months not knowing if you  
cared or if you ever will  
so i wrote this poem for you

# It Hurts Doesnt It

i thought it was for ever  
but for ever never lasts  
ever time you said you cared it was just  
another lie.

i was an always would be just another girl to you  
when i slept in ur bed u wouldnt touch me u never  
even kissed me.

you said i cheated but you know you lied  
i would never do something so selfish.

when you said you cared an that youd never cheat or lie  
how come everyone was telling about that girl at that party  
you said you'd never lie so you see it was never a relationship  
but it was a lie.

# My Life My Death

my life has been taken over by my thoughts of suicide  
cant help but think of death and how it would be  
when im gone im laying down in bed with these  
thoughts of how i should do it or should i try to run  
from these thoughts

i try and fight them off but i cant do it  
i cant shake these thoughts their killing me  
i try to run and they  
grab a hold of me and put a knife  
in my hand and chase me until finally  
make a noose and hang my life away

now im gone and im sorry for being  
so selfish but i couldnt escape it took  
over its like a disease that i cant shake  
it crawls all over me like a bad dream my life  
was just a dream a bad dream that wouldnt  
go away

my life is lost and im gone i have nothing  
i am nothing but a ghost

Halloween Nightmare

# My Sorrow

My dread grows as doom's scythe falls against my neck.  
It slays me, and darkly my  
blood drips  
to the wicked earth that is my prison.  
In my madness I beg forgiveness  
while death looms.  
Now alone, my blood falls upon dead eyes.

This is my doom

Halloween Nightmare

# The Dust

my heart has turned 2 dust  
a thousand times or mor  
and has never felt this lust  
the lust that longs in my heart  
wen im wit u.  
my heart folds wen im around u  
leaving me with my dust wen ur not  
wit me a flame burns in my heart longin  
4 ur touch.  
wen ur wit me my dust turns 2flesh  
and my heart lingers.  
the lust i feel brings happieness 2my soul  
and puts my flame out.  
the feel of ur touch surrounds my heart  
leaving me wit chills all over  
and my thoughts of how i miss ur touch

Halloween Nightmare

# This Is Me

u stare at me  
u wonder what i was  
thinking when i left this morning  
u take 1 good lookat me  
and then u ignore me  
u run into me in the hall way  
and knock me down.

u dont say sorry u  
didnt even see me their  
im a goth a freak of nature  
a nothing a nobody but finaly  
i am somebody i found someone  
who sees me for me  
and doesnt care.

but nothings changed u still stare  
occasionally u ask me a question  
what is with the make up  
or y do u dress the way u do.

i am who i am im never  
gonna be that prissy little bitch  
standing beside u

Halloween Nightmare

# Torcher

what have you taken away?  
a shadow of betrayal as emotions scream.  
once we tasted innocence,  
untainted and hand in hand,  
but your thirst vanished.  
a sickening pool of darkness -  
drops of blood follow pain, follow hate,  
love burnt to ashes.  
in a haze of hatred,  
i condemn you.

Halloween Nightmare

Halloween Nightmare

# Vampires Die For You

In the valley,  
before i lay  
someone come  
and kill me now  
I drown in the fear  
of my lust for your  
blood.  
the fear of falling  
for my lust  
my thirst  
of your blood  
it fills my heart with  
blackness  
slowly killing me  
i cant give in but the  
thirst has gotten stronger  
i must have too so i slit  
your throat drained  
you of your life  
and drunk your soul  
your blood drained me  
of my soul and  
now im dead  
and so are you  
the first of your blood destroyed  
my soul

Halloween Nightmare

# Voices

Today i feel so down,  
so broken inside,  
like i've lost my soul.  
i always feel so worthless,  
im so scared to leave the house  
someone might see me,  
they always pick on me  
they call me mean names  
i always run but like they say  
you can run but you can't hide these voices  
in my head they drive me insane  
their ending of my life

Halloween Nightmare

# Who Am I Now

I feel theirs nothing  
for me no place  
for me  
here, i've always felt  
alone like when i was  
a child no friends i was  
always alone.  
kids made fun of me  
no place for me  
i always moved around  
a different shool a new face  
i always had to be tuff.  
their was no place for a  
kid like me a lost cause  
they use to say a nobody like  
you whats the use of your life  
you've never stayed in one place

Halloween Nightmare

# Why

I sit here  
an i wonder  
why did i do it  
why did i hurt her  
i just lowered myself  
to their level.

what have i done  
i should be punished  
why is everyone cheering  
it wasn't heroic  
it was wrong.

why are you calling me a legend  
i put her in hospital  
i could have killed her  
or worse made her brain dead

you people think im a god  
but im not  
i did something stupid  
i just lost it
