## \*\*\* Beauty Queen Feels

As I wake by your side,  
My feelings for you I can not hide,  
I touch your face in the morning light,  
Being with you just feels so right

You make me feel like I'm a queen,  
Like being inside an awesome dream,  
Although this is real, that I know,  
As the love that surrounds us continues to grow

I think of what the future holds...  
Marriage, children, us growing old,  
And as I lay, with you dear,  
I'm just so glad you're mine, you're here.

### \*\*\* Dwell

Dwelling upon the positives,  
pleasant and benevolent features of mind,  
Negatives will disappear.

## \*\*\* Togetherness

Youngster and beautiful  
Continue many things  
Will come in the way  
Walking to be learnt  
If you do have desire to  
Them and all  
But never walk in this  
Aspect behind  
May also not shift the path  
We are continuing  
To be together  
For considerate  
And real  
Alleviation to the real path  
Avenues will come up  
Where we are to take turn  
Where we do not  
Has to be decided by destiny  
Where we are to reach  
Ultimately  
As eternal  
Dear do you realize?  
Believe in eternal  
Where we sleep together  
No body stops  
In dreaming positivity  
No one comes in between  
To think of negativity  
In dreaming of a beautiful morning  
Evening  
Afternoon  
And night  
Too  
Eternal  
"If optimism is there no one comes in between"  
"Yes! You are right"  
Certainly  
Not optimistic  
Certain

And exactly  
No body comes  
In between  
The eternal sleep  
Every one tries to leave

Every one single being  
"Dreaming not in delusion"  
Selfish here we both are not  
If we go together  
To have slept  
Together as  
Eternal enlightenment  
And strengthens ours  
"Of perfections, of happy ending"  
Togetherness, approvingly.

### \*\*\* Wisdom

Offered if the monarchy, will not jump at offer,  
And sit on throne?

Make the shift of negativism to positivism,  
Quit self condemnation,  
Attain Self-elevation.

## \*\*\* Women

Do you worship women as a goddesses?  
Why not respect at home and at many other situations!  
Double standards contibutes to unhappiness.

## \*\*\*a First True Love

You are my heart,  
which will always remain with me.  
I envy our sweet true love,  
a love that will last through eternity.

You are my first love,  
who I hold so tight.  
I hope you never leave me,  
I could never bear such a fight.

You are the one I cherish and hold,  
the one that whispers in my ear.  
I give myself hope,  
only when you are here.

You are my happiness,  
when I cry.  
You are my words,  
when I can't speak.  
You are my life.

You are an angel from heaven,  
who can make our wishes come true.  
I can't live without your love,  
I must come see you.

## \*\*\*a Friend In Me

My joys I share to you  
This moment  
I am giving it to you  
My smiles my laughers  
Are all because of you  
Happy to know  
I have you here with me  
Happy to know  
You are a true friend  
Who will stand by me?  
Through thick and thin  
I know now I could fly  
Fly high to the mountains and skies  
I know I could swim  
Swim to the deepest oceans  
Because you are with me  
My dearest friend

To the Altitude  
We are together  
In the deepest oceans  
We are hand in hand  
We are always together  
To fly high to the sky

No cliffs or stiff roads  
No dark clouds or even thunderstorm  
When you are there to guide me  
For you're my sweet angel  
My half wing my pillars  
Through the storm  
For all these my dear I love you  
You're a friend in me  
That I am deeply grateful with.

## \*\*\*a Gentleman's Face...

\*\*\*A GENTLEMAN'S FACE...

(This poem is dedicated to Beautiful Poet Catrine Heart) .

A man of age whose sporty looks give warm in fair  
The grayish hair tells the wisdom, he gained  
Over the years of his journey's through the carousel's fate  
Sweet and gorgeous that's what he is  
A man of stunning vision sailing on the ocean of knowledge  
Whose kissable lips throw the sweetest kiss?  
To the ears of the woman he loved and loving.....  
Standing forth before my eyes  
Oh! What a handsome knight kneeling before the lady's eye  
Cheeks so rosy, making room cozy  
Putting butterflies in every door  
Scented candles on the floor  
With rose petals painting in mind  
Admirable knight of page, a quarter to fill your space  
Thank you for the moments of love you share!

## \*\*\*an Adieu

This is our time!  
May be further  
10 to 15 or 30 minutes  
But it is ours time now!  
Do not leave me in middle  
I am not finished with you  
We have started on  
And you would like to depart?  
As dating as you do have  
To attain none but to me  
Although I am present  
And before you  
At you sought time  
Please think  
Importance of the moment  
Do not leave me  
Half single  
In the middle conversations  
And more beneath the moon  
We are sitting  
Under the influence of  
Breeze we are inhaling  
To be more healthy  
And lovable  
Not to the people  
But the heaven too  
Believe and please  
Do not leave!  
True! You are, always  
You want me to compulsorily  
Adieu!  
Here, how can I deny to?  
Whom I follow as my source?

In Your Arms

## Chapter 1 Distant Lovers

Rani: Are you falling in love with me?

Rex: We both are in love through our writing the poems

Rani: yes

Rex: So let us start writing poems as love poems through conversations too.

Rani: Rex just do me a favor never ever fall in love with me in truth

Rex: Until you do not say you too love me

Rani: Oh my!

Rex: Really!

Rani: Ok let's start now in writing poems.

Rex: Yes always.

We come close every time as poem,

End in our conversation as poem.

Rani: Okay.

Rex: We behave as poem between us.

Never have anything else or the language ever we use is poem but a poem

Rani: O love. How would my life be without you, for my heart seeks for you:

As the sun rises and retires at dusk?

Rex: I never ever away from you,

I was close to you:

As hand in hand.

Rani: My heart longs for you as my eyes open in the light of the sky.

Rex: As happens too to me.

Rani: your sweet lips I yearn in the morning dew.

Rex: I feel wet in them from your lips.

Rani: As I rise upon the bed I yearn thy warmth to hold me close to your chest.

Rex: That non else but me and I too feel alike

Yours chastity on me.

Rani: Could be it possible to ask the goddess of love to bless us with

so much love?

Rex: We are already blessed of and therefore are combined and feel alike dear,

Not separated

Rani: That our sweet romance will never fade in the azure of trials

Rex: Trials always failed in such plight of affairs of blessed

Rani: Will remain together like the moon and stars

Rex: As we are blessed

Rani: Dating each other even in the blanket of night

Rex: No change

Rex: Night is ours and blanket is ours as blessed to beneath love

Rani: O love, my dear you are my soul

Rani: My only dream

Rex: Dreams have already come true

Rex: No more dreams we need

Rex: But practical's we have already done

Rex: As we blessed of

Rani: As we are blessed of by the gods

our love will fly in unison up above the horizon

with wonderful colors of true love

I ask you my love never ever break my heart

for I will die if you do tear me apart

for I will only live for you, only for you my love

Rex: No renditions ever come one the heart is the same of love and love and when ever with love

Fulfils every where the nectar of love

Colours of love

Show up with love

Emphasize only love

Emphatic to love

And only emanating love only love

Dear do you understand me and my love to you

For you would never ever cry

Rani: Yes! I do

Rex: You have now filled me with your love blood flourishing in your heart and veins;

For me and only for me

Rani: Yes for you and only you my love,

my world will be yours as I close my eyes

Every beat that my heart takes your name it says

Every breathe i take yours it claims

Dear, darling, honey or love  
Words are not enough to express what i feel for you inside  
enough  
Rex: Your aloud and in valleys and airs this claim makes accrediting love  
between us  
and accepts the sky as love from heart of heart love dear  
Every breeze speaks our love and fragrance  
Aroma wide spreading in the world  
That there existed real and blessed love never separated on any trials  
Rani: Oh! I love you so much my dear  
Rex: Undoubtedly  
Rani: Carry my heart in fragile like state  
Rex: I am grasping as mine  
holding as delicate as the heart  
flourishing blood of love  
Rani: And our love will be in the beautiful garden  
Rex: And you do have already my as possession  
Rani: Blooming in the blessedness of forever

## \*\*\*ever Untide Thread

Welcome! love of heart  
Who comes late when heart speaks?  
Affirmatives are never late  
Even a single bell is a moment of a lifetime  
Stretching of arms.....a lifetime  
Wide opening of arms.....a lifetime  
With its warmth is bliss  
With its purity is a joy to remember  
All in joyous remembrance  
Love is forever to those who believe  
In love & feelings of either  
When both soar in unison  
As heart beats symmetrically  
They are soul mates meet at last  
To bond again after many lives  
Seen lovers passing by & via  
The cross roads of time  
Never refrain of lovers  
Singing the mysteries of love  
In every corner; in every clouds  
Passing in the spool of their lives  
As one, single & unison  
Threading the lost hours, untied  
Of you and me in this bluish fields, ever green  
Breaking the mirage of melancholic history  
Going now with the waves kissing the shore  
As breeze dancing to yours  
Hold the crystal heart now forever it is yours  
Which now and then, never keep alone?  
But was playful and graceful of love  
Now flourishes as lucrative lovers  
Unending treasure of love  
As love is inserted in heart....  
From eyes to brain and then swings to heart

## \*\*\*flying Colours

Hari: Oh! My Barbie of child-hood  
Ours childhood dreams  
Below the twinkling stars,  
sitted together with future plans,  
Do you Remember?

Cathy: Recessional!  
Marching songs!  
Flaming hearts, burn  
Sparked upon the dreams  
Of Yester-years,  
Hearts delighted!  
Eyes glistened!  
With a touch of dew  
As flowers bloom....  
Intellectually flourishes:  
Wisdom-

Hari: Yes Yes....the mind with wide Panorama,  
Expanded infinite power,  
Never got bound negative thoughts.

Cathy: Continuously earned  
From the sweetest  
Childhood dreams  
Formed an inspiration  
To chose a star  
Symbolizes of  
Who they wanted to be  
All happy with great memories  
To all the battles fought  
Victories have won  
In the days of burning lashes.

Hari: Our mind spinned & weaved enormous confidence,  
Created incalculable loftiness as impenetrable depth,  
And immensed magnitudes.

Cathy: No ordinary, all special

On the process of learning.

Hari: We met in College and recognized,  
The very moment the Childhood friends turned young friends,  
Brilliant, Intelligent and renowned amongst faculty,  
Are hand in hand to be bestowed with a Degree.

Cathy: Yes Educated-  
Through the teachings of the institution  
Through the guidance of the parents  
And help of the peers  
Nurtured and formulated  
To have a better beautiful future  
The mind journeyed far  
To end a step  
And begin anew  
To stride another milestone  
To reach their goal-  
To become successful  
In their chosen endeavor

Cathy: The long awaited has come  
In finding their fate in their own creation  
Have received a leaf of pride  
A degree....At last!

Hari: Success to both of us in this pace of life  
And March of graduation.

## \*\*\*for You

With you I got everything-  
What a friend that, I see in you.  
With you I feel perfect-  
What a friend that, I learn from you.

I was struggle in dark shadows -  
You lighted with love candles.  
I was unknown in the world-  
You taken me higher, gave wings.

Years gone and gone  
How I can forget you?  
Tears that ever stop-  
I promise my friend I will not forget you....

Although at distant places,  
Never feel really we are.  
Since first insight we have come round & to  
We are together as mated and borne  
Being inseparable held by nature  
Only the gaps ever of time set  
Brought and shown us up in & on time-honored

## \*\*\*friendliness

Anger is usual, plain as that  
One loves that fight, it is a fact  
Otherwise how the love raises;  
We mortal beings know how:  
Getting to know each other  
But get angry to know  
And are known to each other  
With anger or love  
But at known to each other  
What ever may be the cause?  
Let us be known to each other  
A test of good friendship  
We should not apart  
From knowing to each other  
That has to consider  
As a test of good friendship  
Fate challenges us! ! !  
How we will stand a better relationship  
That never ever lost  
Like any other relationship  
A relationship did not deform, any deformity  
And passing standards as friends  
But raised to angel songs  
Who came down and sang our song  
As real friends and then sway back  
To their way, having rhythm in their voices  
Mind and spirit: song of friendship singing  
By the heralds angelic voice  
As we are true friends, ever met  
That knew angles  
All in one unison, those came down and sang  
We are unison, do you agree to that?  
It means where we became angry  
The beat and rhythm all in the chords  
Nor ever we fought  
But moral it fought for in itself  
And defeated by friendship  
How is the friendship consider  
And opine the true friendship

Wishing you to be a good friend till end of time  
Ever we are no one comes in the way  
Nor will not had been ever  
to all I like to tell them  
I appreciate their kindness  
For.....I do have one Filipino co-poet  
a lovely poet, a beautiful poet  
dear to me, friend to me  
and love to me ever.

## \*\*\*in Your Arms (Song)

Hari:

Where I discontinued my flute  
I remember your name  
A B C D & again C D A  
Music, your name in flute  
A sound that you come  
With from your mouth  
Lead me to a proper song

Duet:

A song of love,  
Music in our hearts  
Melodies have magic  
Connecting my soul  
Leading In your arms  
To fly, to be free  
Like the sound of the flute  
In the air, so sweet  
So carefree,  
It only knows you and me

Hari:

As your look I again start blowing flute  
Really you send me the words of love  
When I become without you pang  
I pick up the flute  
And send reminders to you (reminders to you)  
Please come up (please come up)  
Never go down back to home (Never go down)  
Never go down back to home (Home)

Cathy:

I am here with you  
Just look at me into my eyes  
Telling my heart goes to you  
But my home is there  
The place where I belong  
Let time tell us,  
Destiny will lead us

Where and when it is right  
To be in your shelter  
To be in your arms forever

Hari:

It is me you stay with  
Continue what you inclined as I say  
Will you leave me or stay with me  
I play figures on the flute

If you please stay  
(I can't stay)  
And be close to me and in my Arms  
(I'll be one day in your arms)  
Please do not go beyond my arms  
These are all times open  
And bring you close  
(To be with you so close)  
Then folder yourself in my arm  
Holding you for a long  
(Holding you for long)  
A flute in my another arm  
Put ear on the music of flute  
That you hear and love too  
(Yes, one day I'll hear and love to)  
All the times  
(All the times)

Duet:

A song of love,  
Music in our hearts  
Melodies has magic  
Connecting my soul  
Leading In your arms  
To fly, to be free  
Like the sound of the flute  
In the air, so sweet  
So carefree,  
It only knows you and me

Hari:

You become silent and with your eyes closed

And lowered  
Blush on your face  
Please do not go in such atmosphere  
That has risen to maximum  
Moon is looking at its shine  
We are in it shining  
Please stay in my Arm more  
(I love to stay but I have to go)  
It is recitation because of you, to be more time as enclosure

Cathy: ok.....lalala lala lala

Hari:  
These recitations are urging  
To be in my Arms,  
Sounding in Church, Temple, Dargha,

Cathy:  
I see lalalalala lalalala  
Oh! You are

Hari:  
Shops selling Coffes,  
To Conductors who have concert halls,  
Jazz,  
Blues Clubs,  
At busy train station;  
Even to all who have a living room too.  
But it happens when you are in my Arms,

Cathy:  
I see, I understand

Hari:  
And you are listening to this recitation,  
Stop judging the,  
With your home resume rational mind,  
And any bias leaving you be transformed with me  
And please do not go  
Access to the experience  
Suppose we know what the colour blue is,  
(What the colour blue is.....available)

cathy: Is Available

Hari:

Transform in my arms permanent and no going back

For I love to be in your arms.

(For I love to be in your arms)

## \*\*\*'In Your Arms'(Poem)

She: Thank you,  
Good night sleep my friend area  
Sweet dreams in the air.

Take care as follows  
And ends in God Bless You  
You sing me a lullaby,  
Then I will sleep.

You're a friend that I meet in the air you make my life complete  
Hold me in your arms and sing me a lullaby,  
Then I'll rest my body with a beautiful sweet smile.

He: Oh! Love, I put hand on your head, close eyes, hold you in my  
arms and lap, hold you full night, till dawn and when you say me  
now you may sleep and you would look at me.

She: Caressing my cheeks in your dreams you will blow me a kiss and  
say Good night my friend... you are an angel I love to have to hold  
like a Bear with a heart tag.

He: I would kiss your close eyes in nap.

She I will sleep in your arms like a father in her child feeling much  
security, And warmth that no one can ever give.

He: I once again hold you more and more in my arms  
And kiss your cheeks and lips and love you so much.

She: In my sleep I'll dream you my dear  
Like lovers in Venice going to Paris  
Traveling the wonderland  
Like Alice and her lovable prince.

A fairy tale a romance in the air  
All ends in and they live happily ever after.

He: In air a scent of love from both side  
Creating new sense after meeting and mixing.

She: Silly brainy at heart feelings.

He: It is just running poetry of two lovers speaking in dramatic way during their love....

## \*\*\*just Let Me Love You! ! !

As I love you  
Put in feelings of love to you  
Feelings become unending  
Days, nights and years together  
Keep me with love feelings alive for you  
As close to me and as never ending  
Just let me love you.

Worked, gone any where  
But were the present in me  
Besides me and for me  
Only and only, every moment  
Feelings of love for you  
Just let me love you.

Either precious or semi-precious  
Or adverse or in advancements  
But I carry your feelings in me  
And non without you ever,  
But you, just let me love you.

Weather is not binding  
Nature is bound with four weathers  
Summer, winter, spring and autumn  
But I find you with me all the times  
As just let me love you.

Never I feel isolated nor feel without your feels  
That allow me just and just only let me love you  
As beautiful healthy love as not passed love,  
Just let me love you.

As definition of love  
As grown ups of love  
And we were as loved between as no body else ever,  
Dear you are really dear  
A love in love  
Just let me love you.

hari khabrani

## \*\*\*love Consents

Is not this time of our love consenting?  
Please....how do you pass day in love?  
What submission do you propose love?  
Feelings you do have....please do not hide;  
A very much true feelings, nowhere absorbing feelings  
But only love feelings.

Tell me that you love me too, that's so pure and true  
Be fair and genuine please, you do have  
Just put hand & count the palpitations of love?  
And say out without hiding anything?  
But honest and genuine feelings and palpitations;  
Palpitations of love...  
Is not this idle state of time to say out feelings?

I do know me a great friend.  
Yes I am close to your heart and feeling palpitations,  
And say that I find you too close to me and a trust  
That we are since entered into all this.  
Never will raise any breach for lifetime and time has eyed both of us?  
Alike in day you are already thought of, need not thinking.  
I hope those words are not important to you but more important to me.

Rest and sure, your feelings are valuable to me  
And precious as never are expressed through words  
But by feelings, never exterior but inner and heart  
Never put more questions and burden or bother your brain?  
It is all plain and says out when we both are close to each other.  
It's like to sleep in one's arm; undoubtedly it is mine arm,  
You use as to put head and sleep every day  
Close to my heart? And your heart closes to my heart?  
Therefore, every day I listen the thumping palpitations of your heart.....

You would question what that palpitation says to me.....  
It is love time let us both sleep in our arms  
Sweet image to be painted later as we are closing our eyes  
Just to as we are slept and dreaming each other  
As to paint next in our picturesque  
We are going to sleep in ours arms.

Good Night and will see the dreams of each other  
Thanks & love.

## \*\*\*missing You Love....

EVERY SINGLE DAY  
I SEE THE MOON  
I JUST REMEMBER  
THE LAST SPRING;

THE SUN WAS WET  
AND THE AIR WAS BREEZING  
SOME TIME I LAUGH  
SOME TIME I SWING IN YOUR ARMS;

I FEEL THE LOVE  
FLOWING IN THE AIR  
THE BEAUTIFUL LOVING MEMORIES  
JUST MAKES ME SCARE;

THE FEAR IN MY HEART  
IS OF NOT LOOSING YOU  
BUT THE FEAR IS OF  
JUST MISSING YOU;

I MISS YOU EVERY MOMENT  
I JUST REMEMBER  
IT STARTS FROM THE DATE ME MET YOU  
UP TILL END TO LIFE EVER EXISTS;

YOU GIVE ME THE POWER  
YOU GIVE ME THE BACK-UP  
YOU GIVE ME THE STRENGTH  
TO ALWAYS STAND-UP BEING YOURS;

NOW I'M ALONE  
WITH ALL OF IT  
SOMETIME IT'S SOUR  
SOMETIME IT'S SWEET;

NOW I HAVE NO FEELING  
NOW I HAVE NO PAIN  
THERE IS NOTHING TO LOOSE  
AND NOTHING TO GAIN;

I MISS YOU THE MOST  
AND I CARE FOR YOU  
EVERY FEELING I HAD  
IT WAS TRUE AND FOR AND FOR ONLY YOU;

I CAN'T SHARE MY FEELING  
I CAN'T SHOW MY PAIN  
NOW I'M STANDING ALONE  
IN THE SPRING AND ITS SHOWERING RAIN;

THERE IS NO WATER POURING AS SUCH  
THERE IS NO SKY SHOWING UP YOU AS SUCH  
ONLY IT IS ME  
AND MY HEART JUST CRYING;

THERE WILL BE NO SPRING WITHOUT YOU  
THERE WILL BE NO LOVE BREEZ  
BUT THERE ARE THE MEMORIES  
AND I PROMISE I WILL CARE FOR.

## \*\*\*my Afternoon Call

I only know one thing  
That your call was invaluable  
And first ever  
Never be forgotten  
Very soon, I'll call  
In days let the right time come  
My call to you,  
To your ears,  
To your collecting cell where it lays,  
Besides hearing dear  
Smiles, advice, cheer & company  
Increase in happiness & inventory.  
A dear call to dear & beautiful  
Never expects ill  
But keeps be well soon  
With red rose and white for health  
Dear it is in your name and for you  
As you have endeavored  
Called on me  
With all innocent  
Fragrance even from your voice  
Jewels as few words  
A smile...million dollars  
You please  
Turning in love spirits  
Cheeks were reddish  
First portion of nose was to red  
Ears do not believe  
The name besides speaking  
A first sign when one expresses love  
Which shall never end.....

## \*\*\*my Eyes Caught You..

Another picture cute and more charming  
More friendly than the first you  
Liked it this time  
With spectacles than the darker shade  
Puts the man sure enough as your name  
In poems as the picture fixed in  
Same forehead and cheeks  
Though less weight  
Confirmed as YOU.....  
In your home page  
Both the photos look of the same person  
Will take those beards off first, erased  
Sure and confirm precisely  
Unless if u have an identical twins  
I wouldn't know who's who  
You said "Rub your eyes once again!  
And put wide open eyes and distinguish who is who"  
With the same nose  
Protruded cheek bones  
Same length of forehead sparkling through age  
"Further....are you still with wide open eyes  
In recognizing either photo"  
You required in identification  
Heart recognizes same smile, same chin  
More with fine lines of age  
The lips of man in the photos  
Were both thin and kissable  
Only the first photo was a man of pride and confidence  
The second one is a man of charm  
Like a lead actor on a movie  
Cute and reminds me of one person I also admire.

## \*\*\*nurturings'

A Child, blessing to him  
You will bring him in this world  
Of mine, and in the world of my friends  
As you are also one of  
To lap him in your arms and legs  
And sit folded with your knees  
To love him too "like a mother and child"  
Really, you are already a mother  
And know the love of motherhood  
No doubt at all.  
And remember once again your motherhood  
As with you children once been  
How you brought them up  
From soothing to stand on feet  
And then get them to walking  
Position and stand on legs  
A woman who did have  
Ever motherhood feelings  
Agreed upon them heavenly  
To become mothers  
To take them to walking spirits  
Get them to the worlds affairs  
And bring them to new world  
Of their love, never hate any one  
I had also look after events with my children  
Never shrink ever me  
To opt them voluntarily  
As my job to look after the career of them  
In the ensuing & ensuring world stands  
As pillar to climb and that too without ladder  
Except the father who knows,  
How he achieved that much  
And with what endeavors' and out efforts  
To stand and face the world  
As walk together with people at large  
Politics, educational aspect  
Earning avenues and what not  
Many more cannot be expressed in one lot  
If any one expects that to be

Great as you are as a father  
To Nurtur your own children  
A beautiful face to world.

## \*\*\*oxygenate

Friends are shapes  
Flow around the space  
Friends are angles  
Sharing common symmetrical patterns  
Sometimes like Numbers  
Even or odd – you'll remember  
In simple or complex life's equation  
TRUE Friends share honest opinion

Breathe together  
When separate have their sighs  
Cannot live without discourses flourish in them  
But live as sighs come together  
It is eternal not earthly  
But oxygen remains on earth  
Both have to take in  
To share liveness as needed  
Any of them at the moment they are met  
And feel well-being's  
From eternal sleeps  
You - How do you realize  
The breathing of friends

## \*\*\*piano Love....

Which instrument should I start to bring you in tune?

Piano perhaps with flowers  
So that you make up your swing of fingers  
To the buttons of piano  
That with rhythm and will come up with a song  
That never heard before  
But from you,  
As lost long love you do have.

During partying time  
When we both were present and invited  
And were looking eye to eye  
And realizing what the love is  
And rhythm carried the eye to eye love,  
Unforgetfully just as love in you.

No lowering of eyes, or a shy or a blush,  
Every one was looking what at the figures of yours  
Not at your eyes nor at your face,  
But I do had the idea  
Being in love with me  
Never ending love with me  
With music, poems, lyrics and all  
Which all comes forth in love?  
Just as love to me of yours.  
Thanks for affirmation and love to me.

## \*\*\*so Close Together

As a bird soaring through  
the highest clouds,  
Our love has taken us to  
the highest skies,  
To see a view so beautiful  
to the eyes sight,  
We will soar so high into  
the endless night.

As a romantic moon lite  
summer night,  
Stars and the moon shall  
fall into place,  
We'll end the night with  
a tender kiss,  
With your tender kiss my  
heart will race.

As a red rose nurtured by  
natures soft touch,  
And caressed gently with  
hands so loving,  
This red rose blossoms so  
beautifully,  
As the beauty that I see in  
you to me.

As the orange sunset that  
meets the horizon,  
Admired from afar by two  
passionate lovers,  
Although love sometimes  
seems so distant,  
Love has brought you and  
I so close together.

for I simply adore thee.

When twilight is falling

in Heaven's galaxy.

And in dawn's early light  
when so lonesome am I,  
I read our love story  
from each page of my mind.

I hear a voice softly calling  
with everlasting devotion;  
you are my princesses  
your are my spring love.

## \*\*\*the Magic Word For Fame & Glamour

One day an stranger & wizard told WORD  
First not understood that word said for...  
Idle realized was a magic word  
May make the name shine beyond every one.  
So envisaged research  
Gleaned the whole stuff alike a witch makes some potion  
For days there existed the devil  
Beside keeping smiling  
Nevertheless, realizing and asking oneself  
What that was that truly wanted?  
The potion on hands all were to do was  
To User and swallow the potion made for.  
But still that bothered with askments once again  
Was that what truly desired for?  
Be known that was made the name shine beyond everyone  
Dreamy for without due effort or endeavour  
Bring famous beyond present....  
Thence, realization enlightens  
Do not swallow, hey destroy  
The potion made for  
Avoid and stop utter the magic words.  
If any one not alike the witch...  
As non-desire of false fame and name  
So the kind of potion somewhere  
should be nowhere as trace of anybody.

## \*\*\*the Sort Of Friend

I'd like to be the sort of friend that  
you have been to me;  
I'd like to be the help that  
you've been always glad to be;

I'd like to mean as much to you  
each minute of the day  
As you have meant, old friend of mine,  
to me along the way.

I'd like to do the big things and  
the splendid things for you,  
To brush the gray from out your skies  
and leave them only blue;

I'd like to say the kindly things that  
I so oft have heard,  
And feel that I could rouse your soul  
the way that mine you've stirred.

I'd like to give you back the joy  
that you have given me,  
Yet that were wishing you a need  
I hope will never be;

I'd like to make you feel as rich as I,  
who travel on  
Undaunted in the darkest hours with you to  
lean upon.

I'm wishing at this time that I  
could but repay  
A portion of the gladness that  
you've strewn along my way;

And could I have one wish this year,  
this only would it be:  
I'd like to be the sort of friend  
that you have been to me.

Close to your heart I am  
door opens only on me  
shows flowing & bleeding vessel  
the words you, me and our hearts for eternity.

## \*\*\*the Vendor

I as usual intended to take bath  
Decided to sit below erected shower,  
When I started water came with flow  
Before I sensed waste of water,  
Reminded resourcefully the below of bell at Sweet Home,  
Ringing Ringing and Ringing.  
I were to stop tapping  
Check who was that reminder,  
None but a Fountain Vendor,  
Suggestive of erection of fountain in my small garden,  
And bath from the same Tub and flow of same water.  
See how beautiful is the fountain vendor.

## \*\*\*together As One

You and I started nowhere  
Met in a trance from a skies distance  
Different in mind's pace even in race  
But we found each other in a glance of fate

You and me against the world  
With the highs and lows of byways  
Helping each other to the shores  
In hand and hand we stand galore

You made me laugh, you made me cry  
But we end the day with a heart full of smile  
We laughed and play some childish game  
Built such home on pottery's clay

Near beach and bay to think ourselves  
When dark clouds are there to gloom our sun  
We tried to light a candle to lit our path  
Silver torch of moon and stars captured the mind

After matching stone with stone, fire  
Couldn't out win the friendship task  
Doing fluffy hard between each other  
For us to improve days of isolation

You and me on the meadow of earth  
Snow frost the green leafy birth  
But our friendship remains shinning flame  
Upon leafy birth warming hearts, beating same

Acknowledgements and inspirations  
Aspirations as well are never ending  
Others envy the ties strengthen  
Not in blood but in a clear fountain of love;

Of brother and sister  
Of a teacher upon another leaf's birth  
Ever untied of raging waves  
Amongst us as our life long experience

On the hard ways over beach and bays  
Stays untouchable by the hands of tears  
Me and you wiping each others fears.  
Remained before us isolated ways;

When we being both and isolated  
Sharing shoulder and ears  
As smooth the affair, as ever lasting  
As help to each other in rarest matter

Made each other home in times of need  
Brawling at the intolerable spins to learn things  
Seeds of friendship flowers in any season  
Sprinkling its pollen to be a beacon

'Come my friend we still have a walk of mile'  
To share to others the gift we have.

Get in touch with God;

## \*\*\*united Love

Where you think we are single?  
We are together!  
Never think we are separated, ever  
And never leave me alone  
Sometimes, I think  
You take me not with you  
But a lone and single  
As I had been, as before  
As we met as friends  
Me, never forget you  
As a source of mine  
But you never build  
Such constructions  
Stands without  
Foundation  
You do not want me  
To stay even few seconds  
To complete with you  
As your desire better with  
Complete, I always like you to be  
With me in work and poems  
But wherein you do not agree  
Beautiful and dear  
Innocently you deny  
Where I have denied  
Your say, concept  
Writing, creative work  
No to the same  
As believe, as resource of me  
Flapping lates me, otherwise  
I am fast to the tune  
If your world  
Allows me to figure  
On instrumentals  
Sing a song  
As belongs to and  
To you ever heard  
In past or even will  
In coming near future

But allow me your praise  
As you are to be praised  
May not I stop here?  
But want to continue, me  
As you waiting  
As impatient as you  
Desire as I am  
But you being there  
Desirous  
Idle take you to ponder  
Never be negative  
Dear think positive  
Never be looser of  
Positivity  
.....will take US there for all we need!

## \*\*\*'While A Cup Of Tea'

Under the veil of the sun  
I met a lovely friend and asked  
How was she living being alone?  
She just looked at me and smiled.  
At tea cup and few biscuits on the table,  
You can hear the kisses of the waves  
Suddenly out of the blue I asked.  
"What attracts you sensually? "  
Again, she just smiled at me as an answer.  
"What does not is not the sensuality? " I asked her again.  
And said "The world is not without sensuality"  
"It is out of sensuality."  
"Different am I? " "I am a person who has no sensuality? "She said.  
"But, home itself is created out of the urge of sensuality" I explained.  
"Does a stone have sensuality? " she added.  
"Do not petrify, being human" I sighed.  
"My days petrify me" she just simply added.  
And she kept silent looking at me as if assessing my eyes.  
But days itself are not petrifying,  
Especially when sense of sensuality exists  
And where not, human body is made of sensuality out of sensuality  
Extinguishment under certain circumstances may prevail  
But simmering are never ended  
That simming has the arousals and ablaze  
Every person walks differently with different mind attached to his legs  
That he walks on and is tired of  
As long as he walks  
That similarity also remains till repose is taken  
And start on foot and walk again  
It is fact, without physic and brain remains no psychology  
Dear no world without sensuality and its persisitence!  
May not I consider reminder over.

## \*\*\*why Do I Love You So Much?

The sparkle in your eye,  
The warmth of your skin.

Your breath on my neck,  
That quivers within.

The touch of your hand,  
That strength in your stare.

Your kiss on my lips,  
Your body near mine.

The stroke of your touch,  
That feeling inside.

The calming of your presence,  
The beating of your heart.

The promise of tomorrow,  
That we may never part.

It is for all these reasons and more,  
Why I love you so much.

## \*\*\*with No Reason

I love without knowing how.  
I love with the depths of my soul.  
I love with all I am and all I have.  
I love without eyes or sound.

For my love is blind and deaf.  
I love with the gentleness of my heart.  
I love with the only passion known to me.

I love with desire of you and me.  
I love so much that we as two become one.  
I love without judgement.  
I love with mind, body, and soul.

I love in sickness and in health for all eternity.  
For all that I am,  
all that I have and all that I will ever be,  
I am forever yours.

# How Is ' I Love You'

You say I love you  
Fragrance takes your love away  
And you feel the love as lingered  
As if slowly turned on its own way

Journeyed long, in searching of  
Distant and distant you hoped will find  
Some one out there hearing  
The words from heart and mind of yours

Let know you hear I love you  
Being a wind blows through your ears  
Shy in your eyes and feel the love  
As love comes unexpectedly in the fragrance

Not ever but said I love you  
But hearing and feeling in return  
You fall in distant love, taking it is beside you  
That desire makes ablaze within you

Seen I love you  
Flaunts with feel in heart some one loves  
Walking gracefully there beside you  
Come I love you.

## Wherein Fell Love For...

I wanted you to know...  
That I had loved you so.  
Deep in my heart where you could stay,  
Each and everyday,  
Forever, and always.  
I wanted you to be known..

That I were always be there,  
To show you how much I cared.  
Nor ever let you down  
Were to do anything having kept away your frightens.

I wanted you to know...  
How much were you meant to me  
You were my eyes to see through,  
My heart was beating, and my air breathing with you.

Without you, I felt there was none else but you,  
Why you left me  
I want to know now  
Because that 'I fell in Love with You'.
