Heaven Ludy(3-13-94)

A lot of these poems are old, I've just decided to updat my profile. I haven't really written and posted anything since I was 14. Today is June 21,2012, I am 18 guys! Crazy huh?

A Hate Within

Everything Ive ever told you
I will now and forever regret
I spill my heart out to you
And you throw it back in my face
The hate I have inside me
Will linger in my heart
The fire that burns inside me
Does not cause my pain
Though it is a greater pain than any words
You have ever spat my way
Ive bought this pain upon myself
For the the thoughts that rack my brain
The sorrow I have is hurting me
Physical and mental pain
You think you know everything
But you dont
Youre blind as a bat to the pain i have
though my pain is stored within
It seeps through
Concieling
The very thing you never thought of
A hate that lies within

Heaven Ludy

A Spitting Image

I hang from a wall in a dark, dank, closet,
Longing for eyes to look upon me,
Only receiving the eyes of a girl
Who has seen pain,
Nothing else.
She looks at me with sad, cold, eyes.
I am the image in her reflection,
Not pleased with what she sees,
She covers me,
Leaving no light.
But I am relieved
Of those cold dead eyes
That have seen so much pain
Because I am a spitting image of her
A mirror
Ive seen all her pain
Through her eyes
Because in that moment
Her eyes were mine
And as a mirror
I saw everything
Things that no one else could see
For I am a mirror
On the wall
Spitting image
Of she.

Heaven Ludy

A Whole

My heart beats only for you
I feel in my heart this love is true
For you I am willing to die
For you are the hope
Glistening in my eyes

Our hearts are connected
Beating in unison
Our souls are tied
Never to leave each other's side
I can feel it all
Inside of me
No matter how far you go
Or who else you see

I know that you will always love me
Because without each other
We're incomplete
Each one of us two
Are half and half
But when we are together
We are a whole

Heaven Ludy

Along The Road Of Love

There is a path I wish to take
Along the road of love

The path I wish to take
Is happiness

All love is not happiness
There is pain involved also
And that is the path
I wish to avoid
Along the road of love

But when in love
You have to learn
To take everything
That comes with it

Because if you don't take it all
You just might lose it all

Heaven Ludy

Always Are

You say you dont care
But i know that you do
You showed me
When you took me into your home
You say Im not your friend
But you are
You showed me
When you helped me out of trouble
You say Im a bad seed
But you know Im a good kid
You know this
Because you know me
You say I'll always be alone
But Im not
Because youll always be there
You tell me you wont
But I know you will
I know
Because You still and always are

Heaven Ludy

But...Words Do Mean Everything

Love is not a strong word;
Hate is not a strong word,
And they dont mean anything
At all.

Thats what I thought
Before I realized
Words mean everything
To everyone.

Three words:
'I LOVE YOU'
Can bring the most joy
To someones heart
Three more words:
'I HATE YOU'
Can tear them apart.

Heaven Ludy

Challenges

Sometimes, I wonder
If my dreams are too far to reach.

Sometimes, I wonder
If the walls that I build are too hard to climb.

Sometimes, I find myself running so hard,
Anxiety grabs at my lungs
And rips them from my chest,

Leaving me breathless.

Heaven Ludy

Confused

Confusion is spreading
From my fingertips
To my toes.

I dont know what to do
I feel so alone.

Am I in love?

I just dont know...

But feelings take over
Whenever he shows.

His touch is amazing.
Each grip and grab gentle.
He touches me aggresively,
Yet so sweet with care.

I never want it to end
Even though
Hes just a friend

Heaven Ludy

Death

As I lay there
Cold and dead
All these thoughts
Ran through my head
I could see my life at end
All my family
All my friends
Death takes over
Silently
Blackening my thoughts
Pulling at my soul
And dragging me
Into the light

Heaven Ludy

Depression

Ive been on break
For quite a while
Wallowig in
My own sorrow
Feeling sad
And sorry for myself
I lost track
Of my own health
So ther I was
All alone
Feelings of death
Overwelming my soul
Depression is all
Ive ever felt
All my life
Without any help
So here I am
Chemically unbalanced
Silenced by depression
Leaving me alone
Missunderstood
And sad

Heaven Ludy

Dream

I asked myself
If I could trust him
With my heart.

Then a dream came to me...

With the answer.

Yes.

Heaven Ludy

Emotion

Love is a strong emotion
One of the most deep and passionate
Not to be misled or abused
it is one of the most powerful sensations
Of the heart
With love comes pain
And an everlasting journey
To happiness

Heaven Ludy

Hate

My hate for you is only
As deep as your hate for me
My love for you I question
Leaving my heart
Without a beat
i try hard to find the answer
And try to control the anger within
But you keep on hurting me
So hate is the emotion that wins

Heaven Ludy

Haters

Dont give me that
You dont know me
Get in my face
I'll knock in your teeth
I dont like you
You hatin'on me
So get lost punk
Çause Im a dime piece

Heaven Ludy

Heavy Tears

Tears that weigh a ton
Tears that weigh more than a ton
Tears that weigh a thousand tons
Roll down the side of my cheek
A cheek that is dry
A cheek that is rough
A cheek that misses a loving touch
Those tears moisten my cheek
Those tears soften my cheek
Those tears bring feeling back into my cheek
Feelings of sorrow
Feelings of anger
Feelings of hate
Those feelings come back into my cheeks
Swollen cheeks
Red cheeks
Cheeks heavy with emotions-My cheeks
My cheeks are warm
Burned from the hot tears that tread down my face
My face
My beautiful face
My face ruined by the emotions that seep through my pores
Bad emotions
Awful emotions
Emotions that cause the heavy tears to fall

Heaven Ludy

Here

Here,
is sacred
Somewhere you may not go.
A land so precious,
Only someone loved can go.
I did not invite you
But you came her anyway.
You took advantage of here,
Stripped it of its pride,
And let the door hang open.
Now everyone comes here.
Just to have fun.
No one cares about here.
Im the only one.
Its really tough at times
Because here
Once was all mine.
Now its everyones.
And here,
No more,
Is it loved.

Heaven Ludy

Here I Lye

Here I lye
Cold and broken
All alone
With no words spoken
Here I lye
Life at end
On the ground
Time spent
No one knows
Why I lye
Dare I say
Why ive died
The broken heart
Inside of me
Has spent its life
And died
You see
No one cared
About this soul
Why its hurt
And all alone

Heaven Ludy

Hurting

When youre hurting
What is there to do
I was the one
Who wanted the truth
The response wasnt clear at all
But those 10 words hit me hard
The only thing that I can feel
is the pain that becomes more real
Im tired of his stupid games
I thought hed changed
But hes still the same
im over hurting because of him
He hurt me bad
Im over it

Heaven Ludy

I Am

I am not a genius,
Nor am i an adult.
I am a child.
I was a child.
I am now a young lady;
A young lady that will soon blossom
Into a woman.
I am a person,
Not your pet.
I am a person that deserves
To be treated with respect
No matter what race, sex, or age.
I am your daughter;
Your daughter that wants to be heard;
Your daughter that has a dream
That nothing in the world,
Not even education can make come true...
If no one is there to believe;
If that dream is not heard.
I may be inteligent.
I may be talented
But I am not a genius,
Nor am I an adult
And for you to stand there
And treat me as if I am...
Breaks my heart,
Along with my dreams and goals
Inside of it.
So, before you make an expectation of me,
Remeber! ! !
I am not a genius,
Nor am I an adult.
I am your daughter.
Now,
And forever.

Heaven Ludy

If I Ever Fall In Love Again...

If I ever fall in love again
He'll nothing at all like you
Once you broke my heart in two
If I let that happen again
I'm some type of fool

My heart can only take so much
I just can't go spreading love and trust
'Cause unlike yours my love takes time
You use your heart
But don't lose your mind

'Cause that's how it was
When I was with you
I lost my mind loving you
But my heart had sank so long ago
Ever since you cheated with that stupid hoe
You thought that I was stupid and blind
But boy, you must have lost your mind
You left me for that three star trick
And missed out on a five star chick

Heaven Ludy

It Never Fails

A lie never fails
To peak out from its hiding place
Revealing all of its secrets to the world
A lie never fails
To betray the one
They thought they were protecting
A lie never fails
To grow and grow
Until it bursts into the truth
A lie never fails
To fail you
And reveal the 'innocent' liar...
You

Heaven Ludy

Lonely(A Duel Poem)

I watch her from a distance;
Always having fun.
I wonder what its like
When youre not the only one.

Your friends are all you have
When your famillys' never there.
No one for your comfort.
No one for your care.

A closet for a room;
I sit there by myself
Unable to sleep at night
With no one but myself.

She comes to school in rags,
Dark circles around her eyes,
Cuts and bruises on her legs and arms,
As if shes been beaten through the night.

She looks at me
From a crowd of friends.
Examines me from affar.
She walks over to me.
'Hi'

I look at her blankly...
Confused...
Why is she talking to me
Instead of her friends?

I look into her eyes;
So familiar,
Just like mine...
Lonely

She stares at me
As if she knows me;
A close friend

From deep within.
'Hi'

She says again.
I hesitate...
'H-Hi'.....
.....

No longer am I lonely.
Ive found what I was missing.
Someone to understand me;
A true friend.

The first friend ive ever had;
A sister more or less.
No longer am I lonely.
I have a friend at last.

No sleeping in an empty house;
A sister there for me.

No sleeping in a dark closet;
A brand new home for me.

No watching from across the room
Wondering what its like.
We have each other
Dont you see
We arent lonely
Anymore.

Heaven Ludy

Loveless Soul

Cold as ice
It sits inside
Rotting away
Nothing inside
It turns away
The worth of love
Sitting there
Lifeless
Unloved
Lonely
The heart of a coarpse
No pulse to hear
Cold and dead
Without any fear
It does not want
Any love to share
No one to care
Only pain is bared
Deep within
This loveless soul

Heaven Ludy

Make A Difference

I am alone
In a world so full of hate.
I am alone,
Theres only so much I can take.
In a world we live in like this one,
Some people don't care.
When you hear this song
Carry it with you
Wherever you go.
Take a hand.
Help out a friend.
You're not the only one.
Reach out and make a difference.
I start with this poem
As a message.
Save our Earth,
Pollute no more,
And help a friend in need.
Be a hero.
Make a difference.

Heaven Ludy

Memories

The pain is deep within
I can feel it all
Through every breath I take
The memories pull me in
Trapping me

Forcing me to see

I see a girl thats not me
A girl I swore Id never be
But yet there I was
Giving away
The only thing that was mine

Memories

Oh painful memories
Stabbing at my soul
It hurts so bad
I feel it all
But the tears
Have yet to fall

I need relief
To end this pain
But however hard I try
It just wont rain

And so the pain
Sits inside of me
Rotting away
Devouring me

Then last memory stands
Inside of my head
And finally

The tears fall

Heaven Ludy

Missing You

I know its been a while
But I always will love you
I still do.
Its hurting me that were apart.
Your soul is pulling at my heart.
For I know that our love is true
And I know its killing me
To live without you.
Id trade anything
To be with you.
I miss you so much
And its getting hard.
Why cant we just be together?
I know that our love
Will last forever.
All I want is to be with you
So that our everlasting love
May blossom.

Heaven Ludy

My Dead Best Friend

My best friend died today,
I don't know why.
He seemed okay,
Until he died.

They're still doing tests
On his cold dead corpse.
They keep asking me questions,
But what could I say?
All i said,
All i could say was...

My best friend died today,
I don't know why,
But people die everyday.
It was just his time
And to me thats gay.

But this life,
And it's not a game
Take it seriously,
Because if you don't...
You'll end up dead.
Just like
My best friend.

Heaven Ludy

My Eyes

Look into my eyes.

Can you sense the pain? Can you see the burning fire

That embers so vividly inside of my soul?

Can you see the real me?

The person that no one else can see;

The person that no one knows.

Better yet, answer this...

Would you want to know her?

How about be her?

Its amazing how much

You can learn

Just looking into someones eys.

Heaven Ludy

My Love

My love
Is not to be played with.
This love
Is just so untrue.
I'm so done
Falling for you.
I can't
Take this any longer.
The pain in my heart
Is only
Getting stronger.
So to relieve my pain
I must relieve you.

Heaven Ludy

No One At Home

Cold and lonely
The baby bird sits
He can not fly
For he has not been taught
no one there to help him soar
To help him fly above the land
And soar away into his destiney
This little fella loves to dream big
So small and tender
Yet tough and big
He's all alone with no one to care
Without any help
Yet this young lovely bird
Has survived all alone
With no one at home
This baby bird has learned to fly
Now he soars above the land
Giving to those who need a hand
'Cause he knows once he was alone
Cold and broken
With no one at home

Heaven Ludy

Nothing But A Lie

You think its not a big deal
But it is
You turn it into one
Every time you lie
If you really loved me
You'd tell the truth
But you don't
Because you continuously lie
You hide the truth in your heart
Something you also like to hide
If you had love
Its deep within
Needing to flow
Like a rivers tide
But like a cave you sit there
many secrets deep inside
I try to get to know you
Finding
You're nothing
But a lie

Heaven Ludy

Obsessed

I still love you
No matter what you do
I always will
I swear to you.
I'm not obsessed,
Just out of my mind.
I go insane
When you cross my mind.
I cant get you
Out of my head
I dream of you
As I sleep in bed.....

Oh my god!
What the hell is this?
You're obsessed,
I'm totally pissed.
You're annoying the hell
Out of me.
So please stop calling,
I'm trying to sleep.
It's two in the morning,
This is total BS!
Leave me alone
With this crappy poetry mess!

Heaven Ludy

Quote: Definition Of Hate

'Punishing someone for tearing apart your heart,
but wanting them to be the one to sew it back together.'

-OR-

'Punishing someone for ripping out your heart,
but wanting them to be the one who sews it back in.'

Heaven Ludy

Quote: Irreplaceable

'Some people ask me
what it is about me
that makes me,
me-
I'm like the heart that beats inside of you-
you can't live without me,
even if I had given you problems in the past,
they're worth forgetting to keep me.
I'm irreplaceable.'

Heaven Ludy

Rumors

Rumors are for losers
Who have nothing else to do.
They sit around and gossip
About things that are untrue
They have no other life
Than just to sit around and talk
About everyone around them
Because they think it makes them hot.
But that is just a rumor
Something I just heard.
Isn't that ironic?
But it's totally true I swear.

Heaven Ludy

Secrets

Why are there secrets in life
Things unknown to others
Deamonds of darkness
Tails of the unknown
No one knows
Or do they
Kept from others
Between people things are said
No one knows what
But they hear the word
Dead
Deadly secrets
In which are banned
Carry the disease of gossip
Gossip spreads
Throughout the land
Who told
No one knows
Its a secret

Heaven Ludy

Sewn

I sewed it back together
After you ripped it into bits
You stabbed me in my heart
This pain I cant resist
My heart burns like fire
My everlasting pain
I sewed it back together
But it still bleeds like rain
My heart is hurting now
More than it has ever
I sewed it back together
But it will always burn
Forever

Heaven Ludy

Sight

Those with the sight
Are one step ahead.
While those in the dark
Are left behind clueless.
Those with the sight
Can lend a hand.
But those without
Would have to accept.
Acceptance
Is the key to life,
Because without
Everyone would live in the dark.
Lost and lonely.
Confused and sad.
Anger would take over,
Enveloping everyone in darkness.
Losing life as we know it.
Forever.

Heaven Ludy

Sonnet # 1: Dream

I dreamt of me in my own lovers hand
Holding me tightly in his loving arms
He spoke of true love in a lovers land
Where the soul is necklace and love its charm

Then went away and I lost all his praise
But fate took me over my loss for him
So I await for him, his loving ways
The day he shall come back to build his kin

These are my children bought to thee by he
My love and joy to lose would be a fright
Tears of sorrow shall overcome thee
Bringing a sheet of sadness to the night

So I forget my love to leave my gloom
Leaving me alone in my cold dark room

Heaven Ludy

Sophocated

Love you everyday.
Love you every night.
Always by your side.
Every second of your life.
Love is a strong word.
Dont say it unless you mean it.
If you do youll end up just like this.
Sophocated.

Heaven Ludy

Sorrow

Sorrow covers my hands and face
Like a cold, black sheet of ash
Its darkening my soul and heart
Reminding me of my past
Droplets of water fall from my eyes
Like a leaking faucet
Revealing my disguise
I can feel the burning in my heart
The way it embers
Like a warm fire inside of me
A heavy burden
In which I must carry
Forever

Heaven Ludy

Sorry

Im sorry for the pain Ive caused
I swear Id never hurt you
I love you as if you were my blood
You are the joy inside me
Idve never left if I had a choice
You mean so much to me
So here I stand before you
With great sincerity

Heaven Ludy

Special Person

That one special person
Always by your side
Keep them dear to your heart
In the end you will see why

Heaven Ludy

Speed

Love is like a drug;
Confusing and addicting,
But like a drug,
Dont move too fast.
Youll lose your life quite quickly.

Heaven Ludy

Step By Step

It starts out very little
But can turn into something big
A simple change
Can make a difference
Small or sometimes big
You can change the world
One step everyday
Step by step the world will change
Everyday a different way
But only if you take the time
Its not a sacrifice
A bit everyday the world will change
Step by step
Our problems can be solved
And soon everything could be okay.

Heaven Ludy

Suicidal

the pain inside of me
Is a heavy burden
One I cannot control
Any longer
So here I stand
Above the world
Before I plummet
To the end of my pain

Heaven Ludy

Take It Away

All my pain
And all my sorrow
Take it away
Just take it away
Everything I felt for him
Take it away
Just take it away
He hurt me once
He hurt me twice
Now my heart
Sits cold as ice
cold and empty
Is how I feel
This pain is just
So unreal
I wish i could just rip it out
Take it away
Just take it away.....

(I'm still not sure if i want to end this poem like this so its still incomplete okay
thanks enjoy! ! !)

Tears In A Young Girl's Eyes

Ive seen tears.

Ive seen tears thicker than blood fall from a young girls eyes.

My heart reaches out to that child.

I cried for the child whe she was down.

I took her hand And led her though the darkness.

I listened to her when she needed me.

I heard th things that no one would have heard if they hadnt stopped to hear.

Ive seen tears:
tears thicker than blood.

My heart reaches out to that child.

Heaven Ludy

The Bird Of Sorrow And Sadness

I follow the bird
Of sorrow and sadness
I feel your pain
I sense the madness
I can relate
To how you feel
I know your pain
Is something real
I empathize with you
all the way through
I dont know why
I follow such pain
I dont know why
My eyes leak
Like rain
I dont know how
To empty these thoughts
All I know
Is that these thoughts haunt
These thoughts haunt
My mind and soul
Trapping me
In this big dark whole
The only way
For me to leave
Is to follow the bird
That makes me bleed
Because even though
He hurts me so
He makes me stronger
For my mind can grow

Heaven Ludy

The Darkness

Who knows what lyes in the dark?
The cold, dank dark
Where creatures of the night rome
And plan their ghoulish haunts.
Who knows what demented thoughts
Rome around in darkness
Seeking for the victim
In which they wish to harm?
What souls are lost in the darkness
And why haven't they found their way?
Why do they rome the darkness
Every night and day?
What pain lingers in the dark
And where did it all come from?
What children died
And were never found?
Where are their parents now?
But most of all I want to know....
Where is the darkness now?
Its coming soon I know for sure...
Or am I already there...
Right here...
And now.

Heaven Ludy

The Heart

The heart is delicate
And can only take so much.
It can burst into flames
At just a single touch.
Pain is the key
To the death of a heart.
You can try to revive it,
But its just quite impossible.
Because pain lasts forever,
and lingers inside
Burning the soul,
Branding its pride,
And tearing away
Every joy inside.
the heart should be
a place of love.
Instead
Its just
Pumping blood.

Heaven Ludy

The Sacred

I told you to stay
And you didn't listen
The sacred is not
A place for children
This is a place
Of the damned
Where life lyes
In no ones hands
Souls are lost
Without a home
While bodies lye
Cold as stone
Now you may
Never leave
Here you are damned
At the sacred's feet

Heaven Ludy

These Days

Its so annoying how fake people are these days
These days, people act one way to your face,
And another behind your back.
These days, people tell you how they feel,
And then go and change their mind.
These days, people take advantage of you
And never look back at the damage.
These days, people just don't care,
And I'm starting not to care either.

Heaven Ludy

This Smile (Version #1)

This smile hides the pain I bare,
The hurt I feel
And all my scares.
This smile hides my broken heart,
Yet still unmend
And torn apart.

Heaven Ludy

This Smile (Version #2)

This smile hides the pain I bare
The hurt I feel
The tears I cry
This smile hides my broken heart
Yet still unmend
And torn apart
This smile hides the fears in me
The pain that no
One else can see
But yet this smile I loathe to wear
Has decieved me
Now my pain
Everyone else can see

Heaven Ludy

Those Eyes

Those sad eyes,
Scared and lonely;
Eyes of those
Who have nothing,
No warm home
to look forward to
Everynight.
Just a cold box,
Next to a fire
Maybe.
A saw the sorrow that day
I felt the pain,
But whatever I felt
Was nothing
Compared to what they go through
Every single day.
Struggling for warmth.
Struggling for food.
Watching as those
That think they are better
Walk away.
Without a glance.

Heaven Ludy

Tomorrow

We all have pain
We all have sorrow
But its gonna be
A better world
Tomorrow

Heaven Ludy

Trust

You can't trust anything
Anyone says
Especially
When it comes to your heart...
Because
If you've been hurt
As I have...
The pain
Could kill you

Heaven Ludy

Twisted

If i ever fall in love again
He will be nothing
At all like you once
You broke my heart in two
If i ever let that happen again
Id be some type of fool
My heart can only take so much
I just cant go spreading love and trust
Çause unlike you
My love takes time
I use my heart
As I lose my mind
Yes, thats how it was
When I was with you
I lost my mind
From being a fool
A fool I was if I didnt see
It was quite obvious that you didnt love me
But that was a long time ago
Ever since you cheated with that hoe
You thought that I was stupid and blind
But you must be crazy out your mind
You obviously forgot
Who you were dealing with
So here let me give you a hint
Dont mess with me
Thats not how i role
So get to steppin
Go get at your hoe

Heaven Ludy

What More

I gave you my all, but it wasn't enough...

I gave you my heart
And you tore it in two
I gave you my life
And you took advantage of that too
I loved you so much
But you took advantage of me
I gave you my all
As you stood and watched me fall
I gave you everything
But that wasn't enough
Now here I lie hurt
What more do you want

Heaven Ludy

When You Really Love Someone

When you really love someone
And you cant be without them
Keep them close to your heart
You'll be lost without them

When you're out with your friends
All you talk about is them
Its because you're in love
They're all thats on your mind

Love is an addiction
Please don't over rate it
When you do
You'll lose them
Finding yourself lost and lonely

If they really love you
They'll remember its because you care

You never thought the day would come
You thought they were the only one

But in the end it's like a fairy tale
Always a happy ending

When they realize they still love you
They'll be right there by your side
Once again

Heaven Ludy

Who Cares?

What thoughts lye
Behind these dark brown eyes?
What lyes behind the tears I cry?
What pain is there that I must hide?
Who is the person truly blind?
Why is it that they do not see?
Why dont they sense the pain in me?
The thoughts in me are mine to hide.
The tears that fall are mine to bare.
The pain I bare is only mine.
So leave me alone
And let me mind.
Im trying to mend a broken heart
But you dont care.
Youre not the one hurt.

Heaven Ludy

With Time

With time I thought that love would come
Its good to start out as friends
because once you think you know someone
That person could always change
You never really know someone
Until youve stepped inside their shoes
Thats when you truly know
If the love you have is true

Heaven Ludy

You'LI Never Know My Pain

You'll never know what its like
to have so much pain it kills you
You'll never know what its like
To feel like you want to die
You'll never know what its like
For someone to hurt you so bad
That the inside of you is so empty
You can barely let out a cry
You'll never know what its like
To hurt yourself on the outside
Trying to get rid of every dropp of pain on the inside
You'll never know what its like
To put a blade to your own skin
And beg for the courage to add pressure
I know what its like
I used to be that girl
I used to be the one with all the pain
Now Im free
I feel no pain
Anymore
