# Apple

An apple

A couple of embedded seeds

attached to a branche

surrounded by leaves

ives vanhouche

# Greed

Greed

Greed is a seed  
growing on human's need  
to achieve to acquire  
throwing goodness into  
an everlasting fire.

Greed is a disease  
growing stronger and stronger  
untill we will find a cure  
so that it would be  
in our hearts and minds no longer

# In The Dark Of The Night

In the dark of the night  
A dream awoke my longing for a new kind of luck  
It was an innocent thought about different future events  
A simple dream about happiness  
A complex insult to the present one  
A mindcurve never to redream again.

# Nature Vs Time

The power of nature  
embedded within an  
ordinary daffodil flower  
is greater than the  
ticking away of  
every simple hour

But as life recycles on  
nature's beauty will vanish  
and at the end of times  
both will be gone

# True Love

If one would ever wonder  
What if he could change  
his course of life  
through a quick stroke  
Of thunder

He'd better realise this

Tempering with his past  
Will leave him  
With a present  
Lacking that one thing  
His heart is craving for  
The one true love  
A once in a lifetime bliss.
