love is life

love is my soul

love is my world

Mirror

i m just a mirror
not your soul
i m just for temporary
not forever
i m just a mirror
not your life
i m just for a second
not for all life
i just a mirror
not your friend

Myself

my dream is my self
my aim is my way
my promise is my word
My love is fraudulent
my smile is my tear

Why

you always hurt me why,
you always lied to me why,
i love you why,
you broke my hearth why,
you spent my time with other girl why,
i need your explanation but you never give why,
i m still waiting for you, to say sorry but you never, why,
you run away from me why,
you never answer me anything why
