American Hottie

Every girl dreams of true love
But when were young we think were in love because hes cute

Heres my story

I fell in love with an american hottie him twirling the american flag
I caught his eye
and he caught mine
he smiled and said hey
i was speechless so i simply waved
he said he liked my shirt
which was just solid green
he put his arms around me and asked me to a dance
i said yes
this seems like true love
i just have to hang tight and go along

Angel All In The Eyes

When i look at you your always in lala land
Making plans to make others happy
When i stare in your eyes its like staring into an angel's
Your an angel all in your eyes
they sparkle when they look in mine
Cuz your an angel
and its all in the eyes
Sing me a song and make your eyes light up like they always do
when your with me i never have nightmares
your an angel all in your eyes

Behind Your Caramel Eyes

Behind your caramel eyes
I see darkness
I see evil
I see a player and a cheater
You look really sweet but i know all your tricks
Behind your caramel eyes
your an ugly demon
I see un-loved heartless evil jerk
Behind your caramel eyes

Confused But In Deep Love

The first time I saw you, you caught my eye
So many rumors I just don't know
I sent you a sweet love letter
Then you gave it to your teacher
I got in trouble
I cried
People say he hates me
People say he loves me
But I just can't tell
I guess I just have to wait
But for now i'll cry
Again

Crushed By My Crush

I just got crushed by my biggest crush
he smiled his cute lips
he opened them just to tease me
about my shirt
which had a picture of spongebob on it
i cried and cried but still didnt get better
i went to school the next day
finding my crush with roses
he handed them to me and said he loved me
i cried again but not of sadness of joy
that was the story about when i got crushed by my crush

i guess i just have to try every one.
some might be too bitter i might be heartbroken

Dumb Blonde-It Seems True

People call me a dumb blonde
sometimes it seems true
i trip over my own feet
and i cant find the answer to an easy math problem
can the color of your hair change how you act?
if its true ill dye my hair pink
green
red
blue
silver
anything but blonde!
i love how it looks but i dont wanna be stupid!
Dumb Blonde?
I guess so

Help: Smoking

Smoke fills his lungs
Coughing uncontrollably
When you are young you hear stories about smoking
Horrible
Sad
Then why TRY ONE in the first place?
Smoking kills 1000 people every day
Some people start very young
As young as 12
If you see someone smoking.....
Please for the love of God
Persuade them to stop
You can save someone's life
STOP SMOKING TODAY! ! ! !

I Fell In Love

I fell in love with your eyes and your gently smile
I fell in love in your arms
I fell in love with a gasp as you held me in you grasp
I fell in love with you

I May Be A Super Model

I may be a super model
But dumb I am not
I look very pretty
And I walk very stern
Does that make me stupid?

I may be a Super model but I can still dream
When I signed the contract I thought it would be fun
But the life of fame sucked me in
I may be a super model but I have heart

I'LI Risk It All For You

I will take my last breath for you
I will lose all my blood for you
I'll risk it all for you
I'll risk it all for you
Death can bring us closer
But you know what i'll do.....
I'll risk it all for you

Long Ago

Long Ago
I was pure
No evil inside of me
Not one bit
Singing
Dancing
All of the sorts
But now im cruel
I dont even know how
I got in trouble
Somehow it ruined my life
Just somehow
Actually it wasn't that Long Ago

Midnight

Midnight
when the trees shake
the wind blows
the wolves howl
you laugh
the moon shines
children fast asleep
the homeless shiver
bees are in there hives
kisses are given
the sun waits on the other side of Earth
I smile
A baby has his first laugh
Midnight

Smile With Tears

Sometimes your words stab me hard even so I die.
On the inside
You walk around with steps so cruel
You force me to fake a smile
A smile with tears
Your fire so hot
It burns me
You treat me all so cruelly
But for some reason you stay in my heart
Stabbing my soul
With cuss words and grunts
I have to smile
Just for today to keep the annoying wonders away
I smile my smile with tears
And go on with my day and you treat me just the same way.

Teen Rap

I know im a kid but i feel kinda old
this young bodys gone overload
with the boom boom pow
and the holy cow
im like a teen come and catch the scene
yeah
Were hot but cool
icecubes sunrises
we melt the boys(Ryan's mine)
I put my hands on my hips
and move from left to right
this funky chics moving in the light
oh yeah

Thank God For My Mirror

Looking in the mirror
wondering if this is who I wanna be
i think about it and start crying
i gotta change
cause this isnt who god wants me to be
i prayed and thanked for the mirror
which helped me change myself
But god replied'It's not the mirror it's who you are'.
thank god for my mirror

The Birth Of Death

When the grave yard spins
and the demons awaken
you better watch out
your parents dont belive you but you swear you saw a face in the mirror
The devil sets out giving Birth to Death
And names the baby SIN
The smell of stale blood is in the air
Giving Birth To Death

izzy barnwell

The Gate Keeper Of Souls

I'm walking on the Beach
I don't know if it's a dream or not
I walk to a strange Golden Gate
Or is it black
I don't know
Some souls are evil
Some are pure
All different kinds of souls
But only one Soul keeper
The Gate Keeper of Souls
Not in Hell
But not in Heaven
In the middle
Keeping the souls
Deciding where they should go
I'm not scared but not happy
The Gate Keeper of Souls

This Is For All Girls My Age! !

I know its hard being a preteen and people just don't understand
But our unique powers come in hand
were all trying to fit in but rember not to lose yourself in the crowd
we will face heartbreaks in our future
and go against our best friends
but we'll be better in the end
as long as you be yourself and get through the pain you'll be a successful lady

thans everyone -Izzy Barnwell

Waterfalls

People tell me I can't live my dream
But I just smile and say Whatever
I know what my future holds
So I can't be down

I think of Waterfalls
Waterfalls
They don't have a limit
People don't quit it
Waterfalls
They just flow
Maybe we should too
Just go with the flow

Don't listen to the haters
They're just stupid hater
Haters Hate
Waterfalls
WATERFALLS!

Who Needs Mistletoe?

This time only comes once a year
You know the time with no tears
This year I wanna cuddle close
With the one I love the most

A sweet soft kiss in the snow
We dont need no mistletoe
So hold me tight
Fix me hot cocoa
And send me to sleep

Without You

Teardrops hit the floor
I cant take this freaking feeling anymore
without you
my god i cant breath
im sweating so much
wondering what i did wrong
begging please forgive me
deep inside knowing its not gonna work
without you
my hearts hurtin sooooo bad
please come back i need you here
i want you
i need you
to guide me
to hold me
to teach me right from wrong
without you
i cant make it

Your Kiss Burns

Lying in my bed aching
Your pushing me around
Can't take it
It hurts my soul to care for you
It hurts my heart to love you But most of all.....
Your kiss burns
Ashes dropp to the floor
I'm on fire baby
You don't even try to save me
I'm getting weak baby
The police lines are up
It's a murder scene
And i'm the victim!
Your kiss burns
Painful sparks fly
You push me to my grave
As you sink down to Hell
Your kiss burns
Sting Burn Ow
