I Can't Write A Poem

No way
I can't its hard
I can't think of anything at all
You must be crazy
It's really confusing
I don't have enough space on my desk
My hand hurts
I can't see
Time's up? Uh oh!
All I have is this dumb list of excuses.
You like it? Really? No kidding.
Thanks a lot.
I made my first poem

I'm Scared

I'm scared because...

I don't want any one else to
Have your heart.

I don't want any one else to
Kiss your lips.

I don't want any one else to
Be in your arms.

I don't want any one else to
Be the one u love.

I'm scared because
I don't want any one else to
Take my place....

What To Do 4 Love

When she walks away from you mad= [Follow her]

When she stare's at your lips= [Kiss her]

When she pushes you or hit's you=[Grab her and don't let go]

When she start's cursing at you=[Kiss her and tell her you love her]

When she's quiet= [Ask her what's wrong]

When she ignores you=[Give her your attention]

When she pulls away=[Pull her back]

When you see her at her worst= [Tell her she's beautiful]

When you see her start crying=[Just hold her and don't say a word]

When you see her walking=[Sneak up and hug her waist from behind]

When she's scared=[Protect her]

When she lay's her head on your shoulder=[Tilt her head up and kiss her]

When she steal's your favorite hat=[Let her keep it and sleep with it for a night]

When she doesn't answer for a long time=[reassure her that everything is okay]

When she looks at you with doubt=[Back yourself up with the TRUTH]

When she say's that she loves you=[she really does more than you could understand]

When she grab's at your hands=[Hold her's and play with her fingers]

When she bump's into you=[bump into her back and make her laugh]

When she tells you a secret=[keep it safe and untold]

When she looks at you in your eyes= [don't look away until she does]

WHEN SHE MISSES YOU=[SHES HURTING INSIDE]

When you break her heart=[the pain NEVER really goes away]

When she says its over= [she STILL wants you to be hers]

When she says that she is wanting to see you [SUPRISE her, at her house with her favorite color flowers!]

- Stay on the phone with her even if she's not saying anything.

What's A Friend?

To be a real friend it takes more than caring

To be a real friend the nature of

friendship requires a blend

Of warmest compassion and love deep and true to reach and to comfort the
way that you do... because I can see that your kind of friend ship is
priceless to me.
