# Loving Again

I would never thought  
that i could love again  
But then you came into my life  
I love you more love itself  
I love you every mintue of the day that goes by  
My live for you gets stronger  
A love like this was really ment to last forever!  
Sense the day we met in the past  
we have always had good times  
And there were a few bad times  
I'm really glad I finally met you  
You're the best thing ever happen to me,  
If it wasn't for you  
I would be nothing  
You make my life complete
