# 1000 Words

1000 words can't bring you back  
I know because I tried  
1000 tears can't bring you back  
I know because I cried  
You left me with a broken heart  
And lots of memories too  
But I never wanted memories  
I only wanted you.

# Daydream

I am a little fairy that dreams a lot.  
I sit on my little mushroom daydreaming,  
About what the world would look like if I was big!  
Everything would look really small,  
The birds and the other fairies would be small.  
Never let anyone tell you that dreams are for fools.  
Someday your dreams will come true.  
Remember if you wish upon a star long enough,  
Your dreams will come true.

# Dear Diary

Dear Di-a-ry  
Can you believe me  
Admit what I write  
I like Hermione  
But we are two worlds apart  
Cause she's a mudblood  
I'm crazy  
But I like it that way  
Tell me why?  
I know that it's a mistake  
Tell me why?  
Pansy just makes my heart ache  
Tell me why?  
Just quit the stupid tormenting  
I like Hermione  
She saw me looking  
I started sweating  
Yes, I know  
She's with Ron  
And I hate it that way  
Tell me why?  
I know that it's a mistake  
Tell me why?  
Pansy just wants my money  
Tell me why?  
I'm busted if they ever know  
I fancy Granger  
Hermione's pretty  
She's just something else  
Although she slapped me on the face, yeah  
Her grades are high level  
I'm nasty to her  
But deep down inside of me  
She is a beauty  
Her skills are charming  
Won't tell, won't tell, won't tell, won't tell  
I wanna hear her say  
Malfoy's better than Harry  
Malfoy is such a darling

(I'm waiting for the words)  
I want to make her Slytherin (oh yeah)  
Not that Griffindor  
Tell me why?  
I told you it's a mistake  
Tell me why?  
Pansy just makes my back ache  
Tell me why?  
I wish Granger likes me today  
(I'm never gonna let them know)  
I like Hermione  
Tell me why?  
I know that it's a mistake  
Tell me why?  
I'm never gonna let them know  
(Never gonna let them know it)  
I like Hermione  
Sin-cere-ly Draco

# Emotions

Anger fear sadness happiness and hopeful is some of the emotions we have. We try to over come it. We do stupid stuff from time to time. we try and hide our emotions from everyone but we can't. We hurt the people we love with the words we say but it's a little to late to take them back. We try to kill ourself but we make everyone sad and upset. We hurt our parents the most. We say mean things to them, we hit them, swear at them and we tell them to piss off. But in the end our parents loves us no matter what.

# If You Love Me

If you love me  
Like you told me  
Please be careful  
With my heart  
You can take it  
Just don't break it  
4 my world will  
Fall apart.

# My Angel

My angel is the one who looks over me  
My angel is the who cares for me  
My angel is the one who loves me  
My angel has beautiful brown eyes  
My angel has beautiful black hair  
My angel will be there when I get hurt  
My angel will be the one that is always on my mind  
He is the angel that keeps me breathing  
He is the angel of my dreams  
He is the angel that keeps me alive  
My angel will cheer me up when I'm sad  
My angel will love me for me  
He is my angel of my life

# The Lost Teddy

Once there was a little child who loved her teddy bear  
She always has her teddy bear near her.  
Her teddy bear keeps her happy when she's asleep  
The little child was in the bathroom, brushing her teeth  
When a little fairy came in and took the little child's teddy away  
To a far away castle that no one knows about it  
When the little child had finished doing her teeth, she notice her teddy was  
missing  
She looked everywhere for the teddy  
She was crying when she went to her mommy  
The little fairy putted the little child's teddy back on her bed  
The little child went up to her bedroom thinking that her teddy was lost forever  
But when she got to her bedroom, she saw her teddy lying at the end of the bed  
She was so happy that she slept very well.

# True Friend

A true friend will be there for you no matter what  
A true friend will listen to you if you have a problem  
A true friend will care for you  
A true friend offer you gum but not cigarettes  
A true friend helps you to walk away from a fight but not to start a fight  
A true friend will let you to cry on their shoulder  
A true friend will never judge you  
A true friend will have your back when you get in trouble  
A true friend is hard to find  
A true friend will be there to the end
