## Acceptance Of The Prayer.....(Feb.14,2007)

she death awaken like the dawn of a new day...  
yet darkness still follows her...  
questioning a new day of her existence....  
she craves a day of happiness...  
but for her that is not to be....  
for only heartache greets her at the door....  
she is the prayer...  
she must not allow herself to be preyed...  
she is a step ahead of her prey...  
for she knows the day ahead must be lived in the acceptance of the prey...  
darkness! for it is the darkness she knots...  
me the prey holed my arms open in pure acceptance...  
for it is easier....  
for there is no compromising of the prayer...  
her strength devours the life left within me.....  
she prey grows very weak...  
i can no longer fight my enemy for my strength is no more....  
i grapes for the last of the light in my world of darkness i will see...  
i raise my arms as a sigh of victory...  
for she has won, yet again...  
for she never dies....  
i say give up my immortal...  
soul....  
so i may rest and go to a place of light....  
prayer you have won yet again tonight...  
what brings of tomorrow...  
or will tomorrow ever grace me with its dreaded darkness.  
until then.....

## Almost Losted Him! (December 16 2010)

i lay my head down on his chest and cried because he had lived  
because he had died.  
because i was afraid I'd lost him forever.  
a desert of emotions  
happy, sad, dark, light, sorrow, joy swept over me, under me.  
breaking in one moment i was feeling everything and i was feeling nothing.  
the world ends not with a bang but a whimper  
i was shattered, i was saved, i lost everything  
i was give everything else.  
a desert of emotions  
all because i almost lost him forever.  
i never loved him anymore then i do, right this second,  
and i'll never love him any less than i do, right this second.  
all because i'd almost lost him.

## Beautiful (4/14/2010)

Beautiful you, beautiful me,  
Beautiful us,

Every time we walk there  
Always a beautiful sun.

We have a beautiful daughter,  
Beautiful house.

Everyone see us as  
Beautiful people.

I never thought I would be with a  
Beautiful man.

It a beautiful day please won't  
You stay my beautiful man.

## Beautiful Misery Day (4/13/2010)

One beautiful misery day I was almost safe,

I was shameful wealth

Then accidentally on purpose I

Became a little pregnant with

A clean kill baby inside me.

My parent clearly misunderstood

I said I was a little pregnant

But I wasn't pregnant on the beautiful

Misery day.

## Darkness (January 8 2011)

i sit in the darkness thinking about my life  
i run in the darkness so no one can see me  
i sleep in the darkness because that's the only place i can sleep  
i walk though the darkness trying to find the light  
the darkness is taking over me. the darkness has become the pain that my  
past has made for me  
i need a hand to help me out of this darkness, it became my life and making my  
family and friend leave me and i don't want that  
i need help out of this darkness.

they don't understand because they didn't go thought what i went thought.  
they don't know how much i wish i could get over it but can't  
don't know how much i wish it never happened

didn't have to go thought what i did  
i don't know how to let it go just don't know

## Goddess! (April 11 2011)

My heart bets so heavenly fast my goddess.  
Always wandering through the night's darkness  
Hoping your heart bets so heavenly fast for me  
Wanting you to tell me I'm worth your time.  
Draw me close; love me like you never loved one.  
Hold me close never let me go in my life.  
Kiss me like a goddess would kiss there love.  
My goddesses try into my angel forever.  
Make this nightmare run away, never come back.  
Always make me feel like no one felt before.  
Call me in the middle of the day to say I love you.  
Come running when I call in the night's darkness.  
Never forget I will love you like always.  
Always my goddess my heart bets so heavenly.

## I've Been Know (4/20/2010)

To cut to show what going on inside.  
To fall for someone fasted.  
To be outgoing.  
To not listen to my parents.  
To stay things I didn't mean to say.  
To write poems.  
To go over the top.  
To make people fell sorry for me.  
To be understanding.  
To care more then other people care for me.  
To sing well.  
To be beautiful (even though I don't think so)  
To say I'm sorry for something I didn't mean  
To break people heart even if I didn't mean to.  
To say crazy things.  
To do crazy things.  
To make people fight over me.  
To make people be in pain.  
To say I love you when I don't mean it.  
To be me around people I don't know.  
To be kind.

# Killed My Mother! (April 15 2011)

I didn't know you could be gone  
That fast in my life I  
Thought you would always be here  
Taking care of me forever

Just the other day I write you a letter  
To show you how truly I feel  
You told me how much you loved  
Me, how you're always be there

Just like that you were taken  
For me, in a blink of a eye  
You were all I ever had  
Now you gone forever

You die in a car accident  
Though right under the car  
Like you were though out of  
My life. Never seeing you

She toke your life because she was intoxicated  
She wants forgives but  
Should I give it? She toke your life  
She killed the only mother I ever loved

you're the very best part of my life. you have my soul. i don't want it without you - it's yours already!

I've been lifeless without you. I've meet lots of guys but there not you, they just seem to make me think of you more.

i know i didn't show you how i love you so much as i should have and I'm sorry but you got to know how much i love you how much i care because it really hard knowing your out there knowing when the time we were together and i didn't show you truely how i feel about you.

I'm sorry i wish i could go back in time and change it so maybe we will still be together and you would know i care and love you as much as i do.

i will always love you Nicolas. it hurts to think about you.

i thought i'd explained it clearly before. i can't live in a world where you don't exist.

i love you

## Prayer (Feb.19,2007)

she does sleep but yet for awhile....

i feel her with every breath...

waiting to make me the prey yet once again...

she wakes.. she sleeps but for a very short time... for from the prey must she feast....

for her to live... me the prey doth hate the prayer... but then who am i for she's is a part of me.

she takes the very life of me... how longer must i live only to be dead inside... must it is for eternity....? !

can't handle this... i hate that my soul seems to belong to the prayer.... she loathes life... loves to leave me with the taste of death...

someone save me for i cannot save myself... i feel her in my very bones...

the pain is becoming unbearable.... she is eating my life away... and i have no place to hide... i fear that death is soon to be my eternity-for i can no longer fight a fight not for me to win....

for she strips everything of value to me.... i stand striped, alone, tired, and very little desire to face another day of torture....

just go and let me live.... or just give me death so i can rest... i am so very, very, tired!

juggalette Tiffany ann

## Random! (April 7 2011)

## She The Prey... (Feb.15 2007)

She links in the shadows... never letting go...

She hungers for me... the prey...

No longer can her heart beat...

No longer does she taste the gift of life...

For only in death does she live...

From top of mountains does she shout...

I crave the sweetness of death and through death only will I rest...

She feeds from the life of the prey...

Her hunger never satisfied she continues to tare at my vary soul...

It is not a choice... but a snare...

To be forever damned...

For darkness is forever her friend...

Never to stop until my soul doth she have in the end!

juggalette Tiffany ann

the pain of losing you  
the pain of being alone.  
the pain of my heart breaking  
the pain of longing for you.  
the pain that my pasted has made for me  
the pain the razor makes when it slides across my arm to make me get away

the pain has taken over my life never giving me a min to be happy  
please won't you take the pain away please!

juggalette Tiffany ann

## The Betrayed (July 9 2010)

they will go behind your back and hurt you so bad you cant think right,  
your heart starts to hurt more by the min.  
it like they put a knife in your back again and again  
never giving you a min to not feel the pain even more.

what if i had a weird looking face?

would you still love me even if everyone thinks I'm weird?

what if i acted like a dog and not a person?

would you still love me even if people make fun of me?

what if i got pregnant and got an abortion?

would you still love me even if people hate me for getting an abortion?

what if i lie to you about your make-up?

would you still love me even if you hate me for lying to you?

what if i killed myself for a boy that did not care for me but i care for him?

would you still love me even if it was for something stupid?

juggalette Tiffany ann

## You Did It! (April 4 2011)

After living the life I've lied and going through the stuff I've gone through I never thought I would go through what I just want through.

Before it ever happened I never thought you would ever do that to me but then again why won't you.

Change does happen in everyone but you never think someone would change so fast in this small time you have together.

Doesn't it hurt knowing how you hurt me so, I guess not

Every time seeing you makes me want to run away and die.

Forever knowing you could just do that when you said you cared but I guess not.

Getting ever thing you ever wanted,

Having it all for yourself, did it make you feel amazing, powerful?

I know it made me feel littler like I was nothing.

Just here for your uses,

Kind of making me feel like I shouldn't be living even more.

Loving you was something I should have never done.

Most man would never dream of doing what you did to me,

No one ever thought you would but

OOPS! You did.

People never believe me at first,

Questioning what I said but

Realizing I wasn't lying about what I said.

Saying they were going to kill you if they ever show you again.

Talking bad about you but really never doing even thing about it.

Under this never ending pain

Very little time to feel no pain

Warring if it ever going to end

X'plode out of my mind never giving me a min to live life like a kid wishes she could.

You never thought I would tell someone did you but I did but still your still out there,

Zoom in and your find I can take care of myself don't need this pain so just leave me now!
