An Angel's Kiss

An Angel's Kiss,
Is like so much bliss.
And that Angel is you.
You know what to do.

You love to make me smile,
Every time I've been sad for a while.
The feelings are growing.
And they are showing.

An Angel's Kiss,
Is something I'm glad exists.
You're someone I know.
And you help me grow.

Please tell me.
How you feel.
So I know.
If it's real.

But it's An Angel's Kiss.
It's something I shall not ever miss.
I love you.
And that I will always do.

First Kiss

You leaned over and you kissed me
I felt my knees weak,
I couldn't even speak.

You leaned over and you kissed me
With a passion flowing free,
Sparks flew that we could see.

You leaned over and you kissed me
A touch so soft and tender,
A kiss I would always remember.

You leaned over and you kissed me
I am sure I kissed you back,
With the fire no kiss should lack.

You leaned over and you kissed me
You left me wanting more,
My soul you did explore.

You leaned over and you kissed me
My heart no longer full of pain,
Darling, kiss me once again.

You leaned over and you kissed me.

I Remember When

I remember when you was all mine
When ever you told me you loved me,
I believed you everytime you told me.

I remember when you promised me
That you would never leave me for my friend,
Then you did that behind my back.

I remember when we had our first kiss
Your lips was so soft and tender,
And I will always remember how they felt.

I remember when I first met you
I was walking in the hall on a Friday,
And I said hi and so did you.

I remember when you went with me to an appointment
And on our way home we was taking silly pictures,
Those memories was great I would love to relive that day.

I remember when you told me it was over
I remember the date March 22,2011
Of our seven month anniversty,
You told me we needed a brake for awhile
And we might get back together sooner or later.

I remember when I cried all night
Because I wanted you back.

I Will Love You Forever

I love you so deeply
I love you so much,
I love the sound of your voice
And the way that we touched.

I love your warm smile
And your kind, thoughtful way,
And the joy you bring to my life
Each and everyday.

I love you today
As I have from the start,
And I'll love you forever
With all of my heart.

Last Kiss

As I looked into your eyes
I knew something was wrong,
And then you said goodbye
We had been together too long.

You said you didn't feel for me
The same way I did for you,
And after months of our love
We were actually through.

I said you won't go
You said you can't stay,
But how was I supposed to know
It would all end that day.

I told you how much I would miss
Each and everyday,
And that I was when we kissed
And then you turned and walked away.

That was my last kiss.

One Kiss

One kiss is all I want
To take away my tears,
And give me a healthy smile.

One kiss is all I want
To give me hope,
And take on life as it comes.

One kiss is all I want and need
To show you that I love you,
And be there for eternity.

Why, When I See You!

Why do you have to be this way
Almost everytime I see you,
You act different than that one day
Your not the same person.

When we dated you always
Acted like you cared and loved me,
But you only cared about me
You never loved me you lied
Everytime you told me.

Everytime I seen you in the halls
I felt like there was walls between us,
I feel like you hate my guts
So thats why I barely talk to you.

I still love you
But not as much as I used too,
I would love to go back to November anytime
I miss that week I stayed anight at your moms
With you.

Now my life feels weird without you
Seeing you with another girl tares my heart,
Because the girl your with is the wrong one
I am the one you need,
Because I was always there for you.
