## Kathleen Stead()

Hey, my names Kathleen, but you can call me Kathy, Katie, Kat, or whatever you want. I blow out the candles on July 26th. I'm 16 years young. If you think any of my poems need improving, leave me a comment. I really hope you enjoy reading them as much as I enjoy righting them.

# Good Bye For Now

I know you have to go,  
I know that you can't stay  
But I really hate the fact,  
That you have to go away.

Shyenne, I'm gunna miss you,  
The way you'd love to laugh,  
Ill never ever forget you,  
Because you're my other half.

Ever since we met,  
We'd always cling together,  
our favorite phrase,  
'Best Friends Forever.'

Now you need to go,  
Pretty far away,  
but at least I know,  
We'll be together again some day. &lt;3

# Mothers Day Poem

You're always there for me,  
Even when I fall,  
You have truly loved me,  
Before I even knew how to crawl.

I'll always be there for you,  
Even if you fall,  
And I mean it when I say,  
You're the best mother of them all.

# My Sister

You And I,  
Together forever,  
'Cause you and I,  
Are best friends forever.

I love you more than life,  
I need you more than air,  
I know you're by my side,  
And that you'll always care.

I've always got your back,  
I know that you've got mine,  
And even though we usually fight,  
It always turns out fine.

I'll always need you with me,  
I'll always need you here,  
I'll always want your friendship,  
And I'll always want you near.

So I hope you understand,  
You're more than just my friend,  
You're the sister of my dreams,  
And the one I'll stay with 'till the end.

# You Belong With Me

I should of known,  
This is how it would end,  
But I honestly wish,  
You'd still be my friend.

You were like my brother,  
We were close as could be,  
But she got in the way,  
And now you don't come near me.

You two got together,  
And she hates when I'm around,  
She really doesn't like me,  
All she does is knock me down.

So I see that you chose her,  
Instead of the one you knew for years,  
But it's obvious you don't realize,  
Me fighting back the tears.

So if you two don't work out,  
And you finally see,  
That the truth is,  
That you belong with me.

# You Promised

You said that you would love me,  
You promised you'd never lie,  
You swore you would protect me,  
and that you'd never make me cry.

now all that i want  
is for me to be with you  
do you know your missed  
no you havent got a clue

yes, its true ill admit it  
i really want you back  
'cuz being here without you  
imma total wreck

plz come back to me  
forgive all my mistakes  
and even if it kills me  
ill do whatever it takes.
