katie aguirre(1-27-98)

I am a 14 years old girl who everyone finds unusual or strange. To them i am just the quite person who sits in the back of the class and writes poetry, but of course no one knows that i have been through a lot such as my one years old nephew named Mateo passed away march 4th 2011, and his second birthday was on April my mother is sick and i have no father. Basically i just want my poetry to get me famous so my mother can quit her lousy job as a daycare provider and she can finally rest and relax and not have to worry about anything any more.

' Beast'

who do you call upon
the name such as a
foul and horrifying
beast?
how could you call
someone something they
are not, is it because
they are not beautiful
such as thy? Or is just
that they are simply odd?
yet you bother not to worry
for anyone but yourself?
but truth be told, they are
no beast they are people, but
if you should dare call someone
a beast.....
thou should call them self the beast
for the one who shuns everyone is filled
with evil, and thou be filled with evil until
thou realizes that thou is and always was
the one thou call the ugly and horrifying beast.

A Thousand Words

A thousand words
are told to you
but mean nothing
when you know the truth
A thousand words
say one thing but,
always mean another
A thousand words
are this and that
A thousand words
are full of crap
A thousand words
mean nothing unless
you want them to mean
something.....

A Thousand Years

A thousands years
he shall wait
to find the one
A thousand years
o pain and misery
must be payed
to have.....
A thousand years
of happiness.....
A thousand years
must past before
they may reunite
To fall in love
they must wait
A thousand years

Around

Around and around
we may go
to find something
but, find nothing
Around we go
looking over and over
looking, but
never finding
Around we go
looking for what
we desire but,
yet we find
Nothing.....

Bring Me Back To Life

Bring me back to life
and let me live
don't kill me once again
and you wont have to
bring me back to life
again.....
Bring me back to life
and show me what i missed
Bring me back to life
then put me back to rest.

Don'T Help

Don't help me
i can set myself
free.....
Don't help me
learn how to
Love.....
Don't help me
learn how to
survive.....
but, you can
help me and
i will help
you.....
if you don't
help me....

Give Your Best Shot

Shoot for the moon
and if you miss
at least you'll end
upon the stars

Here In My Heart

HERE in my heart
you will stay
Here in my heart
you will be loved
Here in my heart
is where you belong
Here in my heart
You are here
and hopefully
i am in your
heart as well.

I Love You

I love you
more than you
can ever imagine
I love you
more than than
your mother loves
you.....
I love you
so much that i cant
live without you
I love you
so much that i
rather die then
not live with you
I love you
so much that
it is so hard
to put into words
I love you.....

Midnight

It is midnight
and i am cold
it is midnight
and i am lost
lost in the woods
i can see nothing
, but i can hear
the wolves howling
I am scared
, but i have a little
light, a little light
From the moonlight
i shall follow, to lead
me to my very own faith.

katie aguirre

No Words

I have no words
to tell you how
i feel.....

I have no words
to tell you about
my pain.....

I have no words
to show you my
hatred.....

I have no words
and with no words
i can't tell you
I love you.....

katie aguirre

Open

you opened up to me
and i opened up to you
you opened the door and
told me to leave, you
opened the door and told
me that you loved me
you opened my heart
and i fell in love
with you.....

Then you opened the door
pointed, to my car,
and told me to leave
you opened the door and
broke me once more..

katie aguirre

Owned

I am owned
with no freedom
anything i do is
Owned.....
Everything i have is
Owned.....
Everything i say is
Owned.....
My whole life is
Owned.....
I am owned with no
chance of freedom
I am owned.....

katie aguirre

Set Me Free

Set me free
and let me live
set me free
and let me love
set me free
and let me be
set me free
then i will set
you free.....

katie aguirre

Silenced

Silenced is all i know
silenced is all around me
never to make a sound
never to say a word
Silenced is my entire life
never to be heard
I live in silenced
I am in silenced
I am silenced

katie aguirre

Stand Out

Stand Out
and be yourself
Stand Out
and be original
Stand Out
and show to the
world who you are
Stand Out
and don't be afraid
of who and what you
are.....

That First Kiss

That First Kiss
Every girl longs
for, that first kiss
That First Kiss
That makes A girl
fall in love.....
That First Kiss is
Desired by many, but
Will just be another
Memory.....
A person will wait for
That First Kiss.....

The Other Garden

The other garden
so beautiful, yet
its not mine.....
The other garden
it speaks to me
but, i love it
so much.....
i am in love with
the fact that it
is so.....
it is so.....
well it is so amazing
that i have no words to
explain the beauty.....
i want this garden, but
it is the other garden...

katie aguirre

The Poisoned Garden

The poisoned Garden
full of life
full of lies
A garden is to be
full of life, not
full of death.....
A garden is to be
Amazing, but this
Garden, The poisoned
Garden is full of sadness
and evilness.....
I am this garden, but i don't
want to be the Poisoned
Garden.....

The Way You

no one quite understands
the love i have for you
because they've never
felt the way that i do
the way you make me smile
and the way you make me laugh
doesn't always last, but
never really dies
that charm that you
apparently have is
really working, you
have me now and always will
the way you say i love you
and the way you say i miss you
is never a lie, i know when you
are lying i can see it in your eyes
i know that you'll never break my
heart and i'll never break yours
because when you say i love you
my heart starts pumping and i
feel my world lighting up
the way you say im beautiful
when i know im really not
just makes me feel like i
have found the one and i
never want to lose you
i know im not the best at
everything and i don't know
everything but i do know one
thing and that is, well
I LOVE YOU

katie aguirre

Untrusted

How am i untrusted
i untrusted you
now you untrusted
me.....
not just you but,
my friendz as well
So congratzzzzzzz
i am untrusted
look you got
what you want
i am untrusted so
what more can you take
away from me
so just go
for i am untrusted.

katie aguirre

Wait

Wait.....
will you wait
for me.....
will you wait
for me to
pick myself up
wait for me
to clean up my
act.....
wait for me to
fall in love
all over again and over
wait for me
and i will
wait for you

katie aguirre

Watch

I will prove you wrong
watch.....
Watch me fall in love
Watch me live on
Watch me prove you
wrong.....
watch when i live and you
die.....
Watch when i prove you wrong
Just watch.....
and watch.....
watch.....
For i shall prove you wrong
watch.....

'With Out You'

with out you my
whole world
is upside down
with out you
i am lost
with out you
i see only pain
i feel only pain
with out you
i am missrable
and i need you
with out you
my life is
incomplete
with out you
my world has
no buety
with out you
my world has no
life and i have
no meaning for
life.....
with out you
i have no one
without you
my whole world
is gone.....
