# Black Rose

## Bunny Poem Random: D

i see a bunny as he runs by i think to myself i hope you die  
i smile and laugh at my own little joke  
i just keep thinking i hope you choke

That fucking bunny better not dare  
To cross the road that one last time cuz I might kick him in his eye  
So hip here and hop there ill just give u my deadly stair  
And u pounce my way I say nay  
So fuk u bunny u made my day

# Dying Inside

when i think about ur love  
i feel so heartless  
i know i cant have u yet i try so hard  
i can see in your eyes you have no love  
i cry at the thought of losing u  
i sigh when i talk to u  
for all its worth i think i love u  
but then again i can never have u  
so for now ill sigh then ill cry  
thinking of what could have been  
not nemore or ever again so heres my heart  
ill just die alone in this cold dark world

# From First To Last

Our time is here out time is now,  
From life to death,  
Were here till the end,  
we got birth we get death

Don't cry don't it will be ok.

Kendra Sullivan

# Heart On A String

You like to play with my heart  
its like you keep ripping it out and putting it back  
my heart is here on a string  
dangling and i keep letting it bleed  
ill just stand here and cry  
waiting is the heard part  
i know i cant get over you  
i know that i hate you to  
y cant i accept the fact we just cant be?

Kendra Sullivan

## Here Or There?

i can not get u off meh mind

we've shared it all  
when we fall  
well help eachother always

# How? Why? Who Really Knows?

Why is it i cry?

Why is it i hate you with a passion?

Why could i kill myself at the thought of you?

F\*ck me love me hate me kill me screw me blow me.

when i think of u i wanna die when you are around me i wanna cut like i do so  
you do you torture me?

Kendra Sullivan

# In Doubt Is My Happiness

This Day So sad That I Cry  
Your So Happy But Why?  
Thoughts Growing Strong  
I Wonder What Went Wrong  
I Lay Here Now Just Finding A Will  
Finding My Last Resort I Sit  
As I Try To Look Close  
I Get The Picture  
I Just Found My Happiness  
One Cut Two Cut Three Cut Four  
Now I Just Lay Here On The Floor  
Sweet Relief I Found My Happiness  
Dont Take It Away  
I Look My Door And Smile Some More  
As I See The Red Sensation  
What A Rush  
What A Feeling  
I Think Im All Better  
No More Tears No More Lies  
How Funny its Quite A Surprise  
I Smile As I Lay  
Upon A Cold Floor  
I Think I Might Do It Some More  
<3

Kendra Sullivan

# Is This Real?

Time is passing can this be real?  
I feel oh so fuking ill  
A bullet to the head  
A stab in the chest  
I just wanna fuking rest  
Forever and always  
This is where I wanna be  
Alone and cold like I already am  
So take that knife and that gun  
And just let it all be fuking done

Kendra Sullivan

## Knife Called Lust

i think of all that i have done  
the lust of love i think so dear  
i cry upon the clear fall  
i get up ask whos there  
a calm quiet silluet in the for ground  
i call again who is there  
the shiny knife in the moon light oh so bright  
i think upon all my mistakes as the knife goes cold.

Kendra Sullivan

# Love Iz A Lie

Love is a lie as life runs by  
threw the years we get torn  
i cant stand the thought of loosing you  
i can see meh self alone with no where to go

Kendra Sullivan

# Me And You

ull always be on my mind  
even in the end of time  
so lift me up when i am down  
i do not want to see a frown  
you make me smile  
you make me laugh  
There is nothing in the aftermath  
of you and me cuz well always be  
<3

Kendra Sullivan

# My Cuts

With the razor kissed wrists  
this is my bright red scream  
as I press down harder blood begins to surface  
I convince myself 'you don't feel pain, forget it, it's worth it'  
You convince yourself that there is no pain  
I try to forget  
it's just my sick little game  
I'm ashamed of what I do  
As time goes by they get harder to hide  
more and more skin with scars on the outside  
Hide them with long sleeved shirts, it covers them up but doesn't take away the  
hurt  
It hurts the same when nobody knows; it's just the way it goes  
Cut to feel alive, it's something I know is real  
It's something I wish I could hide, something I didn't have to feel  
When things get too bad it's first instinct to just cut away  
Cut away, make some new scars to just get through the day  
This time it got out of hand, cut too deep and can hardly stand  
Losing way too much blood and I begin to fall  
This will be my little secret, I won't say anything at all

Kendra Sullivan

# My Friends Poem

Hold me tight, hold me right  
Don't let me go, cause ill let you know  
I love you even more then ever  
We could be in heaven together

If only I had your heart, let's never be apart  
Everything external accounts for nothing, like a silent mating call my chest is  
puffing  
I love you even more then ever  
Your soft words touch me like a feather

To feel your warmth, take my fantasies make them warped  
My be  
beating heart, you pierce it with something sharp.  
I love you even more then ever  
Yall be with me ever and forever.

Kendra Sullivan

# My Heart

i have a heart and it is 4 u and only u when u break it will be town and i will never feel the same about anyone ever again so don't do this to me like you did to the rest i actually love you this isn't a fake test....

Kendra Sullivan

# My Last Thoughts

when i feel scared of u i know theres something wrong  
when im happy with u i dont really know if im happy  
when im sad around u your never there  
i cry at thoughts of dying  
i smile when i am lying  
i dread the thought of you anymore its getting tough  
your so angry and im so scared  
i just dont know u anymore  
i look at my scares and remember how i got them  
was it a fight or was it just a struggle?  
self harm is my way to deal and your is drinking till u cant stand  
i lock my self in a dark room with you beating on the door  
i fear for my life with you threting my chance to live  
i leave like u ask in boxers and a top  
in the freezing wind i walk up the street  
you shut the door  
i run to safety  
you come back out screaming my name  
i hide untill u go back in  
sitting in the freezing cold i wait for my only chance  
i still get no sympathy from the man you call a husband  
i go in my room shut my door  
i hold my breath at thoughts of u coming back  
i cringe and the site in my mind  
i turn on my tv  
cry myself to sleep  
u wake me up and u ask what happened  
i look at u with such a shameful stare  
and ask u tell me u were there  
<3

Kendra Sullivan

# My Love For You

Everytime i talk to you my heart pounds  
Thoughts of you make me weak  
I gasp for air when i call your name  
Missing you is what i do best  
As time goes on i shed more tears  
I love you and i always will  
<3

Kendra Sullivan

## Never Cared.....

if one night passed and we laughed  
what if i cryed and you lied  
we would fight i would scream  
you and me were ment to be  
the first time gone the second time froze  
we kissed you dissed  
i fell and you never picked me up  
now i know you never cared  
so fine whatever cuz i dont care

Kendra Sullivan

# One

One time to many,  
One cut to deep,  
Three times the pressure,  
One shot to kill,  
One life to live,  
One life to loose,  
One true love,  
One memory so bold,  
You Only Have One Shot Make It Last  
<3

# Our Love

Loves memory has traced our outline in this place.  
But will the spider remember, or the sun?  
Did the water capture our faces in permanence?  
Does the wind create us anew as it blows?  
Did the shadows from the trees record our passage beneath them?  
Our secret been revealed.  
Yet I have told no other.  
I write these words in silence, in mute testimony  
To what once was.  
But our image remains alive in this place.  
It can not be removed.  
You, me,  
We then,  
Were here.  
We saw the day and hoped for tomorrow.  
We caught a brief glimpse of love's promise.  
We were not liars,  
But thieves of time.  
For now time has now forgotten us,  
Yet our memory lingers, and love remembers  
This place that was ours.

Kendra Sullivan

# Over

I Try my hardest just to be with you  
But you just see right threw  
You Want me To change for your perfection  
But why cant you just except me  
And not want others want to see.  
We Were fine till she came,  
And Ruined it all for me  
Now i sit here in the dark  
While Darkness of my heart swallows me whole  
And tears run down like razor blades and my blood  
You used to say we can live like Jack and sally  
But now ill im singing is 'i miss you, i miss you'  
The Present is mapping out the future day by day,  
with the clock ticking fast.  
You still say 'i love you'  
but its not coming from where it used to.  
You used to say i was the best.  
but i guess all your toys get old, quicker with each passing day.  
My Heart Stretches for you  
But it wont be much longer till i R.I.P. with out you

Kendra Sullivan

# Random

sometimes i am random  
other times i am pissy

so i make jokes like everythings fine

it turns in to a very dsad day everytime alone  
so i guess im just that random

## Reflection (Look At Me Am I What You Want) ?

Whose the true you? Can you find who you are and who you want to be? Do you know the difference? Can you tell what you want in life do people think it is a waste of time..... do you give a care what people think of you? What do you want to be: Emo, Punk, Goth, Reject, Skater, Prep, Jock, Don't wanna be labled? Do you know what I want? Do you know who I am? No. You know why? You never asked. You judge me by what you see not by knowing me.

# Scars

have you ever thought to look?

Kendra Sullivan

# Semi Happy

Kendra Sullivan

# Snow In The Dark

I freaking hate snow  
its to bright  
i like the darkness  
kinda like my heart  
i lay in bed within the bright glary snow  
i feel the tears running down my face  
i cover my window so it is dark  
i cover up so no one can see  
i cut my wrist so i can breath  
i lay awake and feel the pain  
this is what i do  
this is what i feel  
if u dont like it  
u can go to hell

Kendra Sullivan

## So What?

what would u do if i wasnt here?  
would you cry or would you even care?  
as i lay in a deep sleep never to awake  
do u think of me how i was or how i look now?  
do u miss me?  
do you cry?  
will you ever forget me?  
will you still love me?  
think about me for who i was not what i became.  
i might have been a bitch but remember i love u always and forever.  
<3

Kendra Sullivan

# Take It?

I cant describe how i feel  
i know i love you and its real  
i think about you day and night  
i just hope we never fight  
feelings come and feelings go  
but you will always have a place in my heart  
its oddly shaped from being broke  
but i hope u handle it like no one else  
please dont leave me  
i do care  
<3

Kendra Sullivan

# Take My Love

Hes the reason i awake  
id give my soul for him to take  
for what its worth i do care  
no need to worry i am there  
i cry for you  
id die for you  
id spend every night with you  
i feel this empty hole  
there used to lay a heart  
i ripped out and in my hand it rests  
ill give you my life  
id do what it takes  
i just want you to stay  
please dont throw me away  
i miss you now and ill miss u then  
i dont want this to happen again  
if your gone then theres no point of me  
so take my love and keep it be  
your the only one i want forever

Kendra Sullivan

# Take This My Last Breath

This Knife So Dull My Blood Runs Black  
Tonights The Night I Dont Wanna Look Back  
Upon My Wrists There lay A Picture  
Perfect Lines All In A Row  
To Many To Count As They Grow  
My Blood Runs Dripping Down Like Rain From A Cloud  
Screams Heard So Loud In Empty Silence  
Face Growing Pale body Growing Weak  
I Fall To The Floor In Just A Blink  
Because Tonights The Night You Look Down On  
This Dreary Day I Just Lay Oh So Still No Movement Left  
Skin Cold Eyes Glazed In A Trance  
For This My Last Breath I Gasp And Smile As I Fade Away  
Darkness All Around As You Join Me in This Pain  
Together Forever Just You And Me  
For Thus Our Last Plea

Kendra Sullivan

# The Day....

See this purple  
See this blue  
From left to right  
I see light  
I close my eyes and hold em tight  
And then I just fight  
The urge to make it right  
I see the day  
Were I lay  
In the ground  
And just rot away  
Is it coming soon  
I don't know  
All I feel is chilled to the bone  
So call me weird  
Or call me strange  
Ill just sit in the rain  
And cry your name so very loud  
Forever and always  
No need to crowd  
So take my bleeding  
And my paing  
And lets just hope  
It washes away

Kendra Sullivan

# Thinking About U

i think about you

Kendra Sullivan

# Time

as time flys we change  
as we grow older we smarter  
when time passes i watch the clock  
i think about 10 years from now  
i ask where will i be?  
how will i get there?  
who will be there for me?  
when is this all going to happen?  
what will i be doing with my life?  
will i be dead or alive?  
i will never know untill then.....

Kendra Sullivan

# Time Stand Still

Kendra Sullivan

# Ugly

im ugly i know  
when i talk to people they make that clear to me  
why is it that i feel so hurt?  
why dosent someone dump me off in a toxic waste dump?

Kendra Sullivan

# Untitled

The bitterest tears shed over graves are for words left unsaid and deeds left undone

I cry for the time that you were almost mine, I cry for the memories I've left behind, I cry for the pain, the lost, the old the new, I cry for the times I thought I had you

Not all scars show, not all wounds heal Sometimes you can't always see The pain someone feels

Whats the sense of wishing for something when I always just wish it away?

Why do people tell you to believe in what you want to but then tell you not to believe in the one true thing you do believe in?

Kendra Sullivan

# What Are You Waiting For?

ive thought alot about where ill go  
i kinda gave up after no one knew  
for now ill just sit here and think of u  
i weep and wallow in self pitty  
i fear the future  
i forget the past  
i cry for tomarrow  
i lost u once and not again  
forgive me not this isnt the end  
so pull the damn trigger for now untill never

Kendra Sullivan

# What The Hell?

what the hell iz wrong with the world today?

people go by looks and not personality.

Inside me iz a awesome person that no one knows.

i know people look at me and say ew or sometimes maybe worse.

I freaking hate people who do this i wanna punch them in the face.

TELL ME THAT WHAT THE HELL IZ WRONG WITH ME?

Kendra Sullivan

# Whats Next?

i cant believe anymore  
i cant trust  
i cant love  
i cant sleep  
i cant eat  
im dying on the inside and falling on the out  
i wanna dropp dead  
then ill be happy  
never is forever  
forever comes soon  
learn live love hate  
<3

Kendra Sullivan

# Why?

Why do i care what you think?  
with my tears i will weep  
i cant help to care what you think  
i just hate when you criticize what i like or do  
so keep you opinions to your self  
and quit trying to change me  
I AM ME  
<3

Kendra Sullivan

# Would You Care?

would you care if i was dead or alive?  
would you care if i was crying or had a broken heart?  
would you care to make me smile when i was down?  
as i sing my sad song i think of what ive missed  
i think of what ive let go of and lost  
you were one and i miss u dear  
i would beg and plead  
i know i know its to late for that  
i give up and think about what could have been  
as i cry these tears for you i think of us and what we've been through  
i think back to the day we met and cry and sob because i forget  
i learned to love and ive learned to hate but now i just cant even date  
i knew u were the one but i let u go  
i just want u back to say goodbye  
ive done it once ive done it twice but this time i wont let go  
i wont make do and get by on life  
the images in my head with u and her i want to die  
becasue i cry i know i care  
i know u smile cuz ur not there  
i dim the lights no no one sees  
i cut my wrist and i watch me bleed  
i know im still alive because the blood is red  
why cant i just die so im happy to  
this place called home is my hell  
theres still a place i can tell  
its in my heart is where ull be

Kendra Sullivan

# Your Lies

Funny when things never change  
Even when you say they will  
But while your off screwing her  
My life is standing still  
You tell me that you love me  
When I go to leave  
You tell me I'm your only one  
And I let myself believe  
I know that you are using me  
But you'll never let me go  
I know that you don't love me  
I know I'm just for show  
I don't know If I can stand  
To see you love another girl  
You know that you broke my heart  
You know that your my world  
But while your standing by my side  
I'll believe your lies forever  
Cause everything seems so perfect  
When we are together
