# Alone

WHY? ? ?

Doesn't everyone have challenges

Doesn't everyone have disappointments

Or is it just me

I feel as though no one goes through what i do

DOES anyone feel my pain

See it's a struggle just expressing myself

When i do no one thinks its the right time

Can you relate or am i alone

keturah bailey

# Amnesia

I wish i could  
Only if someone could open my heart  
Feel my pain  
Only if i could wish apon a star and make all the memory go away  
But my mind keep going back  
And can't help remember that day in september  
I try to leave the past behind me but it hurts  
I try to make the past be the past but i can't forget  
I hope i come across a case of amnesia  
I gotta leave these thoughts

keturah bailey

# Angels I See

Angels i see  
They came to my rescue  
The time of need they are by my side  
White, black all kinds of races  
Their wings are the size of buildings  
God takes care of his children  
Sending the angels to watch over you

keturah bailey

# Best Friend

Knock, Knock

I answer the door but it's no one there

I call out is anyone there but one one answers

I must be goin crazy, keeps running in the back of my mine

I wish it was my friend

The only i'm missing is one

The only i'm lovin is you

The only i allow my feeling is you

The only one i want is you

MY BEST FRIEND

keturah bailey

# Can We Go

can we go back to love  
like you never let me go  
can we pick up  
where we left off  
i will listen and even learn  
can we go back to when you use to be my friend  
iwould do anything to go way back then  
just in a set of time  
will you ever be all mine  
OVER A PERIOD OF TIME  
LET REWIND I WILL MAKE YOU MINE

keturah bailey

# Chopped And Screwed

you told me you was with your friend another man  
this was hard for me to understand  
you said you wasn't in the mood  
but this was impossible for you to be with another man  
i can't believe you was having a affair  
you act like i couldnt bear  
i knew because you would stear  
i would shead a tear  
but you got me chopped and screwed  
can't believe you was with another dude

keturah bailey

# Death Role

15 years to life  
i'm stuck up n this world  
all this confusion and conflict  
i'd rather be n a peaceful place  
no i'm not serving 15 years to life in jail  
but 15 years on this earth  
i'f i make it to 16 thank god  
but the things i saw and been through feels like i'm in jail  
or the things i've done i pay the price like people in jail  
no i'm not a convict but my life is lonely like a empty court yard

keturah bailey

# Devastation

tragic happens and you are devastated  
Desolution and pain occurs  
you wonder what tomorrow will bring you  
hoping better news come to you and soon  
You think your life is ruin and a wreck  
Dreadful, shocked and upset is all you think about  
All you need is comforting and compassion at this time  
waiting and waiting  
finally a blessing came  
and you thought god have given up  
he's on your side

keturah bailey

# Dream On

.....DREAM ON

ONLY you can control your dream

Great, good, bad, scary

It's all about you

The best time to be alone is in your dream

Dreams can come true

Only if you make them a goal

Everyone dreams aren't crush, but mines happen to be

keturah bailey

# Fame Isn'T Worth Pain

paparazzis all on your tail  
you fall, trip, or crash they catch you  
your every move is taking upond  
embarresed moments will be public  
you take drugs to manage the pain  
money isnt all it turns out  
it gets you into trouble  
life is hard with fame  
why keep the pain  
well you learn to obtain but its still hard  
fame fame fame  
no game

keturah bailey

# Father Like Son

I hope my little brother is nothing like you  
Your a monster that feeds on innocent minds  
Why are you so up tight  
Let go of me thats all you hear  
Little bro try to stay strong don't pick up that mans bad ways  
I wish i could over come that man  
He a beast a dog  
Unbearable  
Can't understand me  
Let my brother be free of you and your bad ways

keturah bailey

# Flames Of The Fire

The flame flow as you walk away and go  
I feel the heat your anger released  
I thought you had it under control  
The flame the fire within you  
It take control during the day but not by night  
You try your hardest and put up a fight  
The flame they are with in you and stay near your heart

keturah bailey

# Forever In Pain

you told me you was with your girl friend  
I found out she was only ten  
why did you have her around all those dirty men  
what you ain't settin no trend  
she can't defend herself around those men  
think what would have happen back then  
but its not back then its today  
the day you went to her grave  
you keep thing i shouldn't have contined like the other men

keturah bailey

# Fragell Soul

YOUR SOUL IS FRAGELL  
LOVE IS FRAGELL, LIKE A GLASS BOTTLE  
DON'T BREAK IT OR IT WILL BE CRUSH INTO PIECES  
THE SOUL NEEDS LOVE BUT NOT FAKE LOVE  
REMEMEBER ALL YOU NEED IS YOURSELF  
YOU MAY THINK YOU MAY NEED MONEY FOR LOVE  
DON'T GET STABBED BY A CROSS BOW N ARROW AND NOT CUPIDS HEART  
THE PAIN DOESN'T LAST FOREVER  
BUT YOUR HEART WILL BE WOUNDED  
BUT EVENTUALLY BE HEALED

keturah bailey

# Golden

The sky is as beautiful as you  
But the thing is your not human  
Infact your just a object  
Something that means the world to me  
You are my gold locket  
Not just anyone the one my grandmom gave me  
I cherish it because it has memories and a pic of my grandmom  
I will always keep it close to my heart  
Not because that a necklace because it means alot  
R.I.P G-MOM

keturah bailey

# Grief Hangs On My Shoulder

I should have known  
It was you my friend, life, my love  
Never ever left  
Why i never left you, why your still here  
Its because you are attatched  
So much pain has stricken my life that you never will leave  
I should have known better to doubt you  
Anyway youre gone to stick around  
You just hang around

keturah bailey

# How Time Passed

I told you not to go, but you went anyway  
You screamed I love you and I screamed it back  
You said I'll be back before I wake up  
Right then and there I started to worry  
Staying up all night crying myself to sleep  
I heard a cry in the night, but it was just my child  
Then a thought struck me he never said good bye  
Why wouldn't you say good night to your son?  
In the middle of the night I prayed to god  
"Please bring back my husband safely to his family."  
The sun finally rose and my husband hadn't come home  
I drove to his ex house, his mom, friends, and hide out  
He was gone and no evidence was around  
Fear was in my eyes as I looked at my child  
I called all the investigators and police to find my love  
They couldn't find him and I started to cry  
That same day I saw you on the news you lost your memory  
I rushed down there and gave you a kiss and you said honey is dinner ready  
I cried and laugh thinking god you're still alive  
I knew you didn't disappear or leave us behind

keturah bailey

# In Memory Of You

Your gone, and yes you are forgotten  
You took my love and now i need it back  
I need it to share with someone else  
Someone that loves me  
All the days so dark and dem  
Its like the ray of the sun came to shine when your not around  
I thought i would find another one  
If i had a wish it would be to share my love with some not you  
I need someone that understands me  
Forever i have open arms for a lover not a person that lust  
Someone that understands

keturah bailey

# Keep Talking

why are these people staring  
i know they are talking  
but keep letting these talk  
forget those people  
all i need is my true friends not people who sit around and gossip  
keep talking  
keep talking  
i really dnt like them talking  
when they really dnt know me  
Its ok tho i got my riders

keturah bailey

# Love Struck

You whisper in my ear you'll be there,  
But when I came you're not anywhere  
For a moment I stopped and stared  
I tell myself this is unfair  
I try my best to hold on and bear  
Realizing you were never there  
All I felt was a mere piece of air  
You're gone but I'm still hear  
I forgot you disappeared  
It was just me simply wishing you was here  
Why did you have to go?  
I'm just going to reminisce about you  
I'll try to go on and not be afraid  
Now I remember you gave me advice  
Thanks for the last moment we had

keturah bailey

# Love Turns To Pain

You love someone  
They love you back  
you realize that's all it is  
kisses, hug, pat or two  
you said i'm not alone  
but yea you have no clue  
he hit's you and you laugh  
get a grip of yourself  
what does that do  
A tear, scratch there  
Bruise over there  
Love is so strong you don't realize the pain  
You learn to obtain  
But why? love isn't getting hurt or killed  
No one deserves that

keturah bailey

# Mother Of Fines

From the time i was born  
you was the one who always huged me and gave me affection  
As i got older so did your love  
It got strong like a solid rock  
Can't believe after all the problems and trouble i gave you  
You forgave me  
always and forever your flesh and blood

keturah bailey

# Pain

you feel the pain but there is no restrain  
its hard to obtain, strength  
keep the faith and believe  
its hard to bear you sit around in fear  
you pause for a moment and just stare  
the pain its still there

keturah bailey

# Play No Game

baby gotta  
know one thing before you ask my name  
be straight up whats your aim  
no girl like me dont play no games  
thats why i say if you wanna be with me go all the way  
do what you gotta do to stay  
is this real or just a faze  
do you have a lady  
do you need a hood baby

keturah bailey

# Pleasure

pleasure can be your worst pain  
it may seem good but is the worst  
you can get help or hurt from it  
try it you may enjoy it or hate it  
unpredictable  
unbareble  
tame your self let the beast stay within  
pain or pleasure take your pick

keturah bailey

# Pray For You

prayer for you

i pray for your protection

i believe he'll guide you

prayer to you

i'll do my best to be there for you

pray for your safety

keturah bailey

# Rain

Rain drops keep fallin in my hair  
Since you been gone im so out of place  
This love i have to fight  
Hes on my mind all the time  
Let the rain take me away  
My emotions keep running away i feel like a inner child  
I need your smile to brighten up my life  
I need to look deep into your eyes  
Tell me this is a dream because i don't want to feel like this  
You took my heart from me  
I don't want to be without you  
I can't sleep without you here

keturah bailey

# Save A Life

where did i go wrong? ?

I lost a friend

I stayed up all day and night with you sleeping by your side

where did i go wrong

Should i have stayed with you longer?

To where the longest yard could reach

Some where i made a mistake

I didnt save your life

The disease was eating you quicker

We stopped keeping in touch

You was no longer there

Rest in peace

keturah bailey

# The Monster In Us

SCREAM, BAM, BANG, AHH

What the hell

Noises we make why? ? ?

The monster in us is roawn

We can control him but it takes a aword and sheild

Reality kicks in when people are there to help and comfort you

Learning to deal with it helps you

keturah bailey

# Thirsty

For your love  
Not you're lust  
I think i don't need a drink  
All i need is to chill with you  
You make all my negative thought disappear  
I been waiting but not to make a move  
For you to say you love me  
Cuz i love you more than you can dream  
I think it's to much to think about  
Im only 15 not quite ready for commitement  
That doesnt mean i don't love you  
Age doesn't matter when love is apart of it

keturah bailey

# Time

LIVE, LEARN, LOVE, PROGRESS, DELIEVER, RECIEVE, EARN are things we have to do in our life time

You never know the type of person you are until you revil your innerself

I'ts not the beauty that defines you but what you think is beautiful

Sitting quietly and just letting your thoughts run free

Dig deeper into your self you'll find a secret even you never knew

See what i mean the harder you try to deeper you get

The deeper you get the more possible you'llrecieve

keturah bailey

# Treasure

Life is what i treasure  
Seeing all the people i love i treasure even people i hate  
I treasure the second chances i get from others  
I treasure begin normal  
I treasure everyone and everything around me  
What is a true treasure  
Not jelws, but emotions
