Hence, i am the champion of my environment, /
because i have what it takes to make a difference. /
In other words i lead by example, /
because i motivate all my people to be the best that they want be. /
They are supposed to plan, wait, watch & make things happen. /
I always achieve on my own, hence i don't see the need to recruit people, /
because i can do it on my own. /
I have an aim, objective & vision, hence i will do whatever it takes to be
successful. /

Power Of Judgement...

I don't want to judge, because it will ruin my reputation. /

I believe you are what you preach. /

In Sesotho we say ' Dumela ' if we greet. /

In Isizulu ' Sawubona! /

In English ' Good day ' & in Afrikaans ' Goer more ' etc. /

I say what's up? Because i am a rapper! /

Hence, who are you? ... /

Can you tell me? /

I want to know who are you? /

My Pessimism(23 / 09 / 2011 / 09h17) .

I am depressed, due to lack of emotional, mental, physical & financial support.
I hate & regret for being part of my culture & religion,
because they encourage my pessimism &
that is not fair, because i want to succeed as a young up & coming rapper,
producer,
promoter, entrepreneur & community development worker.
I am suppressed by their thoughts, because in my world they encourage hate.
Hence, i don't get a chance to express myself..
I am losing weight for this matter & that is not fair,
because i was not born like this.
Things like this kill my spirit as a human being, because they don't confront me
& i don't know why, because i have a right to succeed.
It seems as if they are jealous about my achievements,
because they don't compliment & congratulate me when i achieve,
but instead they choose to hold grudges for me, which results to hate speech.
In other words they don't treat me like a human being.

Be Grateful! (21 / 06 / 2010 / 21h46)

I live my life to the fullest, because i don't know what will happen tomorrow.
I believe my life can change in a second.
Hence, everything i do is from the best of my ability.
I thank god for blessing me with my life.
Hence, i achieve on a daily basis.

When you smile, somebody cry.
When you laugh somebody is mad.
We all want to be happy! ! !
When you shout, somebody is shy.
When you listen, somebody is deaf.
When you walk, somebody is disabled.
When you are hot, somebody is cold.
When you read, somebody is illiterate.

I see, because i can.
You need to see, because you are able to see.
I walk, because i can.
You need to walk, because you are able to walk.
I listen, because i want to listen...
You need to listen, because you are able to listen.
I read, because i want to learn...
I write, because i want to express myself.
I plan, because i can.
You need to plan, so that you can achieve.

My Regrets(04 / 10 / 2011 / 12h28) .

I regret to be part of the Bakoena clan.

They don't want me to be successful, because they ommit their care, motivation, advices & support for my dream.

I am talking from experience, because i have been part of them for 22 years.

I was abused emotionally, mentally & physically, because i was trying to change my life.

This had a negative impact to them & my siblings, relatives, friends, girlfriends & the society.

I lost my confidence, pride, respect & dignity.

To My Father. (18 / 09 / 2011 / 20h16) .

I thought i could rely on you, but it is clear that i was wrong,
because you are the cause to my weakpoints.

I fail in my life, because you have chosed to abondon
your responsibility to guide, protect, advice & motivate me.

I make you proud everyday, by respecting myself, because i am not a
humanizer,

nor the thief, because i believe this will ruin my reputation.

Hence, i will lose my normal body weight, because i will be worried about who,
what,

where, how & when...

Hence, you will be exposed by me naturally, formally, because you seem
informally.

To be honest a man is a man with responsibility,
but you have failed me.

I am judging from your attitude.

I know the truth hurts, but i don't have a choice...

All this things should make you proud, but the more i try, the more
our relationship drifts away & i wonder why?

What have i done to deserve this kind of treatment, because i believe as a Father

it is your responsibility to correct me if i am wrong like a parent.

I hate to be naughtorious, because i am the role model to the kids, youth &
elders in the community.

Hence, i must lead by example.

I came to you, because you don't want to pretend to be somebody else.

Hence, i felt like i could know you better than that...

I accept, because i care about you.

I hope i will not end up being a fool.

I took my time before i approached you.

I saw you on the 29 / 09 / 2011 in Intabazwe Public Library in the afternoon.

I approached & you told me that i must wait until next year.

I agreed with an aim to respect & support your decision.

I hope you see the light at the end of a tunnel...

Home Is Where The Heart Is...(21 / 09 / 2011 / 06h48) .

I am worried about my part-time life at home.

I feel as if i am hated for who i am by my parents, siblings & grandparents...

They don't confront me, but they use words indirectly to attack my self esteem. In other words they don't respect me.

Hence, they teach kids to do the same which is wrong..

They dis-indulge themselves to provide emotional, mental, physical & financial support.

According to my own point of view this proves a point that they don't care about my life.

This is painful to me, because i am unemployed, so i can't afford my basic needs...

They are not responsible for me as i am a first born.

The fact is they don't make me to feel at home.

In other words they have given up on me,

hence, i should do the same,

because they have given up on me.

They are proud, because they don't support me...

I don't have airtime, clothes & i don't eat with an open heart,

because they choose to hold grudges for me, no wonder why i don't enjoy the food.

I believe every parent has the right to advice, joke, protect & provide emotional, mental, physical & financial support to their children.

But mine refuse, because they hate me.

I am writing from experience as i am unemployed.

Hence, i don't receive respect from my siblings, but instead i receive hate, because they don't confront me if they are facing difficult challenges, so that i can help them.

This is painful, because i can be blamed for the wrong reasons.

Hence, i will not tolerate such mistakes, because they underestimate my natural character.

Hence, they have something in common with their parents.

I shouldn't be blamed, because i am judging from their reaction if i am around them.

They hold grudges for me & this proves a point that my days are numbered.
They are jealous with food as if they are responsible for groceries.
What hurts me most is they talk with me as if we are friends,
but i don't have t worry because i know the reasons.
I am the first born, so i am responsible for everything that is taking place at
home.

I came to you with an aim to ask for a chance to know you better.

Hence, we agreed to meet each other, but you broke a promise &
this proves a point that you are not reliable.

This is a fact, because you did not arrive as you have promised.

To be honest i don't want to fall in love with people like you.

Because you don't understand the true meaning of love.

I am talking from experience, because i gave you a chance,

In other words you have taught me to be a liar.

Hence, i won't tolerate that attitude, because i don't want to be a liar.

To be honest i regret, for introducing myself to you.

This is important, because you don't realize the impact of the trust that you have

I believe it is my responsibility to make my parents proud, no matter what.

I hesitate girls & ladies, because everything has it's own place & time.

I believe i still deserve to be respected, even if i am unemployed, because i am a human being.

In my community i am known as a rapper, producer, promoter, entrepreneur & community development worker.

My aim is to explore as a young person, but as time goes on i will retire into development.

I am running my own company called KFM PRODUCTIONS, which specializes in skills development, music productions, events management & administration.

I have my own E.P album, motivation & poetry e-book.

I host music workshops, for the young up & coming artists in my community, because my aim is to mentor them, so that they can be successful in future, by way of using their god given talents.

I will be proud in future if i witness them being successful.

My priorities are to eradicate poverty, crime, alcohol, drugs, HIV/AIDS, STD's, STI's & teenage pregnancy.

I believe i was born to be a winner, hence they call me game, because i always win.

I believe anything is possible, if you believe you will achieve.

I wish to marry a beautiful, careful, trustworthy, supportive, respectful, time conscious, career driven & well presentable woman.

I want to own a big house, kids & car of my dream in the suburb.

Marriage

I believe marriage is important
because it made me to be who i am
I am 24 years old this year
so you can imagine my parents as they are married
& this proves a point about the importance of marriage
because i was raised by them
If it wasn't for them i wouldn't be a man
In marriage we have respect, support, advice
fight, hate, tolerance, peace, & dignity
I am proud of my parents
because they have proved a point that marriage can be successful
because they have been married for more than 20 years
I believe this is an example to us the youth,
to believe that anything is possible
I remember when i was young i made a choice to be the famous rapper,
entrepreneur & community development worker
because i fight for the kids, youth & elders in the community
Hence, i lost my love from parents
relatives & favourite friends, because they thought i was crazy
So, i hope you will appreciate me from who i am

I Thank God!

I thank god for blessing me with this day. /
Hence, i pray each & everyday. /
There are many people out there who would /
have loved to see this day, but they couldn't. /
Hence, I'm grateful, because I'm alive & kicking. /
And that is because of you my lord. /

May this be a wonderful day. /
Would you please guide & protect me. /
From the trials & tribulations of the devil. /
Oh god, i need the power to fight against the
evil spirit. /
I believe everything in this world is impossible without your power /
Because you are the alpha & omega. /
I believe in you because you have created heaven & earth. /
Hence, i will pray each & everyday twenty four seven. /

I ask for the ability & the strength to work. /
So, that i cannot steal from those who are working, /
Because you have blessed me with my own unique talent to use. /
And so I'm down on my knees, in this day asking for the power to use it
effectively. /
This is coming straight from the bottom of my heart. /
People say try is the best, but i will never try you. /
Because if i do, i'm the devil. /

To Sizakele Ngubeni

They say action speaks louder than words. /
I tried to show you that i don't love you by hesitating, /
but it seems as if you don't realize that. /
Because the more i hesitate the more you come. /
and this is boring me to hell. /
What should i do to show you that i don't love you? /
You might think that you impress me by showing your interest, /
but truly speaking you don't really coz i don't love you. /
and i suggest you stop waisting your time next time you think of impressing
me, because i don't love you and i will never, now & forever. /
I will not apologize for saying what i feel inside, /
because it's just the way i am. /

It wasn't my intentions to say this words. /
But it seems as if i can't take it anymore. /
No matter how much effort you put to impress me. /
It will never make a difference to me. /
The reason is I'm still young & fresh, so i have big dreams to achieve
that's why i don't indulge myself in relationships. /
For your information i want to marry an honest, respectable /
virgin who is career driven like me. /
Somebody who knows what she wants in life. /
I don't care if she's rich or poor but somebody /
who doesn't even have a single kid. /
Except her qualifications, dreams /
and acceptable background for this matter. /
It's none of your business who she is. /

I wrote this poem because i saw this is going far. /
And if i don't stop it it will keep moving like a car. /
As it already did. /
So, girl stop waisting your time. /
I don't wanna use you this is from the bottom of my heart. /
Leave me alone, because if you don't i will have to face you /
and i will because I'm not afraid. /
If i were you i will save my love for somebody else /
who will care because i don't and take this as a warning. /

I don't wanna pretend anymore girl, /

I'm sick & tired of your interest in me. /
Like i said i will not apologize because /
this is coming straight from the bottom of my heart. /
So, i suggest you leave me alone & carry on with your life, /
Because you don't have a space in my life. /
And you'll never...not now, nor tomorrow but forever. /
Leave me alone because i don't care how you feeling. /
You can take it the way you want to it's up to you. /
But my advise would be to find somebody who cares. /
Because i don't.../

My Pride

I'm all about pride & dignity. /
Sometimes i get pissed when i see
the things which happen in my community. /
I believe the truth will set me free /
and so i try everytime to stick to this. /
hence, they say I'm the devil. /
I should be dead, because everything i think, say
and do is evil. /
but it doesn't matter anymore because i don't care. /
It breaks my heart when i see the life
we live today as the youth, because it's not fair. /

Teenage pregnancy is taking over like a new product on the market. /
Due to lack of condomization, situation & temptation. /
And so, lot of girls end up, committing abortion. /
During this time there's a man around the corner called death. /
and he's saying come on! let's take a ride. /
If you have sex under the influence of alcohol & drugs you'll end up losing your
pride. /
Because it only comes one's in a life time. /
hence, you will regret this experience time after time. /

I am talking from experience. /
some of us are depressed & suicidal because of ignorance. /
I don't wanna lose mine, so i apply perseverance. /
I believe everything in this world has it's own time & place. /
So, don't ever think of rushing, because you'll end crushing like
an aeroplane who's been flying. /
It doesn't matter what you do, but take your time. /
Hence, you will succeed, YES INDEED! /

Go ahead and start to show off. /
But one day the switch will be off. /
And you will remember me of that I'm sure. /
I'm pure because i lead by example. /
I know i look like a fool to you. /
Because I'm not a humanizer, gangster,
drug dealer, alcoholic or concubine. /
But it's fine_to discriminate me even though the life is mine. /

I am one of the people who believe in success. /
hence, my biggest enemy is failure. /
I go out if i have to, not because i'm scared. /
I know what i want, where, & how am i going to get it. /
If you move around aimlessly with bad intentions your life
will be waisted. /
I'm calm, cool & collected no wonder why i'm respected. /
Brcause i protect my pride & i will always do. /
no matter what they say & that's a deal. /

My Worst Enemy?

I hate temptation. /
I can't lie i really hate you. /
Why? because you make me to commit things that will lead me to regret later. /
One day i want to be a real man. /
I mean i want to own a nice big house in the surburbs. /
I want to drive expensive cars. /
I want to marry a beautiful woman. /
I want to have my own children who will call me dad one day. /
And yes! after all, i wanna have a happy family... /
Hence, i will work hard like a slave /
so that i can live like a king. /
Listen, i don't wanna be dizzy. /

My aim is to defeat what you call temptation. /
Which is my worst enemy. /
But i find it hard to achieve my goal. /
Why? because of what you call temptation. /
It kills your desire to succeed like abortion. /
It may come in different forms for instance, verbally. /
Sometimes i end up being a loner. /
Because my peers indulge themselves in alcohol, drugs, crime & unsafe sex. /
hence, i don't want to risk my life, /
Because, i believe HIV/AIDS is alive & kicking. /
so, i will wait until the right time. /
Coz i believe everything in life has a place & time in this world. /
Well that's according to my own point of view. /
And i will stick to this decision no matter what they say or do to me. /

I am humble & active so this year i am turning 23 years old. /
and i think now is not the right time for me to be sexually active. /
NO, not yet. / Remember everything has a place & time in this world. /
I believe sex before marriage is a sin. /
hence, some people say that i'm insane. /
Because, they think i took the wrong decision /
by omitting myself in crime, drugs, alcohol & abstaining until i get married. /
I want to grow up & find a decent job, so that i can change my situation at home. /
/ I want to make my parents proud because, they raised me to be a real man. /
Not a rapist, murderer, killer or an alcoholic but a leader. /
I believe everything happens for a reason & it has a purpose. /

I behave like this because i have my own reason & purpose. /
Besides i am not a plastic but i'm a goal getter. /
I don't want to commit things that will lead me to regret later. /
Because i know what i want in my life. /

I wanna be rich & famous. /
hence, everyday i am placing the bricks towards building my dream. /
I believe my desire to succeed will make my dream a reality. /
Knowledge is power i believe i can walk tall. /

Nobody works to be the best where i'm from. /
If you have a dream.../
Instead of supporting you they'll judge, discriminate, insult & humiliate you. /
and that is painful emotionally, mentally & physically as it affects your self-
esteem negatively. /
I am talking from experience. /
They used to say that i'm insane & i'm a gay. /
Because i don't indulge myself in bad activities like drugs, alcohol, crime &
unprotected sex. /
But with the help of reading books like love life scamto uncut magazine,
newspapers & information from the internet. /
Today, i am proud to say that i'm unique. /
Because i have a different aim to achieve in this world & i like that. /
No matter what they say, take it or leave it because this is who i am. /

The Winners World!

I belong in the world of winners, /
And not the losers. /
Sometimes when things don't go my way i feel like giving up, /
I hate losers. /
Instead of supporting me they blame me. /
AND THAT IS PAINFUL, SHAMEFUL BUT THEY CAN'T COZ I'M CAREFUL. /
And that's the reason why i wrote this poem coz they want
to turn my life into a nightmare. /
And that is not fair. /
I am proud of who i am but they don't care. /
I believe that anything happens for a reason and it has a purpose. /
Their aim is to pull me down as i'm flying high coz i have a dream. /
They don't have the guts to face me. /
And so they spread bad rumours about me. /
Because it hurts to see somebody's life in progress. /
I'm talking from experience. /
You wish like you could stop that person from achieving coz you can't. /
Hence, it hurts coz at the end you'll end up being the loser. /
Remember! beggars can't be choosers. /
It's hard in the world of winners and so i'd rather hang around with losers. / So,
that i can discriminate those who have an aim in life. /
Because it's easy to discriminate rather than to appreciate. /
I'm talking from experience. /

Sorry to say this but it's just the way i am. /
No matter what happens as long as i survive i will fight for my dream. /
Because, i believe i have what it takes to achieve it no matter the situation. /

I'm the light in the darkness /
I share knowledge & wisdom with those who are powerless,

I'm young & i'm restless i can achieve anything coz i'm fearless. /

My location is surrounded by discrimination, to be honest i'm not really proud of
where i come from hence, i'll never show my appreciation. /
If you have a dream they will kill it like abortion. /
Instead of giving you the motivation. /
No matter the situation from what i witness coz we have no vision. /
Hence, it's easy to lose direction. /
Because of peer pressure we end up indulging ourselves to what we call
temptation. /
Some of us have good plans for the nation, but we end up dying young as there's
no reconciliation, inspiration, appreciation & motivation. /
I'm bleeding emotionally, mentally & physically coz we have no role models,
hence there's no solution. /
Compared to other places we are swimming in a pool of humiliation. /

Who can we look up to as the young up & coming generation? /
Where are the role models...somebody please provide an answer to my question.
/
Shame is what i witness from your reaction. /
Why coz i've been watching every step from your action. /
In each & every occasion... /
You are dreamless, careless & reckless please don't get me wrong coz i judge
from your facial expression. /
Even though i'm not god coz i believe only god can judge. /
In bad activities you do indulge?
And this are the reasons why we having criminals with murders. /
Beggars can't be choosers so we'll end up being the losers. /
I put my faith to my leader his name is Jesus. /
Yes, i believe he's the only one who can help me to focus. /
You can blame, claim or judge me all you want but i'll never give up coz i belong
in the world of winners. /
We are the goal getters so no-one can stop us. /
We famous because they feel us. /

My Birthday!

Today is the 30th of March. /
This is the day i was born. /
To me this day is important coz it only comes once in a year. /
I am excited & i wish i could scream ooooohhh! yeah! ! ! /
I thank god for keeping me until this day. /
Yes i do, because if it wasn't for him i wouldn't be here today. /
He guide & protect me coz he cares a lot about me. /
Hence, i'm grateful coz if it wasn't for him i wouldn't be here today. /
No matter what they say...
If you are a real man you gotta pray each & everyday. /
I believe in reality most people are dying while others are living. /
So you should be grateful because you still living. /
To you love, advice & care is what i'm offering. /
PEOPLE SAY I'M HEARTLESS, RECKLESS & CARELESS BUT
i'm not coz i know i'm kind & caring. /
To them i am what kind of a human being. /
So, i'm grateful coz it's my birthday as i'm still living. /

My Road To Success

Never be discouraged by other people's negativities towards your success. /

Stick to what you love the most some day it will turn out well. /

Some things are hard to get but are worth working hard for. /

So, it is better to support than to look down on other people's dreams. /

The road to success it is not straight there is a curve called failure. /

A loop called friends & flats called jobs, but if you have a spare called
determination. /

An engine called perseverance, insurance called faith & a driver called 'jesus' /

You will make it to a place called 'Success' /

I'M The Fear Factor

I'm the fear factor. /

Coz i defeat enemies in any kind of a sector. /

I'm paving my way to success while they making noise like a tractor. /

I play my favourite song like a dj, so you can call me the selector. /

I have the power to decide about my future, hence i'm the rector. /

I don't have to worry coz god is my protector. /

I'm wise enough to make the right decision. /

I know come with your problem & i'll provide you with the right solution. /

I have determination, objection & vision. /

I'm what you call mobile encyclopedia full of knowledge & information. /

hence, i'm the fear factor coz i'm on the right direction. /

Let's face it you can't mess with me & my fiction. /

I grab a pen & a pad with an aim to utilize my innovation. /

That's when i become the main intimidation. /

Because i explore hatred & jealousy simultaneously but
obviously i cause explosion. /

Right in my enemies eyes & they realise the confusion. /

Hence, i'm the fear factor. /

That's Not Fair

Just because i'm famous /
there's no need to pull me down coz of jealous. /
Embrace with me instead of discriminating me. /
I hope you feel me /
Haterz try to pull me down with words coz dey powerful, but i don't care. /
They say another man's fall is another man's gain /
They brag about my weakpoints with an aim to give me pain. /
Now & then they apologize but they repeat the same mistake again & again. /

That's not fair...

They don't rest coz they always looking for an excuse to make me cry. /
How could they?
That's not fair...

I am a human being like you i also feel the pain. /
Coz i got blood & flesh like you. /
So, tell me why you always want to torture me? /
ok. i get it now, that's because you hate me. /
hence, you try by all means to destroy me./
Come on i feel the pain in my body when you torture me. /
So, i suggest you leave me alone, & mind your own business. /
I deserve to be treated like other human beings. /
because i also have the feelings./

What Have I Done?

Since you left it's been raining /
Now i'm swimming in a pool of loniless /
I thought our love was meant to be /
I guess i was wrong coz now i'm bluesing like the sounds of RnB /
everytime i close my eyes i cry /
oh...why...why...why?

Come on girl i don't wanna lose you /
So please let's just give it another try /
Think about it....do you really want to leave me?

Usually i'm a goal getter /
Coz everything i do, i do it better /
but since you left me...
i can't do anything coz it's hard /
to carry on without you /
You're the only person who understand me the way i am /

I remember when i was going through a tough time /
You stood by me with an aim to support, & comfort me /
This convinced me that you will die for me /
You promised me that no matter what you will never leave me /

So now i'm hopeless & wondering.../
What have i done to deserve this kind of suffering /
Is like i'm boring, coz when i try to bring you close you keep ignoring
me like i'm snoring /

Babygirl what have i done?

How Could You?

How could you be so heartless, careless & reckless /
You've destroyed my health...emotionally, mentally & physically /
How could you?
How could you use & leave me without a choice? /
now my life has changed because of you.../
You have hypnotized me...
I hate you with all my heart /
How could you steal my sense of humour /
I feel like i'm insane in my brain /
Pain is what i gain now & then because of you /
But i try hard to maintain /

Look, people call me a thief because of you /
I steal money to fulfill you /
How could you?
Separate me with my parents, friends, girlfriends & relatives /
You don't deserve to be part of my community /

I lost my voice, weight & dignity /
hence, i'm angry so i retaliate as you did to my obeisancity /
I'm depressed, stressed coz i'm always cursed /
And i regret when i think about my life you have messed /

Broken Heart

Maybe we need just a little more time /
Time that can heal what's on your mind /
We can find what we lost before it all slips away /
We need time to mend from the mistakes i've made /

God only knows what a heart can survive /
So many tears from all the pain in our lives /
and where else could we go after all we've been through /
I still believe my life is right here with you /

So just hold on & it won't be long /
I hope that you can love when the pain is gone /
I don't want us to fall through the cracks of a broken heart /
I know it's taking a little while but every lesson,
I've learned & if your heart speaks tonight. /
I'll never stand in your way but with all i have /
I am asking you to stay. /

There's a light that can burn /
It exist in the heart you can feel it when you know love is true /
If you could try to be strong & keep the light burning long /
It took a lifetime but I found it in you. /

I'M Respected

I'm calm, cool & collected /
Most of you know that i'm respected /
but now i feel as if i'm easily attempted /
Because everyday i'm getting tempted /
And this makes me feel like i'm useless, careless & reckless because i'm
underestimated /
Oh...oh..my god why...why me...why?
Ooh! ok..i see now, because i stand up for what i believe is right /
Hence, they will try to pull you down in the morning, midday even at night /
so, believe in yourself, no matter what they say /
Stick to your own principles everyday /
You are who you are, you'll be respected /

To My Unborn Child

Your future is in your own hands.

In other words you reap what you sow /

Feel the revolution, your attitude will determine your destination /

What you do today will determine your future /

Life is full of challenges & this is not an opinion it's a fact /

I am undefeatable cause i am from the don't give up generation /

I fight for what i believe is right /

Everyday i am placing the bricks as i'm building my dream /

I believe that anything is possible cause i am a goal getter /

I have the ability to make a wise choice, hence i'm feeling better /

I'm walking, enjoying this journey like the words of a letter /

Yes! i agree i'm very skinny but mentally everyday i'm getting fatter /

love me or hate me it doesn't matter /

People talk the talk & i talk & walk /

Because i believe that talk is cheap /

I repeat you sow what you reap /

REMEMBER: In every triumph there's a lot of try / This is for my unborn child.

Words Are Powerful.

Words are powerful

Words can tell, guide & discipline.

Words can encourage, motivate & inspire.

Words are powerful...

Words can attach, build & control.

Words can protect, comfort, appreciate & love.

Words can heal.

Words are powerful...

We use words to love

We use words to discriminate

We use words to insult

We use words to humiliate

We use words to appreciate

We use words to hate

We use words to comfort

We use words to fight

We use words to destroy.

Words are powerful...

Words can make you disappointed, sad & cry.

Words can make you judge, forgive & forget.

Words can make you care, happy & smile.

Words can make you aware, suspicious & interrogate.

Words are powerful...

Words can make you mad, crazy & shout.

Words can make you speak, apologize & understand.

Words can make you uncertain, ignorant & lie.

Words can make you complain, suggest & discipline.

Words can make you angry, fear & shy.

Words are powerful...yes...Words are powerful.
