## Cared {heart Break}

When you look inside girls  
Heart, you see the struggle  
It takes to get through all  
The crap in her life, you see  
The bullcrap, all the lies,  
And the times she wished she  
Was dead But most of all,  
You see how hard it was to  
Let go of the donkeys who  
Acted like he actually

CARED

Kristian Nopah

# Fade

Laying there in silence  
With blood covered wrists  
She thinks about why she did it  
And why she longs for the numbness  
With each thought she hits a fence  
Falling from her eyes, a red stained mist  
She just can't seem to quit  
Shocked by the grimness  
Of her tone  
She puts away the blade  
The only thing she can depend on  
Night or day  
Besides herself  
Picking up her phone  
Trying to make every thing fade  
But all of her 'friends' are gone  
Looking towards the blade she says  
'I hope you're happy with yourself'  
Lost in the pain  
Consumed by the will  
To do it again  
Just one more time and she swears she will stop  
Not hearing a sound  
Pulling the blade  
She is burned by the shame  
She just doesn't want to feel  
The weight of her sin  
After hours of endless pain her body drops  
Praying to never be found  
Her haunting memories soon fade

Kristian Nopah

# Friendship

Among life's precious jewels,  
Genuine and rare,  
The one that we call friendship  
Has worth beyond compare

Kristian Nopah

# Good-Bye

I don't really want to say goodbye  
I don't really want to leave you  
But now I have to go away  
Stay away from you forever  
What we had was something special  
Deep down from our hearts  
But now I have to go away  
And leave you from my heart

Kristian Nopah

# Lost Love

Loved you more than I have ever known  
Those starry eyes  
Those tender lips  
You made my heart melt  
Then boil into a roaring fire  
I now know  
What my eyes could not see  
You are the only one that is for me  
Many nights those tears flew  
Being myself without anyone  
Anyone to care about the thoughts  
Looking at the sky and knowing  
Many mistakes  
I had many mistakes  
I have had  
But until u came along and save me

Kristian Nopah

# Love Lost

When love has come  
But soon is gone  
It begs the question  
Was it there?  
The love was lost  
And never found  
Lost without you  
Lost without me  
Lost into eternity  
The love was just a figment  
A figment of our minds  
Something we could ponder  
But never express  
Was it love or just a feeling?  
Was it love or just healing?  
Healing from the hatred  
The hatred of our hearts  
Our past was deep and full of pain  
We needed this to release the stain  
For this I do not regret  
The time with you that I had spent

Kristian Nopah

# Love Or Relationship

What do you want from me?  
Do you want my love?  
Or do you want my friendship?  
You confuse me through what you say  
You say you love me  
But don't seem to care  
Why don't we just be friends?  
Nothing more nothing less  
Perhaps you still have feelings for me  
But why don't you show them?  
Why must you hurt me this way?  
I still love you  
But I just want to know  
Do you feel the same

Kristian Nopah

# To You

For many years I've begged  
For many years I've come to a lost  
It was wrong but  
I wasn't always right  
The past ends here-and maybe our future  
I hate what I've become  
The sacrifices I've made have helped no one  
Not you and definitely not me  
Life is passing by and I have nothing to show  
For it to come to this is my mistake I made the choices,  
I've made the sacrifices but what did you give-love?  
Maybe, for a while So many years have passed with nothing but hope  
What do we do?  
Stay on course?  
Change?  
Or do we STOP?

Kristian Nopah

# With Out

My tears are flowing for you  
As my mind wonders and heart beats  
My body is nothing without you  
And as the wetness of my cheek are beginning to dry  
And my thoughts weaken and try to forget  
I feel like nothing without you  
The beats within my chest were real,  
Something that no one will ever steal  
When there is nothing without you  
But as I try to forget you more and more  
My body grows weaker and begins to wear  
Mind floats, rises to react  
I know  
I'm nothing without you...
