THEY R SO STRONG WHEN IT COMES TO LIFE. I WISH I COULD B LIKE THEM.
EACH 1 OF THEM HAVE A UNIQUE WAY W/THINGS. BUT IN THE END THEY ALWAYS MAKE THE RIGHT CHOICES & I ENVY THEM 4 THAT.
THEY WERE SUPPOSE 2 LOOK UP 2 ME AS MY YOUNGER SIBLINGS. I WAS SUPPOSE 2 SET A GOOD ROLE MODEL 4 THEM & SOMEHOW I FEEL LIKE I HAVE LET THEM DOWN.
& 4 THAT I'LL B SORRY 4 A LIFETIME 4 NOT BEING LIKE A 'BIG SISTER' SHOULD B.

I LOVE THEM ALWAYS.

LET ME NOT 4GET ABOUT MY LIL BROTHER 'TREY'.....THE MOST CREATIVE OF US ALL. I KNOW IF IT WAS NOT 4 HIM I WOULDN'T HAVE ALL THESE HEADACHES. (I'M PLAYIN)
HE HAS SHOWED BREYTON SO MANY THINGS...
THAT AS A MOTHER I CAN'T SHOW HIM.
& I'M VERY THANKFUL 4 THAT.
LIKE HOW 2 PEE...LOL... HE HAS BEEN THERE 4 ALL OF US WHEN TIMES WERE HARDER THAN WE EVER THOUGHT.
I KNOW HE'S ALWAYS WORRIED ABOUT WHAT'S GOING ON IN OUR LIFE'S. HE ALWAYS THINKS ABOUT US.
TRYING 2 GET US INVOLVED IN WHATEVER IS GOING ON.
HE HAS A HUGE HEART. SO, WHATEVER LIL GIRL THINKS THEY CAN BREAK IT..... WELL, THEY WILL HAVE 2 GO THROUGH ME FIRST.

HE'S THE BEST BROTHER....I LOVE U TREY.

MY STEPFATHER: TERRY

WOW...I WOULD RUN OUT OF WORDS TRYIN 2 DESCRIBE HIM 2 U. HE'S A

BLESSING 2 OUR FAMILY.
HE CONTINUE'S 2 DO HIS BEST 2 KEEP US ON TRACK.
HE HAS MADE MY LIL BROTHER THE YOUNG MAN HE IS 2DAY.
HE IS ALWAYS THERE 2 GUIDE EACH 1 OF US 2 DO WHAT'S BEST 4 EVERY1. OH
AND HE'S EXTREMELY PATIENT ALSO
& HAVING ALL THESE GIRLS AROUND HIM 24/7 U PRETTY MUCH NEED THAT.
MOST OF ALL....HE'S THERE 4 MY MOM.
S
I LOVE HIM 4 EVERYTHING HE'S DONE.

OKAY, THIS IS THE PART WHERE I TELL YOU ABOUT THE
' MAN ' IN MY LIFE (RIGHT?) ... THE 'SUPPOSE' TO BE
LOVE OF MY LIFE... Haha..YEAH RIGHT..
IF YOU KNOW ME THEN...YOU ALREADY KNOW WHO HE IS.
IF YOU DON'T THEN THIS IS WHERE I TELL YOU HIS NAME IS
PHIL
WE WERE 2-GETHER 13 YEARS AND I LOVED EVERY MINUTE OF IT. BUT,
THINGS CHANGE & SO DID WE.
I'LL PROLLY SPEND THE REST OF MY LIFE WONDERING
WHAT HAPPENED TO US? IF I COULD HAVE DONE N-E THING DIFFERENT & WHY
ME? YOU KNOW... YOU WAKE UP EACH MORNING NEVER KNOWING WHAT THE
DAY WILL BRING.
WE ALL DO & TRUST ME WHEN I TELL YOU THIS:
THE DAY ME & PHIL DECIDED TO GO OUR SEPERATE WAYS IS ONE I NEVER
THOUGHT GOD WOULD HAVE PLACED IN MY AGENDA. HE'S HAPPY WITH HIS
NEW LIFE.
SO, WHAT ELSE CAN I DO EXCEPT.... BE HAPPY FOR HIM.
I KNOW HE WILL ALWAYS LOVE ME FOR GIVING HIM A CHILD AND ALSO FOR
ME BEING HIS 1ST LOVE.
AND, I HOPE HE KNOWS I WILL ALWAYS LOVE HIM FOR THAT TOO. I COULD
NOT HAVE ASKED FOR A BETTER PERSON TO SPEND 13 YEARS OF MY LIFE
WITH. HE WILL ALWAYS BE IN MY HEART
I LOVE YOU...PHIL
NO MATTER WHAT.

I write because it helps me get through the worst days. I can look back at my
poems an whatever memories i have let slip, come back at that very moment. If
I write about it, it's because it's happening or I feel a certain way at that
moment...

A Narcissist Only Plan

Once upon a time I was happy,
Every one who knew me would agree.
But then I met a narcissistic man,
Who over time sucked the life out of me.

I had never dealt with such a cruel person.
Looking back on my past, it's a fact,
I once felt the pain he purposely inflicted
the way he talked to me and how he would act

I let him talk down on me,
Calling me every name in the book.
I let him control my every move,
Myself confidence is one thing that he took.

I let him take me away from people,
Claiming he knew it was the best.
He pushed me through the pits of hell,
By now you should know the rest.

I was weak and fragile,
Worn out & lost within this life.
Taking pills to hide the from the world,
Wishing I could do just one thing right

I wanted him to love me,
If he pretended to that was even okay.
But I was non existent to him,
And I was just another woman he'd play.

One day while passing a mirror,
I seen someone I've never seen before
The face staring back at me,
Was a face of someone I didn't know anymore.

I told myself.. your stronger than you think,
Don't be blinded by his charm.
His only intentional move in this relationship,
Is to mentally and physically do you harm.

Show him that your better,
Don't let him get the best of you.
He will make you lay 6 feet under,
If that is what he chooses too do.

Damn, It was a long road,
But I ran far away from this narcissistic man.
Because he never really loved me,
Fucking my life up was his only plan.

All Too Soon

So many things i have to say
But don't know really where to start
So this poem I write to you
These feelings from within my heart

From the moment that we met
I felt it, i just knew
You would be the one for me
And I bet you had no clue

Our conversations were amazing
There was always a smile on my face
Talking and texting for hours
No dull moments, that wasn't ever the case

Through it all I fell in love
I had the man of my dreams
But nothing good last forever
It's never what it seems.

I don't know what went wrong
Maybe it's cuz we moved so fast
We should have taken it slower
Maybe then it would have last.

People starting a lot of drama
Telling a lot of stupid lies
But u know I kept it 100
That's something u can't deny

I won't give up on us
I've told you from the start
What held us together is far more important,
Than what has been trying to tear us apart.

Lacie Hebert

Another Glass

Cant put it down
no matter how hard i try
inside i know i have a problem
but when u ask me ill lie

i wish it were easy
i really wish i could stop
but nothing else matters
when im unscrewing that top

one more ill say
convince myself its my last one
but why do i wanna stop
when im having so much fun

we all have a way
we choose to deal with life
so dont criticize me
and then think ill be sober tonight

you dont know my pain
or the sadness this brings
to know ive let somethig control my life
when i was never addicted to anything

so to forget how weak ive become
or forget the problems i have
ill sit down with this vodka bottle
and pour me another glass

Lacie Hebert

Both The Blame

she loves him forever & ever
but she thinks about his ways
she knows he is gone for good
she tries so hard to get through the days

he still loves her forever
he thinks about her face
he hopes he can have her back
he knows deep down she's in a better place

she tries to call him now & then
he sometimes does the same
and they both know that really
each other they have to blame

she cant find the perfect man
and he's moved on with some girl
they had a baby boy together
and i just brought a baby girl in this world

Lacie Hebert

Cant Ever Forget You

Going through my messages
I scroll down and see your name
Those tiny hearts on each side
But this time wasn't the same

I didn't open it up
To bring back all those memories
I didn't want to read those lies
Bringing back the misery

As a tear fell from my eye
I felt that pain in my heart
The one I was use to
Right from the very start

I should have hit delete
But it was just too hard to do
Because the truth is baby
I don't wanna ever forget you

Lacie Hebert

Can't Let Go

I wanna move on
I wanna break free
I wanna forget you
And all our memories

I wanna pretend
That we never even met
I wanna live my life
With absolutely no regrets

For me to do that
I'll have to forget you exist
Forget all you said
You were such a hypocrite.

I'll block your text
I'll ignore your calls
I'll sit down right here
Getting Fucked up on this alcohol

Cuz truth be told
That's just another one of my dreams...
I'll never stop loving you, never break free
Or at least... That's the way it seems

Lacie Hebert

Charlie's Addiction

Do you drink for fun
Do you drink cuz of regret
Do you drink yourself to sleep
Does it really help you to forget

Do you know what your saying
Do you know your wrong
Do you know anyone loves you
Do you know a place called home

Is there anyone else
Is there anything I can do
Is there a future for us
There is nothing we can't get through

I'm here for you if you need me
I'm here for you until the end
Even though you don't say you love me
And accuse me of cheating with men

I'm crying and begging you
I'm telling you it's not true
I'm sorry but cheating
Is something I could never do

Do you see how much I cry
Do you see how much you lie
Do you think I'll always forgive
Do you think this is how I wanna live

Can't you believe me
Can't you see I don't wanna fight
Can't you see our only problem
Rest in the bottle of that BUD LIGHT

Lacie Hebert

Crazy For Loving You

So You Told Some Lies
But That's Nothing New
It's Was Part Of Your Plan
Never Telling The Truth

You Talked To My Family
And Close Friends Too
Told Them I Was Crazy
Yeah Maybe... But Only For Loving You

Do You Know What It's Like
To Wait All Day For Someone Like You
I Know You Probably Don't Care
But Love, You'll Never Have A Clue

Time Goes By So Slow
Each Hour Feels Like An Entire Day
There Is So Much Going Through My Head
So Much More I Have To Say

Why Would You Break Me Down
Am I Really That Bad Of A Person
Does It Make You Feel Like More Of A Man
To Know That It's My Heart Your Hurting

I Just Don't Understand It
I'm Full Of Unanswered Questions
Will I Ever Get Over This
Or Will I Drown In A Deep Depression

Lacie Hebert

David's Addiction

There are things I've got to say
I need I get them off my mind
I've rehearsed the words a million times
But they r different every time

For some time now I've sat back
An I've watched u slip away
I've wanted to help u get through this
But I can't seem to find a way

You won't admit to your problem
And ur addiction is much too strong
The lies you tell, the money u spend
How can u say nothing's wrong?

I'm afraid to lose you
I'm afraid ill find you dead
That would crush me so much
It's a day ill dread

This has shattered you clearly
And it Affects each one of us everyday
But your to fucked up to see it
An so u leave me no other way

Maybe if I leave you
U cud open your eyes to see
That u just lost us to your pills
An u have no more family

I just pray to god u find this
An read it before its too late
Because I've lost all hope in you
An I'm beginning to lose the faith

I love you baby an I'm sorry
It's time for you to choose
U can pick the pills if that's wat u want
But remember your family you'll lose

Lacie Hebert

Give Me A Reason

It came when least expected
I had given up all hope
Tempted by the struggles and pain
I eventually turned to the dope

So one night I prayed to God
Answers were all I'd asked to be given
Told him I was afraid to love again
Asked him to give me a reason worth living

As time went on my addiction grew
Until one day it was clear to me
I can't depend on someone to show me
Something only my eyes could see

So a few days later my phone would ring
It was the voice I waited to hear
My ex was on the other side saying
Come back to me my dear

A little patience and prayer
Was all that I was giving
And now my life is back to normal
And I've got my reason worth living

Lacie Hebert

Gods Plan

I sit around here an wonder,
Is this the life, god has planned for me.
I think of all the past memories,
The worst are all I see.

I don't know why I feel this way,
But I cannot question his plan.
I never intentionally sinned,
But miserable & broken is all I am.

So what do I do from here,
Do I start to switch the course.
Or do I stay an hate myself more.
Living each day, drowning in remorse.

My life has turned for the worse,
I No longer have hope or faith.
& the little bit of love & strength I had,
Is slowly fading away each day.

I wish I could turn back time,
I'd Do things so differently.
But that would only be cheating,
What god has planned for me.

Lacie Hebert

Good At Goodbyes

Tell Me How It Feels,
In A Month Or Two.
When U Regret Everything,
You Put Me Through.

Tell Me How It Feels,
When I Play The Silent Game.
I Will Ignore Ur Text & Calls,
Cuz That Always Drove Me Insane.

Tell Me How It Feels,
To Not Find Another Me.
I Did Everything For U,
If Only U Could See.

Tell Me How It Feels,
To Wake Up To No One.
I Knew That Feeling All Too Well,
I Never Wanted Mornings To Come.

Tell Me How It Feels,
To See That I'm Finally Doing Okay.
Because I Knew What I Was Worth,
When U Walked Out That Day.

Tell Me How It Feels,
When I Walk By & Not Even Say Hi.
You Should Know How It Feels,
Because Your So Good At Goodbyes.

Lacie Hebert

Goodbye

It's been this way for months
We're slowly drifting apart
I've said goodbye a million times
But you hold my fragile heart

And I know your not good for me
But Damn I love you so much
I've cried a trillion tears over you
But last night I had enough

It was when I sat beside you,
And you moved further away from me.
You had to know how that made me feel,
Don't tell me you didn't see.

It was at that very moment,
I knew then, I had to move on.
I realize now that what we had before,
Is all just dead and gone.

It's gonna take time to heal
I know this all too well you see
Because you done what the last one did
And made the same promises he couldn't keep

I have to go now
Before I break down and cry
Tell you I love you one last time
Because this is really my last goodbye

Lacie Hebert

He Cheats

Almost 5 years
What has become of us
Mixed emotions, uncertainty
Always lacking trust

You promised to love me
An said I was the only one for you
Then off you went to meet her
Thinking I'd never have a clue

We don't want to face this
Even though we both clearly see
We are not meant for each other
And probably will never be

All the games u play
All the lies u tell
All these other women your with
Has only put me through hell

I have always been strong
But u have made me weak
Each time u run back to meet her
It just Knocks me right off my feet

Of course I love you
But that has slowly faded away
Just like the times you left us
To run around with her an play

This is not the life I want
It's not a way to live
I truly believe i deserve more
More than u ever could give

Goodbye an good luck
With your new miserable life
I'll pray for the lucky girl
That has her turn with you tonight :)

Lacie Hebert

I Guess I'll Die

I'm hanging on to nothing
For months its been this way
After all that you've done to me
I'm so stupid, I just stay

You've put a spell on me
I swear that's the way this feels
I know if I Walk away
My heart will never heal

Don't think I enjoy this
Because it's tearing my life apart
Knowing the cruel person I love
Is the one that has my heart

I love you to death
But I'm dying inside
I guess I'll just wait
Or maybe I'll just die

Lacie Hebert

I Knew A Narcissist

Wanna know what a narcissist is
My friend, I thought you'd never ask
I was with one for a long time
I'm so happy that's all in the past

He will lie to your friends and family
Because he thinks he does no wrong
Talk about you behind your back
And his silent treatments are so long

He has No boundaries, he will use you,
He will take everything and turn it around
He'll never be there when you need him
And gets violent when u make a sound

He is Disrespectful & so insensitive
Will Blame his failures all on you.
Controlling, A bully, Emotionally distant,
doesn't have any remorse for what he puts you through.

He is a hypocrite that wont appreciate you
He will call you crazy, always playing the victim
Runs to his friends, in the arms of a woman
Any fool that will just listen

He'll Disregard your feelings,
Provokes and then blames you for the fight
Hes good at giving orders, commands and demmands
Nothing you will ever say or do is right

The best advice I can give you
I know will be a hard thing to do
But you need to believe when I say
Staying with him you'll look like a fool

This man is no good,
This man is will bring you down
He will ruin your self esteem
So, Get your shit and get outta town.

Don't answer your phone if he calls
It's just more lies he'll tell
Be strong, get away from his narcissist ass
Otherwise your gonna live your life in hell.

Lacie Hebert

I Was Worth It! !

What You Don't Appreciate,
Someone Else Does.
What You Took For Granted,
Another Person Loves.

I Lost Myself Through It All,
And Although You Killed My Smile.
I'll Push Myself Further From You,
And I Know Getting Over You Could Take A While.

But In The End I'll Find That Happiness,
The One That I Always Gave To You.
And I Would Wish You The Best,
But Just Like Me, You Lost That Too.

Maybe I Wasn't Good Enough,
But God Knows How Hard I tried.
You Want To Know What Keeps Me away,
It's To Remember All Those Tears I've Cried.

I Guess What I'm Trying To Say,
Is Everything I've Done, You Didn't Deserve It.
And One Day Your Gonna Think Of Me,
And Say To Yourself I Was Definitely Worth It.

Lacie Hebert

If You Don't Love Me

If u don't love me
There is a easy way out
Just tell me the truth
And tell me to get out

If you don't love me
Don't pretend like you do
Because I'm so gullible
And I'll think your telling the truth

If you don't love me
Don't throw dirt on my name
Just walk away quietly
And I will do the same

If you don't love me
Let me be your ex
Don't call me to stroke your ego
Don't text me asking for sex

If you don't love me
Just let me go
Don't take my keys
Don't call me a hoe

If you don't love me
I will walk out that door
Because what's behind it
Is probably something I want more

Lacie Hebert

I'LI Say Goodbye

Silent room
The look in your eyes
This is when
You tell me lies

Who you've talked to
Where you've been
Will you hurting me
Ever come to an end

Is it just a habit
Saying you love me all the time
Am I a fool
For thinking you were mine

I had to accept everything
Even all the drugs
Seems to me...
That's your world

You push me aside
You live for everything else
I wish you knew
How that has felt

The pain is great
And so hard to hide
Yet through all the memories
If I have to... I'll say goodbye

Lacie Hebert

Im Gone

tears falling down
cant stop crying
its happened before
but this time im dying

why cant you stop
my heart is broken
you ignore me anyways
nothing is ever spoken

its okay with me
just move right on
but you cant forgive me
when im dead and gone

Lacie Hebert

My Father

he still thinks about her
even after all these years
everytime a memory comes around
he tries to hold back the tears

he knows she has moved on
but an occasional phone call makes his day
and if she doesnt call tonight
he cries on the pillow where she once lay

he has been really strong
for the daughter they have together
the one and only memory he has
of what he thought would last forever

god knows he loves them both
but he has lost so many in his life
and he wonders is this all he has
because life just hasn't been treating him right

as he awakes each and every morning
he keeps this one thing in his mind
just maybe she still loves him
and she'll say it to him in a short time

his father has passed away
his mother, he feels is all he has left
and some pictures & old memories
in his mind & heart tightly kept

so for now he lives for lacie
the 1 and only daughter he has
and he hopes that all these fellings
will someday, somehow all just past

as far as for janet all that he ask
is for a simple phone call
to only remind him
of what they once had

Lacie Hebert

Our Plan

I cant keep chasing you
Because I know you dont care
I can't keep looking for love
When I know it's no longer there

I cant want you back
Because the old you is gone
I cant make anymore excuses
It's time for me to move on

But how can I just do it
Without u on my mind
Erase all these memories
Forget all the good times

I dont know if I want to
I dont think I can
I want you in my life forever
This was all in our plans

Lacie Hebert

Our Story

Our story- C& L

We met in July
I remember that night
It was in a bar
It all felt right

You took me to your place
We had a lot to drink
Then it happened
Too much to even think

You brought me home
Didn't say a word there
Didn't know if I'd see u again
At the time, I really didn't care

But you made the calls
You seemed like u cared
We started seeing each other more
I thought we made the perfect pair

I moved in quick
Then some things took place
But I stood right besides you
When your own family didn't stay

I was there through it all
The good and the bad
I was there to boost your ego
if u were down, I'd make you laugh

In return all I got
Was deceit, cheating and lies
You played me for months
You'd leave a never say goodbye

Everything was my fault
You never seen what you done

Drug me through the pits of hell
So You could have all the fun

We broke up
I moved away
But you still have me on a string
Picking me up day after day

This isn't how I want to live
Being hidden from everyone
But you made sure they hated me
Never told them what you had done

So I sit in here and wait
It's been 2 months I've lived this way
I cried myself to sleep each night
Refusing to do it another day

But I can't let you go
No matter how hard I try
I can't give up on us
I don't wanna say goodbye

But my heart can't take it
And sometimes I don't wanna live
How can this be happening
When I gave everything I could give

Lacie Hebert

Packin My Bags

i have this feeling our love is slipping away
but i get up each morning hoping 4 a better day
things r not the same as they use to be
and i think maybe its because u now don't want me

you use 2 say u loved me so many times a day
and now u just pass me and tell me to get out ur way
you use to hold me while we would fall asleep
and, u would even wipe the tears that fell from my cheek

i really thought you were the man of my dreams
but now i realize things r never what they seem
people say that soon you will come around
but im scared by that time I've fallen down

im sick an tired of being treated this way
and i honestly don't think i can take it another day
so if this is the way you continue to act
i need to know now because my bags i will pack

Lacie Hebert

Real Men Don't Cheat

You tell me you love me
But you lay with her
I've always had black hair
But I guess red, you prefer

Why lie to me
And Why does she deserve the truth
Why start something new
Why can't you love me too

Every time you call
I'm quick to pick it up
But as for me, I don't exist
I must be having the worst luck

You swear your perfect
You don't do wrong
You call yourself a real man
This wait seems so dam long

I know that it's fun
Buy why can't you see
That because you are with her
It makes you forget me

It's not all that fair
But it's your game I can't beat
Stop running around
Real men never cheat

Lacie Hebert

Stronger Than Yesterday

Stronger

It's almost been a month
But, I'm stronger than yesterday
I've cried so many lonely tears
But I've beat this in every way

They all said it would get easier
I never imagined it to be true
But today I've come to realize
It's been a week I haven't thought of u

So I guess this means i did it
And I'm truly ready for my life to begin
Im so proud of myself for being strong
And not letting your sorry ass win

Lacie Hebert

Tell Me

Tell Me How To Move On
When Your The One I Miss
How To Erase The Memories
As If Our Love Didn't Exist

Tell Me Who To Call
When It's Your Voice I Want To Hear
Tell Me Who I'm Suppose To Run To
When I'm Use To Having You Near

Tell Me What I've Done To You
And Why You Chose Me
If You Were Never ready for us
If you just wanted to be free

Tell me why this happened
And what can I do to make it right
Tell me it really isnt over
because I need you in my life

Lacie Hebert

Thank You

Thanks to you
I trust very few
Have some friends
But none are new

Thanks to you
My heart is shattered
Not looking for love
That dont seem to matter

Thanks to you
I dont wait by the phone
Pacing the floors
When u don't come home

Thanks to you
I can sleep at night
There's no name calling
No stupid fights

Thanks to you
I can find the new me
Thank you so much
For setting me free

Lacie Hebert

The Cycle Of My Life

A simple question
An endless fight
Why can't I ever
Do anything right

A simple call
You never pick up
This week I've had
The worst of luck

A simple text
I get nothing back
And u wonder why
I act like I act

Your too busy for me
This is how it seems
I wish I could wake up
Praying it's just a dream

But reality hits me
At the crack of dawn
When I roll over
And your not home

Then the cycle begins
When u walk through that door
I ask where you've been
You call me the whore

You push an punch
Break things and scream
Again I'm left wishing
It was all just a dream.

One day I'll wake up
From this nightmare called life
Wishing and praying
I could do something right

The One

The days seem shorter
The nights seem longer
My heart still aches
But I feel much stronger

I feel that I have lost
Yet i have actually won
Because I have moved on
& your no longer 'THE ONE'

When we split up
It tore me apart
But I knew in my heart
It was time for a new start

Me letting you go
Feels so unreal
But I knew I had to
If I wanted to heal

I'm gonna end this now
With a sweet goodbye
And tell you I love you
One last time.

The Other Woman

She was in love
But he never knew
Its was the kind
Far from the truth

The kind that would never last
Just behind closed doors
The kind that was a secret
And made you feel like a whore

The kind that hurt
Sneaking out at night
The kind we regret
After an all night fight

The kind that had no purpose
It would never be real
The kind that would take years
For your heart to even heal

But he didnt love her
He just wanted sex
It was her this hour
Then on to the next

He had an addiction
He couldnt help himself
Gone for days
He never got rest

Her heart was broken
Tears constantly flowed
But nobody ever knew
No pain she showed

She needed to move on
She had to break free
Free from all the pain
Living free from misery

She had one choice
And after they met that night
She put the gun to her head
Pulled the trigger and ended her life

The Time Has Come

Day By Day
I Live In Fear
Hour By Hour
Tear After Tear

Minute By Minute
I Only Want You
Second By Second
Remembering We're Through

As Time Goes By
I Want To Die
So Many Questions
Not Knowing Why

In The End
You Choose Not To Stay
As Time Keeps Rolling By
Memories Of Us, In My Mind Re-play

The Truth About Me

I've played the games
I've told the lies
I've hurt the ones I loved
This is no surprise

I've said harsh words
I've hidden from the truth
I've made a mess of things
Like my relationship with u

I've said I love you
I've told u I care
I've cheated on you
This I will share

I've learned from mistakes
The good an the bad
I've had those moments
I've cried then laughed

I've put others first
And I've put them last
I've learned so much in my life
From my horrible past

As I get older
I've come to see
That this great big world
Doesn't revolve around just me

I'm a woman
I'll admit to all
I'll take my hit
If I slip an fall

All these things
I will never forget
You wanna know why
Cuz everything I admit

This Hurts

Mentally I'm drained
Physically I'm Down
Don't wanna get out of bed
Don't want anyone around

I'm stuck in this room
Writing all these rhymes
Counting down the hours
Until your again mine

I'm lonely and hurt
Confused an lost
It's affected me deeply
My heart pays that cost

I'll be okay
It can't get worse
I guess I'll just wait for you
Even though this hurts

Two Can Play

Im not the same woman,
I'll never be who i was before.
I seen this coming far too long,
Forever changed when you walked out the door.

I sat around an cried tonight,
Asking god so many questions.
He told me karma would find you,
And soon you'll learn your lesson.

So i did some wrong,
And im pretty sure you cried.
But i only paid you back,
For all of your dumb ass lies.

Now do you see how i felt,
When you decided to cheat on me.
Broke me in a million pieces,
Walked away, left me be.

You pushed me to do this,
Literally pushed me to play.
Now im in love with another man,
Oh, now your begging me to stay.

Sorry baby but that wont happen,
Things will never be the same.
Because i finally feel what you felt,
Everytime you played the cheating game!

You Lost This Time

I swore I'd Never Do It,
But I've Done It Once Again.
I knew my heart couldn't take it,
If I would let u back in.

Why am I so weak now,
After 2 months of being strong.
I knew u wud do this,
I knew it all along.

Do u ever stop to think,
That this kills me more each time.
Because the memories replay in my head,
Stop, play and rewind.

Is it because u want me to hold on,
So u can have me there when u need.
Isn't that being so selfish of u,
U were always a man of greed.

All I want is to move on this time,
Seems u never loved me anyway.
So don't call, text, email or write me,
I'm done playing your games today! !

You Said Goodbye

Tell Me How It Feels,
In A Month Or Two.
When U Regret Everything,
You Put Me Through.

Tell Me How It Feels,
When I Play The Silent Game.
I Will Ignore Ur Text & Calls,
Cuz That Always Drove Me Insane.

Tell Me How It Feels,
To Not Find Another Me.
I Did Everything For U,
If Only U Could See.

Tell Me How It Feels,
To Wake Up To No One.
I Knew That Feeling All Too Well,
I Never Wanted Mornings To Come.

Tell Me How It Feels,
To See That I'm Finally Doing Okay.
Because I Knew What I Was Worth,
When U Walked Out That Day.

Tell Me How It Feels,
When I Walk By & Not Even Say Hi.
You Should Know How It Feels,
Because Your So Good At Goodbyes.
