## Leanna Page Markgraf()

Many of my poems were written back in high school starting in 2005 and I have been writing poems since. Many are about past breakups, heartaches, friends heartaches, finding love, and all the other craziness that comes along with life.

# This Time

I tried to ignore you  
Just look the other way.  
Even after all these years,  
I cannot find the right words to say.

We used to be young and in love  
But you were never fully mine  
I waited for you  
Like I did time after time.

You kept leaving  
gone without a trace  
How I would miss you,  
long for your embrace.

And as soon I move on  
You come back with your charms.  
All is forgiven  
If I can just be in your arms.

I hope you know how much you mean to me  
And how much I love you.  
This time will be different  
the start of something new.

Kiss me like you have always wanted  
and everything else you have wanted to do.  
This time around is our time  
to make our dreams come true.

# We Never Met

We used to be in love  
I would have done anything for you.  
I thought the man of my dreams  
could make every wish come true.  
But when I really looked  
Our love was more like a nightmare  
You were always distracted by others  
You were never really there.  
Your mind would be wondering  
At night you would whisper her name.  
You pushed me away  
My love will never feel the same.  
I will pick myself up  
and hold my head high.  
I will never give you the satisfaction  
of seeing any tear I cry.  
As I look back on our memories  
they are filled with nothing but regret.  
So the way we move on now  
is to act like we have never met.

# Two Souls Dancing

I can't find the right words  
I am too scared to even speak.  
Why am I acting like this?  
How can I be so weak?  
It's your eyes, they hypnotize me  
as if I am under your spell.  
It feels as lovely as heaven  
but this torture feels like hell.  
Why take the chance  
of having my heart broken?  
But then will I spend the rest of my days  
regretting the words left unspoken?  
Could you ever feel the same,  
as impossible as that seems.  
or will we be just two lost souls  
who dances through each other's dreams?

# Disgrace

Why are you here?  
I thought you were gone.  
I just picked up the pieces of my heart  
that you walked on.  
My feelings have changed  
you are too late.  
Instead of loving you,  
all I feel is hate.  
I am not going to be  
another revolving door.  
You just waiting around  
until you find something more.  
Our story has ended  
no other chapter to be wrote.  
You will no longer poison me  
if I have the antidote.  
I'd rather be alone than with you  
in this god forsaken place.  
So turn around and leave,  
hang your head in disgrace.

Leanna Page Markgraf

# Run Wild

I have been scared to live my life,  
but not any more.  
Each day is a new chance  
To do something I have not done before.  
Everything morning  
will begin with a grateful heart.  
And a prayer to the Lord above  
for allowing the day to start.  
I want to hear stories,  
from many new faces.  
I will get to see the wonder  
and the beauty in great places.  
I want to see the world  
and to finally fall in love.  
I will make every wish come true,  
and live every dream I have thought of.  
I am going to live my life  
to the fullest it can be.  
I may run wild  
but at least I am running free.

Leanna Page Markgraf

# Broken

I am lost  
with no hope of being found.  
I have no emotions left  
I can barely make a sound.  
I search for a reason  
that I know is not there.  
If I was gone  
would anybody care?  
I feel so worthless  
I have no words left to be spoken  
Nothing matters anymore  
when everything is broken.

# Ugly Scars

We used to be something special  
You were my saving grace.  
I longed for your touch,  
Desperate for your embrace.

When everything started falling apart,  
I thought our love would remain.  
But now that love is slowly  
beginning to feel like pain.

I pray for a miracle  
But you act cursed under a spell.  
You are fighting with the demons  
And they are dragging you to hell.

When I look into your eyes,  
I see your soul has left you.  
The love is now gone  
for the man I once knew.

I hope you will find peace,  
wherever you are.  
Why would something so beautiful  
leave such ugly scars?

Leanna Page Markgraf

# Let You Go

Some time I will need to give up,  
I do not want it to be so.  
Love cannot be one sided  
and still expected to grow.  
It will not be easy,  
the pain will never seem to go away. Time will be my friend,  
just have to take it day by day.  
I hope one day it will be different,  
But now I will walk out the door.  
You no longer became a thing  
worth fighting for.  
The end of the line,  
The end of our show.  
I finally have peace  
I just needed to let you go.

# Catch My Breath

There are moments when I'm with you  
that scare me half to death.  
I am so falling fast for you  
I cannot catch my breath.  
I have my walls up  
and you have yours up too.  
We're always hoping for the day  
where we can let someone through.  
Could it finally be happening?  
Are you even real?  
With your love  
my broken heart can heal.  
I want to be with you always  
in your arms I want to stay.  
I cannot catch my breath,  
You keep taking it away.

# This Night

This could be it  
the moment I've waited for,  
where these feelings I have for you  
could become something more  
When I look in your eyes  
I feel something new.  
I have spent my whole life  
looking for someone like you.  
Please be my savior  
And lead me to a happy ending.  
I'm tired of the heartache,  
and the pain of pretending.  
So take my hand under the stars  
Everything will be alright.  
I hope this moment will last us  
Longer than one night  
Let me know if this is real,  
My heart is dangling on a string.  
Kiss me in the sunrise,  
Let tonight change everything.

Leanna Page Markgraf

# Upside Down

The first time we met  
It took me by surprise.  
I was scared to death,  
looking into your beautiful eyes.

You spoke such sweet words  
and I craved for your touch.  
I wanted someone I could not have,  
and I never wanted something so much.

We shared a moment so special,  
My heart was beating fast.  
Time was not on our side though,  
And that night was the last.

You gave me a final kiss,  
said goodbye and left town.  
But not before turning  
My whole world upside down.

Leanna Page Markgraf

# Seeing Is Believing

I should have not listened,  
or be fooled by your touch.  
I never thought taking a risk  
would ever hurt this much.

I would give you the world in seconds,  
you meant so much to me.  
How easily I was tricked though,  
I was too blind to see.

You played your game well  
was it even hard to pretend?  
Did you enjoy torturing me  
right up to the very end?

I hope you are proud  
of every lie you told.  
I believed them all,  
your hand I was eager to hold.

I did not know you could be so cruel  
or be so heartless.  
Seeing is believing,  
you left my heart a mess.

Leanna Page Markgraf

# I Believe In Yesterday

Those days were like magic,  
I had nothing to fear.  
You would fill my head  
with the words I needed to hear.

Such memories we had,  
how I can never let that go.  
You are my dream come true  
I hope one day you will know.

I look around  
at this empty place,  
I would give anything  
for just another glimpse at your face.

You were gone so fast,  
but I still hear your voice.  
You are my one and only,  
you are the perfect choice.

The past is a reminder  
of a love so true.  
I believe in yesterday,  
because I still had you.

Leanna Page Markgraf

# Kill Them With Kindness

Go ahead and say your words,  
this time they will not bring me down.  
I have walked this road  
long before you came around.

I am stronger now  
because of the lies you always tell.  
My scars will fade away,  
but I curse you straight to hell.

You will not hear my cries for help,  
because I will not be needing it.  
Your memory is in the past,  
something I hope to Forget.

So do what you do best  
and I will do the same.  
I will kill them with kindness  
and you will be to blame.

Leanna Page Markgraf

# Lover's Roulette

Everyone feels love differently,  
some say it is the worst.  
It can be a blessing,  
or sometimes be a curse.

The gamble of a chance  
with your heart as the prize,  
Anxiously waiting  
to see if the passion survives.

It does not seem fair  
that someone can have that much control  
They could set a fire  
deep down in your soul.

Love can make you go crazy,  
it could make you go mad,  
but it could also be  
the best feeling you ever had.

Or it can leave you in shambles,  
full of dread and regret.  
It is a quite the risk you take,  
when you play the game of a lover's roulette.

Leanna Page Markgraf

# When It Rains, It Pours

I have always been the girl  
where love was hard to find.  
I always fell for another failure.  
What was going through my mind?

All just wanted one thing  
but would not get it from me.  
So when they did not get their way,  
they left without even a sorry.

Tears fell all the same  
all from a broken heart.  
Smiles seem so fake now  
I feel like falling apart.

I have always been the girl  
who was left when they wanted more.  
Tears makes us one with the clouds,  
when it rains, it pours.

Leanna Page Markgraf

# Scared Of Everything

I am not afraid of heights,  
just afraid of falling.  
I am not afraid of moving forward,  
just afraid of stalling.

I try to be perfect  
but you accept my imperfections.  
I am not afraid of love,  
just afraid of more rejections.

You made me see beauty  
that I did not see before.  
You helped open my eyes,  
gave me something to live for.

Everything that I want  
is on the other side of fear.  
I would do anything now  
if it means you will be here.

I am afraid of my dreams vanishing  
and every nightmare coming true,  
I may be scared of a lot of things,  
but the most is losing you.

Leanna Page Markgraf

# Count The Days

I will count the days until I see you,  
even if that is until the end.  
I need to feel your presence  
you are more than just a friend.

When my life was difficult,  
you were there holding my hand.  
Slowly falling in love with you  
was not always the plan.

I do not regret the moment  
when I gave you my heart.  
Who knows what will happen?  
I am ready for it to start.

We are in two places now,  
but you will have my love always.  
Until we meet again,  
I will count the days.

# Please Give Me A Reason

Will this be worth the sleepless nights  
where I can no longer dream?  
Will this be worth the pain  
that makes me want to scream?

Will you give me your word  
and protect me from the bad?  
Will you make me smile  
and never make me sad?

Will you call me beautiful  
and never let me go?  
Will I be yours forever  
or are all these answers no?

I have been hurt too much  
to waste any more of my time.  
So please give me a reason  
If you want to be mine.

Leanna Page Markgraf

# It Had To Be You

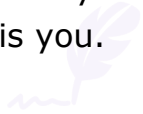

Every night in my dreams  
I see his face.  
He holds me in his arms  
it is the perfect place.

He whispers in my ears,  
his kisses I can feel.  
He mumbles I love you  
is he even real?

He is the sweetest mystery  
and I cannot wait to dream  
because even in this fantasy  
it is as perfect as it seems.

I want that kind of love  
that will be held so true.  
The man in my dreams,  
I hope it is you.

# Amor Omnia Vincit

There is only one thing that can save you  
but it can also tear you apart.  
It gives off such a sensation  
like butterflies in your heart.

There is that one person out there  
who will show you something true.  
My magical moment came  
the second I met you.

You took away the pain  
and showed me sunshine.  
Hold my hand and never let go  
please can you be mine?

This love we have  
will break all the rules.  
It makes us do crazy things  
and that makes it so beautiful.

There is only one thing that can save us  
and catch us as we fall.  
Amor Omnia Vincit  
love does conquer all.

Leanna Page Markgraf

# Holding Onto Nothing

I feel the wind on my face  
but there is no breeze.  
I try to forget,  
but my mind is never at ease.

Something is missing,  
this does not feel right.  
This pain haunts me  
deep into the night.

You used to be here,  
but was so quickly taken away.  
Now it is getting harder  
to get through the day.

I want you back in my arms,  
that is what I miss the most.  
Sadly I am holding onto nothing,  
just holding onto a ghost.

Leanna Page Markgraf

# Believe

Believe in happy endings  
and dancing in the rain.  
Love like you have not been hurt,  
just a stranger to the pain.

Believe in magical moments  
that can take our breath away.  
Forever is never guaranteed,  
so cherish every day.

Believe in second chances  
and be willing to risk it all,  
just close your eyes and leap,  
it might be worth the fall.

Believe in perfect imperfections,  
never be afraid to try.  
Believe in living your best life  
before it passes you by.

Leanna Page Markgraf

# Goodbye And Goodnight

You were the last good thing  
about a town so unreal.  
When you left though  
there was nothing left to feel.

As the night turned to day  
the light turned to dark.  
My whole life just  
seemed to fall apart.

I watched you leave  
and you spoke your last words.  
I could not help but to cry  
through all the lies I heard.

Then that was it,  
you walked out of sight.  
All that is left to say  
is goodbye and goodnight.

Leanna Page Markgraf

# Time Heals All Wounds

My hours are filled with pain  
all I can do is cry.  
It takes seconds to remember you  
but forever to say goodbye.

Does time heal all wounds?  
How long must I wait?  
Why did our love  
have to turn into hate?

My nights are spent alone,  
dreaming for the day,  
when the memories of you  
will eventually fade away.

Days slowly go by  
and I will keep anticipating.  
Does time heal all wounds?  
Because I am still here waiting.

Leanna Page Markgraf

# Never Play Games With A Woman

You fooled me too many times  
And I kept giving you chances.  
Shame on me, I was tricked  
by unfortunate circumstances.

You kept pulling me down  
Every time I tried to thrive.  
You tried to take away my light  
and my will to stay alive.

I will not let you win this time.  
I will stand my ground.  
You are no longer wanted  
I do not need you around.

Take your lies and deception  
And leave me the hell alone.  
Some actions are unforgivable.  
They cut right down to the bone.

I will go on living,  
Free from this debtor.  
Never play games with a woman  
who can play them better.

Leanna Page Markgraf

# Once Upon A Time

How quickly time has passed

And how we became out of touch.

But every once in awhile

My heart misses you so much.

I remember all the late nights

And how we talked until sunrise.

My heart would race so much

Every time I looked into your eyes.

PoemHunter.com

We both found a new love

But it feels different than it was with you.

I guess we never really move on

From a feeling that was so true.

He may be my soul mate

where you were my partner in crime.

He is my happily ever after

But you were my once upon a time.

# Mend A Broken Heart

I wonder why I wasn't worth the fight  
When you said you love me so dear.  
I gave it all that I could,  
but it still did not keep you here.

You told me all these lies  
and I believed them all.  
You built me up so high  
Just to watch me fall.

Now I am going insane  
Everything is out of control.  
I try so hard to forget you  
But you are twisted in my soul.

The love that brought us together  
is not worth the pain that tore us apart.  
It will take a lot of strength  
to mend this broken heart.

Leanna Page Markgraf

# If I Did Not Love You

Life would probably easier  
If I did not love you this way.  
We never had a chance  
But I still think about you every day.

I meet you in my dreams  
where we talk late at night.  
but when the morning comes  
I see you are nowhere in sight.

If I could feel your embrace  
And just stay in your arms.  
You make me feel safe,  
Just another one of your charms.

I'm torn by this feeling  
I am stuck on what to do  
Because every time I try to forget  
My mind always goes back to you.

Time would never allow us  
But we keep finding each other.  
How I feel about you  
I have never felt for another.

If I did not love you  
Life would not be this way  
So crazy and complicated  
But I would still think about you, every day.

Leanna Page Markgraf

# Slipping Away

I keep hoping for a chance  
but my hope is wearing thin.  
Time is slipping away  
Please just let me in.

I wish I could be close to you  
instead of feeling so far away.  
You mean so much to me  
But I cannot beg you to stay.

Perhaps if I fought harder  
I would not have wasted all these years.  
We could have been together  
But now I am left here with my fears.

I wish you all the best  
But I know what I have to do.  
Time is slipping away  
And yet so are you.

Leanna Page Markgraf

# Foolishly

The silence is killing me

Please give me a sign.

I need to hear your voice

at least just one more time.

I have loved you from the very start,

a feeling I have never felt before.

When your lips touched mine

It left me craving more.

PoemHunter.com

But what felt so real to me

was just a game to you.

Why are you like this?

You see the torture you put me through.

I have to hold my head high

And try so hard to be strong.

I cared too much

And was played with all along.

I just wanted us together

I thought we were meant to be.

I foolishly fell in love

With someone who never loved me.

Leanna Page Markgraf

# The Best Revenge

They say an eye for an eye  
can leave the whole world blind.  
So all I can do is pick up the pieces  
of the mess you left behind.

I never knew you were capable  
Of acting so cruel and cold.  
But everyone has another side,  
and another story to be told.

PoemHunter.com

Words can never be unsaid,  
Just like actions cannot be undone.  
You reap is what you sew  
This battle can never be won.

You gave up all hope  
when you said you would always fight.  
Only the strong can survive  
the terrors through the night.

I will move on with all these pieces

and you will never be missed.

The best revenge is no revenge,

just forget that you exist.

Leanna Page Markgraf

# Joker

She gave him all the chances,  
And tried to make him change his ways  
But he was caught up in the anarchy,  
latching on to the latest craze.

Why so serious?  
Why so mysteriously dark?  
With his mischievous grin  
That can set a fire from a spark.

No one is laughing now though  
As she dances with the devil in disguise  
What doesn't kill you simply makes you stranger,  
The pale moonlight reflects in his eyes.

People get what they deserve  
But she did not deserve the pain.  
Maybe he was not mad at all,  
Just differently sane.

It's a funny world we live in  
All she tried to do was bring him light  
But he showed her who he really was  
A monster in the night.

Here's the tale of a chaotic romance  
And how he finally broke her.  
In the world of madness,  
Never give your heart to a joker.

Leanna Page Markgraf

# Ran Out Of Time

I kept quiet  
Because I believed I had more time.  
I never thought I would have to say goodbye  
to my friend, my partner in crime.

Yet, Life can be so cruel  
as we are left wondering why?  
You fought until the end,  
and now you are free to fly.

I know you no longer suffer  
And can feel peace instead of pain.  
But now I am here without you,  
with nothing left to gain.

I should have told you sooner  
About the deep love that I felt.  
Instead now I must play  
With the hand that I was dealt.

Regret is worse than losing you  
You will live on in my heart and mind.  
never again will I make the mistake of  
running out of time.

Leanna Page Markgraf

# Thin Air

To keep me sane  
I must go on without you.  
But believe me when I say  
It's a tough act to go through.

I think about you always  
Wonder how you have been.  
You just kept pushing me away  
when I begged to be let in.

But love cannot be forced  
Perhaps you are scared.  
I know you have been hurt before  
But never so much have I cared.

Sometimes though when you care too much  
You must set yourself free.  
And so that is what I must do now,  
to try and keep the peace.

I will always love you  
And if you ever need me, I'll be there.  
Now I'll keep my distance  
And disappear into thin air.

Leanna Page Markgraf

# One Day

I can make it through this day  
without wanting to hear your voice.  
And if I can make it through tomorrow  
it will be a moment to rejoice.

You are always on my mind.  
and I am stuck here wondering why?  
Why do I slowly fall in love with you  
every time you walk by?

I have fought this feeling for awhile  
tried to make it go away.  
But your voice I keep longing for  
every moment of every day.

I just to be in your presence  
and feel your touch one more time.  
I have so much I want to tell you  
but it would never make you mine.

Maybe one day I will make it  
and it won't be torture on my heart.  
One day I will not love you anymore  
but I never want that day to start.

Leanna Page Markgraf

# Midnight Is A Place

Behind every moment  
and inside every soul,  
there is some magic,  
and a story to told.

Love and happiness  
is never too hard to find.  
Dreams can become reality  
if all fears are left behind.

Fairy tales can really happen  
along with storybook romances.  
The shooting stars always twinkle  
when taking risky chances.

The moon shines so bright  
that it seems to speak to you.  
Midnight really is a place  
where every wish can come true.

Leanna Page Markgraf

# The Demon Inside

It barely effects me now  
I am just used to the pain.  
The anger and rage  
is what keeps me sane.

No more tears  
drip down off my face.  
I am possessed by  
a horrible disgrace.

I am crawling on the floor  
and trying to get away.  
But I cannot escape  
this is the debt I must pay.

As it slowly takes over  
and the light goes to dark.  
The demon inside  
began in my heart.

Leanna Page Markgraf

# Please Don't Go

The day you told me  
that you had to leave.  
My word was turned upside down  
by the blow that I received.

You looked me in the eyes  
and told me not to cry.  
You promise you will be back  
but that just sounds like a lie.

The time spent with you  
I will keep them very close.  
It is hard to accept this  
but I know you took this oath.

As we kiss goodbye one last time  
the heartache only grows.  
I will put on a brave face,  
but on the inside  
I'm begging you not to go.

Leanna Page Markgraf

# When My Time Comes

When my time comes  
life would play back again.  
I will notice all the little things  
every love and every friend.

I will see all the heartbreaks,  
times where I thought I could not go on,  
but I held my head high  
and kept fighting to be strong.

When I felt sad and helpless  
and my fear bottled up inside,  
the light shined brightly on me  
and gave me back my pride.

I also have seen such beauty  
and have witnessed miracles every day.  
Made sure my time was worth it  
and I was blessed in every way.

So when my time comes  
I will answer the call.  
Life has been a wonderful thing  
and I am grateful for it all.

Leanna Page Markgraf

# You'll Be My Hero

These days spent without you  
have been complete and utter hell.  
So many words left unsaid  
but all we did was yell.

It is hard to be strong  
and impossible to move on.  
I made a mistake  
with you is where I belong.

I am sorry for my mistakes  
just wait for me a little longer.  
I will be in your arms soon  
and our love will only get stronger.

I will take all the pain away  
it was I was meant to do.  
You will always be my hero  
and I hope I can be yours too.

Leanna Page Markgraf

# You Never Leave My Mind

Even when I have not slept  
and I am so far behind.  
So many things to occupy my time  
but you never leave my mind.

I think about the special moments  
all the laughs that led to tears.  
You never leave my mind  
even after all these years.

I see you in my dreams  
and I can still feel you in my heart.  
You never leave my mind  
after all this time apart.

So if you ever wonder  
how these days I spend my time.  
Even if I have a million things to do  
You still never leave my mind.

# This Curse I Am Under

I knew you were dangerous  
from the very first time we kissed.  
But how easily I was fooled  
and how many signs I missed.

I try to escape  
but you grab me one last time  
and suck the happiness right out.  
It is the perfect crime.

Do not come back again  
I cannot bare to stand the pain.  
I am still hypnotized by your charm  
and you have my heart in chains.

Some one please help me  
and set me free from this hell.  
I will find an escape from this curse  
and undo this trap from your spell.

# The Search

Love is marvelous thing they say  
but true love means so much more.  
It is a feeling like no other  
I have never really felt it before.

It can cure the loneliness  
and can take all fears away.  
And the world seems a little more colorful  
when all you have seen is gray.

It can be so easily overlooked though  
and that is how it can take you by surprise.  
Some people will search for love  
when it has been right there in front of their eyes.

# It Might Be Hard

This will not be easy  
and there will be times when we want to quit.  
Even though we drive each other crazy  
we are the perfect fit.

Do not think about the hard times  
but the future that we will share.  
Whenever you need me  
I will be right there.

You comforted me when I was down  
and wiped away the tears.  
In your eyes I have found  
what I have been searching for, for years.

Even when we fight  
neither one of us is walking away.  
Things may get hard  
but it will be me and you, every day.

Leanna Page Markgraf

# If Only, If Only

If only things were different  
if only they were fair,  
we would not feel alone  
and like no body cared.

I have nightmares every night  
its becoming a routine.  
Some times I cannot breathe  
other times I scream.

I need to be near you  
instead of so far apart.  
Each day without you  
is like a knife through the heart.

Come and rescue me  
from the horrible hell.  
Do you think I can survive this?  
I guess only time will tell.

If only, if only  
I would have done more to make you stay.  
We could have been something  
but I just watched you walk away.

Leanna Page Markgraf

# Heaven

This story we share  
the ups and downs we have had.  
Through the light and the dark,  
the good and the bad.

You stuck with me  
and stayed right by my side.  
We slowly fell in love  
when you wiped every tear I cried.

It was truly fate  
a beautiful romance.  
Just let me have one more moment  
save me one last dance.

I will close my eyes  
and listen to your heart.  
I will always be by your side  
even when we are miles apart.

The story we share is rare  
just like the love between you and me.  
Being with you is like Heaven  
and there is no where I would rather be.

Leanna Page Markgraf

# If My Dreams Came True

If my dreams came true  
I would not be crying.  
If they came true  
I would not feel like I am dying.

If my dreams came true  
you would be right here  
but I do not see you  
I only see my fears.

All the questions that I have  
they keep me up at night.  
Do you even care  
if I am alright?

One minute I have you  
but the next you are gone.  
I do not want to wake up from this,  
where everything is wrong.

My dreams are the only place  
where I still have your heart.  
But reality is a nightmare  
and it is tearing me apart.

Leanna Page Markgraf

# Promises

Your words mean nothing  
and I have heard every excuse before  
Apology after apology  
I just cannot take it anymore.

You always seem to hurt me  
and then just leave me here alone.  
My trust is gone  
and I'd rather make it on my own.

Never promise me forever  
if you cannot even make it a day  
Do not say you love me  
because it does not look that way.

You'll never get my trust again  
and I'm left with memories that cut deep,  
All full of broken promises  
you were never going to keep.

Leanna Page Markgraf

# Worst Part Of The Beginning

I cannot get too close  
or too attached to this.  
It starts with a glance  
and I could not resist the kiss.

It took me by surprise  
but it still left me scared.  
I felt ready for it  
but yet so unprepared.

I tried to be careful  
since love is such a fragile thing.  
It can be so delightful  
all the good it could bring.

But as fast as it started  
you moved on to the next.  
And I am left here wondering  
why is love so complex?

From friends to lovers  
but never lovers to friends,  
the worst part of the beginning  
is knowing there is an end.

Leanna Page Markgraf

# Poison

Addicted to your touch  
I am lost in your eyes.  
My heart slowly beats  
as I come to realize.

This seems too good to be true  
but I cannot help but want to feel.  
You have this affect on me  
This bliss is just too real.

Is this an obsession  
or another twisted fate?  
I search for an answer  
but you are worth the wait.

With every injection  
no words can explain  
I'm addicted to this feeling  
of your poison in my veins.

Leanna Page Markgraf

# Bits And Pieces

Our love lead to pain  
and every feeling in between.  
Soulmates are not real  
when they crush your dreams.

The happiness is gone  
another heart you broke.  
When we talked about forever  
to you it was all a joke.

Now I know you do not care  
Because you just left me here  
left me broken  
alone with every fear.

You may think you took everything  
as you watched me fall apart.  
But I still have a few bits and pieces  
of my shattered heart.

Leanna Page Markgraf

# Liars Are The Best

The truth seems overrated  
and the lies never end.  
The way you played the game  
to you, it was all pretend.

With words so broken  
laid to rest beyond the dead.  
My heart is shattered  
from every lie you said.

I believed them all though  
and now all I feel is pain.  
You took away my innocence  
and left me nothing to gain.

One day may I find out the truth  
before my final rest.  
If you want a broken heart  
Liars are the best.

Leanna Page Markgraf

# Impossible

I catch myself in a memory  
sad just like the rest.  
You kept breaking my heart  
and putting me through this cruel test.

I would have done anything  
my feelings were so strong.  
I keep waiting for you  
but I was in the wrong.

I stopped believing  
and tried to move on from you.  
But my heart keeps breaking  
no matter what I do.

I long to hear your voice again  
It is impossible to be together.  
Waiting for you is just disappointing  
and it will never get better.

Leanna Page Markgraf

# Mistakes, Failures & Disappointments

I have made many mistakes  
which I deeply regret.  
I have failed so much  
that it is impossible to forget.

'I am very disappointed in you'  
is something I hear a lot  
They want me to be perfect  
but perfect I am not.

I want to follow my own path  
and you need to let me grown  
If I am such an embarrassment to you,  
then please just let me go.

I may be a mistake, a failure, disappointment  
call me whatever you want  
But I am going after my dreams  
where you will no longer taunt.

Leanna Page Markgraf

# Crazy Love

Look at you  
Then look at me  
People wondered  
How could it even be?

You and I are not alike  
But in our case opposites attract  
You make my heart wild  
It does not know how to act

You saved me from the dark side  
And will hold my hand for the rest of time  
I have your heart  
And forever you will have mine

You are my protector  
You are my best friend  
I will be happy with you  
Until the very end.

It may not be good all the time  
But we overcome all  
I never need to worry  
Because you'll catch me if i fall

You love my imperfections  
You make me feel complete  
I do not have to worry you will leave me  
Our love is concrete

You will go without to get me what I need  
You make me laugh when no one else can  
We found each other when the time was right  
You're my soulmate, my man

For the rest of our lives  
With the world against ourselves  
I'd rather be crazy with you

Than be sane with anyone else

# When Life Knocks You Down

In life there are hard times  
where you will have to face your fears  
Look for your savior  
to wipe away your tears.

In the darkest of times  
they will be the light at the end.  
Look for your savior  
a rescuer, a friend.

Life can be hell  
and some days you will fall apart.  
But look for that savior  
deep down in your heart.

They will guide you through the troubles  
and hold your hand all the way.  
When life knocks you down  
you are in the perfect position to pray.

Leanna Page Markgraf

# Truth Hurts

Your words can hurt me  
but its the secrets that made me cry.  
I deserve better than  
a love based on a lie.

You showed up with that smile  
and cast me under your spell.  
I thought this was real  
but you tricked me so well.

You kept me believing  
and kept leading me on.  
I made you my everything  
but now you are gone.

You said you cared about me  
but it's another lie I've been told.  
The truth does hurt  
but its the lies that turn the heart cold.

# Dance In The Rain

Looking up towards the sky  
and hoping for tomorrow  
that the rain can stay  
and help wash away the sorrow.

The dark sky around  
speaks to my heart.  
As the rain hits my skin  
and keeps me from falling apart.

It washes away the troubles,  
and gives me some hope to survive.  
When the lightning strikes  
it makes me feel alive.

It distracts me from reality  
and eases up the pain.  
The only thing that is saving me  
is dancing in the rain.

Leanna Page Markgraf

# One Person

Through the thick and thin  
and the feeling of broken beyond repair,  
Someone will bring you hope  
and show how much they care.

They will be a shoulder to cry on  
and a hand to wipe the tears away.  
A person that will help you  
make it through another day.

So that you can love and cherish  
every moment that you create.  
And say exactly how feel  
before it is too late.

Everything in life has a purpose  
even all the mistakes and regrets.  
But there will always be that one person  
who will help you get through it.

Leanna Page Markgraf

# Talk Is Cheap

The words you keep speaking  
are just a waste of air.  
I do not want to hear it  
I do not even care.  
I thought you were the one  
but there I go thinking again.  
You are not that smart  
but you can sure pretend.  
You told me these promises  
but they were just all lies.  
You used to make me weak  
but it was all just a disguise.  
I bought up every word though  
maybe one day they will be true.  
They say talk is cheap,  
but that's okay, so are you.

# Live Your Life

From all the up and downs  
all the smiles and the tears.  
How fast we grow up  
facing our dreams and fears.  
You got to be tough  
when you feel weak inside  
Try to seek what is right  
even though you just want to hide.  
There will be let downs  
and many crushed dreams,  
Many sleepless nights  
and many silent screams.  
But remember the battles have won  
and the lessons you have been taught  
It is all apart of living your life  
and making it the best one you've got.

# Two Worlds Apart

This is getting so confusing  
what is a girl to do?  
I am crazy about him  
but I am in love with you.

I try to be faithful  
and I try to be fair.  
I try to fight this feeling  
but temptation is always there.

Both of their smiles  
can completely shake up my world.  
Who knew that love  
could take me on such a twirl.

I know I have to make a decision  
and one romance I will have to end.  
I am stuck between two worlds  
no longer can I pretend.

It is driving me insane  
and tearing me apart.  
But how can I possibly choose  
when they both have my heart?

Leanna Page Markgraf

# Mirror Of Hate

I stare back at myself  
and look in disgust.  
Hearing words so brutal  
from every one I trust.  
I have to be perfect  
even better then the best.  
Although it is killing me  
to be just like the rest.  
I'll change myself into nothing  
so I can be accepted this way.  
To be what you want me to be  
with every rule that you want me to obey.  
Just to die a fake  
like I never even mattered.  
Regardless how hard I tried  
the mirror of hate never shattered.

# Worst Mistake

It is hard to let go  
when you desperately want them back.  
Love is full of pain  
but is it worth the attack?  
It can change your soul  
but it can open your eyes.  
And when you least expect it,  
love can take you by surprise.  
It will make you do foolish things  
but do not fall for a fool.  
Because he can make it seem  
like love can only be cruel.  
Do not live through that nightmare  
and leave for your own sake.  
It's meant to be over  
Second chances are the worst mistake.

# Haunted From The Past

The present is happening  
as the future is tomorrow.  
But I live in the past  
along with my sorrow.  
I lost my hope  
and my will to pretend.  
I was tired of the fake smiles  
I just want this pain to end.  
The past is what haunts me  
how it keeps me so withdrawn.  
It is hard to let go of  
what is constantly holding on.

# Final Hour

In a matter of seconds  
everything can change so fast.  
You can try to hold on to the present  
but it is quick to be in the past.  
Light flashes before your eyes  
what you hold dear slips away.  
It is God's way of showing  
this could be your final day.  
Tears scream to be let out  
but you hold your anger in.  
Try to do God's plan  
do not be tempted by sin  
You start to notice the things  
you did not have time to do before.  
It is ironic how that happens  
when death is at your door.  
Your final moments approach  
take time to look at the best.  
It is over as soon as it starts  
the final hour has come to rest.

Leanna Page Markgraf

# It's Time

Today it is time  
to finally let you go.  
It has been too long  
to keep living this low.  
I tell myself to be strong  
and this is the best choice.  
I need to move on  
from longing to hear your voice.  
You will always have  
a special place in my heart.  
I will always love you  
but it is best to stay apart.  
One last goodbye  
to the old friend of mine.  
Time to let you go  
and today is finally time.

# The Past Cannot Break Us

The past cannot break us  
although I try my best to keep it hid  
From all the twisted memories  
of everything you did.  
I cannot cover this  
I try hard not to believe.  
All I can ask is how?  
Now I am left here to grieve.  
My trust is gone  
and you cannot get it back.  
You need to tell me  
how you could put me through such an act?  
But I will not let the past break me.  
I will use to to survive.  
The mistakes that we make  
helps us fight to stay alive.

# Taking Back My Heart

I'm picking up life's pieces  
and making myself again whole  
but I am missing a piece  
and that is the one that you stole.  
I thought you were mine  
as you slowly took my heart.  
You put on quite a show  
as you watched me fall apart.  
You taught me a lesson though  
how some people can be so cold  
But along with the pain  
is a story to be told.  
Now I can put you behind  
and my new chapter can start.  
I will take back my life  
and take back my heart.

# Hurtful Place

Doesn't it bother you  
that you make me feel so low.  
You keep pushing me to the edge  
and I'm about ready to let go  
Your words of constant heartache  
they play in my head on repeat.  
Isn't our love ironic?  
It's just a war I cannot defeat.  
The damage is done  
and it's time to say goodbye.  
The nightmare is over  
as this love will finally die.  
Everything changes now  
as you have pushed me too far.  
The only thing left is hate  
I found out who you really are.  
The last few seconds  
are filled with disgrace,  
killed by your violence.  
But I'm free from this hurtful place.

Leanna Page Markgraf

# Heartbreak

I've been down this road before  
that leads to broken hearts.  
it leaves you in the darkness  
wondering how did it even start?  
Everyone says it will be okay  
but I just want to know why.  
I put on this fake smile  
when all I really want to do is cry.  
It's hard to move on  
when I feel so lost.  
I need to ease this pain  
no matter what the cost.  
This loneliness is overwhelming  
and it seems to be here to last.  
I wanted you in my future  
but now your just the past.  
I walk down this road  
realizing where I made my mistake.  
Misery is just the company  
that comes along with another heartbreak.

Leanna Page Markgraf

# Life And Death

You cannot die from a broken heart  
from pain you feel.  
You have to fight through the pain  
so that you can start to heal.  
Life is an art  
but death is such sweet bliss.  
Agony and despair  
how can someone suffer through this?  
Words can be so sweet  
but lies is all I hear.  
Time is slipping away  
as I face my final fear.  
Tell me about life  
before my last breath.  
You cannot die from a broken heart  
but it feels worse than death.

# Popular Demand

You came into my life  
and sucked out my soul.  
You brainwashed me  
right out of my own control.  
Ill play along  
but it never turns out right.  
In the end you will lose  
you are no longer worth the fight.  
The cold look in your eyes  
and the icy touch to my hand.  
You could only show a love  
that I will never understand.  
But i will only be fooled once  
by a love so mediocre  
Eventually the queen  
gets tired of the joker.  
The mind games you play  
makes you less of a man.  
All to make a name  
but just fooled by popular demand.

Leanna Page Markgraf

# Could Have Been

I would rather a lie with a smile  
instead of the truth mixed with tears.  
Anything is better  
than facing my biggest fears.  
You lied to me so easily  
with your words so fake.  
I'm finished listening to them  
my love is not give and take.  
You ripped my heart out  
and left me for dead.  
My hate for you filled my heart  
I'm holding on by a thin thread.  
Everything is painful  
tears pierce my skin  
Our story has ended  
Who knows what could have been...

# Beautiful Stranger

Some things in life are unexpected  
and they can change your life for the best.  
Love can make it an easy,  
this feeling is unlike the rest.  
You have to give it your all  
or lose something good.  
Just because everyone is doing it,  
that doesn't mean you should.  
Look inside your heart  
and believe what is true.  
Is love at first sight real?  
I feel it between me and you.  
Just for a moment  
when your eyes first met mine  
i knew it was fate,  
a perfect moment in time.  
My heart said go for it  
but I was so scared inside.  
I took the chance  
just to say that I tried.  
Then the heartbreak happened  
when I knew we were in danger.  
I'm just stuck falling in love  
with a beautiful stranger.

Leanna Page Markgraf

# I Shouldn't Love You

No I shouldn't love you  
I'm not supposed to feel this way.  
I don't even know when it happened  
Maybe even on the first day?  
Our paths crossed so quickly  
all those years ago.  
You caught me by surprise  
More than you will ever know.  
I never knew of your struggles,  
How I could have lost you any day.  
I don't even know what I would do  
But these feelings have to go away.  
I know we could never be together  
And how it would never be our time  
But there's still that deep down thought  
Of how I wish you could be mine.  
You are my savior  
I hold you so close to my heart.  
I would love to be in your arms though  
If we weren't so far apart.  
No I shouldn't love you  
And I will take all the blame.  
Although a part of me will always long  
for you to feel the same.

Leanna Page Markgraf

# Tangled Webs

My what tangled webs we weave  
and what lies we must tell.  
Why must you drag me  
Though the depths of your hell?  
Only time will really show  
All the damage that was done  
You may have succeeded in some battles,  
But the war I have won.  
I'll dust off the dirt,  
And clean the blood off the floor.  
But I will never have to care  
About you anymore.

I am finally free  
And I can finally breathe.  
I'll take all the tangled webs  
If that means you finally leave.

Leanna Page Markgraf

# Death Walk

I'm out of breath  
and down on my knees.  
Nobody is around  
to hear my desperate pleas.

So many final thoughts  
rush through my head.  
Everything goes so fast  
when you are as good as dead.

I fought to the end  
and was the best I could be.  
It was all just too much though  
and it overcame me.

Too much confusion  
with people always mocking.  
My time is here,  
just a dead girl walking.

Leanna Page Markgraf

# Remember When

Remember when I first saw you?  
I was just so shy.  
I smiled at you  
but my head was not held high.

Remember when we first spoke?  
I did not know what to say.  
Deep down my heart knew  
I never wanted you to go away.

Remember when you kissed me?  
the moment felt so right.  
You left me breathless  
on that warm Summer night.

Remember when you saved me  
from my darkest time?  
My heart felt warmth again  
You were my partner in crime.

Remember when you told me  
I was worth every fight?  
You would protect me from harm  
and hold me every night.

Remember when I ran into your arms  
and you held me close?  
That's when I knew  
you would love me the most.

Leanna Page Markgraf

# Promise Me Nothing

I should have known something was wrong.  
You were too good to be true.  
I was blinded by lust  
I really thought I loved you.

Waiting up all night  
just to hear your voice.  
All you did was lie to me  
and that was all by choice.

I trusted you with everything I had.  
How stupid was I?  
Now you are nowhere to be found  
just left me here to die.

Move on to someone else  
and please set me free  
Promise me nothing  
that is all you are to me

Leanna Page Markgraf

# Watching You Love

How did I get here?  
This is the place I never wanted to be.  
You drug me here with your sweet words  
Why did you do this to me?

I just wanted to feel  
like I was in a story book romance.  
I would have my prince and a happy ending,  
but with you I won't get that chance.

You rescued another princess  
and locked me in the dungeon without the key.  
How can you be so cruel?  
Don't you see how much you're hurting me?

Trapped in the highest tower  
all by myself.  
My happy ever after  
is watching you love someone else.

Leanna Page Markgraf

# Nothing

The past I can only dwell on  
I will never be the same.  
No more smiles, just tears  
you are the only one to blame.

Your promises are just words now.  
Your love is just a spirit.  
Even if you say you are sorry  
I do not want to hear it.

An apology cannot heal the scars  
and mend a broken heart.  
Just leave me alone  
you did your part.

Sunsets on the end  
as the pain turns numb.  
Your controlled love has turned me  
into nothing I have become.

Leanna Page Markgraf

# Reflection

I stare in the mirror  
and hate what I see.  
A complete disaster  
and that is all I will ever be.

I share my own pain.  
I soak up my sorrow.  
Sometimes I am lucky  
that I make it to tomorrow.

I stare at the mirror  
at a person in hate.  
Can someone please help me  
before it is too late?

I cannot take who I am  
or what I have done  
My reflection devours  
the person I have become.

# Her Story

The pages are torn  
the words are smeared.  
I read the nightmares  
of all that she feared.

Each chapter leaves me breathless  
as I read between the lines.  
She always told me  
that everything was fine.

It was her cry for help  
with the paper and ink.  
But a little bit of her slipped away  
every time she blinks.

Nobody knew it.  
It took everyone by surprise.  
These pages are her world  
the story filled with lies.

# Here's To...

Here is to all the promises.  
Here is to all the lies.  
Here is to all the heartbreak,  
and all the tears I cry.

Here is to the I love you.  
Here is to all the fights.  
Here is to all the memories,  
and the lonely nights.

Here is too the kisses we had.  
Here is to the final moments we shared  
Here is too pretending  
that you actually cared.

So here is to teenage romances  
and the hate being created  
For I learned one thing,  
sometimes love is so overrated.

# Caterpillar

When you make mistakes  
you learn something new.  
You have to take some risks  
to make your dreams come true.

Hold your head high  
when times get bad.  
You have got to live your life  
and remember what you had.

Live your life magically  
with nothing to forget.  
Live each day with a purpose  
never have anything to regret.

There is no such thing as giving up.  
Always give it another try.  
Just when the caterpillar thought the world was over,  
it became a butterfly.

# Her Or Me?

I was scared to fall  
scared to let anyone in.  
Then you came along  
and became my sin.

Your words were like a fairytale,  
so beautiful and sweet.  
But your secrets  
make you so discreet.

I thought you were different  
but proved to be the same.  
How could you put my already broken heart  
through this familiar pain?

You promised forever to someone else  
and left me all alone.

Is it going to be her or me  
that you will call your own?

Leanna Page Markgraf

# I Just Want To Run

I just want to run  
to get away from it all.  
My heart is barely beating  
from the horrible fall.

You were supposed to be my prince.  
The one of my dreams.  
But dear prince you are a liar  
Can you hear my screams?

How can you live  
when you left me here to die?  
Chained to a painful memory  
float to the sky.

I just want to run...

# Windows Of The Soul

Steal me a happy ending  
and leave me confused.  
Blood from my tears  
alone and abused.

I made you my everything.  
I thought we would last.  
You only wanted one thing,  
to go back to your past.

Leave me speechless.  
With nowhere to go  
It was hello and goodbye  
say it is not so.

Your words are so harsh.  
I lose all control.  
Your eyes became so cold  
but they are the windows to your soul.

# While You Were Not Sleeping

You thought I was foolish  
and that I had no clue.  
I have been through this before  
I just never thought it would be with you.

I am never satisfying enough  
or never the best.  
I am probably not prettier  
than all the rest.

Why cannot you be faithful?  
Why do you break my fragile heart?  
Just the same as everyone else,  
always looking for something to start.

You kissed her lips  
as you touched her face.  
Left me all alone.  
Do you feel any disgrace?

You thought I was foolish  
like I did not have a clue.  
But when you were not sleeping,  
I was always watching you.

Leanna Page Markgraf

# Poison Ivy

The drug to my addiction  
the cause of my pain.  
I can never get enough  
injected into my veins.  
Chemical reaction  
straight through the heart.  
Toxic temptation  
right from the start.  
This venom runs deep  
with the bight of rejection.  
I need a dose  
of your affection.  
Execute me  
with the magic so lively.  
Stung by true love  
kissed by poison ivy.

# Hello, Goodbye

I knew this day would come  
where we would say good-bye.  
You whisper 'I love you'  
I try so hard not to cry.

Promises do not mean a thing.  
It will not bring you back here.  
At this time of war and hate,  
the nightmares that I fear.

My days are spent wondering,  
if you are alright.  
All the memories we shared,  
I hold them very tight.

I knew this day would come  
where we would have to part.  
You are so far away,  
but always in my heart.

# Far Away, Always In My Heart

I knew this day would come  
where we would say good-bye.  
You whisper 'I love you'  
I try so hard not to cry.

Promises do not mean a thing.  
It will not bring you back here.  
At this time of war and hate,  
the nightmares that I fear.

My days are spent wondering,

# An Hour After Midnight

Dressed to kill  
but no where to go.  
A fairytale disaster  
put on a show.

I do not need a prince  
to have a happy ending.  
I will not lose  
and I will not stop pretending.

I will hold my head high  
keep my heart strong.  
Because this Cinderella  
will not get this time wrong.

Will another prince find my heart?  
Or just another stupid shoe?  
I will wait an hour after midnight  
to know my fairytale will not come true.

Leanna Page Markgraf

# Deadly Secrets

They say everyone has a deadly secret  
I think you were mine.  
The most amazing thing,  
was a total waste of time.

It was something I will remember  
but will easily forget.  
Something I will cherish  
but soon will regret.

Your eyes were like fire  
yet froze my heart everyday.  
With one blink you had my soul  
I wish I turned away.

Looking in the past  
I cannot explain what I did.  
Under your spell  
my feelings were hid.

Haunted by dreams and nightmares  
screaming in my sleep.  
Life is full of deadly secrets.  
You were the one I chose to keep.

Leanna Page Markgraf

# Another Chance

People do change  
and things go wrong.  
You are too weak  
and I am too strong.

I am moving on  
and you are stuck in the past.  
Just let me go  
because we were not meant to last.

I did not love you  
like I love him now.  
I hear your questions  
you ask me why and how.

Wish me luck this time  
I wish you luck too.  
I gave love another chance,  
it just was not with you.

Leanna Page Markgraf

# Crying On The Inside

Believe me when I say  
it is not easy getting over you.  
But you gave up on us  
so it is something I must do.

Each day gets harder  
as I try to get by.  
When nighttime falls  
I am only telling myself a lie.

You did not care when you broke my heart.  
I really never did matter.  
You were a waste of time  
our love was just a disaster.

Everything is worthless  
as I try to let you go.  
I am crying on the inside  
but I will never let that show.

Leanna Page Markgraf

# The Lesson

Spare me your words  
and listen to mine.  
I cannot fall in love  
this is not the right time.

You come back in my life  
and destroy my pride.  
Leave me drowned  
with the black tears I've cried.

My weakness is your love  
but I am too strong to let it through.  
The best thing I can do now  
is get rid of you.

Thanks for the pain  
I wish we never met.  
You were the lesson I had to learn  
and a mistake I will never forget.

Leanna Page Markgraf

# Afraid Of Words

These thoughts fill my head  
of memories I cannot keep.  
The secrets that hide  
tear me apart deep.

A simple smile  
a total waste of time.  
How words can change everything  
just tell me I will be fine.

I want to hear  
an apology, not a lie.  
Will I ever hear it?  
Or will you say goodbye?

The dreams I want  
it makes my heart weak.  
Tell me you are sorry  
I'm afraid of the words you speak.

Leanna Page Markgraf

# Ashes To Ashes

Ashes to ashes  
Dust to dust,  
My hope is wearing thin  
just like my trust.

You tell me you love me  
yet I question that every night.  
Afraid of the monster you become  
and I'm tired of putting up a fight.

You think I am weak  
and I cannot make it on my own.  
I was fine before you  
and I would be better off alone.

I cannot love someone  
who can so easily abuse.  
My love has turned to hate.  
Now it's your turn to lose.

Ashes to ashes  
dust to dust,  
Today I am moving on  
leaving you in disgust.

Leanna Page Markgraf

# Ready Aim Fire

maybe it is time to change  
and stop caring too much.  
Just leave it all behind  
and forget about your touch.

I was fooled by your charm  
and blinded by your lies.  
Even though I was warned  
it still was a surprise.

How do you sleep at night?  
With all the hearts you stole.  
Broken pieces floating in the night.  
Dark and twisted like your soul.

But I refuse to let you win  
I will not be defeated.  
In this sinful game  
there are many ways to be cheated.

My hope is that one  
you will feel the same pain.  
Ready aim fire  
like a bullet straight through your brain.

Leanna Page Markgraf

# Independence

With all the tears you have cried  
and the battles you have fought.  
The heartbreak you have suffered  
but for it, wisdom will be taught.

Days will be harder  
where it is not worth a try.  
Do not give up hope  
Just hold your head up high.

You speak, but no one listens.  
You suffer but no one cares.  
You have to fight alone in the world  
when you need someone they will not be there.

Just hold your head high  
and you will have sense.  
Follow your heart and intuition  
That is independence.

Leanna Page Markgraf

# Forever Is Just A Dream

On Nights like these  
my heart always shatters  
I close my eyes  
to see if all it matters.

I am filled with darkness,  
I no longer know what's real.  
Stars are falling  
for the pain and terror I feel.

Dreaming for a chance  
that I know will not come true.  
Has this become a nightmare?  
It's all caused by you

It came and gone so fast  
that it's so hard to admit.  
Forever is just a dream  
seen when you least expect it.

Leanna Page Markgraf

# Everything Happens...

From the first kiss  
to the last goodbye.  
If you blink too slow  
your life will just fly.

From The 'I love you'  
to the pain inside.  
A mixture of emotions  
how long must I cry?

Dreams can come true  
if you want to fight.  
Happy endings will happen  
if you hold on tight.

Everything happens for a reason  
but you control your fate.  
You still have time to enjoy the magic  
It is never too late.

Leanna Page Markgraf

# It Cannot Rain Forever

Life is not all rainbows and butterflies  
but also pain and deception.  
You lose what is important  
and feel the wrong affection.

Times will get hard  
and you will want to run away.  
Just hang in there  
your skies will change from gray.

Hold your head high  
and have your heart brave.  
Feelings to cherish  
and memories to save.

Be strong now  
because things will get better  
It may be stormy now,  
but it cannot rain forever.

Leanna Page Markgraf

# Daredevil

I am the kind of girl  
who dances in the rain.  
I smile through the heartbreak  
and laugh away the pain.

I live each day  
as if it was my last.  
Everything happens for a reason.  
I learn from my past.

It taught me that love is sometimes deceiving  
and words are mostly lies.  
Now I live freely  
without hiding in disguise.

I do not need someone to make me happy.  
I do not have a care in the world.  
Take chances and be a daredevil.  
I am that kind of girl.

Leanna Page Markgraf

# It's A Wonderful Lie

I am a hopeless romantic  
or at least I was before you.  
It is crazy how things changed  
because of things you do.

I have got no reason  
and I have got no shame.  
What did you want from me?  
I took all the blame.

This fantasy was just an illusion  
and I was too blind to see.  
You were just another problem  
from which I could not break free.

This hopeless romantic is done  
You are not worth the tears I cry.  
When you said you loved me,  
it was such a wonderful lie.

Leanna Page Markgraf

# Not That Kind Of Girl

As I close my eyes  
I see a better place.  
Instead of the disappointment  
spread across your face.

I am not easy  
so do not even try.  
I am not that kind of girl  
my job is not to satisfy.

If you want to get lucky  
that is not with me.  
Just move on  
if that is all it will ever be.

If you only love me for one thing  
then that is a petty crime.  
If you think you will get anywhere  
you are just wasting your time.

Leanna Page Markgraf

# Other Side Of The Rainbow

Somewhere over the rainbow  
lies a perfect fantasy.  
But is there such a place  
where we can all be free?

There is hate everywhere  
will be ever be able to escape?  
to a land of happy endings  
that can change our fate.

But even with perfection,  
there will always be some flaws.  
Don't be fooled by the illusion  
because you're distracted by the applause

Perfection in paradise  
is caused by broken dreams.  
The other side of the rainbow  
is not as perfect as it seems.

Leanna Page Markgraf

# Impossible Dream

I am scared to close my eyes,  
to greet what awaits me.  
The memories I dreaded  
about how my dreams used to be.

You took away the only place  
that I could run away.  
Haunted by everything  
with nothing left to say.

I feel myself growing weaker  
every time I close my eyes.  
I try to be strong,  
but I am held back in the lies.

I will pray  
that someday I can get away from you.  
I am no longer afraid  
my impossible dream will come true.

Leanna Page Markgraf

# Silent Tear

I need to tell you something  
before I let you go.  
I have some secrets,  
that I think you should know.

I cannot forgive you for hurting me  
for every moment you lied.  
I cannot let go of the past  
even though I tried.

Many nights I have spent  
with sorrow from a broken heart.  
How can I recover  
when my life fell apart?

As I try to say goodbye  
I forget the words I want to say.  
Only a silent tear rolls down my cheek  
as I watch you walk away.

Leanna Page Markgraf

# Love Makes You Face Your Biggest Fears

Love makes you face your biggest fears  
even if it mean saying goodbye.  
You will never know what will happen  
if you are too afraid to try.

You have to go through the bad  
but it is worth it in the end.  
Hold your head high  
and let your heart mend.

In order to find the right one  
you have to go through the wrong.  
When he walks into your life  
you know he will belong.

The pain will go away  
when he is near.  
He will be the reason for every smile  
and he'll wipe away every tear.

Love makes you face your biggest fears  
to learn just what is fate.  
When you find the right one  
he will be worth the wait.

Leanna Page Markgraf

# Dark & Stormy Night

It was a dark and stormy night  
the kind I like the best.  
With the worst kind of outcome  
putting my pain to rest.

Looking out the window  
cold like my past.  
The good times, laughter and tears?  
Yeah, they never last.

They know I am suffering  
I feel as I am about to die.  
Last glimpse of the violence and tears  
Oh how the angels cry!

The flashes of lightening  
the thunderous roar.  
I feel as if the end  
is right outside the door.

I stare out the window  
with nothing in sight.  
Memories slowly start to fade  
like the dark and stormy night.

Leanna Page Markgraf

# Live Your Life With No Regrets

Life hands you obstacles  
that puts you out of place.  
Do not run and hide  
life is something you need to face.

Live each day with a purpose  
Do what you want to do.  
Dream those big dreams  
and fight to make them come true.

Life can be wonderful  
if you live it right.  
So full of happiness  
if you're willing to put up the fight.

There will be times of troubles  
where you'll want to scream and cry.  
But remember, every second is precious,  
so dust yourself off and hold your head up high.

Have fun and laugh  
and follow your heart.  
Be around the ones you love  
and not a moment apart.

Live life by the moment  
even if you jump and fall.  
Live your life with no regrets  
or you never live at all.
