If I have a quote it is

&quot; All is fair in love and war but life plays by its own rulebook. Together these 3 qualities comprise that which is called...life's epic. And any epic other than Jesus Christ is an epic failure. Specifically my own.&quot;

ROME!

Can it be that the 2nd Protestant Reformation  
So long ago predicted for this semi menial era  
Is upon us....and England is to invade Italy...

No not with some crusade to exhumed mary magdalene....

No but with the REFORMATION TO SHAKE ROME AS NEVER PRIOR....

not with the sword.....but with the word of God

Itself the mightiest sword of all

# Hack

The worst writers in history  
Are who are known ad and called hacks  
They write the greatest epics.  
They are who history treats kindly  
Although their contemporaries may not  
Treat them such...

# Seasons Of Clamor

For the years I was discontented.  
Aye it seemed. Any, twas I walked  
On my own...as..perhaps a wayward leader  
Whose heart became as stone?  
Aye such discontent cannot continue forever...  
Such searching for elusive gmail will end..  
Magdalena on the cross? NEVER!  
no woman died for my sin...and alas no mortal man.  
This was Christ almighty ALONE! Heavens Eternal plan.  
He was and remains the seeker. I was the one the lost  
Vessel on the raging sea  
No rudder or sail wildly tossed.  
Man the seeker? Christ forbid.  
It cannot be this way.  
Seek HEAVENS KINGDOM..not gold...and find..

On your knees sinner...let us pray...

# Spirit Of The Reformation

The spirit which never died.

It lives today.

As it lived in Noah, s day.

It is the spirit which revitalizes

The faith for forthcoming generations.

That what was Will be remembered from generation

To generation.

# The Abomination...A. D. The bible continues

Matthew 24: 15-51

Feb 3-16,2007

Being as how I was raised to believe, faith and it alone was sufficient.  
Yet my escapades for that gives the common man the same privileges as the  
aristocrat, I met one, at least, no, the people need proof....a d you must present  
it them. Well if they need it as you say, YOU present it them. But I got left  
holding that bag....And I had all of it I could stand. Until one day, I was asked  
the ultimate question.....lewis.....we need you to be.....the proof.....  
And I had them where I wanted them by this time.....  
So, I said....very well....I will be....that proof....and I erected a statue of myself  
in a temple....the masses stood agast....the mere sight demanded worship, it  
was David of Bethlehem, Caligula of Rome, and God-iva of Coventry as one....

I now ask....is faith sufficient

# The Cross Is What Matters

For it is faith  
It alone won't wait  
The time is now  
To the master I bow  
In His servitude  
Not as one proud or rude  
Not as some politician  
On a river gone to fishin  
The cross is the matter.  
For this, yes, call me the mad hatter

# The Faith Of Rahab

For God has had a people in all cities in history  
As in Jericho Rahab the harmony who hid the spies.  
Rahman would become an ancestor of Jesus Christ.

# The Fifth Great Awakening (Sic)

Wikiprdia, the alterable, people's encyclopedia, recently added a fifth great awakening article

, thus 2 great awakening occurring during my lifetime and that of many ALIVE today, very few can say they have seen 3.

The 4th and 5 th awakenings are what I most hold in question along with the third, the third along with the fifth establishing Topeka los Angeles Toronto and Pensacola as the NEO pentecostal capitals of the western world. Do I believe in Pentecostals? Yes, AS DEFINED IN THE ACTS OF THE APOSTLES....not by these shameless displays that had nothing to do with the mighty rushing of the wind. Established dialects stated in the acts were written down and spoken here and legitimately interpreted. Not Robert tilton s Gary gasses of Benny henny s hypnosis, if he is that. Mind you I believe hypnosis, used properly to be a fine took in medical procedureism. As for the 4th revival, this overlapped the 5th and was a long term movie heresy, see one of my independent graphics titled heresy. Roma Downey and her husband are trying to clear some of the fart smoke out of Bob tilton s asshole this created.

# The Willfully Exploited

When you try to tell somebody something for their benefit and are accused of issuing threats shake the dust from your feet and leave, it is better fir Sodom and Gomorrah than for that for that one. Even if imprecatory and he'll and examination upon them and their 'loved ones' (for a left wing puke in Colorado who I had the displeasure of meeting at a a based website. Also for 2 right wing ones in Indiana I met at theirs) - hint - this revolves around ISIs and who they ACTUALLY are..I came into some information..tried to share, some people are wildly brainwashed

# Under The Mountain, Over The Hill

Once I was a young man, now I am old.  
I once yearned for wintry for hot was in my blood.  
Now I yearn for spring, for oft I seem grow cold.  
Aye the sun south warm an old man's bones.  
As oft tears stain his eyes.  
In the age of his contented zeal  
God willing he has grown wise.  
To te of Christ to a world  
To list and Gove him ear.  
As he the humble shower, some seed there and some here

# Venus And The Crescent Moon

As Venus and The Crescent Moon are One  
And This Behold at Setting of The Sun....  
Oer earth that grand old landscape these 2 gaze.  
And Grand Romantic Games These Lovers Play.  
The Sun, O He has surely gone to bed...  
And soon will will lay down our Sleeping heads.  
O that globe upon which those mortals play.  
There is a grand illusion, come what may.  
O yea behold the setting of the sun.  
As Venus and the Crescent Moon are one

The City Streets are vacant now...  
Not else I hear now that you've gone.  
I walk the streets at night and pray  
God brings you back to me someday  
and to my world...
