A Lonely Christmas

A lonely christmas in my heart
From the moment we torn apart
Remembrance treat me in the dark
How I rebirth on eve night
Without carol, without light

No matter how do I pray
The silent remains in the sky
Can u please tell me how
Tell me how to stay alive
To stay alive without your mind

Day After Day

The day after tomorrow
Lingering would be my sorrow
Yesterday I alive with blame
Today where can I follow?
