Castle In The Clouds

in the fog
in the fog
what do i see
i see the tree lines
but to me i see a castle in the clouds
the way it looks to me is the fog in hiding the castle
that castle is in the clouds where you can see a new world
the world where everything is calm and no war is going on
you hear the sweet tweet of birds in the early spring
you hear the trickle of the stream
you see all green around you
this is the castle in the clouds

Free Heart

my heart beats
my heart leaps
my heart flies
over the hills
with wings of joy
my heart beats
my heart leaps
without a sound
i fly free
free as me
free as my heart

little wolf Emerson Brayfield

Guard My Heart

i guard my heart
i guard my soul
i guard my freedom
as if i am trying
to keep my emotions
in side well inside
my deep cavern
locked up with my heart
i will not feel the
terror
of yesterday
i will never
let my self
forget the hearts i have broken

Hidden Path

hidden path

I walk

I run

I fly

through the hidden paths

that seem to call me

as if it were going to crown me

Hidden

Hopes

flow around me

as i feel the joy of life surround me

I walk

I run

I fly

through the hidden paths

that seem to call me

I Run Free

i run free
through the wind
through the rain
through the mist
i run
i run free
through the storm
i see the world
that is my world
through the wind
and rain
i still run
run free

Journey Through Time

journey through time
through the path
through the long forgotten path
we all see
the journey through time
we see love bloom
we see hope
we see the journey time
come and go
all too fast
journey through time
oh journey through time
oh the journey through time
has come and gone
all too fast
oh all too fast

Love Secret

love secret
i love him
only him
he is the heart
he is the soul
and i will not
say it out loud
say i love him
it will be forever
a secret
i will always
wish i could tell him
but no...

Love Will Find Me

love will find me
yes love will find me
I am happy to tell you
love will find me
it might as well be you
you never know
that is when love will find me
yes love will find me
and that might as well be you

Moon With A Cheesier Cats Smile

this moon
this noon
how i look at the moon
this moon is a crescent moon
with some thing new
that is the cheesier cats smile
have you looked at the moon
well tonight you may see the smile
in the crescent moon
put your mind to it and you will see it
just put yourself in the world of me
and be like me and see the cheesier cats smile
who knew how you could see that smile like me

My Native Heart

my heart is within the trees
my soul is like a feather
my mother is within the sky
my soul is in the deer
my freedom
was won
by my spirit
of the earth

Night Songs

SILENTLY SOFTLY SWIFT
THE SHADOWS CREEP
THEY PLAY THE SONGS
OF THE NIGHT
SILENTLY SWIFTLY
THE WINGS BEAT OF THE NIGHT
WIND PLAYES WITH THE AIR
SINING THE SWEET LULLABY, MELODY
OF THE SONGS OF THE NIGHT

Shooting Star

that fiery
star
in the moon light night
as the shadow is cast
you look up and what do you see
that fiery star
is called a shooting star
it is also known as the wish star

little wolf Emerson Brayfield

The One Who Caught Me

caught me in his arms
i looked up at him
he smiled at me
i smiled at him
we are flying on the wings of heaven
we fly hand and hand
we dance and dance the night away
the one who caught me
caught me in his arms

The World Will Know You

the world will know you
the world is in your hand
the world will change you
it has changed me
i know you i know who you are
and i will help you
the world is fun and you know this
i know you will be happy
because the world knows you
and the world will know you
but now you must go on and be free
love is you love is me love is all of us

little wolf Emerson Brayfield

Two Hearts

two hearts are tied
with one soul
one hope
and one free
life to last
for a lifetime
when one soul
touches the other
blooms with joy
as if it were
destiny calling

little wolf Emerson Brayfield

Up So High

up so high

the world can't touch me now
one with the stars
they blink their sleepy eyes
my world is now one
the city's just a memory
of shadows and lies
time is tick ticking
as the world is saying goodbye
with a dome resounding me
i can not ask for ant thing els
for i'm one
one with the stars is the sky
up so high
oh up so high

When A Friend Hurts You

it hurts
when a friend hurts you
it feels hard
when a friend hurts you
you don't want to be around them
when a friend hurts you
forget them when a friend hurts you
you ask what did i do
when a friend hurts you
oh when a friend hurts you
it can cut like a knife
when a friend hurts you

Wild Fire

wind blows
wind throws
the rising flame
around
as they grow
as wild as can be
wild fire
wild flames
burn everything
in its path
wind blows
wind throws
the branches
about
toss and turn
toss and turn
crackle
crackle
it kills
the land i once knew

little wolf Emerson Brayfield

Wild In The Sun

wild am i
wild in the sun
wild in my mind
wild am i
wild is my soul
i will be wild in the sun
it fills me with hope
and it fills me with joy
all i need is the sun
and then i will be wild
wild in the
sun

little wolf Emerson Brayfield

Winter

winter
snow
snow
how i love the snow
winter
is almost here
winter is my friend
it speaks to me
like the wind calms the sea
snow
snow
how i love the snow
winter is my time
snow
snow
how i love the snow

little wolf Emerson Brayfield

Wish On A Star

i wish on a star
i wish on my soul
that star i wish upon
i wish on the evening star
that star is what i wish upon
who knew if you wish
that wish may come true
now i wish
i wish upon
that is the one and only star
that i will wish upon
that is the one star and will be the one star

little wolf Emerson Brayfield

You Are The One

the one who has
looked after me
the one who has been
there for me
the one
who is true to me
you are the one who is in love
in love with me
but how
how will i know who you are
i will just wait and see
if you love me

little wolf Emerson Brayfield

You Had A Friend Once

but look what you have done
you left me still and and dead
you look at me with sham
but the sham is just you
you had a friend once
who cared for you but now you have lost
you have lost the one who was there for you
but look what you have done
you killed me with words
that you can't take back
you had a friend once
but look what you have done
she walked away form you
and you just stand and say
i didn't mean it
when i know you just don't want to lose
