student of English literature, in deep love with the English poetry with humble trials to write some poems of my own :)

# A Dream Coming True!

Never think I'm heartless,  
Never think I'm not in love,  
My heart rags all in your hands,  
Are everything I can give.

Believe me, I love you,  
Just can't do without you,  
Once, you've been a dream,  
Now, a dream coming true.

I love the way you smile,  
I hate it when you're sad,  
talking to you for a moment,  
Was all I wanted, the best I had.

# Love Shines Out Of Darkness

Dedicated for everyone once supported me along my life time.

Dark is everything, or blind am I,  
Have no eyes, or just one eye,  
Every minute I try to cry,  
Shame, I always try.

Searching for happiness in every glance,  
Striving for a smile on every face,  
But when it comes to pain,  
Hell, tears I only gain.

Love makes me survive,  
With loving people I do strive,  
To make a dream come true,  
Away when they are,  
Its shades darkness throw.

# The One!

You're hope, you're joy, you're love,  
You're the one I'm willing to give,  
My soul, my heart, my love,  
Even the whole life I live.

I don't know how, I came upon me,  
me and you surprisingly is we,  
Love in our hearts will forever be,  
My life is yours, no longer for me.

I looked into the mirror,  
Saw something lacking,  
Asked in horror,  
He loves or faking?  
A look into your eyes,  
Makes me shaking,  
it tells your love is deep,  
Now, nothing missing, my heart is waking,  
after its long sleep.
