"poisonous Lips"

Days and nights go by
Birds in the sky fly by
But the taste of your lips remains
The sweetness of your lips remains as stars remain under the endless night

Since you've gone
All the hugs and kisses we've given turned into poison
A deadly poison
My lips dries and dies far from yours
As waves die upon the saddest sunset

I miss the taste of your lips
As sweet as honey
As warm as hurricane
I miss your lips
with whole my soul and all my senses

The taste of your lips became into a poison
The desire to kiss you has grown as memories grow
As fire burns

Miguel Longuenda

Poison

I look in the mirror and I see a man bleeding
Not because he has hurt himself, but because he's thirsty and burning inside
He's thirsty for vengeance
Then I realized that the man in the mirror is me.

I'm a monster
I've become into one, since she said goodbye
Since she decided not to love me anymore

I've become a devil
A miserable man
Since my eyes moved away from her eyes
Since my hands moved away from her round body

I've become into a poison
A joy killer
I look in the mirror and I see a man bleeding
Not because he has hurt himself, but because he has a broken heart
Since she said goodbye, I've become into a poisonous man
I can't love again
I can't sing again
I only love her, I only sing for her
If she's not with me, I become miserable
I became bitter like a poison

Miguel Longuenda

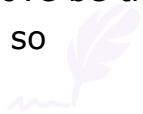

May It Be So

May my sacrifice be the honour of my deeds
May my heart be the source of love and compassion
May my life be the message to the universe
May my words be endless to supply people's souls
May it be so

May the world be a better place to live
To dream, to love and thrive
May the dreams become true
May the tears be dried
May the hungry children have food, home and care.
May it be so

May the sky rain
To water people's souls
The grass of our hearts need water to thrive
We are all starved of love
May the love be the cure to whole humanity
May it be so

A Heart Of A Sorrow

A joyless face, a gloomy heart
A body without soul, a look without bright, it's me.
A misery, a tree without roots
A sea without fish, a night without stars, it's me.
An unstoppable pain, an incurable wound
A body in flames, It's me.
A miserable hope, a heart filled with anger and fear, a house filled with
loneliness, it's me.
It's me in between the doubt and passion
Thank you

Miserable

MISERABLE

Am I fool?

Or simply cool?

Doubts abide in my mind

Peace and love, I can't find

Darkness is always by my side

Who am I really?

Am I a silly?

I might be the pain itself

I might be everything less myself.

Hidden in between the madness

Found beneath the loneliness

Who Am I?

Don't know, I never try

To find out the truth

is my life all untruth?

Laid on the wood?

Indeed, I'm a falsehood

Why do I live?

Why can't I just leave?

Trying to go everywhere

And Find myself nowhere

Who am I really?

I'm the truth hidden, really

Not just a silly.

I'm the hope, Indeed

The inner peace, everyone need

Thank you!

Miguel Longuenda

Bianca

Are we mad?
Indeed we are
We are mad because we can't stop loving each other
Because we can't stop beholding each other with a ferocious look
Are we mad?
Indeed we are
Because we were made to each other

Bianca!
Who Am I without you?
Without you I become the sadness
Bianca!
How'd be world without the bright of your eyes?
The world would sink under the misery

Are we mad?
Indeed we are
Because you and I are like day and night
Like waves upon the sea
We are mad, just because we can't stop loving each other

Bianca!
You're the queen of my heart
The light in between the dark
The heal of my wouds

Bianca!
Are we mad?
Indeed we are
Because we are inseparables
We can't stop beholding each other with a ferocious look

Thank you!

Miguel Longuenda

In Flames

Simply I can't believe
The way you smile Is simply amazing
I see the bright in your face every moment you smile
It's like the sunrise lighting up the earth

Simply I can't stand by, while my body is in flames
The way your body is connected to my body, It makes me feel in flames
Filled by the passion
Blind by the shadow of love

No woman but you can make me feel like this
Like sparkling wine in the bottle
Like butter melted by the cruel sun
No woman can turn the impossible into possible but you

I'm in flames
When your arms are around my chest
When my arms are around your breast
I really feel in flames
Filled by the passion
Blind by the shadow of love
Thank you!

Miguel Longuenda

Soulmates

Like Sunrise and sunset
We are inseparables
Linked by the endless passion
This passion goes through my veins
I'm worthy, I'm worthy to this divine feeling
That breaks barriers
That makes the impossible

You're my muse, my sweetheart
Your warm embrace makes my body stuck in love
With any way out
My thoughts get lost when our arms are crossed
I might say we are soulmates
Linked by the endless passion

And if destiny put us away
Our story gonna be like a museum full of old legends
Like a mind filled of remorse
But we both know It's just a mere possibility
'Cause nobody even destiny can put us away
The Power of our love I stronger than any other power floating the universe

We are soulmates
And I'm worthy, I'm worthy to this divine feeling
That breaks barriers
And makes the impossible.

Thank you!

Miguel Longuenda

Dishonest Love

I've tried many times
To explain how much I love you
But the more I try, the less you care
The less you care the more I cry

Your heart Is closed to my love
Don't know what went wrong
Neither how I can make you love me again
And now my heart Is crying
I feel a deep sadness spreading upon my soul

My soul Is dying, my soul is not satisfied
My love Is fading away
My desire turned into fury
and my dreams are all covered by the shadows of doubt

You're my dishonest love
That makes me smile and cry
That makes me give up and try
Only your love Is the cure to my wounds.
Your bright eyes are the cure to my lonely heart

Though, this is be the last time we meet
I dare love you like never before
I'll embrace your body with all my strengths
Like the fist of lion
I'll love you every time
Although you don't love me back
I'll love you nevertheless
Because loving you is my only remedy.
Thank you!

Miguel Longuenda

Nature

Amazing nature
Great and beautiful Is you
Full of unexplainable landscapes
That makes everyone ascend the heaven just by looking

Nature, amazing nature
Covered by the sky and sea
Beautiful Is your colored garden
And inexplicable Is your mystery

Amazing nature
I'm so such a fool
'Cause I can't describe you as such
As you really are
Only I can say Ithat your beauty amazes my eyes
My eyes becomes nude of passion
My imagination goes beyond the impossible

And I know that I'm fool
I'm such a fool
For not being able to describe you as such
as you really are.

Thank you!

Miguel Longuenda

Mother

SOMETIMES MY WORDS AREN'T ENOUGH
TO EXPRESS YOUR GOODNESS
SOMETIMES MY HEART DOESN'T HAVE ENOUGH SPACE
TO EXPRESS THE LOVE THAT I FEEL

MY ENDLESS LOVE GOES BEYOND THE UNIVERSE
MOTHER! MY BELOVED FLOWER
THE ONLY FLOWER I CAN WATER
THE ONLY SHINE I CAN BEHOLD

MOTHER!
YOUR GREATNESS IS MY JOY
YOUR STRUGGLES ARE MY INSPIRATIONS
TO HELP ME FIGHTING FOR MY DREAMS
SOMETIMES YOU'RE THE ONLY HOPE I NEED TO SURVIVE
IT'S INEXPLICABLE, BUT THIS HOPE CAN'T END UP IN VAIN

MOTHER! MY SWEET MOTHER
THE BRIGHT OF MY EYES
THE SECRET OF MY SUCCESS
MY EVERYTHING, AND MY HEROINE.

THANK YOU!

Miguel Longuenda

Memories

It was you and I in midnight
Chasing happiness for each moment we had
We were like Romeo and Juliet, beholding one another
Both you and I were breathless, because of the amazing touches and kisses we
gave
our story was undescrivable, no one could explain it, only you and I.

I remember every moment we had, like I remember the beauty of sunrise
I felt my blood running through my veins
my soul was nude of passion, and my haert amazed.
this immortal love remains inside my heart.

Memories are like fire
It burns my brain when I remember your touches
Memories are like nightmare
it overshadows my mind wwhen I can't see you

But while you were mine
I could feel the joy spreading over my haert
I could value the hours and seconds by your side
because every minute with you means an eternity

Now this story did fade away
our moments of passion became moments of anguish
maybe one day, we shall see each other again
maybe one day, we shall see the sunrise together
because when we are taliking about happiness
we have no time to spare.

Thank you

Miguel Longuenda

My Beloved Woman

I remember once
when we first met and fell in love
It was just you and I, like a old journeys
That journey was the only thing I believed
We were stuck in love, covered by passion and madness

And when we're together, we fear nothing
because our love is our strenth
our passion Is our illusion
The nicest attraction I ever felt
This feeling Isstronger than storms and hurricanes

Because you're my beloved woman
The only one I can trust
The only one I can love as anyone
and the only star i can behold

Thank You
